

The lost Temple
Chapter 09
A Chance Encounter

Previously on „The lost Temple“:

Mikael – a young archeology student managed to return an ancient artifact from an underground temple to the demon girl Kessy, who, after some sweet-talking, was willing to teach him more magic. Mika now in addition to an analysis Spell (Scio) also is capable of casting the evil-eye (Oculus Netrica) spell. In exchange, Mikael needs to track down the group of ether-wielders that recently attacked Kessy in the streets.

In the meantime, Harry Beldin has problems dealing with his platonic girlfriend... after that pleasurable night they spent with Kessy and only he can remember...

It was time for the big exam... Tension was in the air as I walked towards the classroom. But I was positive I could manage it... after all, I had trained plenty with the eye yesterday...

Yo!
You're late!

Hi!

Test hasn't started yet.
I'm right on time.

Tsk!
How can you stay so calm?

Hey there,
Class.

I hope you've
studied hard.

Let's go.

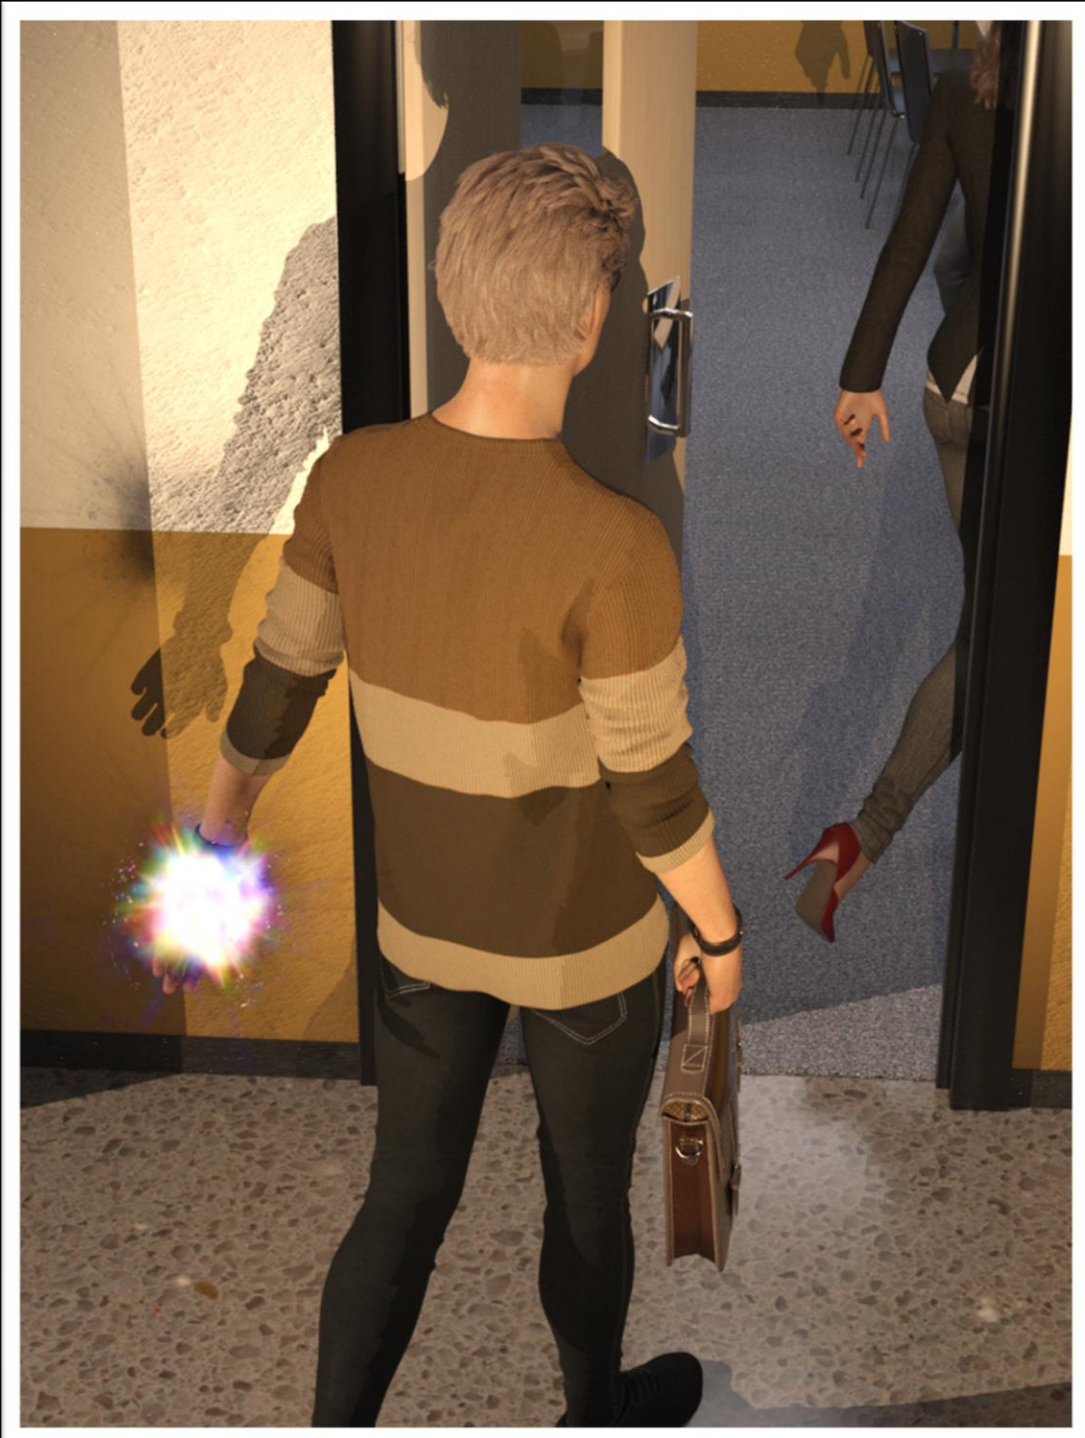

As we follow Miss Fortune into the classroom, she just unlocked it once again comes apparat... this teacher has a fine ass! *GULP* But this was not the time to get distracted by big bubbly butt cheeks!

*Oculus
Netrica!*

Making sure nobody was behind me...

I hung back a bit, making sure I was the last to enter...

