

# Office Party – Scene 01

## The Party

Dear coworkers, dear employees, dear friends,

I have to congratulate all of you for work well done these past months. With the Erik-Sun project finished we have completed another milestone for this firm. So, as a celebration we'll be holding a Project Release Party next Wednesday at the Harris Pub downtown. Drinks on me!

Your Boss,

Stacey

PS: I hired a hypnotist to make the evening more fun.

PPS: Attendance is mandatory!

Wow she's beautiful. And that smile... I think she likes me!

Damn, she asked something... Uh... Bar... right!

Hi. How are you?

Beer please.

Sure. Coming right up.

Oh dear... Another one of those lost boy types... He's kinda staring - and a bit young...

Keep smiling... Keep your job

I try to be nice, and he goes for a beer? Rude!

ID?... Urgh... Nah just get this over with.

**Attention everyone!**

Since everyone is here now, let's get this party started. This is Vincent, a very promising uprising hypnotist.

Hi there...

First time with an audience... Hope I don't mess this up.

As you have read in the invitation, he will hypnotize each one of us and implement some suggestions or triggers or whatever. And we'll see where the evening leads us.

So, any volunteers?

...

Remember, I'm the boss. This is mandatory!

Of course, all suggestions will be removed at the end of the show!

I thought she was joking...

Me too...

That guy looks cute. I like the costume.

Oh Stacey... You can't be serious...

Another speech? I just wanted to order...

Hope he makes the girls do something naughty...

Business events have gotten a lot freakier these days...

Ridiculous...

Shh... She might hear you.

So, any volunteers?  
...

Rookie mistake!

Same happened to me at the last party. Never again!

Wow! They move fast. That must happen a lot.

Julie!  
Very good. That's the initiative I want to see from my new employees!

Me?

I wonder if I should tell her that her panties are showing...

Nah... better not interrupt the show...

Her fault for dressing like a slut!

They all seem nice, but I just started working there... Whatever, this won't work anyway.

Ok...

Don't be nervous. You are here with your friends and colleague you trust. Nothing bad will happen to you.

*The flame is warm and kind?"* What is this crap? It's a \*\*\*\* candle!

Maybe I should play along. Otherwise, Stacey might get mad...

...

His voice does sound nice... and calm

Relax...

Listen...

Now please focus your eyes on the flickering flames of this candle.

The flame is warm and kind.

You are in a safe place. Let your thoughts drift

...

Listen to my voice.

Relax.

Relax and listen.

Now at the count of three I want you to stand up. Your mind completely blank. My voice will be your mind. You will listen to my voice and follow its instructions.

One

Two

*Would be nice if my employees would listen to me like that...*

...

Yes.

*Your voice is my mind.*

*I'm a Cat.*

And three!

Can you hear me, Julie?

Will you follow my instructions?

Now then Julie, when I snap my fingers, until a snap them again, you are a Cat.

**\*SNAP\***

Oh my god, Julie is adorable as a cat!

I did not believe the hypnosis would work this well. This guy really knows what he is doing.

Should I pet her?

Well, she's a cat. I'm sure she won't mind.

Meow!

That's a fine piece of ass...

So, what else shall we make Julie here do?

Make her dance!

Make her cluck like a chicken!

Have her forget her name!

Let her experience a screaming orgasm...

She should walk around like a zombie!

I'm afraid we do not have time for all of that, since we are all going on stage today.

Is there maybe a way, you can open us up to suggestion over the course of this evening, so we can experience all of that whenever we want?

Wow, that's an enthusiastic crowd. But what to do next to keep the show going?

Are you serious?

While that would very well be possible, I don't feel comfortable doing so. I mean you'd not be able to resist any suggestions given to you during this time. I don't feel comfortable exposing my subjects to such a risk.

Oh, that's no problem. Our company is a big family, and we trust each other. Isn't that right guys?

... Yeah?

Absolutely!

True?...

...Sure...

Like a family... with a creepy little brother and a mean older sis, and an evil stepmother... dad left long time ago...

Well... Eh... If you really feel that way... I could, let's say, make it so you'd follow any request that three of your office colleagues agree on. Would that be okay with you?

That sounds perfect. You are okay with this guys, right!?

... ..Sure...

Well, if they are all fine with it...  
What can go wrong?

Okay, I'll just wake up Julie here to check if she's okay with it. Then we can...

Oh, just start already. She's one of us, and I think we can all agree that I speak on her behalf when I say she's fine to go along with the rest of us.

Fine...

*This Stacey woman is really tough... I guess that's why she's the boss...*

*Whenever three of my colleagues agree on something for me, I will follow their instructions.*

*Until you tell me otherwise.*

*I understand.*

All right Julie. Whenever three of your office colleagues agree on something for you to do, you will follow their instructions.

Until I tell you otherwise.

Great now on the count of three, you will be totally awake and feel refreshed. You will not remember what happened here on stage, but you will follow your suggestions. Do you understand?

Great.

And Three.

Now, please a big applause for our first performer Julie here.

Note that you all will remember everything that will happen from here on out. So, keep that in mind when playing with your suggestions. Don't do anything you'd like to take back later!

Suggestions?

But what's going on?

Everyone's clapping?

Wow I feel relaxed.

Hmm...I guess I should do some pole dance...

Hey Julie show us a little pole dance!

What are you doing?

Putting those suggestions to the test.

Yeah, show us some moves at that pole!

Don't you dare!

Auuw!

I knew these guys would chip in 😊

*I've never done this, but I've seen girls in movies dance like this...*

*They seem hyped, so I guess I'm doing well?*

*Is this really okay?*

*Wow. The suggestions seem to work perfectly!*

*Yes...*

*GO! GO! Julie!!*

*Oh, my she's really doing it!*

*Her moves look quite unrefined. She's clearly never done this before...*

*Yes!*

*She's too young. She's too young! Remember she's too young for you!*

After that all members of the office went on stage to receive the same suggestions.

Even Nicole the waitress was asked to go on stage.

I know you are the waitress, but you look a bit stressed out. I can guarantee you this will make your evening much more pleasant.

Hello Miss. Your turn?

*Well... It is kind a boring today...*

No... Eh... I'm just...

...OK...

Whenever today's customers use the word *request*, to ask for something usually requested of me, I'll think it's a great idea.

Until you tell me otherwise.

I understand.

All right Nicole. Whenever one of today's customers uses the word *request* when asking for something, that is usually requested of you while at work, you'll think it's a great idea, and fulfilling that request will give you a feeling of accomplishment and satisfaction.

Until I tell you otherwise.

Great now on the count of three, you will be totally awake and feel refreshed. You will not remember what happened here on stage, but you will follow your suggestions. Do you understand?

Great.

I feel refreshed. Did the hypnosis really work?

So, how are you feeling?

I most certainly hope so, and I hope you will have an enjoyable evening.

Say, since you are already here. May I request a beer?

*Wow. I only took this job for the money but today I feel like I can really accomplish something by bringing people alcoholic beverages...*

Here you go.

Thank you very much.

You know what? That is a great idea!

Just stay here. One beer coming right up.

Gotta go back to work. But if you need anything else, give me a holler.

*Usual requests... I wonder...*

The last one on stage was Dylan. He almost got away hiding at the farthest corner of the bar, but Stacey spotted him in the end.

Hello, Hexxet here.

I hope you enjoyed reading. In Scene 02 we will follow Dylan, who has no recollection of yesterday's events, to his workplace. Will he be able to figure out what happened at the party?
