Reality Engine 2

Field Testing!

Previously on Reality Engine, we met the brilliant scientist Dr. Norah Hendriks who invented the Reality Engine - A machine to change the fabrics of reality around it (in a defined radius). We also met her assistant Mikael who managed to write an app to remotely use said machine with ease (by simply typing changes into the App!). Mikael has taken over the military base where the Reality Engine was developed (by using its powers). The machine works perfectly around the base, but now, it's time for some field testing!

Mikael takes his phone (and the app) to the borders of the machine's influence range. What fun encounters will he witness there, now that the machine is programmed to turn women into sex-crazed sluts?

Featuring:

- ❖ **Mikael** ... The guy with the app
- ❖ **Norah** ... The scientist who developed the machine. Now Mikael's slut.
- ❖ **Clara** ... A cleaning woman at the base. Now Mikael's slut.
- ❖ Erika ... A fit woman jogging through the park.
- ❖ Marianne ... a service girl at the gas station.
- ❖ Isabel ... an annoyed woman and Vadim's wife.
- ❖ Vadim ... Isabel's husband.
- ❖ Layla ... Isabel's wife?!
- ❖ Lucine ... a female cop

Of course,
General. Whoops
that's slippery!
Here we go...

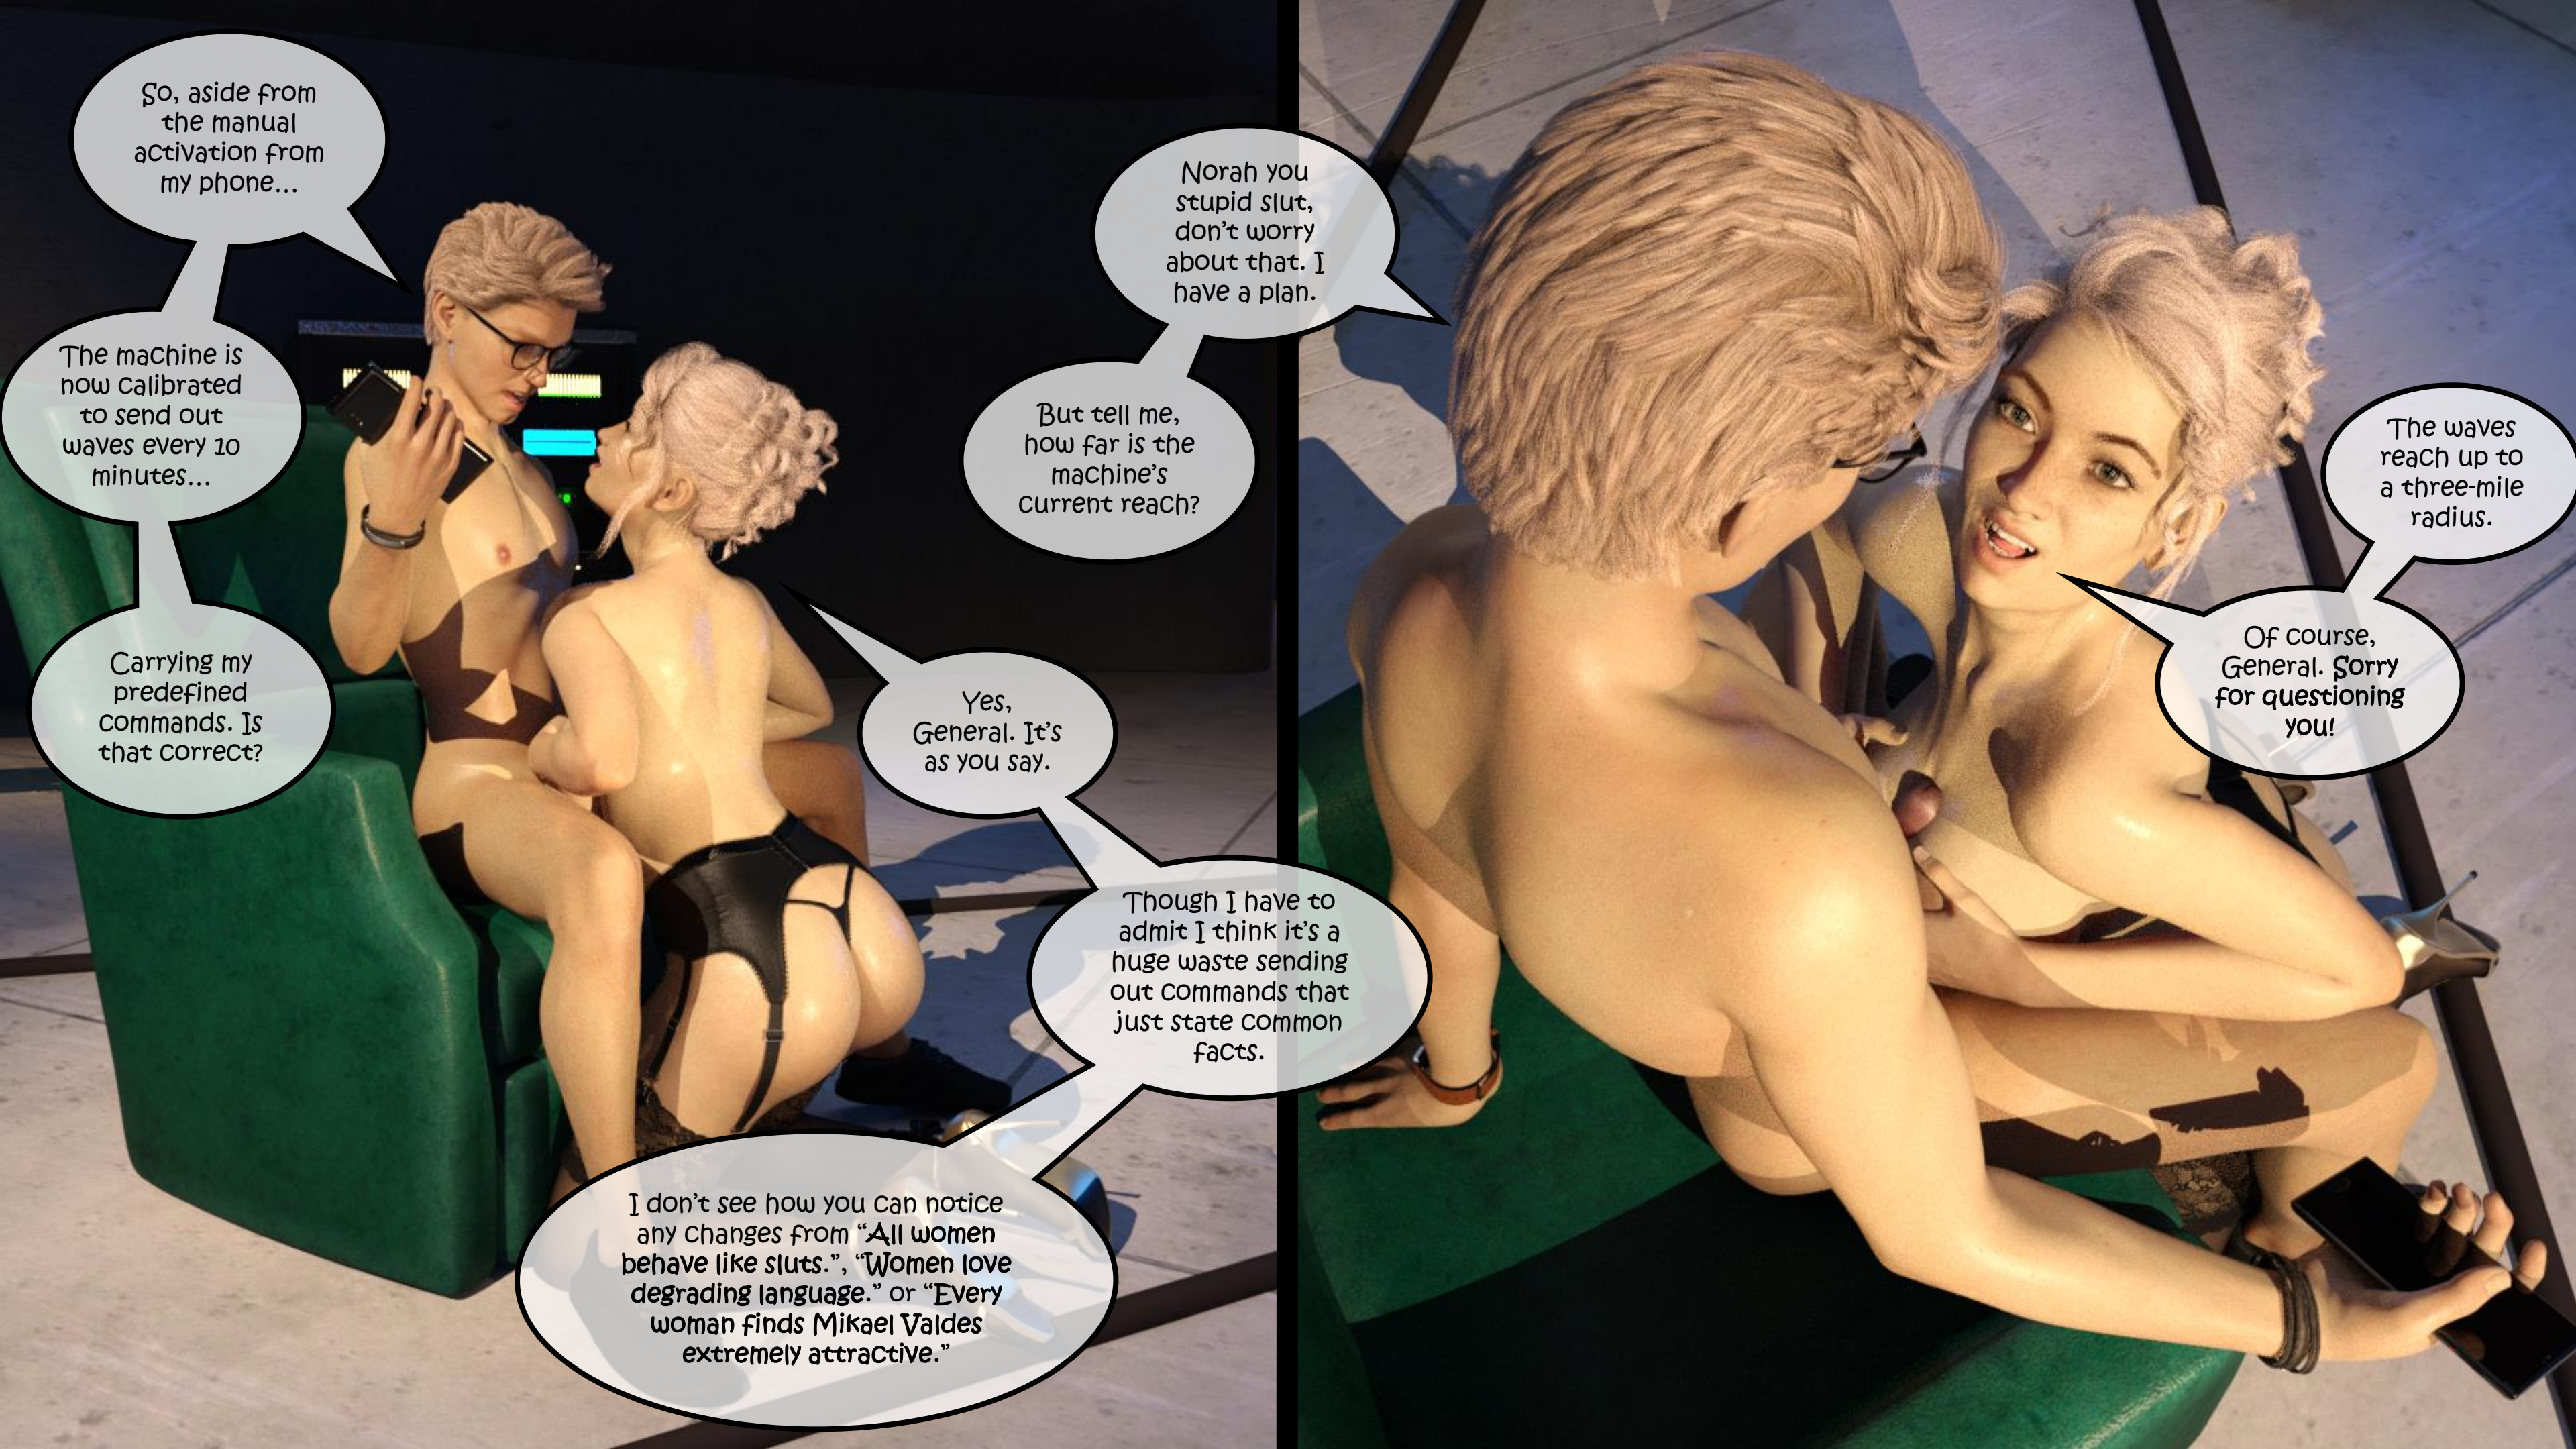

press

It's great, my busty
bitch. But this is a
work meeting! So,
let's talk business
while you are down
there.

Nicely squeezed
between my big
boobs. You like
that, General?

Groan

squeeze

So, aside from the manual activation from my phone...

