

**The lost Temple**  
**Chapter 08**  
**One-Eyed Shower**

Previously on „The lost Temple“:

*Mikael – a young archeology student managed to return an ancient artifact from an underground temple to the demon girl Kessy, who, after some sweet-talking, is willing to teach him more magic. In exchange, Mikael needs to track down the group of ether-wielders that recently attacked Kessy in the streets.*

*We also saw Harry Belding strike a deal with Kessy at the end of the last chapter. But this chapter starts about 32 hours earlier 😊.*

## Interactive Notice:

*This chapter contains an „interactive“ part. It's intended for the player (Mika) to decide which girl he's about to watch. This is mainly to give you a feeling of honor by not choosing Lana ^^ . But of course, you can just scroll on and read up on all four girls. The story can be enjoyed either way. In case you want to play it as intended, use the „Next“ button once the „interactive“ part starts.*

Oh, good morning Mika!

As I was about to enter university Lana greets me in front of the main gate dressed in her cheerleader training outfit. She looks hot! It takes a lot of self-control on my side to not outright stare at that cleavage.

Heya!

By the way, you do study archeology, right?

Cheer practice is about to start. I was just getting a bit of fresh air.

That's right! What's your major?

What?!

Come on,  
Kim. Just a  
little...

So, lots of  
reading?

Literature.

Among  
other stuff,  
yeah.

But I'm sure  
you're reading a  
lot of old texts  
and stuff as  
well?

Yeah... we  
do study old  
languages...

It's important...  
But I gotta admit  
I'm more a hands-  
on guy.

What is wrong with you today?!

Please don't be mad, Kim!

I just thought a little... you know... it's time!

It's just... we have been together for two years now...

Oh, boy...

You can't just do "it" before marriage!

Time for ... Ewww!

Don't get all weird on me now!

Unbelievable!

Why is he getting all weird about sex all of a sudden?!

I can't get that night out of my head!

It felt so good!

I don't want this platonic relationship anymore... **I want it all!**

EXIT

What's up with those two?

Two years... Seems they haven't gotten very far. *\*chuckle\**

Seen them around - always thought they were a pretty cute couple.

*\*gulp\**  
Err... yeah. Guess so... *\*blush\**

Lana jogs off to the training field and I head inside. I see Liz already sitting in the first row and take a seat in the second... Cause ... no way I'm gonna sit first row!

The Lecture is boring today and my thoughts drift off to girl matters: Lana is athletic... and has really big breasts! But Liz is also kinda cute... Of course, Velia is still my number one... But she's kind of a pipe dream...

After the lecture, Liz approaches me.

Hi!

Hey, Liz.

Got a battle plan for tomorrow?

Well... I think I made quite some progress yesterday.

And I'm set to study my ass off today.

So, yeah, I'm gonna ace that test!

*Ace? \*Giggle\**  
Is he trying to sound confident for me? He can be happy if he makes it at all judging from his level of knowledge at yesterday's study session...

I'll start working on that... you know... our project, once the exam is over.

