I had played around with Clarissa quite a bit...

Found my way around the MCP quite fast I'd say ...

And - after my lust had been quenched - and when I was done playing around with her profile Clarissa looked more stunning than any woman I had ever met!

Truly stunning indeed!

I had her do some menial tasks while I worked a bit more on the MCP... Clarissa was not really useful at the level of intellect I left her with... but her new job description does not ask for a lot up there anyway... But soon I got horny again...

Oh, Hi!

Is there anything I can do for you, boss?

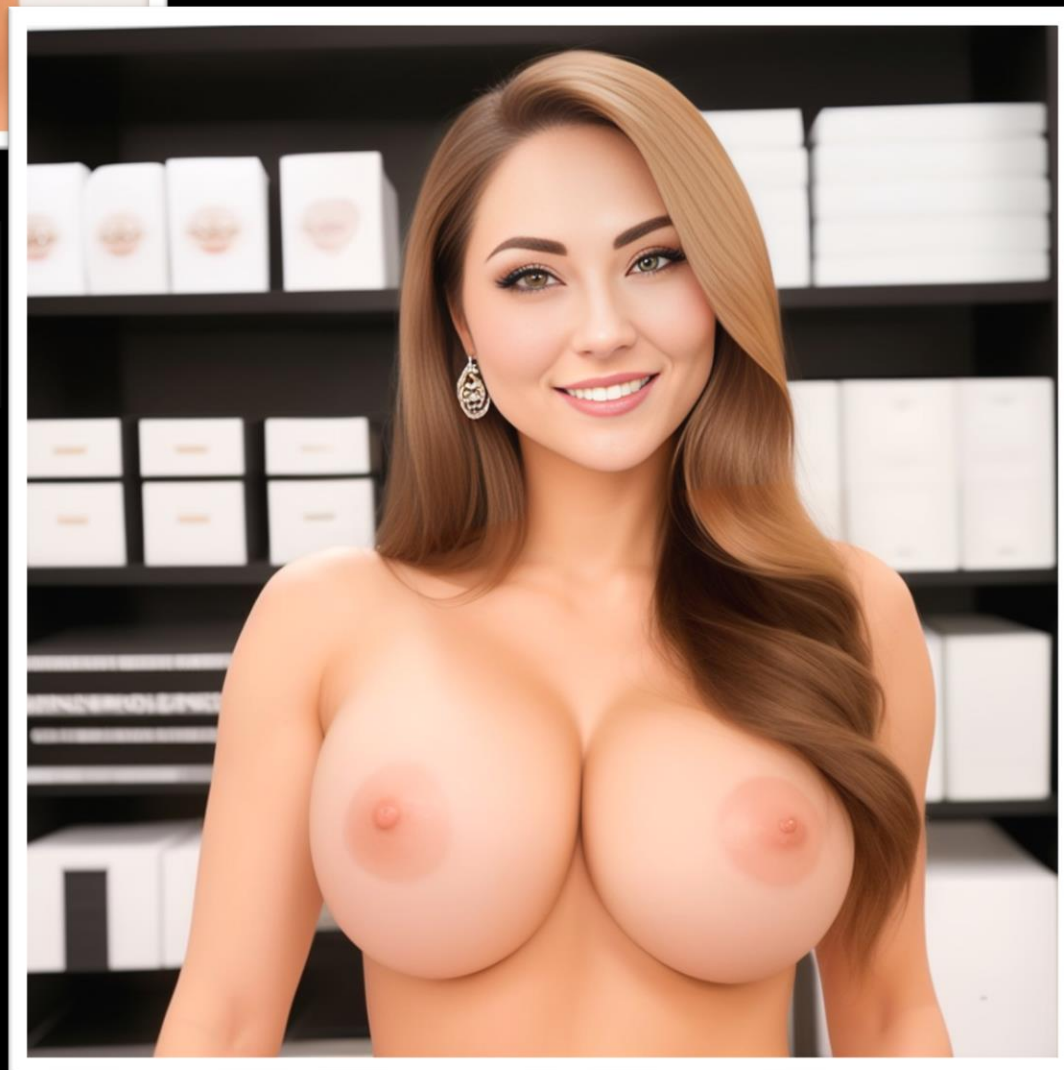

Another round?