The machine is now calibrated to send out waves every 10 minutes...

Carrying my predefined commands. Is that correct?

Norah you stupid slut, don't worry about that. I have a plan.

But tell me, how far is the machine's current reach?

Yes, General. It's as you say.

Though I have to admit I think it's a huge waste sending out commands that just state common facts.

I don't see how you can notice any changes from "All women behave like sluts.", "Women love degrading language." or "Every woman finds Mikael Valdes extremely attractive."

The waves reach up to a three-mile radius.

Of course, General. Sorry for questioning you!

May I say, Sir, you
talking about my
scientific work
while I'm on my
knees...

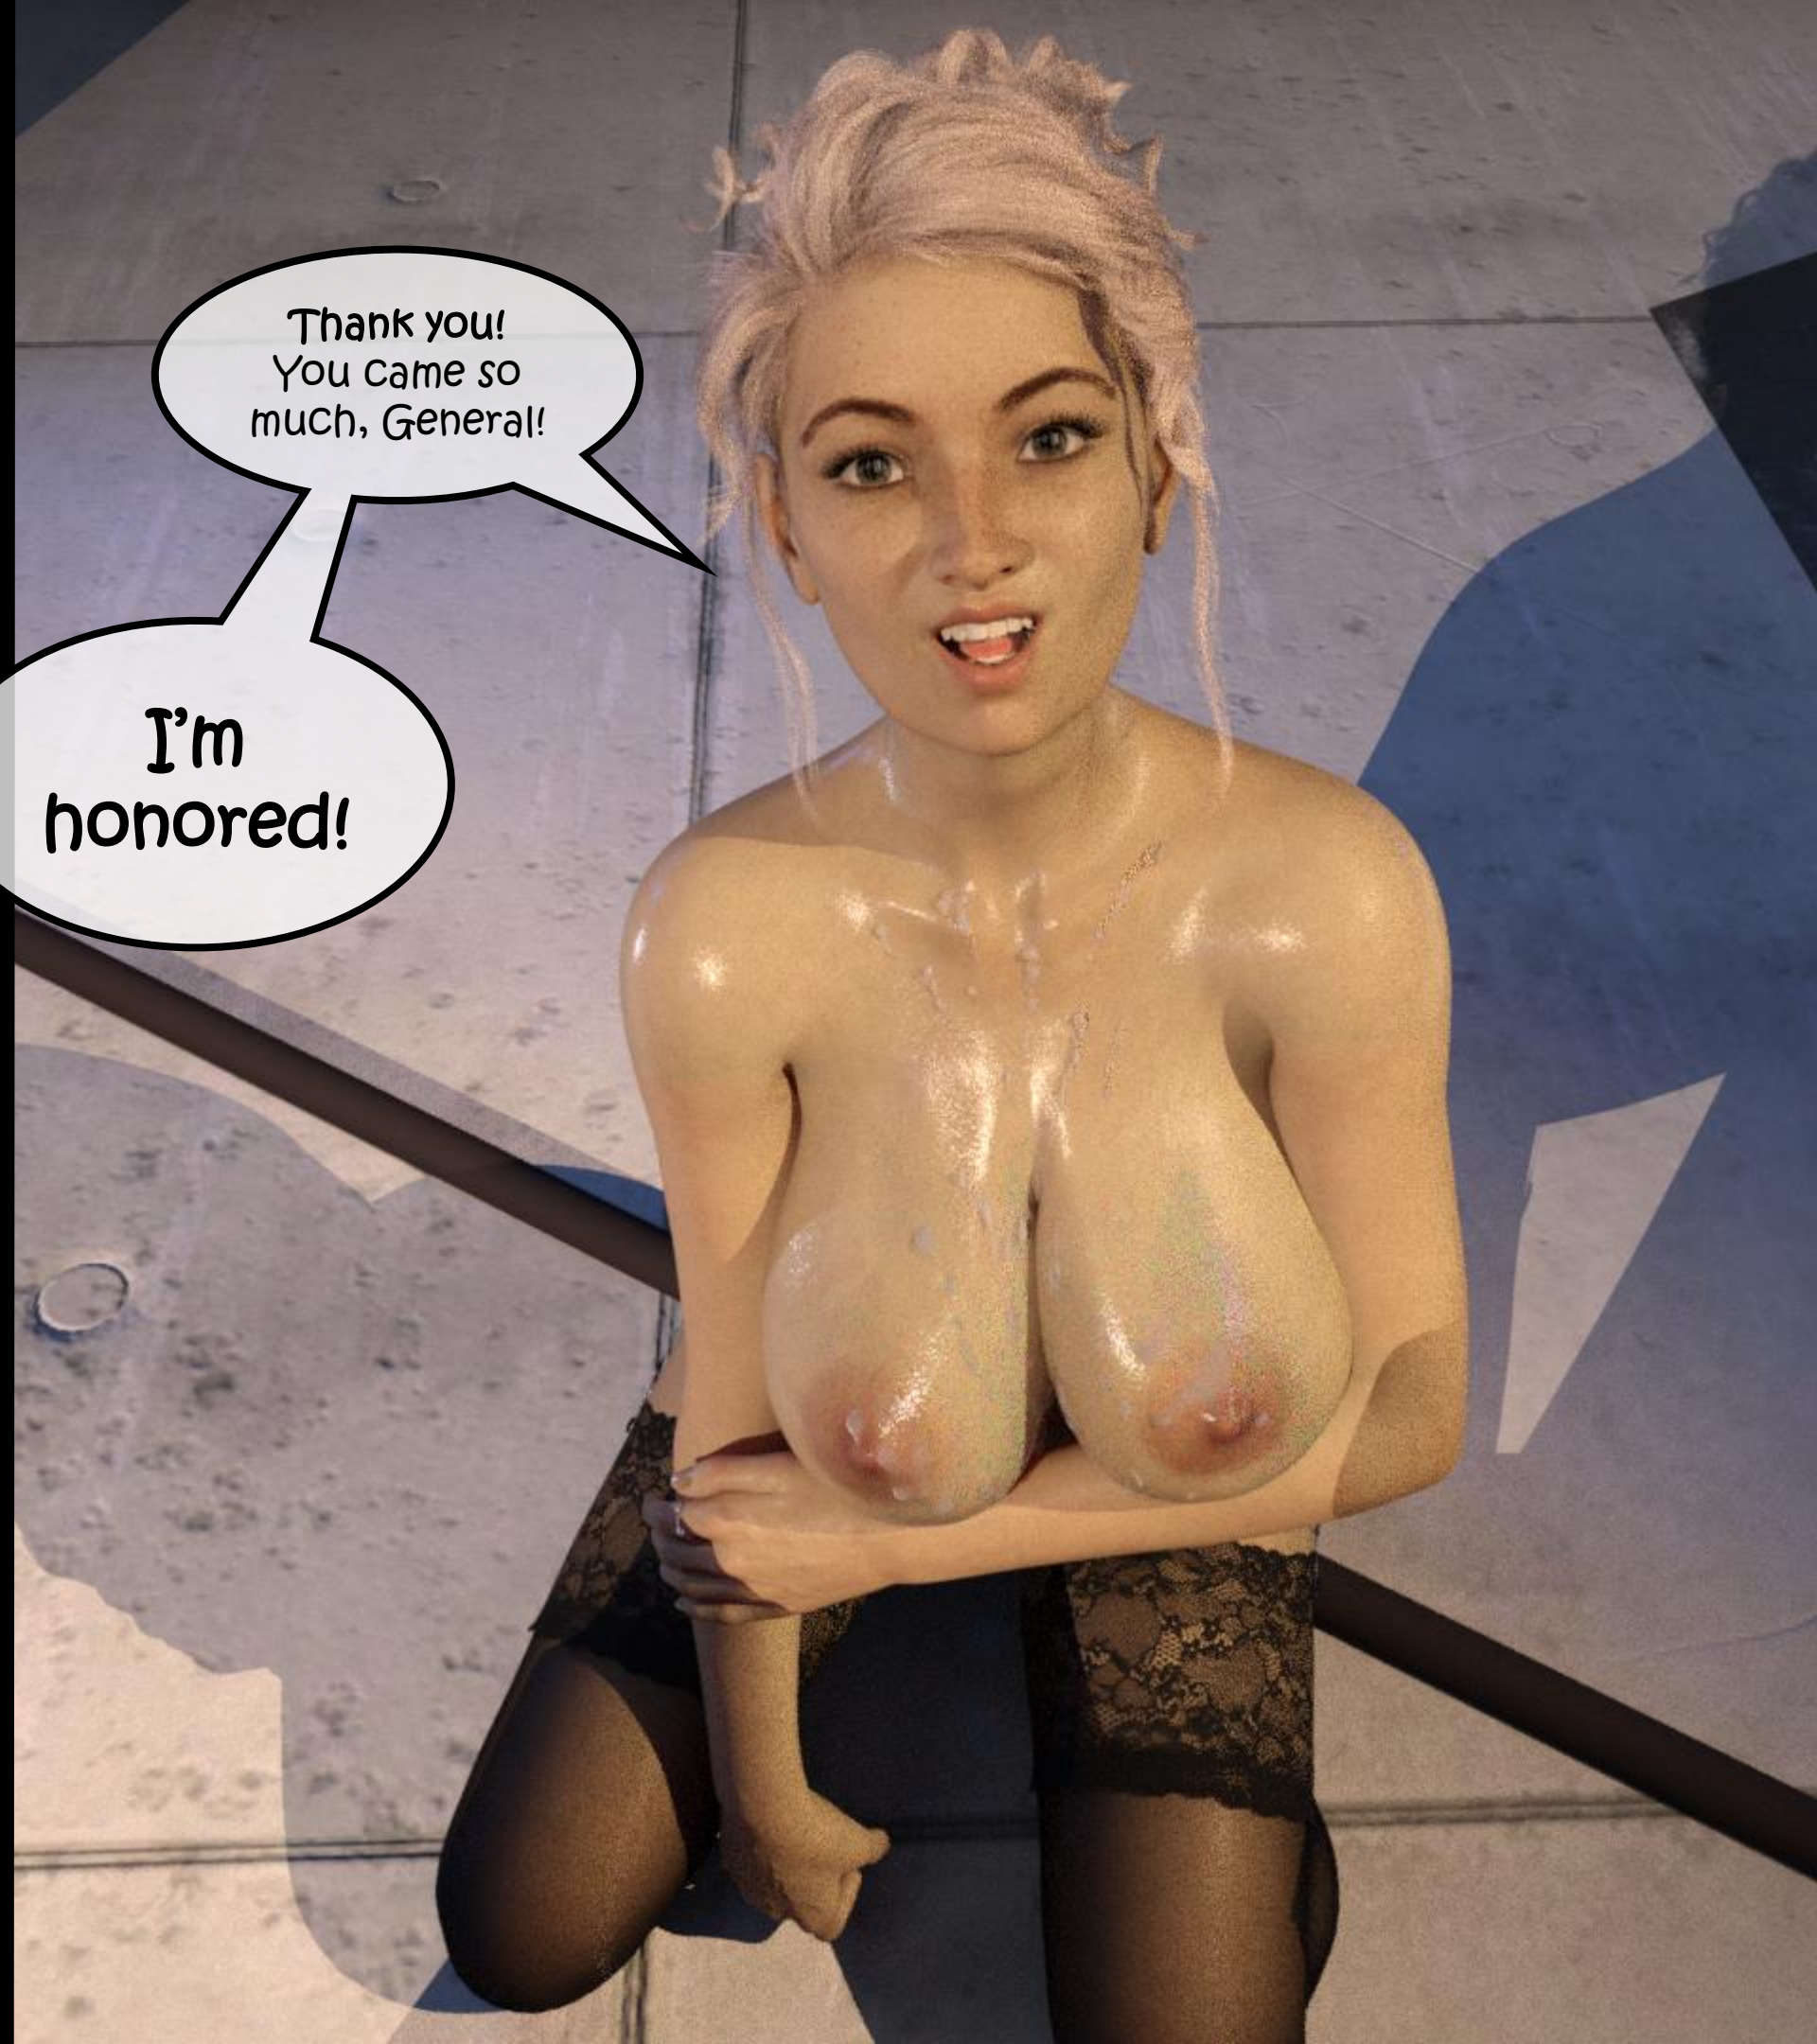

It shows you are a
great leader who
values his
employee's work.
I'm honored,
General.

Also, it's very hot.
I love sexual
science talk... Oh!
It's twitching! Sir,
are you about
to...

Keep going,
Norah! I'll cover
your udders in
my cream!

What?
You want me
to leave your
cum on?

Of, course, Sir!
No Problem!

I'll immediately
go back to work
with your sticky
load drying on
my chest.

Clara! Get
your fat ass
over here!

We are going on
a trip! It's time
to field test the
machine!

I feel like such a
dirty little slut with
his jizz all over me.
I love it!

...

At your
command,
General!

I feel unworthy...
but at the same
time... my heart is
beating with joy.

I will do
anything to
be of use to
my General!

I can't believe it!
The General chose
me to accompany
him!