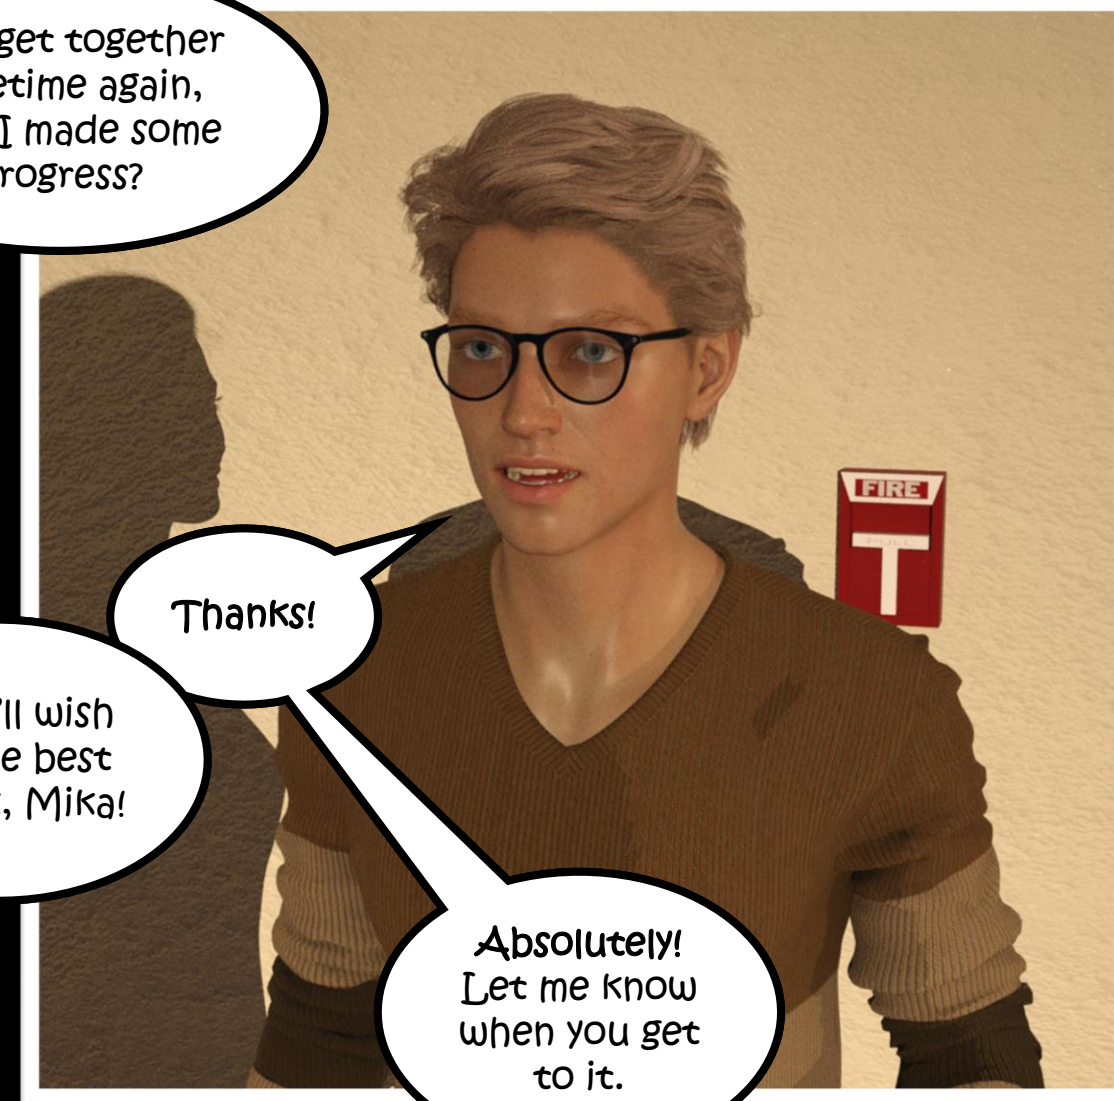

Let's get together sometime again, once I made some progress?

Thanks!

Well. I'll wish you the best of luck, Mika!

Absolutely! Let me know when you get to it.

I doubt I'll be much help with the translation... but I'll help where I can.

What the heck?!

Dude!  
What are you doing with the enemy?!

Enemy?  
\*chuckle\*  
Liz's not that bad.

The fuck?  
She's the gunner in class!

She is crazy!

As Liz walks off Gabriel approaches me with a stern expression...

Wait a second!  
Did you seduce  
her so she'd help  
you study?!

No!  
We're just doing  
Prof. Harrison's  
assignment  
together.

WHAT?!

And we really just  
studied for two  
hours yesterday  
evening.

You need to  
teach me  
everything  
she told you!

Whatever!

Didn't know  
you were this  
cold-hearted...

I knew  
it!

Dude!  
She really just  
gave me a gist of  
the basics! And I  
barely get the  
stuff myself.

Gabriel was grasping at straws there, but I couldn't help him. The little I understand right now is not enough to survive that examen tomorrow.

It's rumored that no one ever succeeded in cheating on Miss Fortune's tests...

And everybody complains that they always get exactly those questions they have not studied for...

I'm fucked!

I had to look out for myself. And I had only two options left myself.

**First:** I could study my ass off the whole day just to fuck up anyway, cause let's talk truth here... I'd need to study for at least a week... Probably two to get that kind of test right...

Second: I could practice cheating!

*Oculus  
Netrica!*

And cheer practice was about to end right about now!

The decision was easy!

*\*whisper\**  
Go, little  
buddy! Let's  
explore this  
sacred temple  
of pleasure.

*Viii*

With the evil eye in place, I quickly withdrew from the female locker and headed for the park where I took place on a bench. Thankfully the park was not very crowded yet.

I did not have to wait long and soon the cheerleaders returned from their practice.

My right eye was bound to the magic eye ... seeing both... the cheerleader's locker and my own surroundings at the same time got me quite queasy. So, once I sat down, I closed the other eye and waited for stuff to happen.

I could barely stand the anticipation!

Great work today, girls!

Lana, maybe work a bit on the flips.

Showtime!  
Or is it shower time? \*chuckle\*

Yes, Coach!

Keep it up and we have a shot at the upcoming competition!

Alright!  
Shower up.  
See you tomorrow, same time!

Lana is dragging the team down!

Great workout today, girls!