Yes, Sir!
Thank you for training me!

Without further ado Clarissa shed her top and got ready for another roll in the hay... but I was kinda in the mood for a blonde.

But that was no problem. Not with the MCP at hand.

I could not
have asked
for a more
handsome
tutor.

Your magic
touch gets
me all wet!

Now, you probably guessed right. I was not always
that handsome or athletic. But with a little help from
the MCP... my stamina was over the roof!

Clarissa dropped to her knees in front of me like a pro. The big breasts I had designed for her on the MCP jiggling and on display – I was rock hard again.

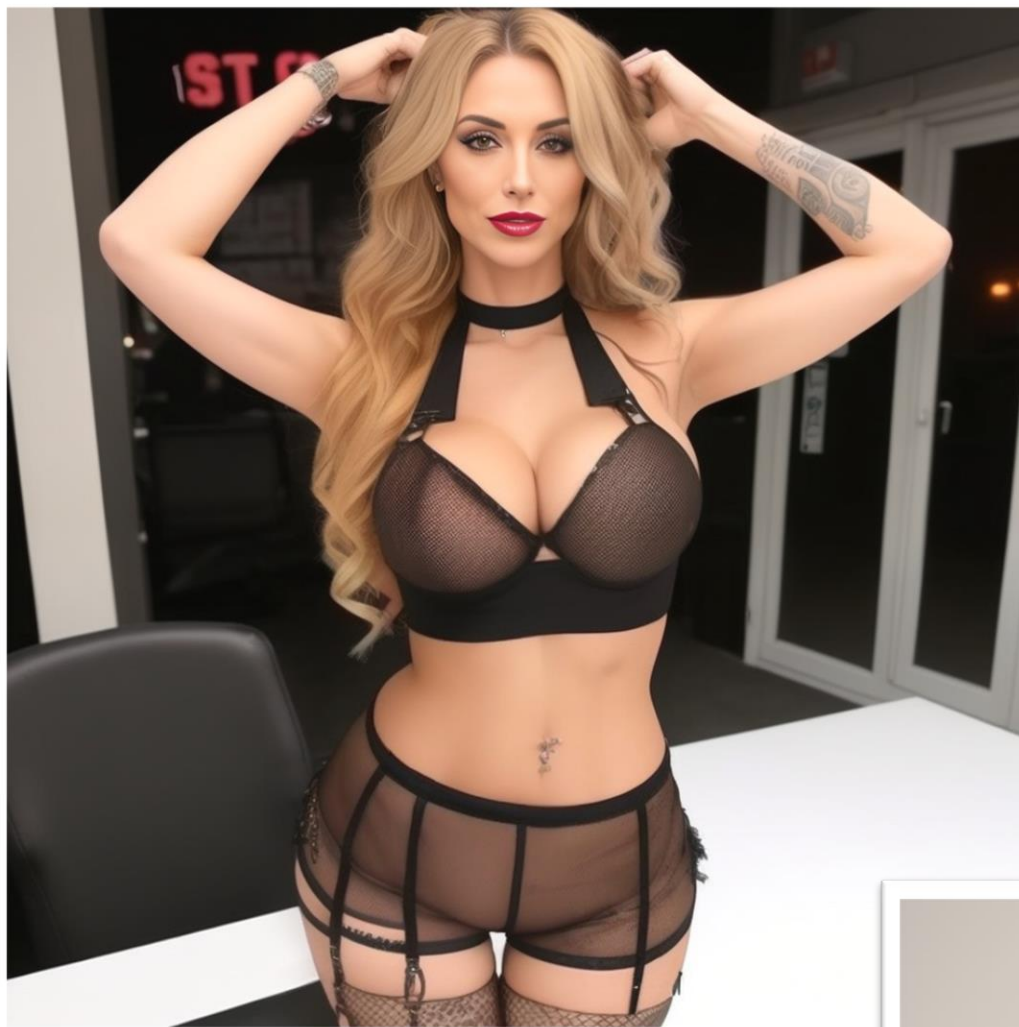

But just as she was about to go down on me, her mother Cathrine – my boss – entered the IT Department...

A woman needs to learn how to use her body to get ahead.

Don't stop on my account, honey.

Show mommy what this nice handsome IT guy has taught you so far.

Me changing Clarissa had the most interesting effect on her mother...

Since it was Cathrine who had assigned her to this job... which was now "Glamour whore in training"... Cathrine's values in life changed with her daughter's job!

And so, I ended up in this hilarious situation with this beautiful blonde teen going down on me while her mother – my boss – kept on watching... or should I rather say inspecting her work progress?

Way to go girl! Milk that juicy load outa him!

Her mother obviously happy with the results of my training got comfortable on one of the desks while Clarissa kept going.

And I'm telling you, that girl now knows her way around a cock! Her tongue feels amazing!

So, it's only natural that it did not take long for me to dump my load all over her... literally... I might have played around a little with the amount I came in the MCP... I almost passed out...

Best orgasm ever, I'm telling you!

Oh, my!
You came
so much!

Great job,
babe! You'll
bring it far in
the world of
business!

You'll be a
great cock
sucker in no
time. Just
like mommy!

And you!
Thanks for teaching
my daughter this
well! I knew you were
the right man for
the job.

Glad to be
of service
ma'am.

Thanks, mom!
I won't let you