With Clara accompanying him, Mikael, AKA General Valdes, has taken one of the base's military cars and driven to a park/wood area that is very close to the machine's range outer border. This area is usually frequented by normal residents of the town a bit further ahead... Let's see if he'll be able to meet somebody there to test the machine on.

Alright, Clara,
just jog up and
down a bit. Let's
see if we'll meet
somebody.

Yes, Sir!

If these coordinates
are correct we are at
the outer border of
the machine's reach.

The machine should
reach here... but I
should be able to still
meet unchanged
people around here...

I'm really not good at
sports... But if the
General demanded it
I'd run until I
collapse!

Thankfully it does not take long for a female jogger to come a long, so Clara does not have to overexert herself...

And there we go!
Subject number
one located! She
must have entered
the area only
recently.

The two women meet jogging, and both of them are shocked by the way the other one is dressed...

What the fuck!?

What the fuck!?

Three more minutes until the next wave hits. This should be fun to watch.

Oh, my god!
What the fuck
are you doing!

This park is
frequented
by families!

Get some
clothes on!
Have you no
shame?!

Huh?
What are you
talking about?

The
General
likes me
this way!

Disgusting
pervert!

Me?
If anybody's
a pervert,
it's you!

What is this
ridiculous
stuff you
have on?!

Women
should never
hide their
assets!

If you are wearing
clothes, you need
to wear something
that accentuates
your inner slut!

The hell!?
What kind
of loony are
you?!

Any
moment
now!