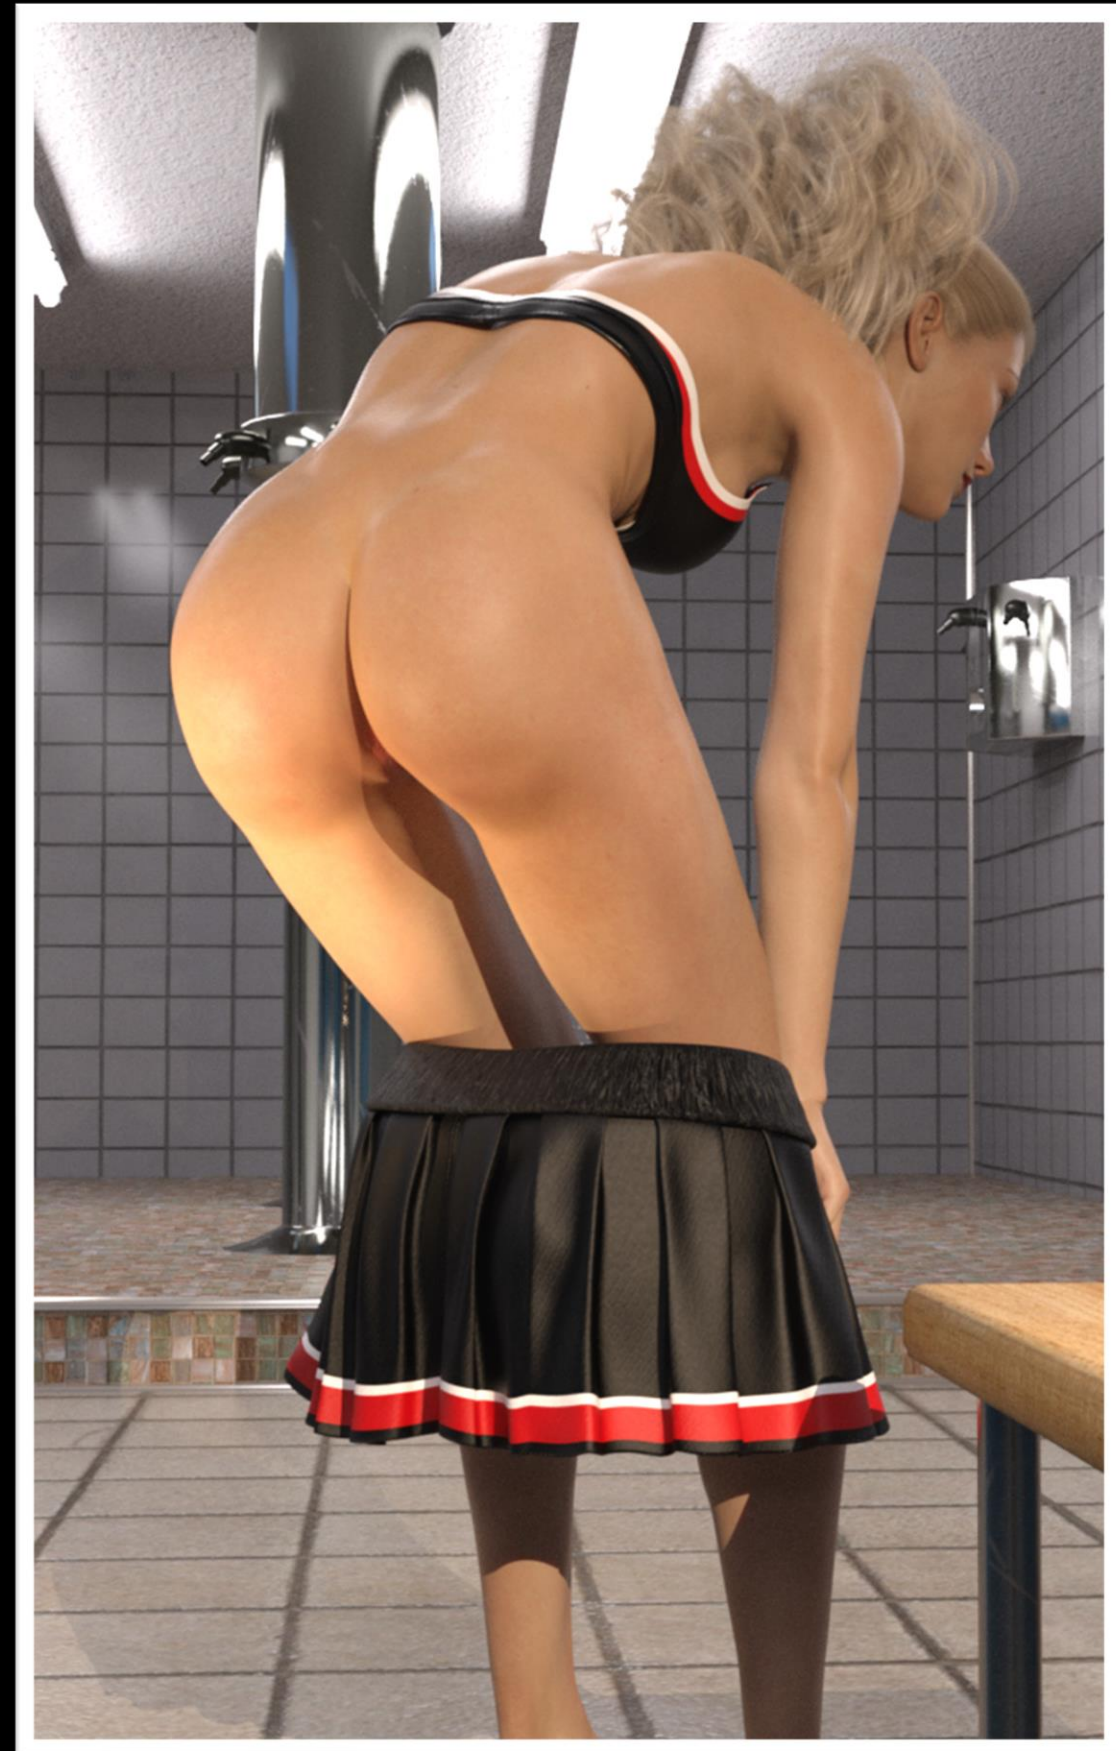

Damn. Those flips really need to get better!