down. I'll be
studying hard!

Next up was a meeting led by our project manager Mrs. Lennert. She's a beautiful woman... but she is very goal-oriented, and she can get pretty loud if stuff does not go her way... Nobody was looking forward to this meeting... nobody except me that is!

You damn
morons!

We are two
weeks behind
schedule, and
you find even
more excuses for
delay?

Sigh

And will you please
stop typing?! Take
this meeting seriously
and close the damn
laptop will ya?

Ethnicity: White
Job: Project Manager
Mood: ~~angry~~ → happy

As I was saying,
we are two weeks
behind schedule.

The mood in the meeting room
improved drastically with Mrs.
Lennert smiling.

But we've got some
great excuses, so it
won't be that much
of a problem for
now.

I got up from my seat and
walked up to the front where
I started to undress her...

Nobody cared as I removed
her shirt and undid her bra.
Not even when I started
nibbling on her ear or sniffed
her neck...

God, she smelled divine!

But anyway, we should work on a strategy to get the project back on track. Any ideas?

I felt up her butt. Kneading those bubbly cheeks while Mrs. Lennert kept on talking and the rest of the crew listened.

Slowly I removed Mrs. Lennert's business skirt and the panties underneath.

Wow!

Mrs. Lennert.
You are a fine
piece of ass!

Obviously, my comment was ignored due to my command in the MCP. **chuckle**

They kept on talking about various ways to fix some problems in the project and what to prioritize as I put my dick into Mrs. Lennerts pussy and started slowly pumping away.

Yes, Mary.
That part would reduce workload by 3 months, but it's a main feature. We can not NOT do it.

It felt amazing being inside her... fucking her during the meeting she was leading. No wonder I did not hold out long. And I came right there – with a loud groan all over that perky round butt of hers!

Groan

No, Jake.
We will not hire three more people to do your job. Get in the game!

Alright, guys!
Time's up. I think
we made some
progress.

But please keep
me in the loop if
something goes
wrong before it
escalates this
time, okay?

See you on
Thursday in
the weekly.