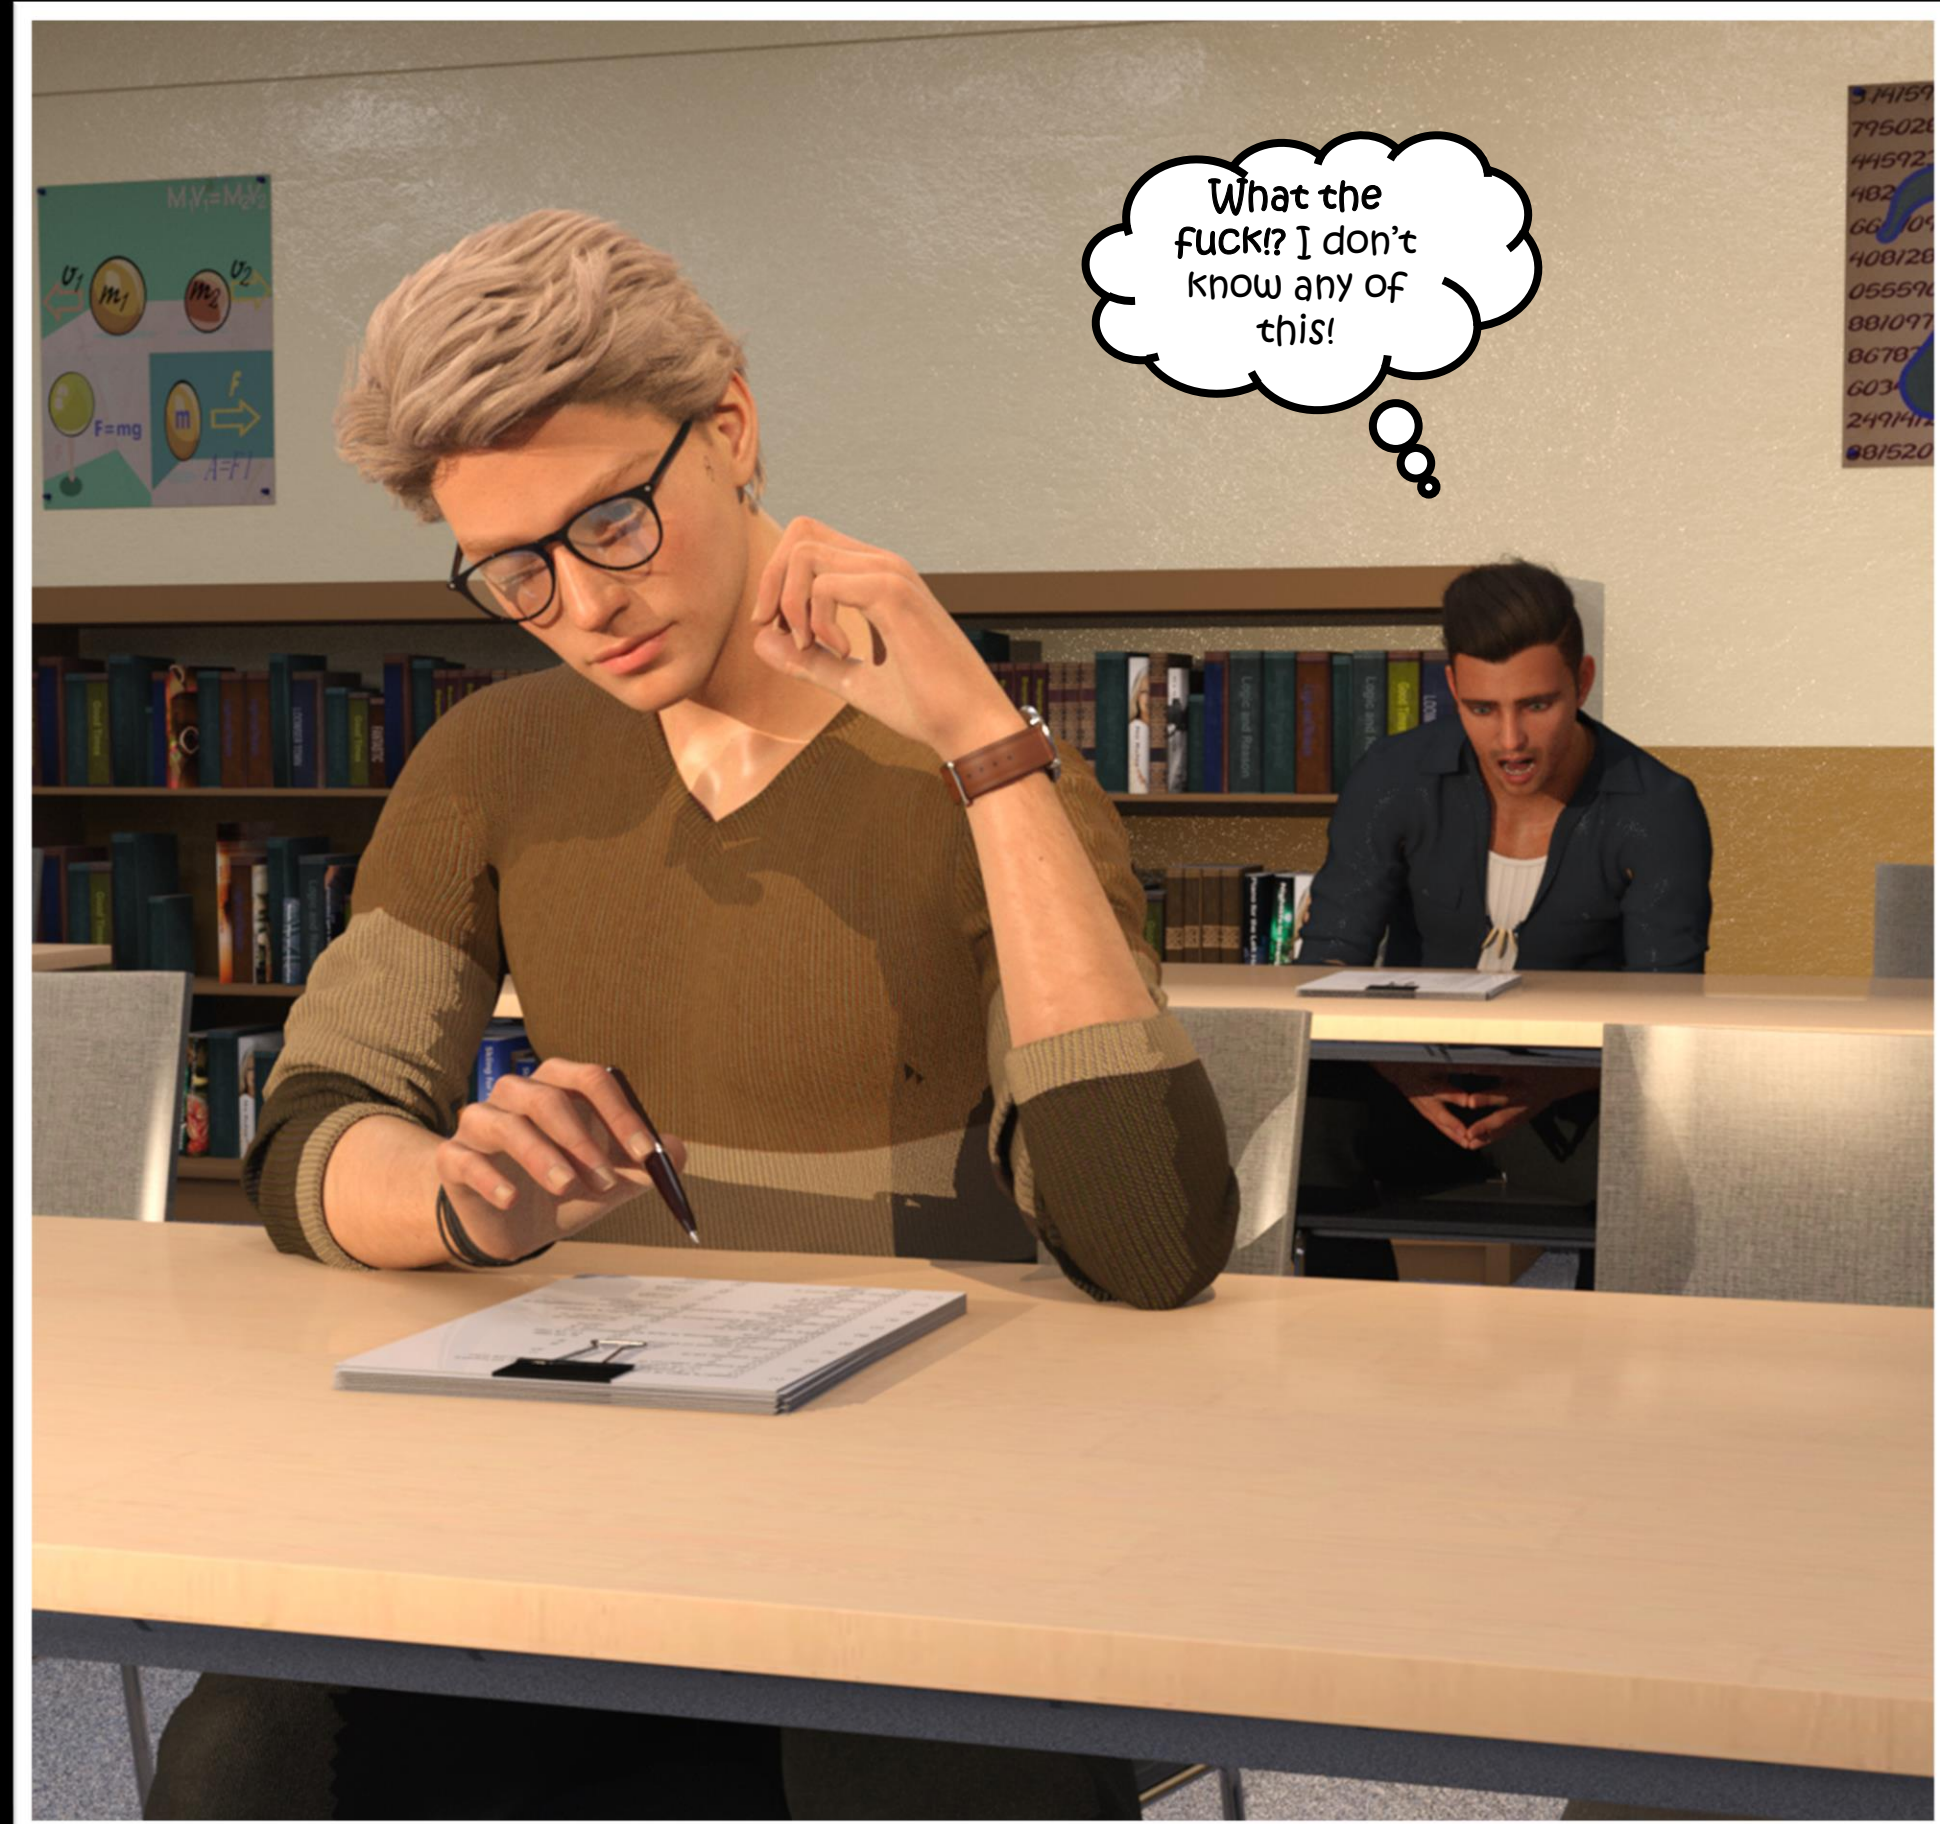

And I cast the evil-eye spell behind my back...

As I entered the classroom, I navigated the eye into one of the room's corners and took a seat.

When I got the test sheet I started working regularly on it. There was no use in spying on others while nobody had written anything. And thanks to Elizabeth's help I was able to answer most of the first page on my own!

What the fuck!? I don't know any of this!