And I discovered a major flaw in my plan...

I should have gone into a toilet stall... not the park...

I was rock hard!

Without a second thought, the cheerleaders began to undress ...

I did not know their coach was sharing the shower with them.

A welcome surprise! The woman was hot!

I couldn't wait to see the water pearl down their naked trained bodies!

Wet cheerleaders are simply the best!

However,... which one of those four should I watch more closely? After all, the eye could move and zoom in!

**Author's note:** Click on any of the four girls to watch her more closely. Then use the buttons on the following pages to follow the flow of the story as intended... Or just scroll on to see all the girls in succession ^^.

But she was also in charge of the university gym, so I had seen her on occasion...

Just... not like this!

Those firm breasts!

Erika Williams was the cheerleader coach.

Next

Those abs!

Her trimmed pubic hair!

It was quite a hassle navigating the eye to get all the best angles. But it was worth it!

I loved that peachy apple bottom!  
That was not just fat. That was the  
well-trained buttocks of an athlete!

Next

I could not believe my luck as she was bending forward to wash her back.

What a view!

I'm loving it!

Next

I was a bit reluctant going for Lana... It felt like betrayal... But... what the hell! She was fucking hot! I could not let this chance pass!

So, I focused the eye on her and zoomed in.  
**Wow! What a girl!**

Next

I loved watching the water run down her luscious body...

That wet skin... those curves...

