The return of the Suiciductress

Previously on Love Bug Bite, Marco faced off against the Suiciductress atop a tall building. The evil woman had taken his roommate Barbara and a famous reporter hostage to lure The Pheromancer out.

Once The Suiciductress realized that the Pheromancer was immune to her depressive sound waves she gives him a terrible choice as she forces both women to jump as she gets away. But the Pheormancer makes the impossible happen and manages to save both women!

Since then a month has gone by without further incidents. Thanks to Miss Fortune's good publicity the Pheromancer is now a known superhero around town and life is looking good... But the looming shadow if the Suiciductress still lays hard on our heroes heart. When will she strike again?

NOW!

We join the Pheromancer enjoying his favorite pastime...