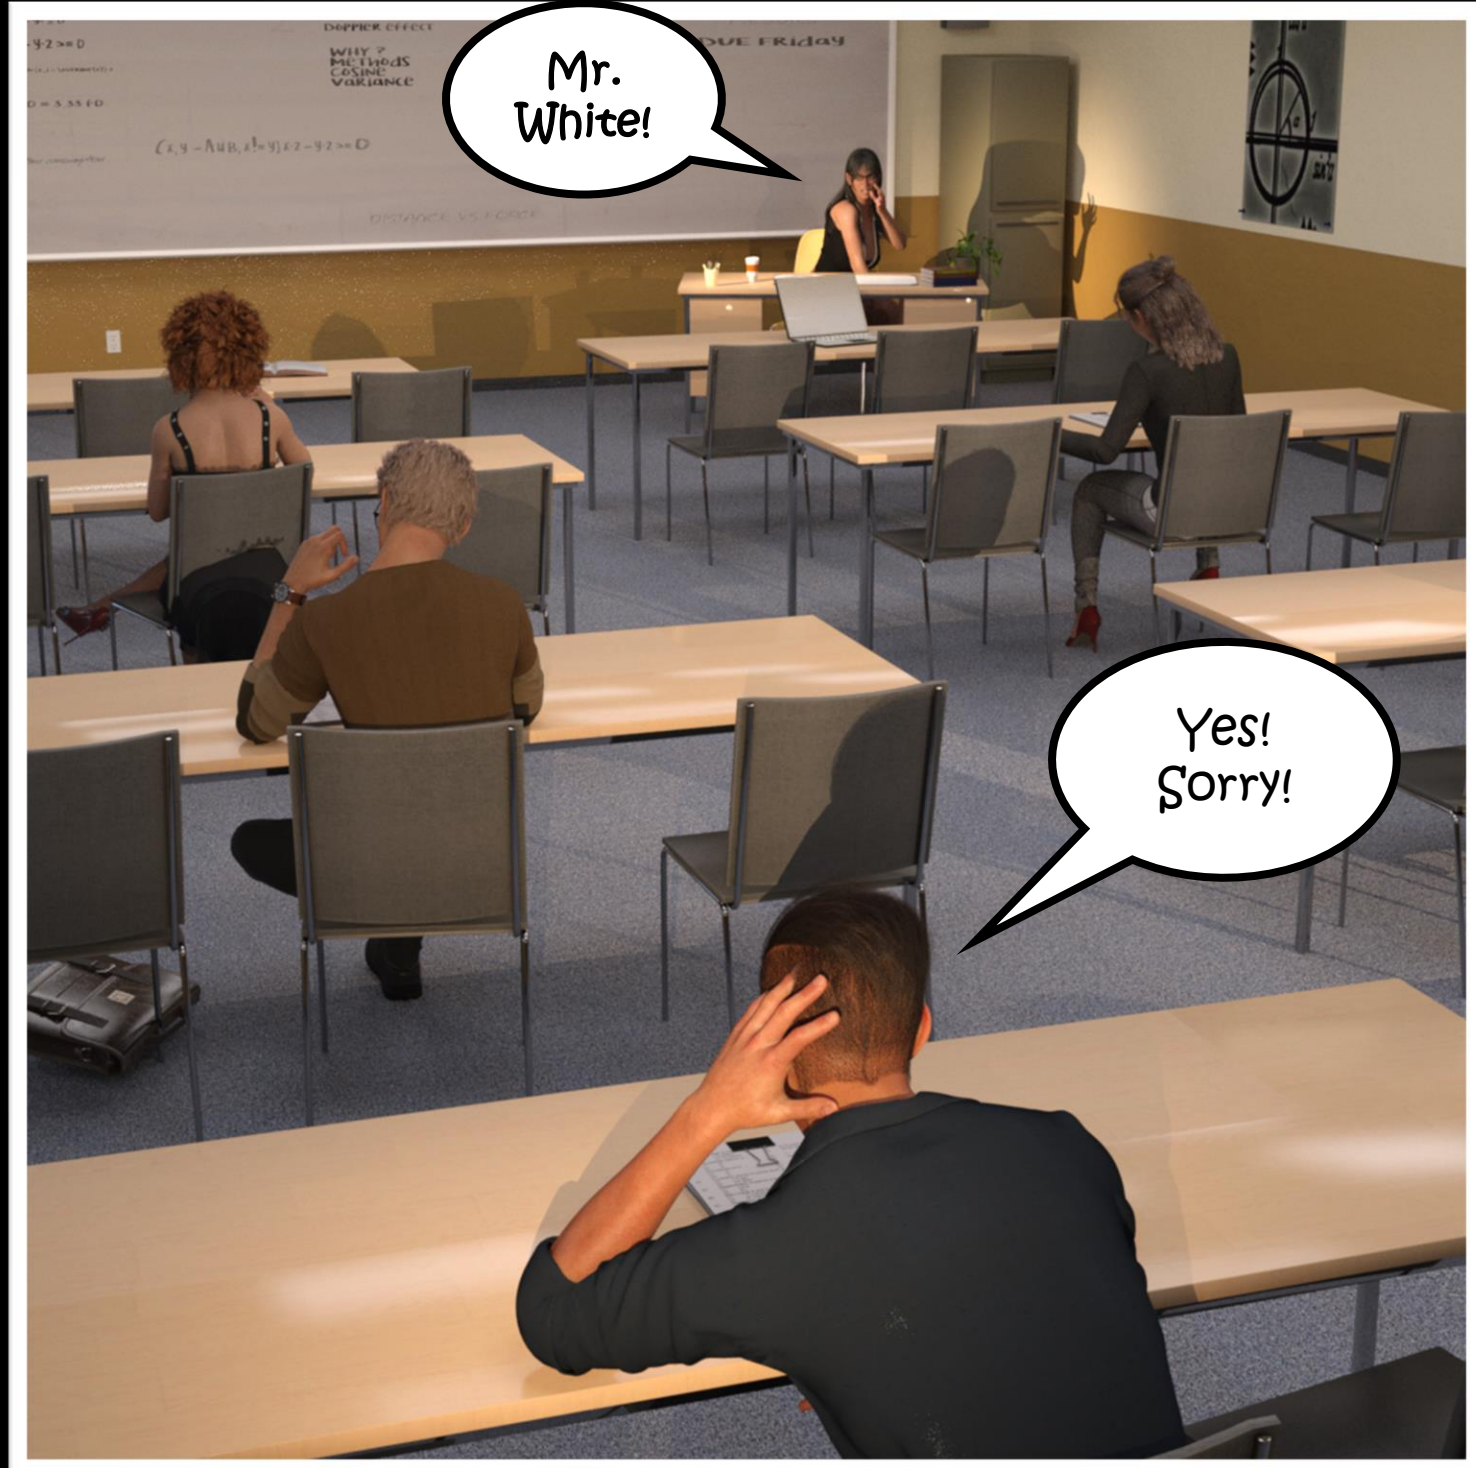

I had moved the eye only a little along the wall when I heard Miss Fortune shouting already!

But I had to admit, I was at my knowledge's limit fast, so I decided to activate the eye.

Hey!
No cheating!

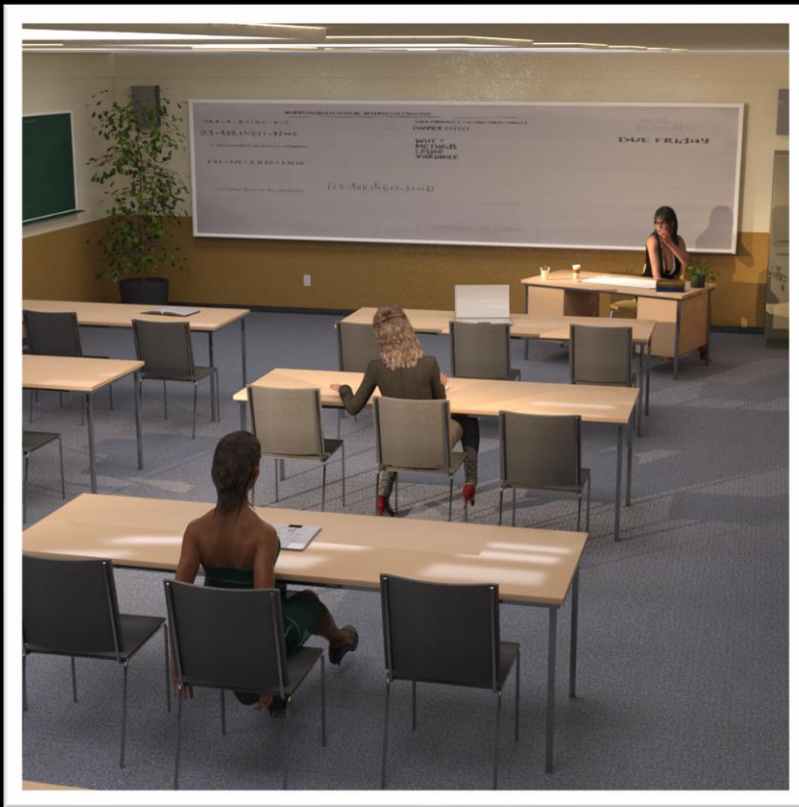

Last
warning!

Mr.
White!

Yes!
Sorry!

Gotta admit, I sighed out of relief when I realized it was Gabriel, she was shouting at... sorry pal!

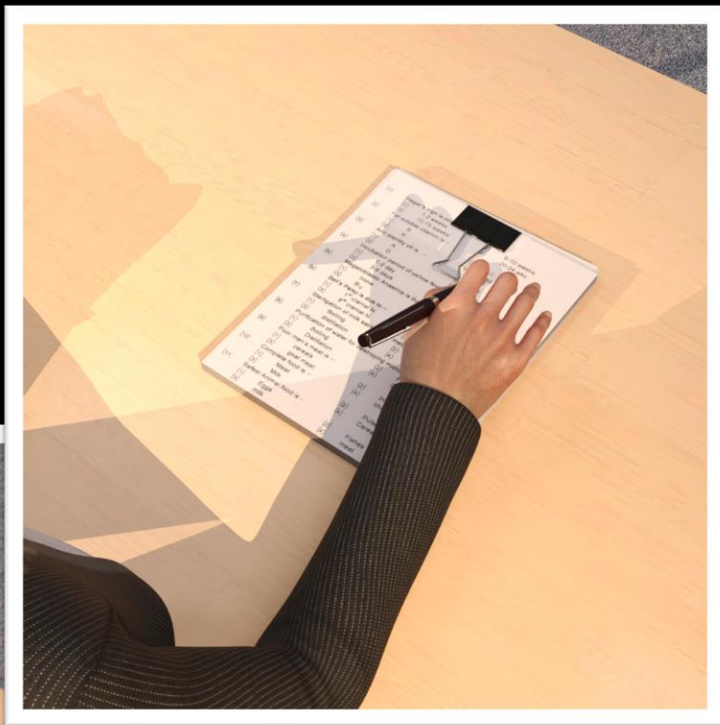

Obviously, my first target was Elizabeth's sheet. The girl was a genius when it came to studying and she'd probably ace this exam.

I had positioned the eye along the ceiling and concentrated on zooming in.

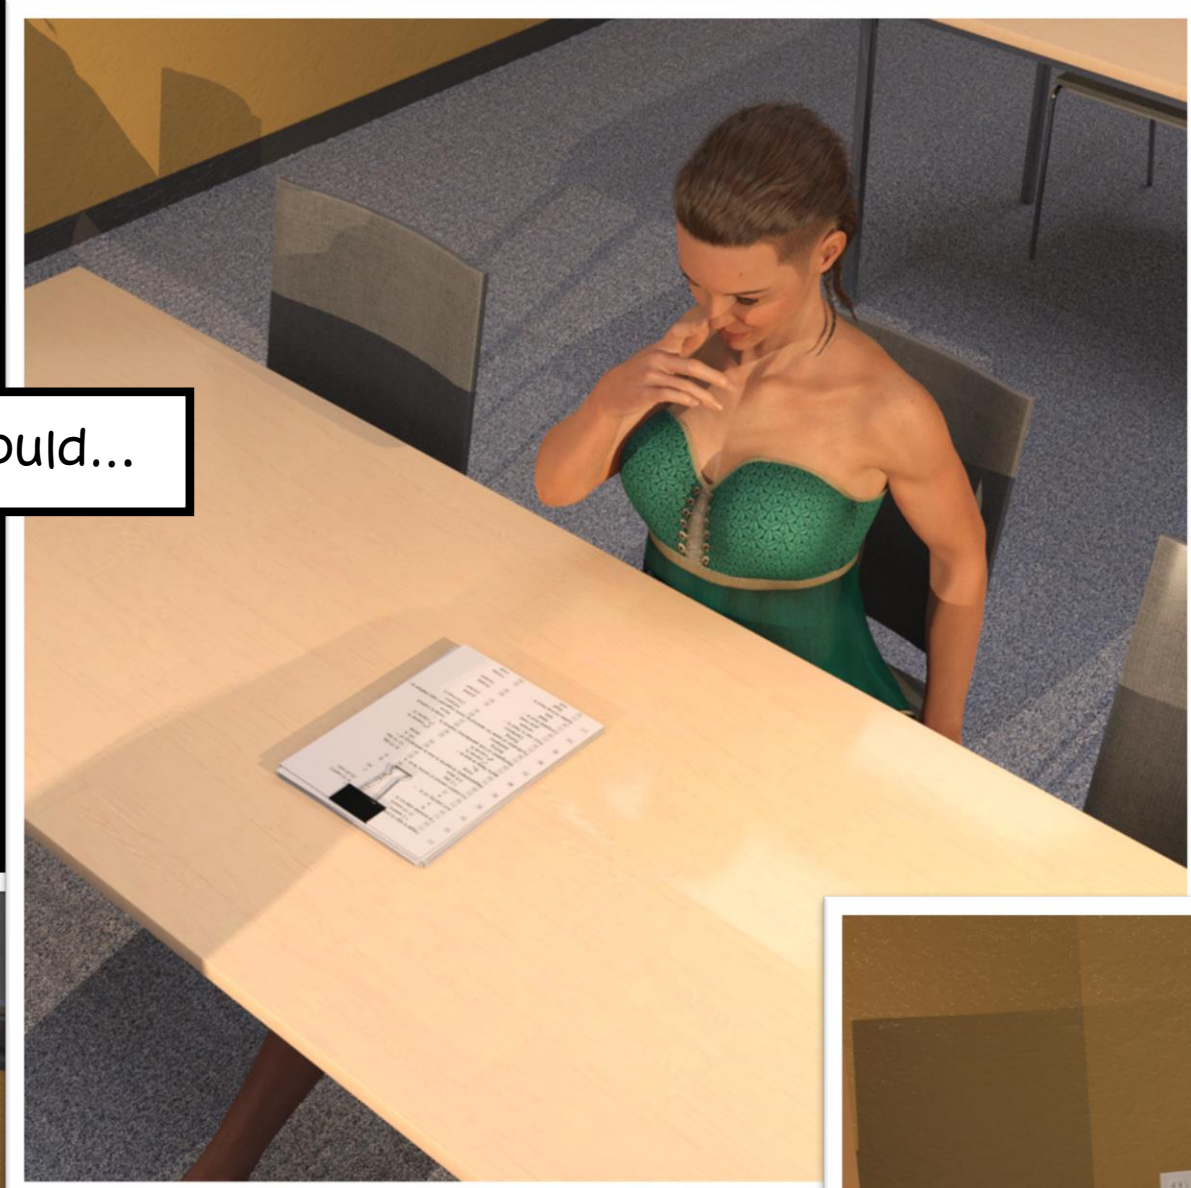

I could extract valuable information... but it turned out our sheets differed!