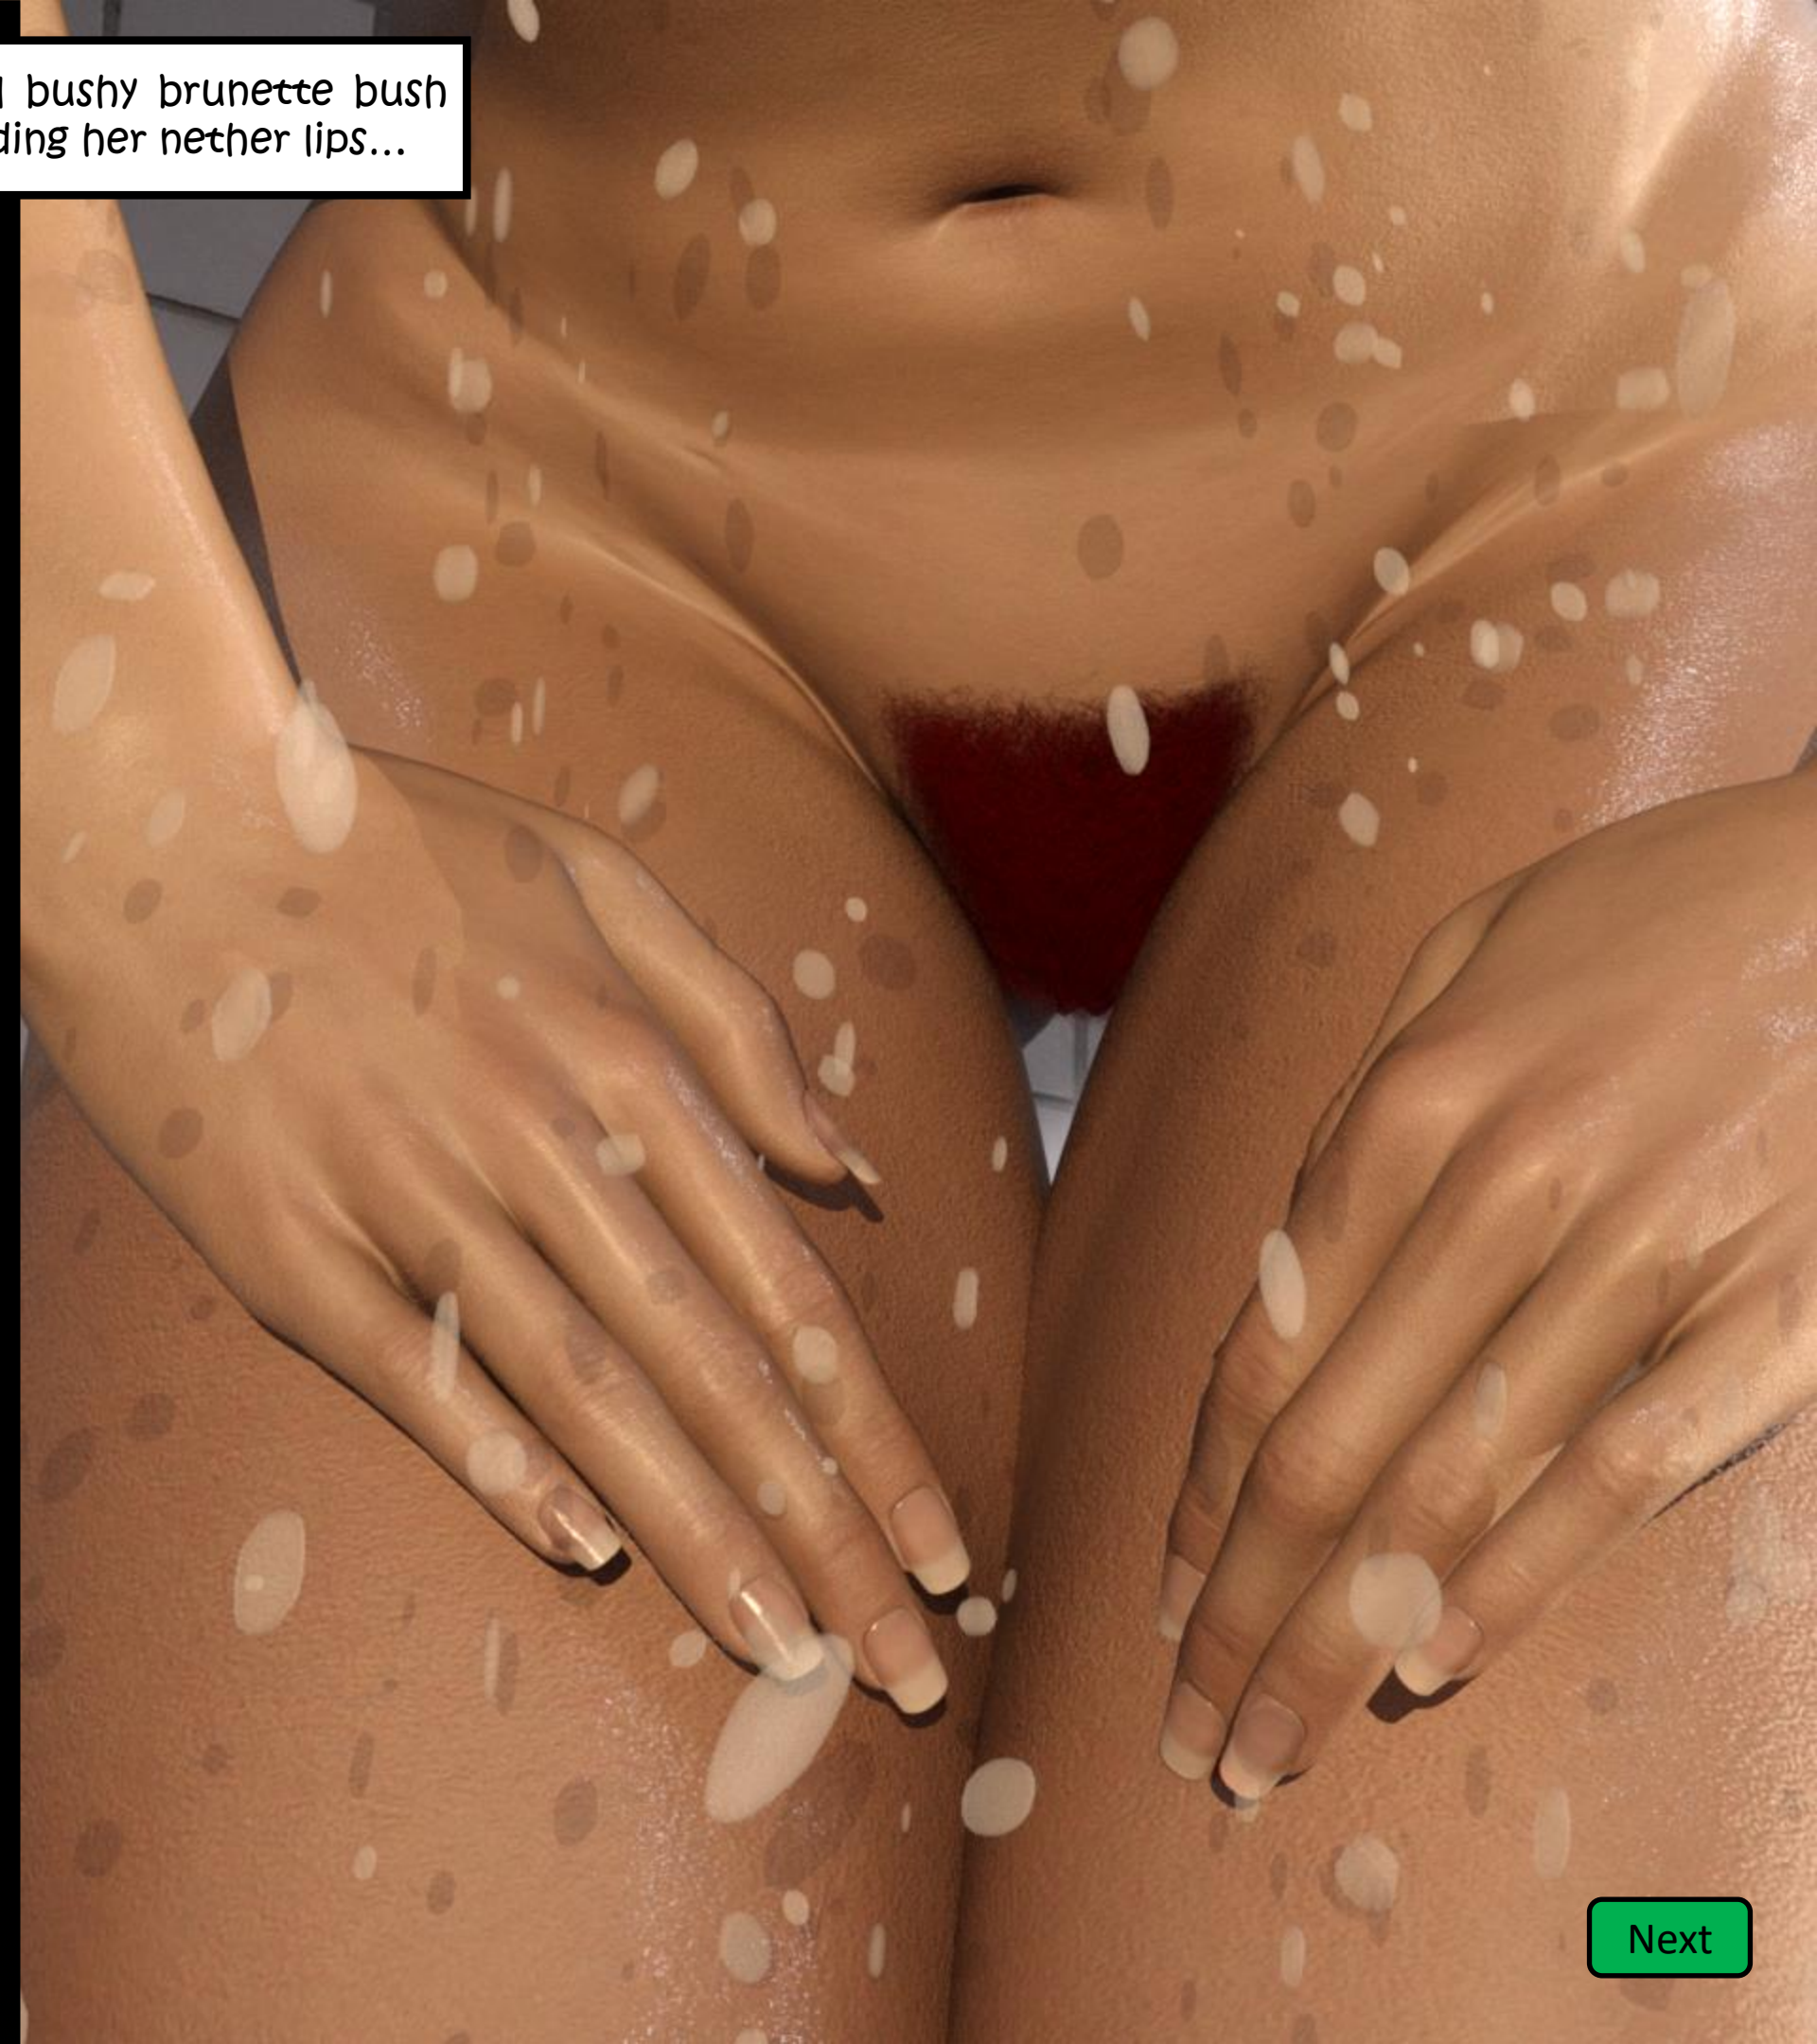

Next

Those big natural breasts dangling around... as Lana was about to wash her legs... All sparkly from the water droplets clinging to those round globes! \*gulp\*

Next

That trimmed but still bushy brunette bush between her thighs, hiding her nether lips...

Next

At least from the front. \*chuckle\*

Next

Maybe Lana was the one. She was incredibly beautiful. She was clever, kind, and easy to talk to!

Next

The only question was... would I be able to ever see her in the eyes again after having ravaged her body with my eye(s) just now...