I'd say this was my most productive meeting in a long time...

Anyway, my work was far from done. Next up was a discussion with the company's legal team about some IT security policies and possible data leak prevention...

Now... these girls might know their legal stuff, and they could sue me into oblivion... but their knowledge about what we in IT can or can not do is... a complete mystery to them... So... In other words,... this would be another waste of time...

We love being

huge load!

And when I came, I came A LOT!
God, I love this program!

Those two promised to get the legal stuff out'a the way and I left them bathed in my spunk... off to my next item on my schedule... HR hiring.

IT was in dire need of new staff and HR was interviewing today... The chances for some tech guy or girl were slim... but if not... I still had the MCP with me to pass the time.

As head of HR, Miss Simmons was leading the recruitment process...

I had previously changed Miss Simmons unintentionally, into a black but still boring version of herself...

A mistake I was about to correct before the recruitment could start!

Oh, thanksy

I'm such a
ditz today!

I first talked her into getting out of those clothes so she could breathe better. Her brain was so foggy she complied without an argument.

Thanks!
I feel better
already!

Then I got lost in thought and the MCP while sculpting her breasts... BIGGER, of course!

And BANG... it was already time for the first interviews.

The interviews were off to a really bad start... one ugly dude after another was called from the waiting area...

But today's

Please follow his

Mrs. Bunny was relieved they were
not wearing clothes as she was naked
as well.

To speed the process up I did mass interviews – not one on ones.

Oh, yes!
Please fuck

I'm

So, I had to interrupt the interviewing process to fuck Jessica... But I had the girls watch us and cheer me on. So, it was a great team building exercise for everyone.

And what can I say...

We found many promising talents.

Skilled to fit
Various positions!

These new applicants
would bring new ideas
into the company!

And a lot of Team spirit! If I'm not mistaken about the MCP we can add IT knowledge to their brains later...

Thank you so
much for like
helping me
out today!

I would have
turned so many
away Cause
they looked so
slutty!

But we hired
so many thanks
to you! Good
job!

It's so great that
you can look past
their slutty attire
and see them for
their real skills.

I contemplated whether I should
return Miss Bunny to her old self...
but decided against it. Instead, I told
her to just call me if she had any
further problems on the job and left.

I was done with any scheduled meetings for today... but I still had two girls to cross off my bucket list... and since I was already on a roll with unlimited sexual stamina my footsteps brought me into the finance department.

When I entered their office, all intellect was gone from their eyes.

All their remaining tiny brain capacity was set on one thing and one thing only. Carnal Desire!

When I showed them my 15-inch rod, they squealed in delight and began to worship me... or rather my dick!

And I shot my load all over their stupid faces! While they were eagerly licking up my spunk from each others' bodies I left and used the MCP to turn them back... but had them remember what they had done!

OH MY GOD!

What have we done?!

I could hear their scream through the door. *chuckle*

When I finally wanted to call it a day I got a call from my boss, Cathrine. She wanted to discuss her daughter's training schedule so I offered to pay her a visit in her office.

You still
have some...
Yeah, right
there.

EWWWWWW!

A woman with long blonde hair, wearing a dark, low-cut blazer and a matching skirt, stands in an office. She has her hands on her hips and is looking directly at the camera. The office background includes a desk with a computer monitor, a printer, and a corkboard with papers. Three speech bubbles are overlaid on the image, containing explicit dialogue.

So, how is she?

Ma'am your daughter is a great cocksucker.

And we are about to hit anal next... but I have only very little experience with that myself...

Hello, Hexxet here,

I hope you liked this linear continuation of my latest PAI book. I think the graphics turned out pretty hot for this story and I hope you enjoyed the girls, their changes and the plot events I came up with. All in all, I think this has been a very productive day at the office for our protagonist. 😊

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops. (If you are only into the PAIs you probably want to visit the shops, not the Patreon). Some free PAIs can be found on my homepage.