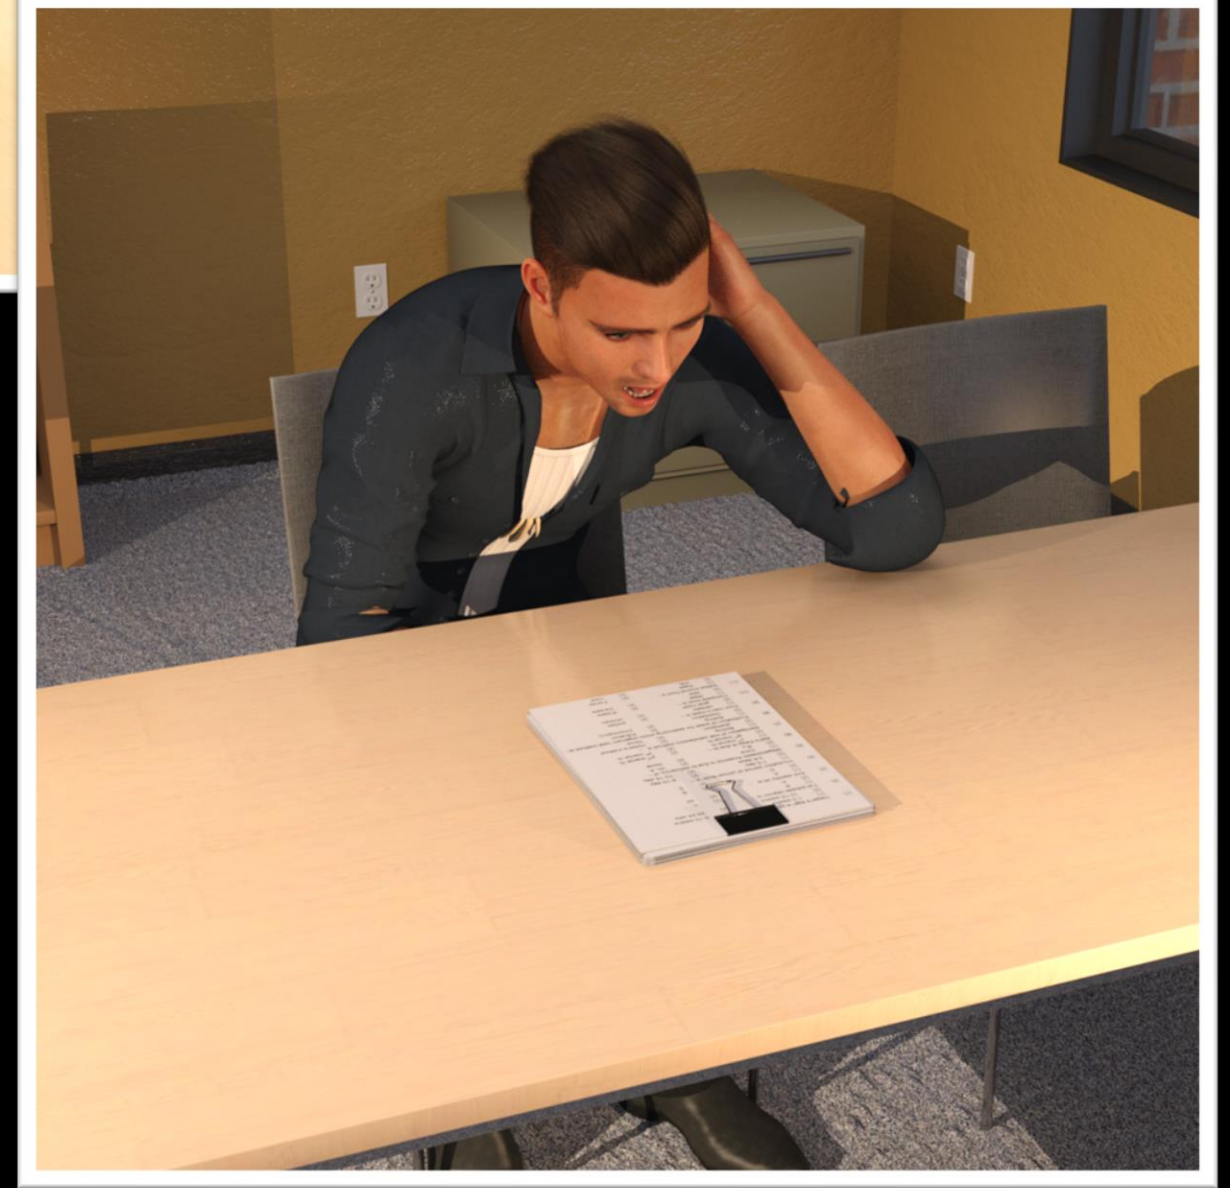

Spying wherever I could...

Well... almost everywhere. Aside from his name, there was nothing much to see on Gabriel's test sheet...

I had the eye go round and round...

I managed to extract most answers from my Classmate's sheets but there was one problem even Elizabeth struggled with...

Strangely enough, the example given reminded me a lot of the glyphs I knew from... my spell book!... I couldn't put my finger on it...

Scio!

But analysing the problem with Scio I came up with an answer! I'm not sure it's really correct... but I did write something sound... I think.

It was very distracting that Miss Fortune was looking in my direction all this time with suspicion in her eyes even though I realized she was probably just making sure Gabriel was not cheating...

After the exam was finally over we were talking in front of the classroom about some of the questions when suddenly...

BOOM

God damn it!

I hate this classroom!

It's too close to the chemistry labs!

Everyone, stay calm.

Ring! Ring!

In case of fire, orderly make your way to the sports field.

Follow me!

Fire alarm?

Was that an explosion?

As we exit the building we are able to see heavy smoke coming from the Chemistry department. I hope Barbara is fine.

Anyway, the evacuation goes smoothly and soon we find ourselves at the university's sports field.

I was looking around for Barbara. As a chemistry student she might know more about this incident but did not spot her in the crowd...

Not in the mood...

Hey, Steph!
It's the perfect opportunity to put some more training in.

Damn it!
Trevor and I were just headed to the stalls! I'm horny!

As I kept walking around, I stumbled upon a peculiar conversation...

Oh, hey
Mika!

I haven't told
you about
yesterday!

There was
this huge bug
in the cheer-
locker after
training.

It looked like
this... and
had only one
big eye!