Next

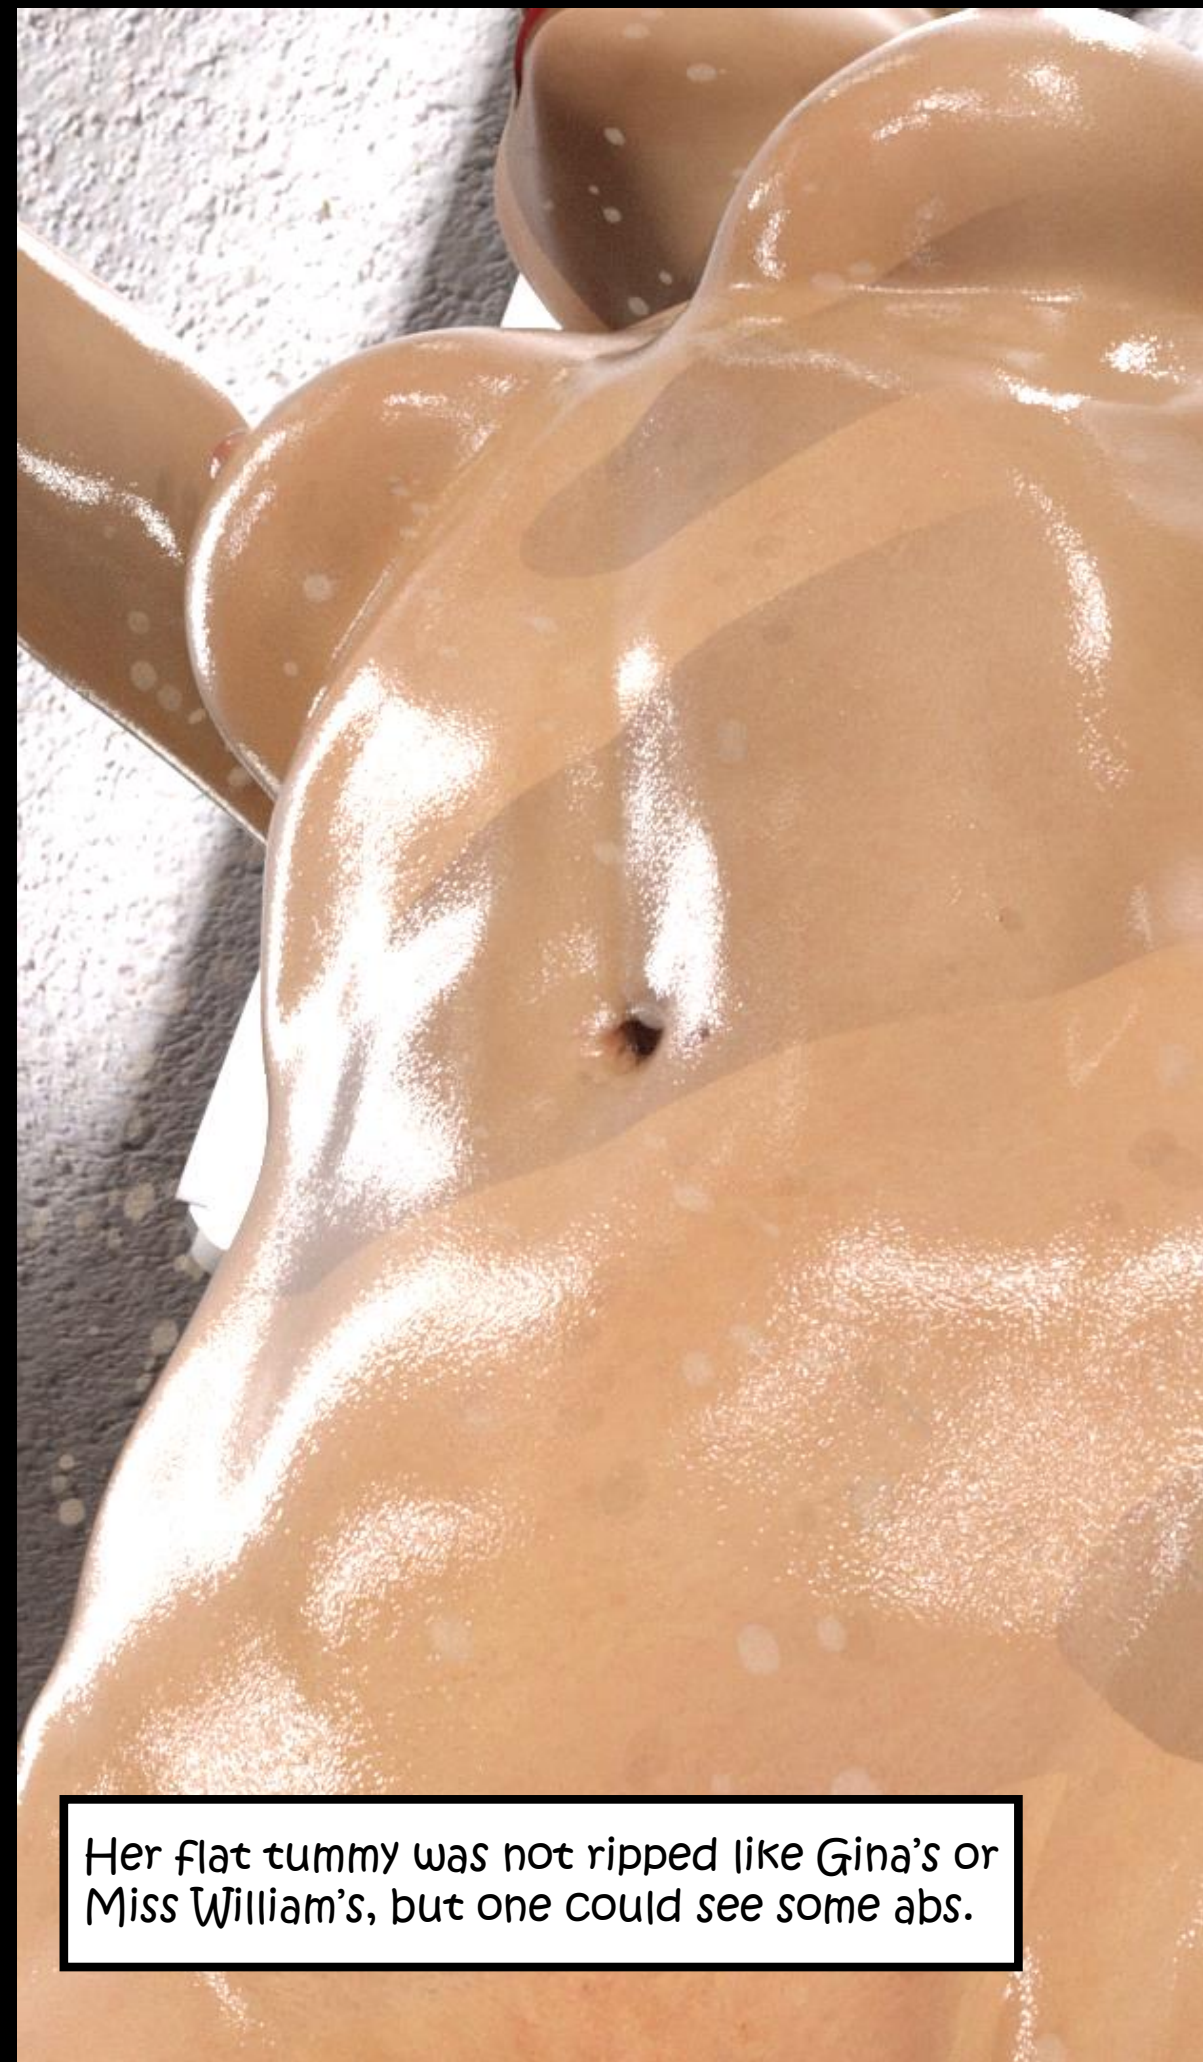

I decided to zoom in on Stephany - the team's Captain.

Next

She was shaved completely  
clean down there.

Her flat tummy was not ripped like Gina's or  
Miss William's, but one could see some abs.

Her breasts were not very big... but glistening from the  
wet film of water... with those nipples perking up...

And that kinda  
perfect face and  
blonde locks...

Next

I hate this girl! She was snooty and she was mean!

But I would be lying if I said that...

From a purely physical point of view, she was not attractive...

Next

Quite the contrary. She was fucking hot!!

And... it seems Gina thinks so too!

New knowledge obtained:  
Gina is interested in girls?

Next

I decided to zoom in on Gina.

I did not really know the girl. Maybe that's the reason... She was part of the team, I did not hate her like I did Stephany, that bitch! And I was not close to her like I was with Lana... So... she was the perfect target for my lecherous adventure!

Next

Darn! Will you look at that butt!

I just had to get in close to get a good look in between those cheeks!

Next

Her breasts were nothing compared to Lana's.

But those dark nipples were kinda enticing.

And those abs, were nothing to neglect!

Also, the girl had legs for days!

Next

She was a truly fit girl.

One might even call her a fitness freak. Maybe not girlfriend material...

But definitely great to watch!

Next

Damn it!

That bad?

Those questions were completely unexpected.

I did not know that area would be part of the examen as well!

It's so unfair!

We'll get through this.

Come here.

**Author's note:** End of the "parallel" part. Just scroll on from here on.

There,  
there.

sob

sniff  
sniff

Really!? I can't believe those two just had to choose my corner of the park!

It was really distracting!

With my right eye, I was seeing naked cheerleaders taking a shower.

And my left eye... witnessed that guy going for his girlfriend's ass? Dude, I'm right here!

I can't go on like this!

Ever since I got a taste of the pleasures Kim's body can provide, I can't think of anything else!