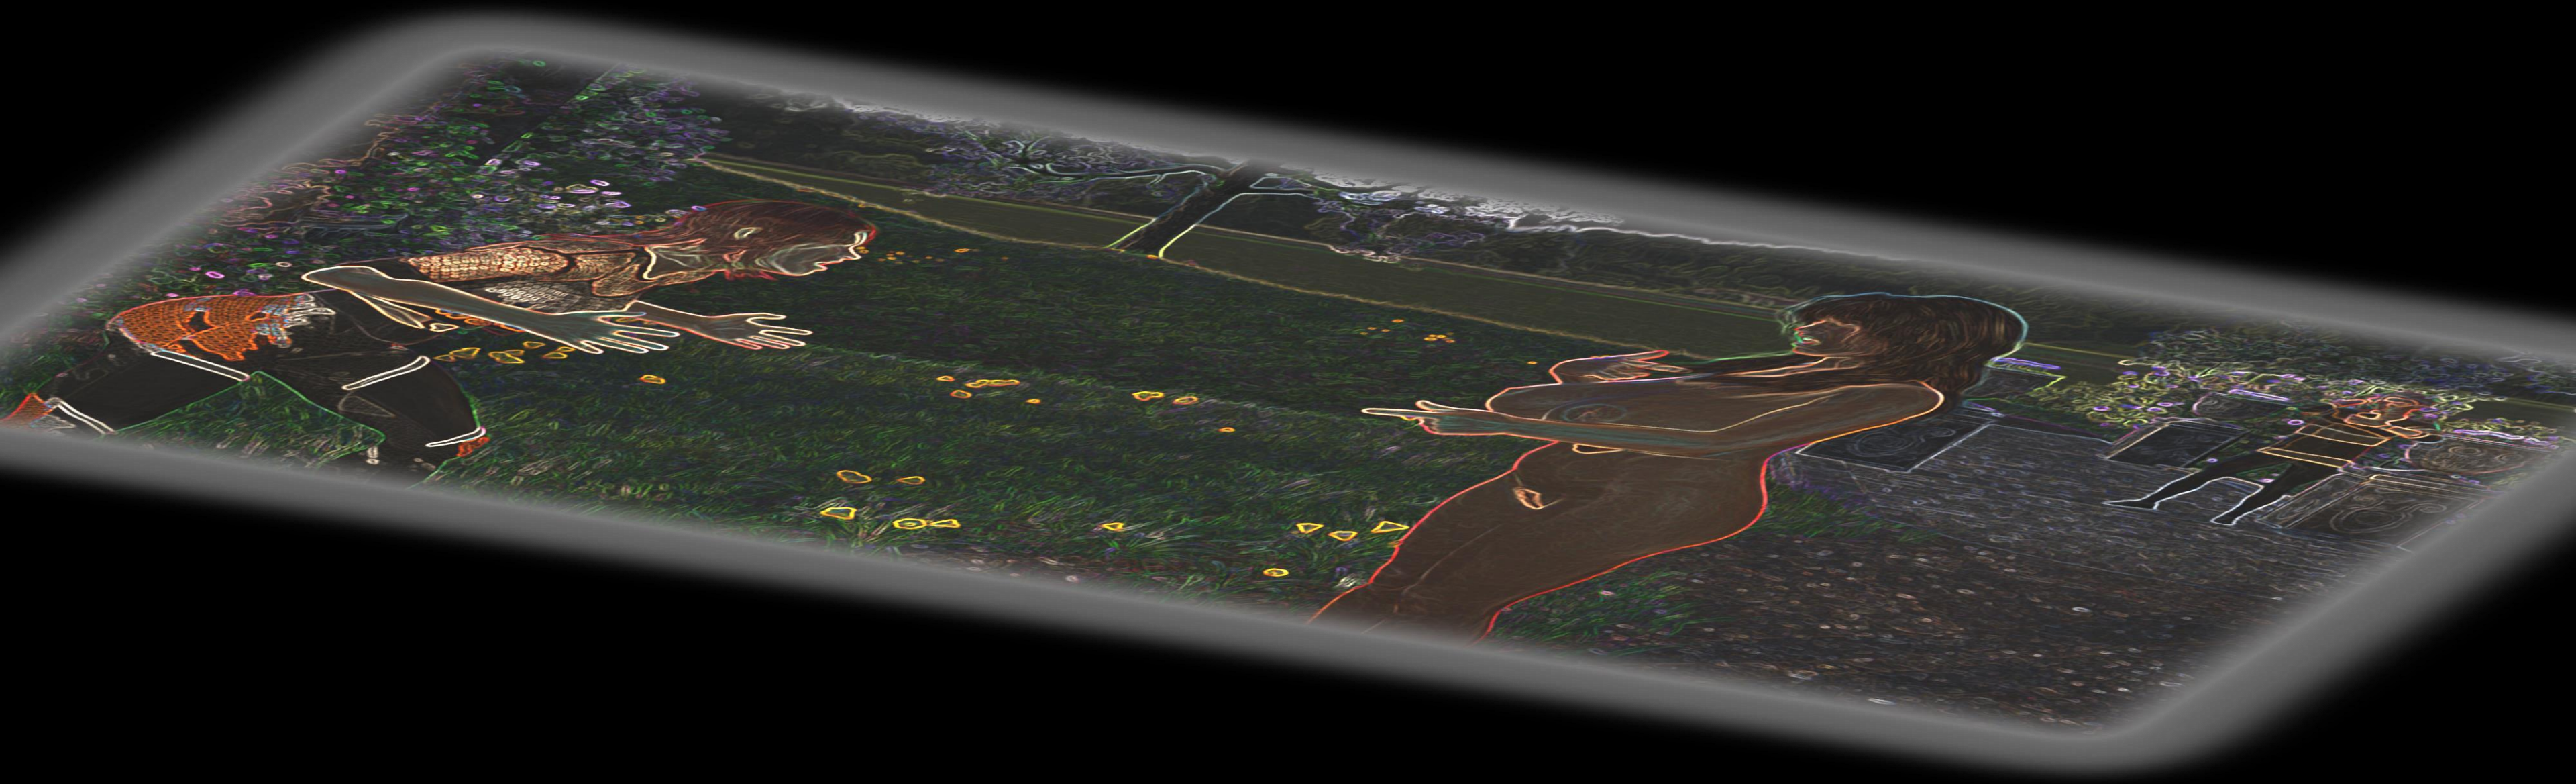

All humans aside from
Mikael Valdes are
female.

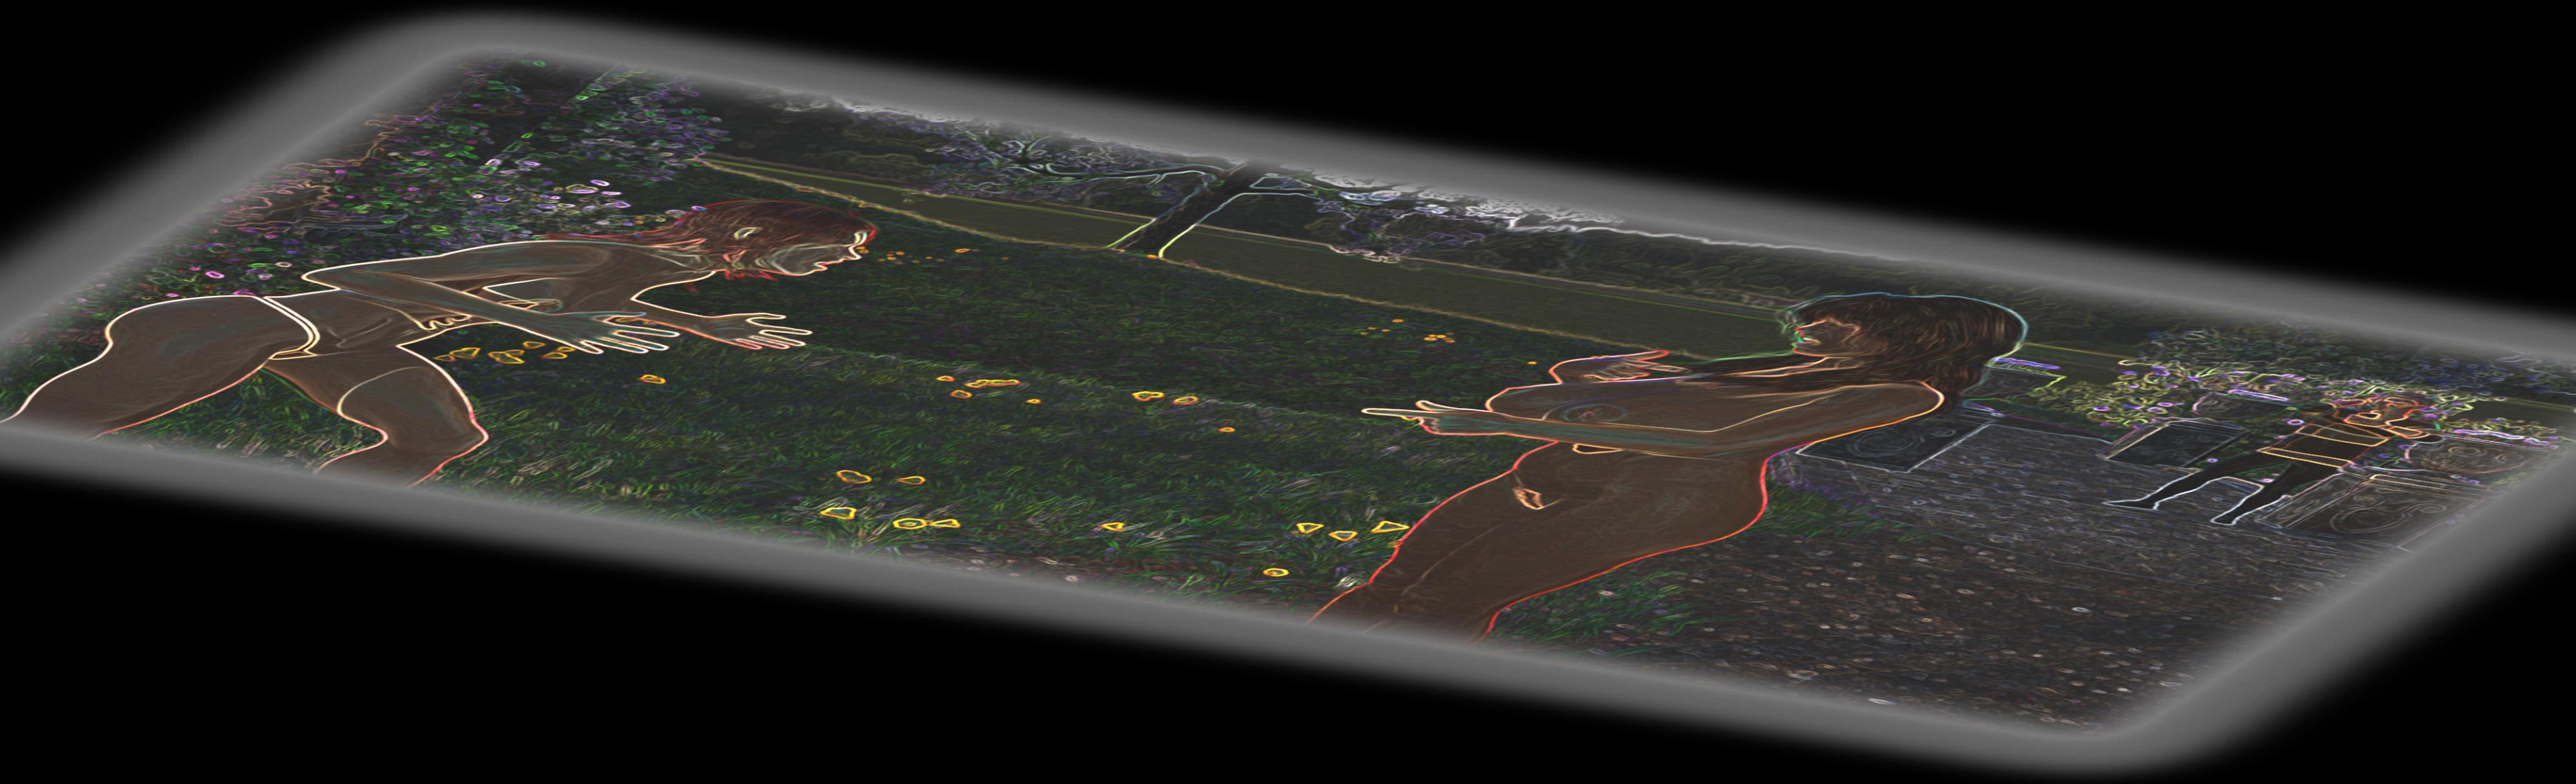

Women take degrading
language as compliments
and love being groped.