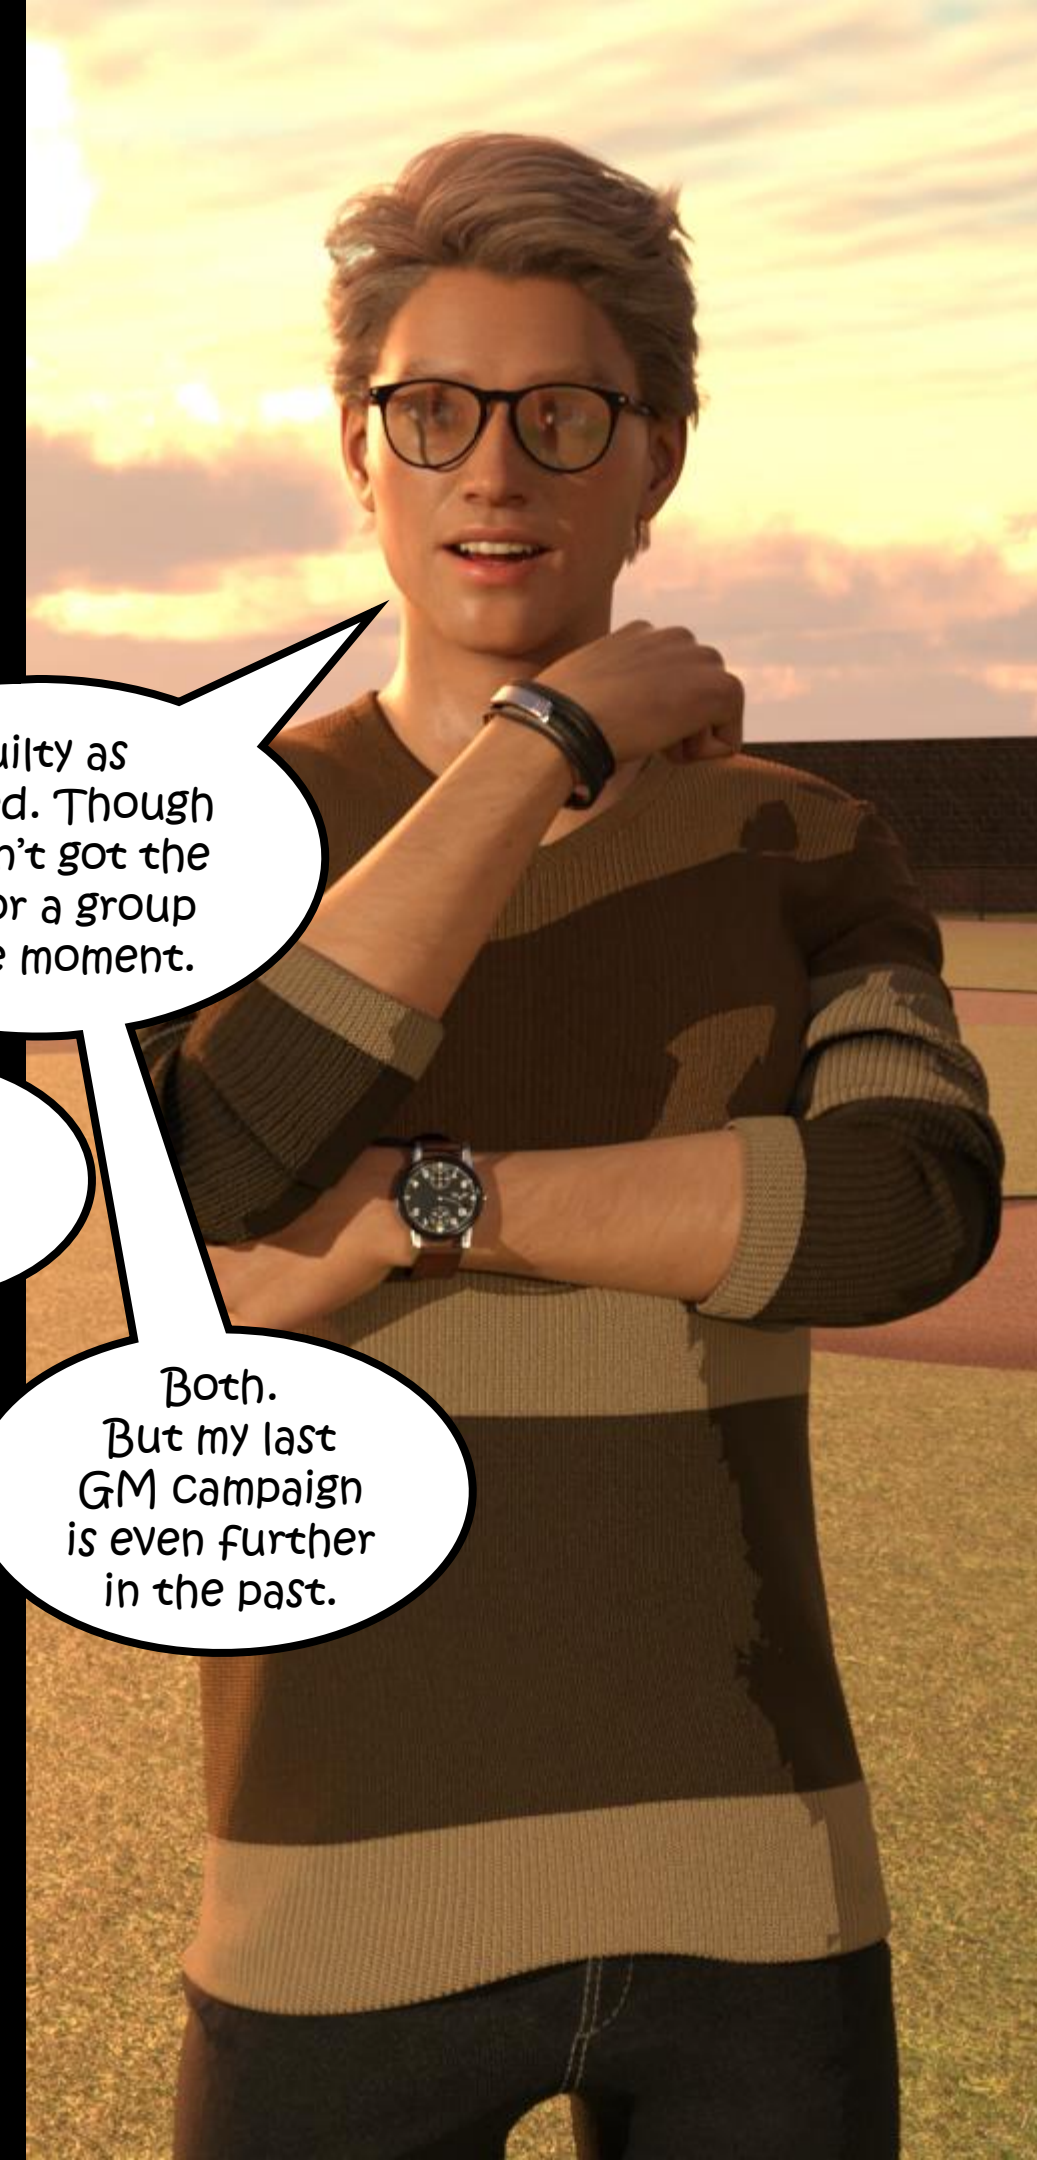

Ehe... *cough*
... is that so?...
Sounds like... a
mini beholder.
Ha... ha...

Awkward!

A beholder?
You playing
DnD?

Guilty as
charged. Though
I haven't got the
time or a group
at the moment.

GM or
player?

Both.
But my last
GM campaign
is even further
in the past.

What are
they talking
about?

That's Emma
by the way.
She's in most
of my classes.

Say, Emma,
aren't you
overdoing it with
the sunglasses?

It's not that
bright today,
is it?

Mika!
Don't be
rude!

Emma
is...

Well, most people prefer it this way.

Oh... I'm so sorry! I didn't mean to...

Don't worry. I've gotten used to it. *giggle*

Turns out Emma's been blind since birth, but still managed to blaze her way through college. We talked a bit about Braille and how she keeps up with the other students before I excused myself to look some more for Barbara.

Fire alarm...

As I was looking around, I stumbled upon these two once again...

What do you think it could be?

Oh boy, what is that moron doing?

Huh?

What the?!

I can't believe this!

Actually, I was headed over to my best friend who was sitting against a wall nearby... but he looked very down, and watching those two seemed more amusing than talking to a depressed Gabriel.

So soft.

fumble

That guy was completely engrossed in playing with that breast... he never saw her hand coming...

Mhhh.

squish

You pig!

SMACK

Have you gone mad, Harry?!

It was an accident! I'm sorry.

Pah! We are done!

An accident?!

Awkward!

I need you!

Please, don't leave me, Kim!

Breakups can be hard... but this guy kinda deserved it... and more! No clue what he was thinking, but I hope I don't have to witness something this pathetic again...

Don't you ever come near me, again, Harry Beldin!!

You are better off without that creep, girl!

What happened?

What's going on?

Can we go now?

Please don't worry.

The police and fire department have everything under control.