Why can't she just put out for me!

It felt so right, the other night!

I'm leaving!  
I hope you've cooled off by tomorrow, Harry!

Well, that deescalated quickly. Of course, I was prepared you jump in and help the girl out if that dude got too intrusive... I might be spying on unsuspecting cheerleaders in the shower right now but I'm still the hero of this story after all! But it seems this girl had everything under control, and I could get back to peeping... So, I closed my left eye once again...

And I was faced with an unexpected situation!

Disgusting!

Ewww!  
What a huge bug!

Iiiieekkk!!!

I did not understand. Was there a bug inside the locker room? Maybe a wasp? Seems I missed something critical when I was distracted by that couple...

Oh, yeah!

It's right there, coach! Crush it!

Really?!

I had the eye turn around to maybe spot said bug, but all I saw was coach Williams... baseball bat in hand?

Say bye bye buggy!

*Swoosh*

Coach Williams takes a swing and the baseball bat is coming down on me!

NO!  
Don't!  
Waaahh!

It took me a bit until I realized what had happened...

Oh, yeah!  
You knocked  
that one out of  
the park, coach!

Nice swing,  
coach!

Oh, my god!  
Look at all that  
blood. What  
kinda bug was  
that?!

I did not really feel any pain from that.

But the illusion of being hit by a baseball bat at full speed... not nice!

Also, I had screamed quite loud, and people in the park were eying me suspiciously. So, I left in a hurry.

I went straight home to try and resummon the eye.

*Oculus  
Netrica!*

I did not know how that spell really worked...  
I just hoped the little guy was okay...

Though... I did not even know if it  
always was the same eye I summoned...  
Anyway, my spell was answered.

Hi there,  
little one.  
Are you okay?

The eye was not able to formulate any sentences... but it was able to make some noises... and I think it was recapping the events in the locker room for me.

I apologized for the danger and the eye flew twice around my head before resting back in my hand. I think we are good!