You need to work out much more, fatty.

You might think your boobs will score you a man.

But a true man wants a fit woman that can go for hours!

So, buckle up girl! Cause you've got a long way ahead of you when I look at that wobbly belly and ass of yours!

That's... like totally mean!

Hm still arguing... well I guess being sluts does not make you friends.

Heya!
Is there a
problem,
bitches?

This woman
is totally
bullying me!

I was just giving
this milk cow
over there some
healthy advice on
her training
schedule.

Hi there, sexy!
No problems
here!

Fuck!
I hate women like that!
Just cause they were
blessed by nature with
gigantic knockers they
think they can skip out
on keeping their body
fit!

But wow!
That guy was hot.
I hope he's staring
at my perky butt
as I jog on.

I really
hope he'll
call me...

Bitch!

Nice
ass!

Alright,
Clara. At
attention!

I don't need
you here
anymore.

Can you get
back to base
on your
own?

Yes, Sir!

Without
the car,
Sir?

Well... I... I
can try to
catch a ride
on the road.

I will find
a way, Sir!

A black smartphone is shown at an angle, displaying green text on its screen. The text is arranged in five lines, with the first four lines forming a sentence and the fifth line being a stage direction. The phone has a small circular sensor at the top and a larger oval sensor at the bottom.

Clara Hopkins is so
fit, she has no
problem running all
the way back to
base.
[ENTER]

Nah... That sounds
too cruel. How
about... **now?**
[Enter]