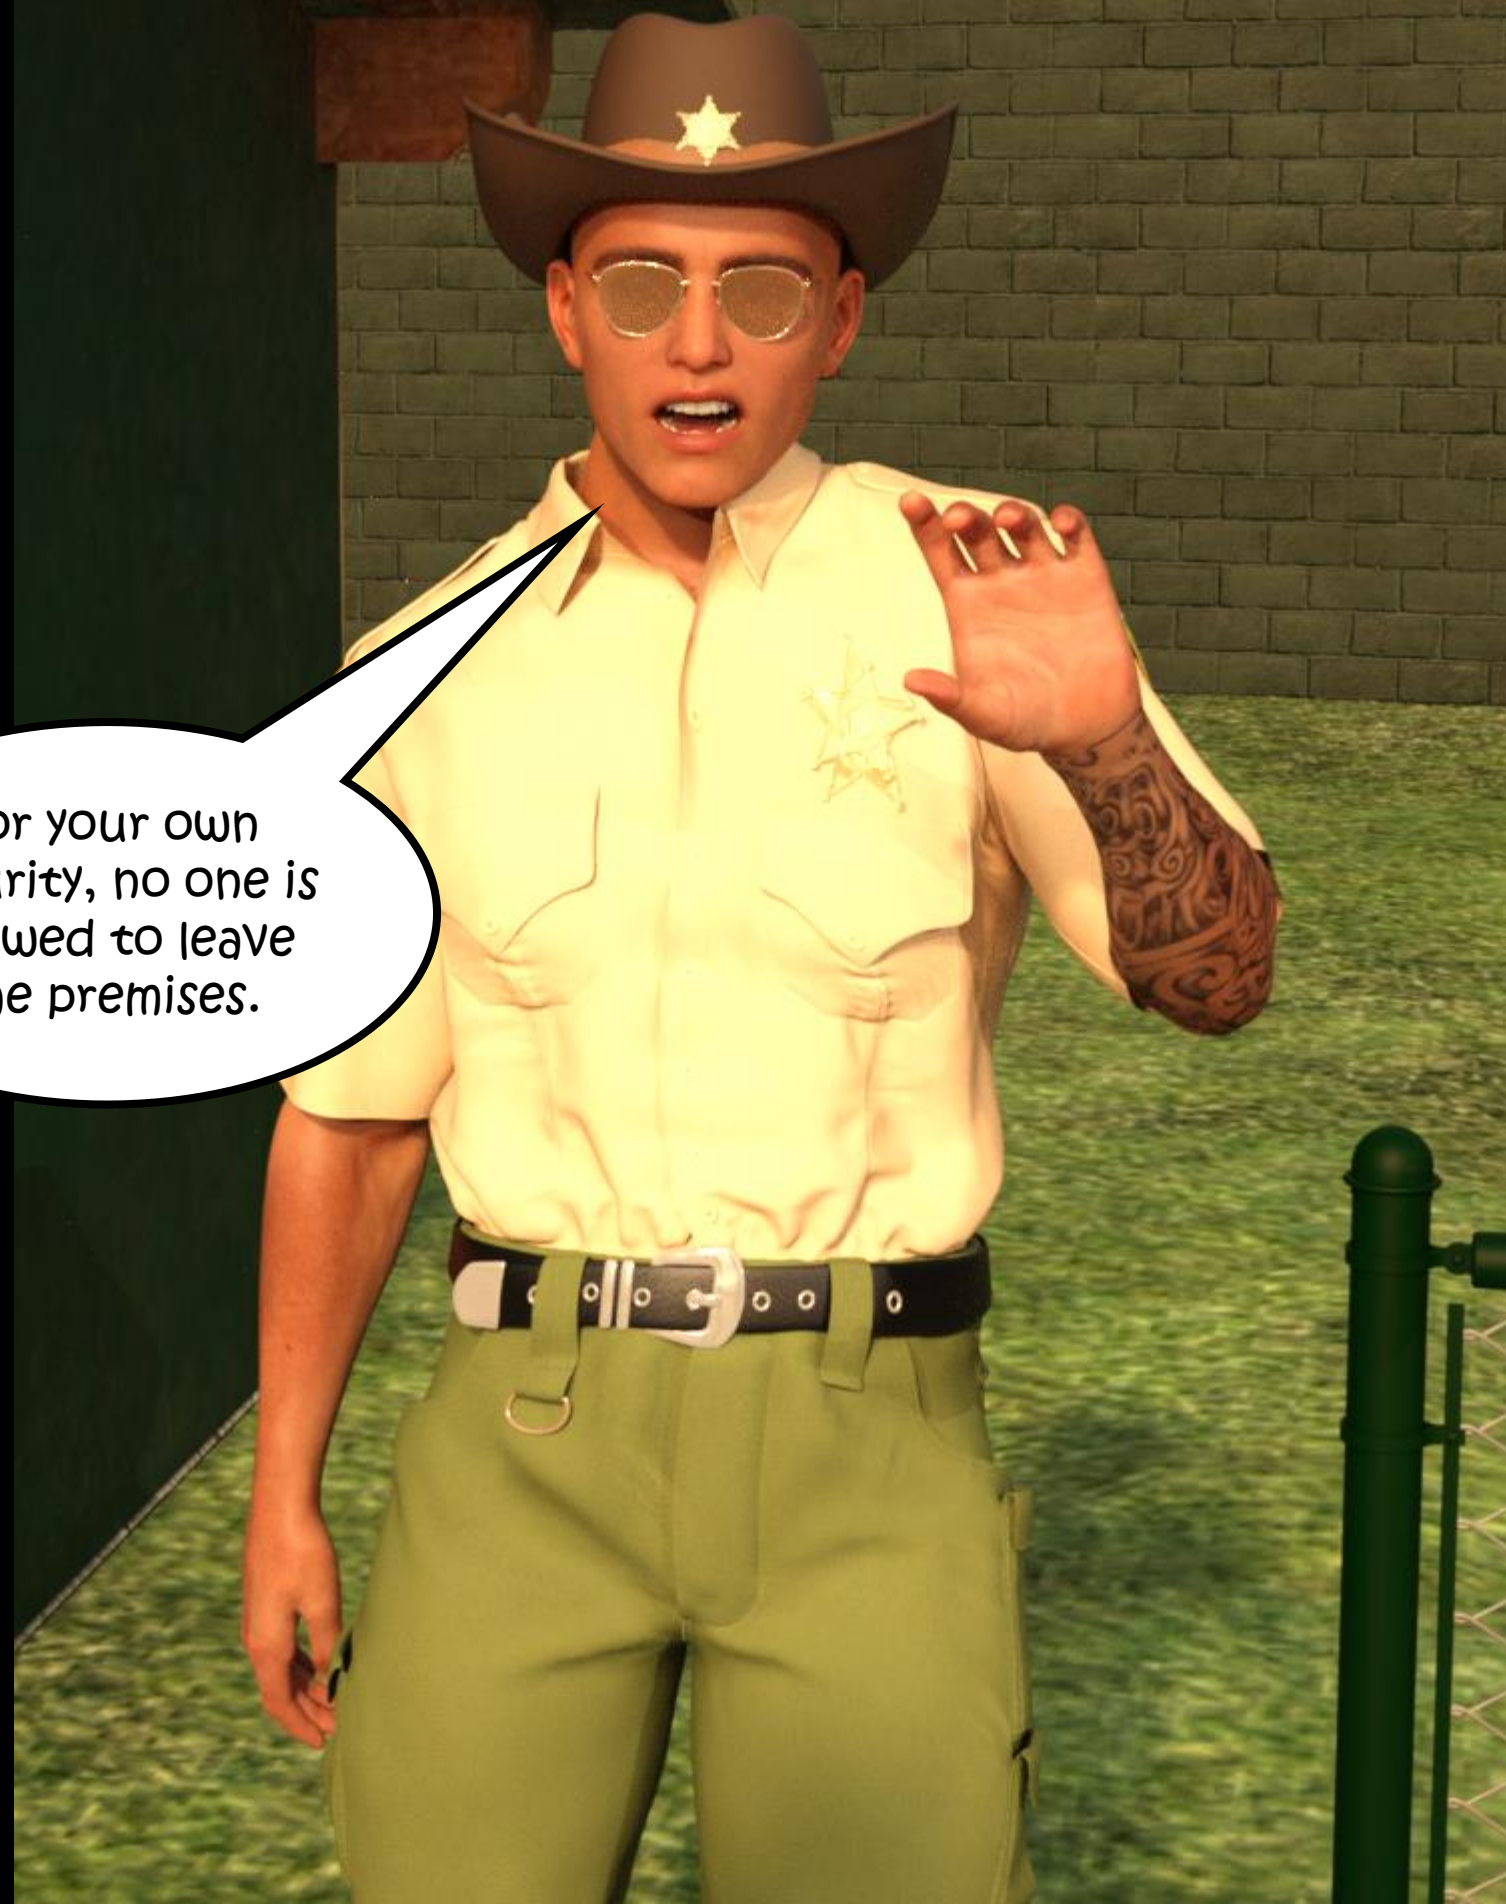

At this point I had looked everywhere for Barbara and was about to ask the sheriff when we were allowed to leave... or what was going on. But it seems several other people had that idea already...

Hey man,
just let me
pass.

I'm done with
the lectures
today.

For your own
security, no one is
allowed to leave
the premises.

Officer,
please!
I'm a professor.

And I need
to leave right
now.

It's very
important!

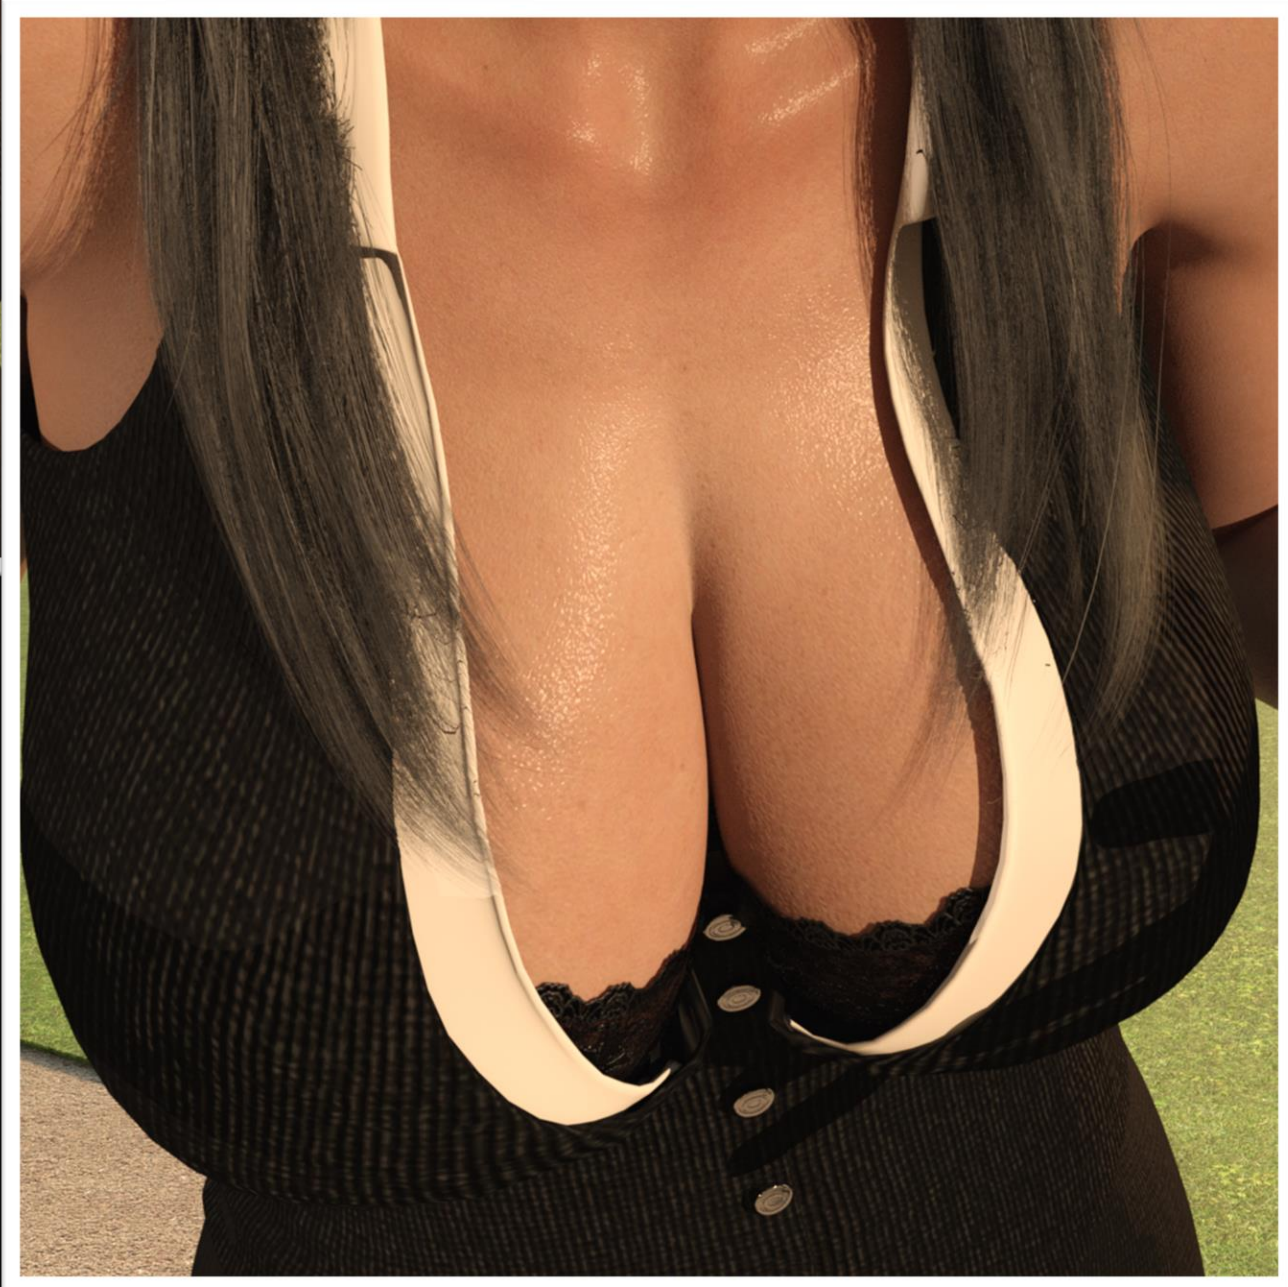

I'm sorry ma'am.
Just following
protocol here.
Nobody leaves.

Argh!

LOL! That guy just totally looked into Miss Fortune's cleavage! That's... pretty unprofessional... also... that tattoo looks strange...

From my vantage point, I can see Miss Fortune walk away...

She's quite annoyed... but... If I didn't know it better, I'd say she also looks scared?

I follow her with my eyes as she walks across the whole field...

In sits down in the farthest away corner in a meditative pose?

All of this seems pretty strange, but the police officer gives me a headache. Something doesn't feel right about him... So, I cast Scio...

