Office Party Commissioned Story

Assistant Lab Rat II Bust Enhancer Tinkering

Previously on „Assistant Lab Rat“ we’ve been following James, Stacey’s clumsy Assistant who has managed to turn the table on Stacey at the last minute by accidentally mixing up the control Tiaras. Now he is in charge of her and her daughter Julie, two hot blondes. But being a man... another gadget Stacey was working on just does not let him sleep... the **Bust Enhancer**! He used it on both of the girls, giving Julie quite the globes and Stacey... well... let’s not talk about Stacey... The Bust Enhancer has some quirks... like randomly changing breast size... and only being useable once per target... Those need to be fixed! Join Stacey and her new assistant as they try to fix the Bust Enhancer by testing it out on a newly acquired Lab-Rat (N.I.C.O.L.E.).

Down in the secret lab, Doctor Alcove is working in the Bust Enhancer, which looks just like a normal remote control. But due to her... enhanced assets she has some trouble working...

Argh! FUCK!
Not the clock!
Where did I put
that remote
again!?

I can barely see
down there thanks
to these fucking
globes!

How's a girl
supposed to
work with tits
like that?!

Julie....
JULIE!

Hm...
Now I just have
to open that lid
and... Okay no
way I can do it.

This is Nicole.

I know her from my way to school.

She's a waitress at a coffee shop I often frequent.

Once Master converted me and mother said we needed a female test subject she was the first to pop into my head.

So, I hooked her up with a control tiara and brought her here... I guess she's missing ever since...

What's the test subject's label again?

Nicole.

Mom!
That was
her name!

N.I.C.O.L.E. ...
hm... what does
it stand for?

I see...
boring!

Well anyway, the reset function seems to be working.

Almost there!

Wow!
Those look
tiny... compared
to what they
were moments
ago!

Indeed!

Alright!
All back to
normal.

Want me to
reset you as
well?

Hell no!
Don't you dare
take away my
perfect spheres!

They look
awesome
on me!

Well, I guess
Master would
agree.

$$U_x = \alpha K$$
$$-U_x^2 ; \beta = \frac{\frac{1}{2}e_w(1-R_c - 2\frac{G^*}{\alpha})}{(\frac{G^*}{\alpha})}$$
$$-R_g \gamma ch - \frac{1}{2}R_g ch U_{ew} - \frac{1}{2}R_g h$$
$$; R_p = \frac{\sqrt{R_g D_3 D_0}}{v} ; e_w$$
$$P(\bar{x} | \bar{m})$$
$$\frac{P(\bar{x} | \bar{m})}{\sum_{i=1}^m P(\bar{x} | m_i)} ; \tau_c^*$$
$$\frac{\delta_0 \gamma_0}{1 + \delta_0 \gamma_0} ; V_k = 0.0$$

$\frac{\partial h}{\partial t} + \frac{\partial U h}{\partial x} = c_w U$
 $\frac{\partial h}{\partial t} + \frac{\partial U h}{\partial x} = v_s (E_s - \eta_s)$
 $\frac{\partial h}{\partial t} + \frac{\partial U h}{\partial x} = R$
 $\frac{\partial h}{\partial t} + \frac{\partial U h}{\partial x}$
 $E_s = \frac{\Delta z}{1 + \dots}$
 $X_r^2 = \dots$
 $V_r = 0.01F$

Yeah, you do that.

This will take some time.

Call me when you are done.

I'll let Master suck on my titties in the meantime.

...

Now that they have a rest function they can start reinventing the Bust Enhancer to add more control... And how does science work?

Trial and Error!!

Too big...

Damn!
Guess it's still not fixed. That's a bit much, isn't it?

Well, back to the drawing board!

A bit?!

What's up with those nipples!

We can even target the nipples – making them larger in every direction!

And even the areola can be adjusted with this device!

Brilliant! You truly are a master of your craft!

Now how did that happen?

As you can see, Master we have added several additional functions to the Bust Enhancer as well.

We can even control her pubic hair growth and color!

Well, science is a lot of trial and error...

How the hell did you come up with that?

Let's end this Teaser with some words from our lead scientist and her assisten...

The same thing we do every night, Julie! We try to take over the world's breasts!

What are we doing tonight, mother?

giggle
NARF!

End of Teaser