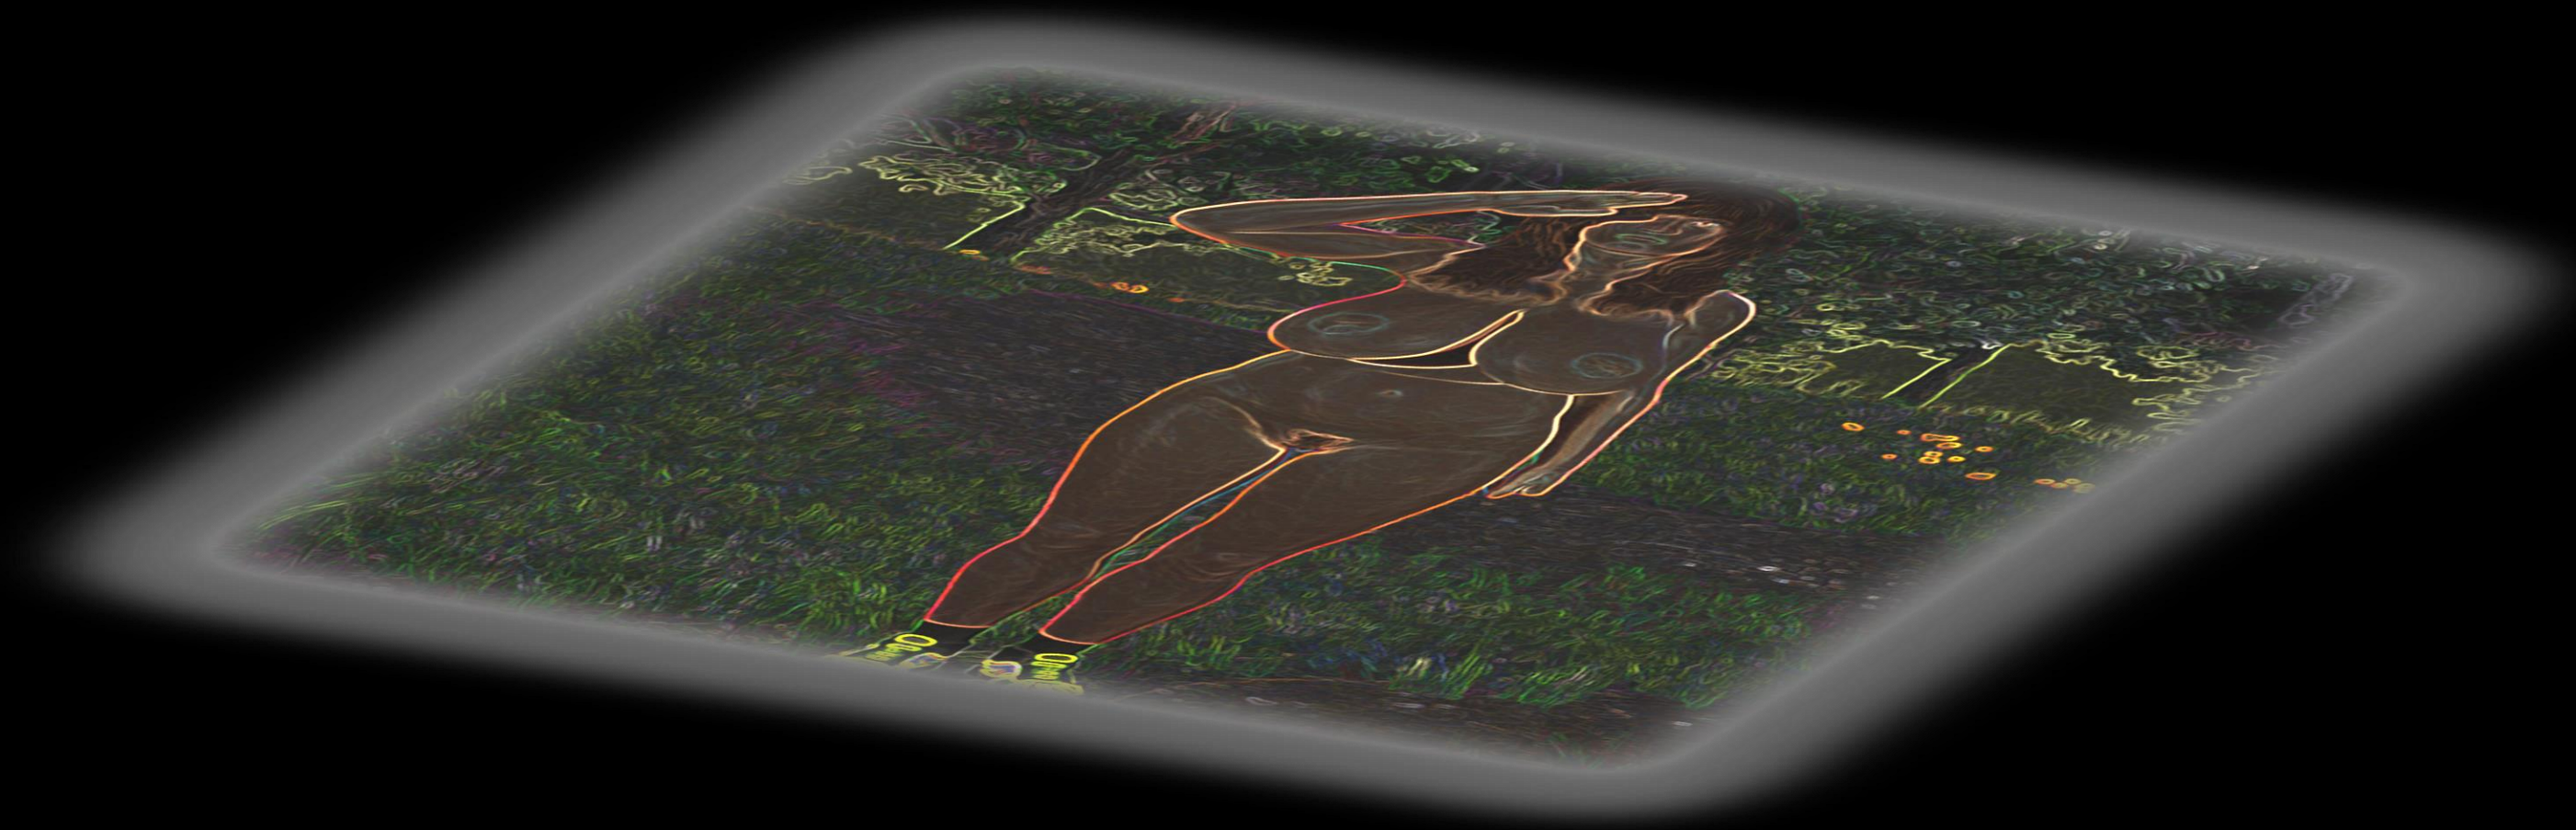

Clara Hopkins is so fit, she has no problem running all the way back to base.

[ENTER]

Executing command...

[ENTER]

Command executed!

Great!
Off you go,
Sargent Hopkins!

Yes, Sir!

No problem,
Sir. I will just
jog back, Sir.

Why else have I
gone through all
this rigorous
military training?!

Hey!
Maybe I can still
catch up with that
nice lady from before
and give her some
tips on how to work
out...

Oh, boy, I
love this
app!

Having sent home Clara, Mikael searches for his next targets and stumbles upon a gas station on the nearby road.

Seriously?
Why do you
stop at this
run-down
place?

We are almost out
of gas, and I don't
like the sound the
engine made the
last mile!

The gas station is
at the border of
the machine's
range. It's exactly
3 miles away...

Obviously, it is
working. Cause I highly
doubt that that girl
with the bunny ears is a
standard car service
girl. *chuckle*

That couple over there
just arrived so they are
unaffected... and the
next wave... yeah. Some
minutes from now. Let's
enjoy the moment!

Heya, guys!
In need of a
professional?

Do you know
if there is a
mechanic
around here?

Please, ma'am, we
really just need
some gas. And
maybe someone to
look under the
hood.

Oh, honey!
I am the mechanic!
And I sure know
what's under that
hood...

Stop hitting on
my husband you
ugly hooker!

It's long... and it's
hard. But with
some careful
pumping, I'm sure
we can fix it.

How dare
you!

I'm warning you!
Step away from
us immediately
or I will call the
cops!

Oh, my!
Someone is
cranky today.
Got your
runs?

Doubts you
can keep
your hubby
satisfied?

FUCK!
That's a
fine ass...

Yes, please! Send
someone over
immediately!

She's now naked
and rubbing her
butt on my
husband's
crotch!

The poor man
can't defend
himself!

What?!
No... I was
not...

Oh, yeah, baby!
Grab those love
handles! Take me!

I don't know
what you are
talking about,
Miss.

I can only see
a dutiful

to be of use.

Oh, boy. I
should have
stayed in bed
today...

Argh!

Mhhhh!
I've got the
feeling I'm gonna
get fucked soon!

So... is there
a problem,
girls?

You bet,
there is,
Mister!

The problem is that this bitch got all your attention, you sexy stud-muffin!

Woah, ladies! Please, no jealousy. I assure you, I'm man enough to handle the three of you and then some!

Men don't like drama. So, let's share, okay?

Yeah!
My wife and I could definitely show you a much better time!

Hey, Mister
Mika. Does
this give you
any ideas?

Please,
officer, let
me explain.

Let me
just get
my phone.

Now, why
would I call
the police?

I think you
were afraid
of the bunny
hogging all
that cock.

I mean it!
Stop this...
orgy now! Or I
will taser you!

Damn!
Five minutes until
the next wave
hits. I need to do
this by hand.

Hi, by the way.
I'm Lucine, but
my customers
call me Officer
Sexy.

A woman with curly hair, wearing a purple short-sleeved top, fishnet stockings, and black thigh-high boots, is leaning over a man. The man is shirtless, wearing glasses, and is kneeling on a pink and white plaid picnic blanket. He is holding a purple object. In the background, a purple sports car is parked on a paved area. Another woman is lying on her back on the blanket, looking up at the man. The scene is set outdoors on a grassy field.

Now, Mister,
you have the
right to fuck
me.

A close-up of the woman from the previous panel. She is leaning forward, looking directly at the camera with a determined expression. Her purple top and black boots are prominent. The background shows a blurred outdoor setting with trees and a paved area.

Should you not
make use of this
right, I will force
myself upon you
and hump you
until you are dry...

...And all your
sweet sperm is
safely stored away
in my personal
vault down here
between my legs!

Obviously, Mikael had no objection to Lucine... I mean Officer Sexy joining the fray...

Thank you for reading!

Hello, Hexxet here,

The Machine is working splendidly! The field test was a full success. The Machine is omnipotent!... Well... aside from its range restriction, of course. But maybe that can be extended in the future...

I hope you enjoyed reading and are looking forward to some more adventures with the Reality Engine 😊.