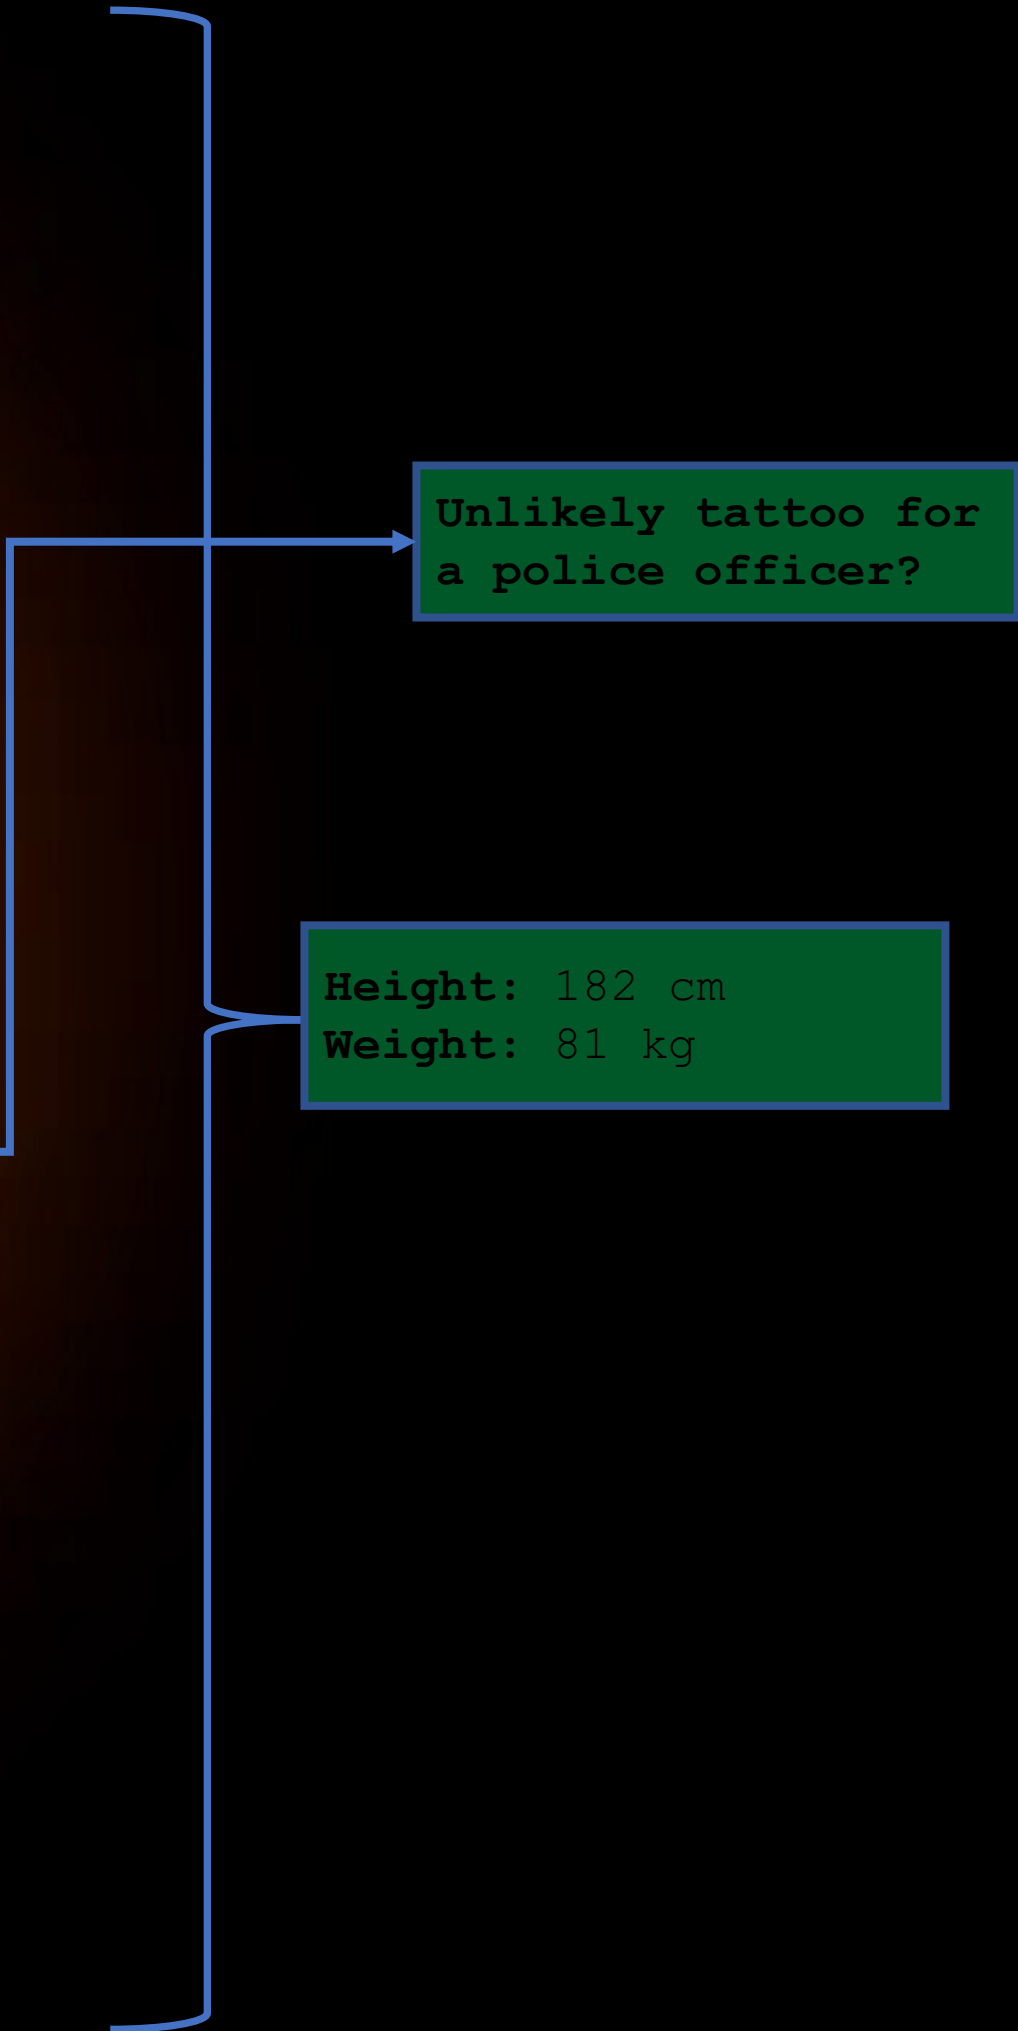

Scio!

Name: Vadim Vade
Age: 19
Job: Not a police officer!

Trivia:
Vadim is very uncomfortable in his current role and hopes his people are done soon..

Can use Ether Powers!

Unlikely tattoo for a police officer?

Height: 182 cm
Weight: 81 kg

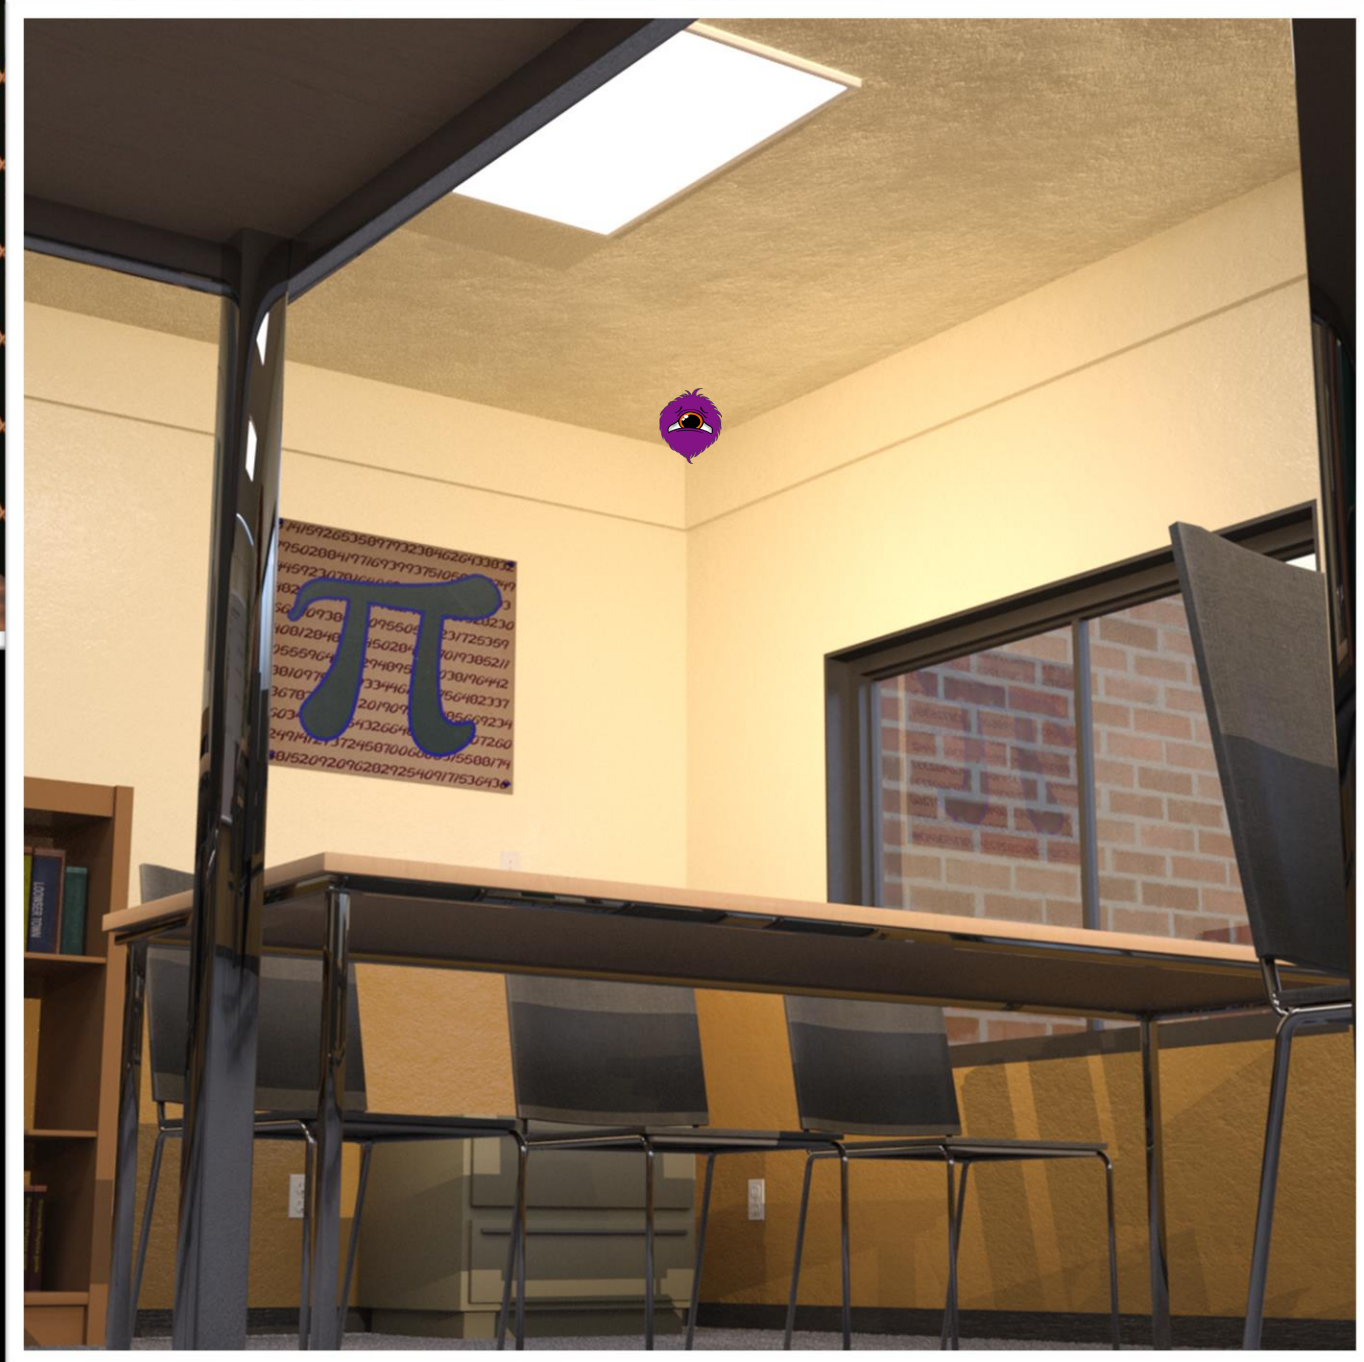

Fishy!

And I had a good look at the classroom. Thankfully one of the windows was open and I had the eye fly towards the chemistry labs...

I had left the eye in the classroom because it makes a not-so-silent puffing sound when the spell is dissolved, and I wanted to wait until the air was clear... However, Fire Alarm!

Anyway, I had severed the connection between my eye and the evil eye, so I was not seeing double. Anyway, now was the time to reestablish said connection.

As the eye flew out an unnatural sight presented itself before me. Where normally the other university buildings would be visible, I could see... nothing? Only the chemistry lab was clearly visible... and in front... a single girl was fighting a raging fire...

I navigated the eye to get a better look at her face and froze. It was Velia! The girl I had a crush on ever since I first saw her.

The girl was using magic to get the flames under control!

Heya!

As I try to wrap my head around the fact that the girl of my dreams might be the enemy my demon patron is searching for, the situation kind of escalates with even more people popping up.

Yara!?

Helping?

What the hell are you doing?!

Don't play dumb with me, girl!

The rules are pretty clear!

Don't use magic for daily affairs!

Daily affairs?
You are kidding,
right?

Since you are
already here,
care to help
out?

I'm protecting
people here!

*Gelu
Tabem!*

The fire recedes under the powerful magical bombardment of the three women and within less than a minute it is completely extinguished... Fascinating!

Thanks for the help. Though I had everything under control.

I'm sure you did.

Anybody wounded?

No. The fire was crazy at first, but we managed to save the chem-students with a barrier.

But better safe than sorry.

Everything under control? Don't kid yourself, kid!

What if somebody recognizes you?!

What if somebody sees you using magic?!

Oh, how very noble! And how long do you think that Lucy can keep up that illusion magic?

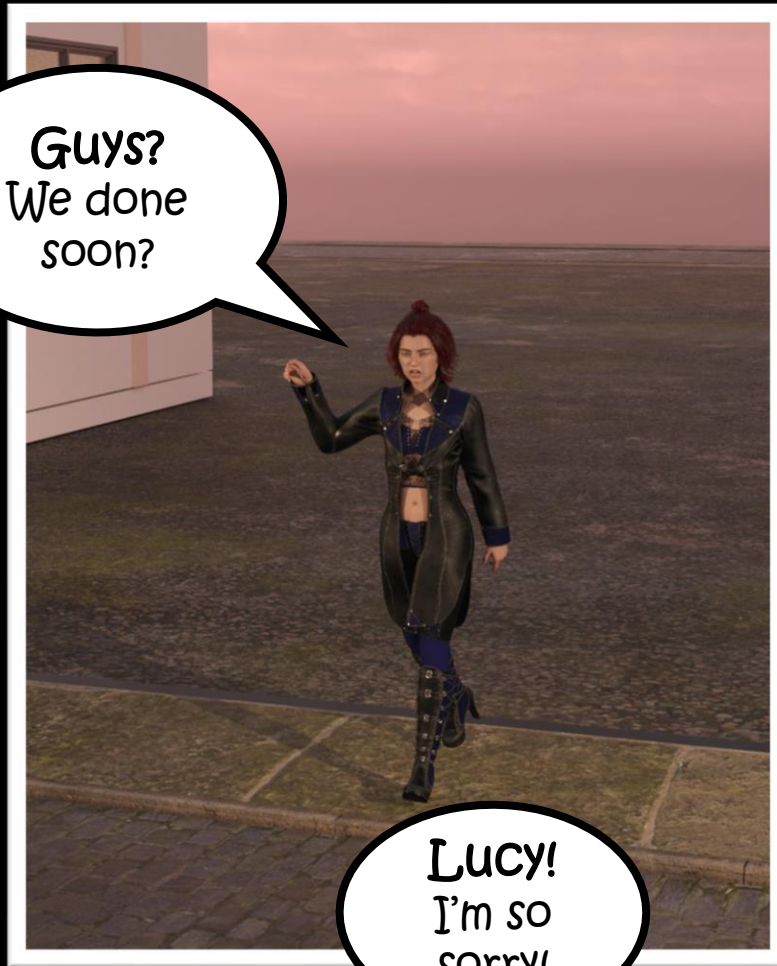

You think it's easy to isolate this area from prying eyes so you can play firefighter?

I'd rather risk that than do nothing when people are in need!

And we are back with this argument again.

I... darn,
Lucy!

Guys?
We done
soon?

Lucy!
I'm so
sorry!

I'm running
out of ether
here.

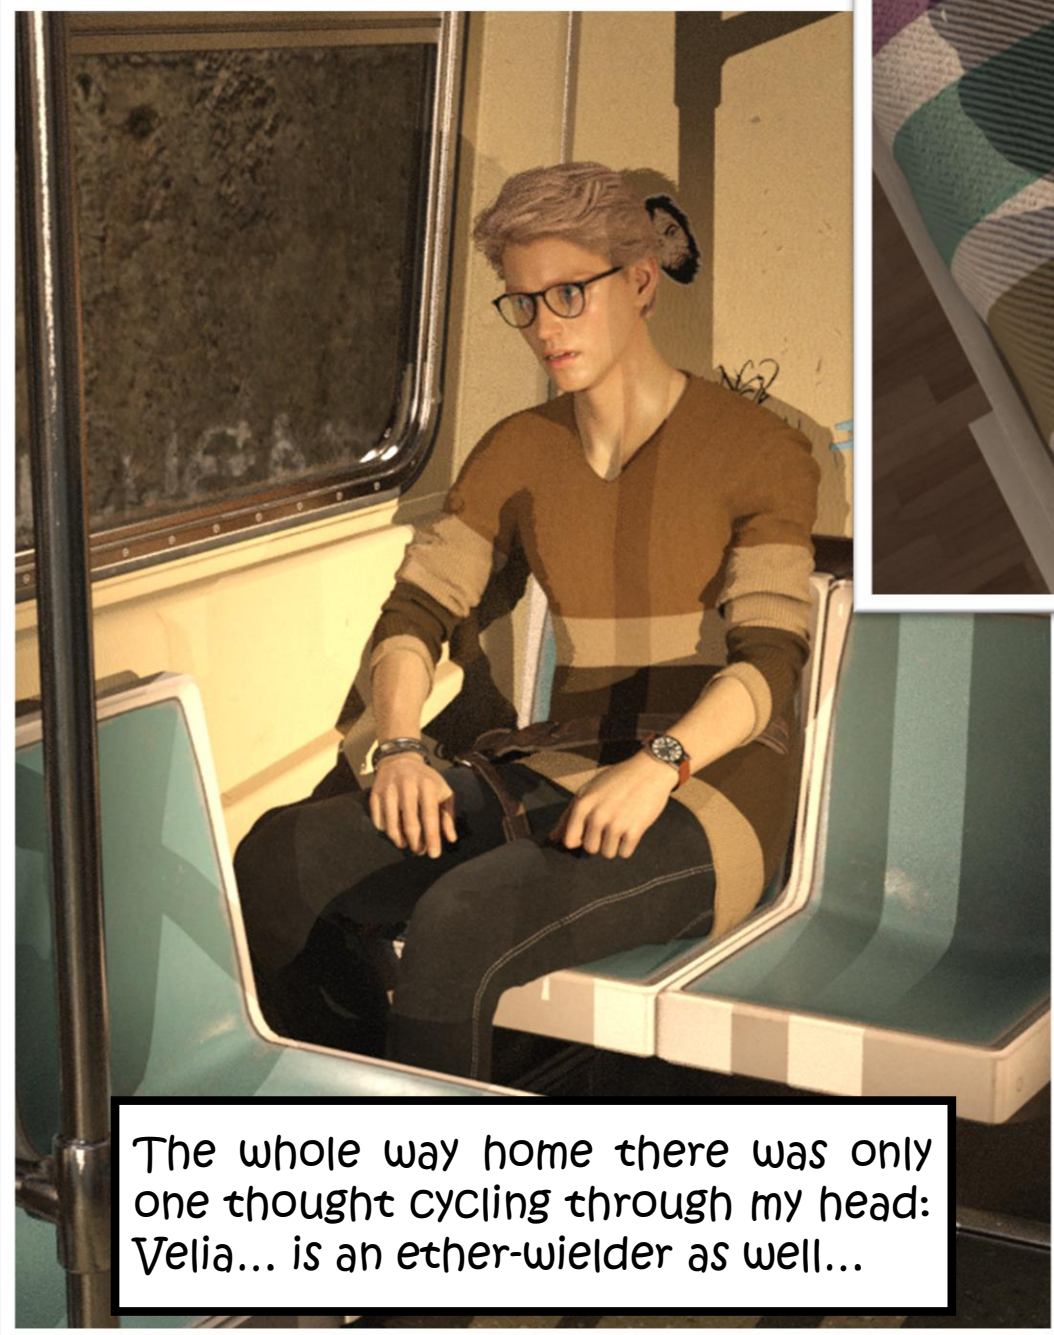

Everyone,
disperse!

Go!

The group of girls quickly ran off and soon the "sheriff" announced we were free to leave. Obviously, he was with them...

The whole way home there was only one thought cycling through my head: Velia... is an ether-wielder as well...

The description of the group that attacked Kessy fits those girls too well... I was pretty sure I found my targets...

Does this make Velia... an enemy? I slept very badly that night...

I'm doing the right thing!
I'm doing the right thing!

Unleash your thirst for power!

Repeat it!

You realize what we are about to do?

Rise, my minion!

And I shall grant your request.

Yes, Mistress!

Kim will lose all memory of the past week.

The spell might cause minor damage to her brain...

But she won't remember the break-up and will be my girlfriend again!

If everything works out.
Yes...

Yes, Mistress!

This is it?

Knock
Knock

And who are you?

I'm sorry, but Kim does not want to see you.

Hey, granny! Just look into my eyes.

Harry!?

Oh, darn! Of course, Mrs. Nishioka would answer the door!

I was so focused on Kim I did not think about her mother! What do we do now?!

How dare you?! Who do you think you are talking to young lady?!

Your eyes... What's wrong with your eyes?

Who... are you?

What is happening?

I am your Mistress.

Do you understand?

Yes, Mistress. I understand.

This guy!
Unbelievable!

I've never
been so
angry!

What's
up, mom?

There's
somebody
to see you.

Knock

Knock

You can
come in,
mom!

Get away
from me
you freak!

Your eyes...

What's... wrong with your eyes...

I feel dizzy...

Don't
worry, girl.

Your
Mistress will
make your
sorrow go
away.

My...
Mistress?

Do you understand now?

Yes, Mistress.
I'm but a simple drone for you to command.

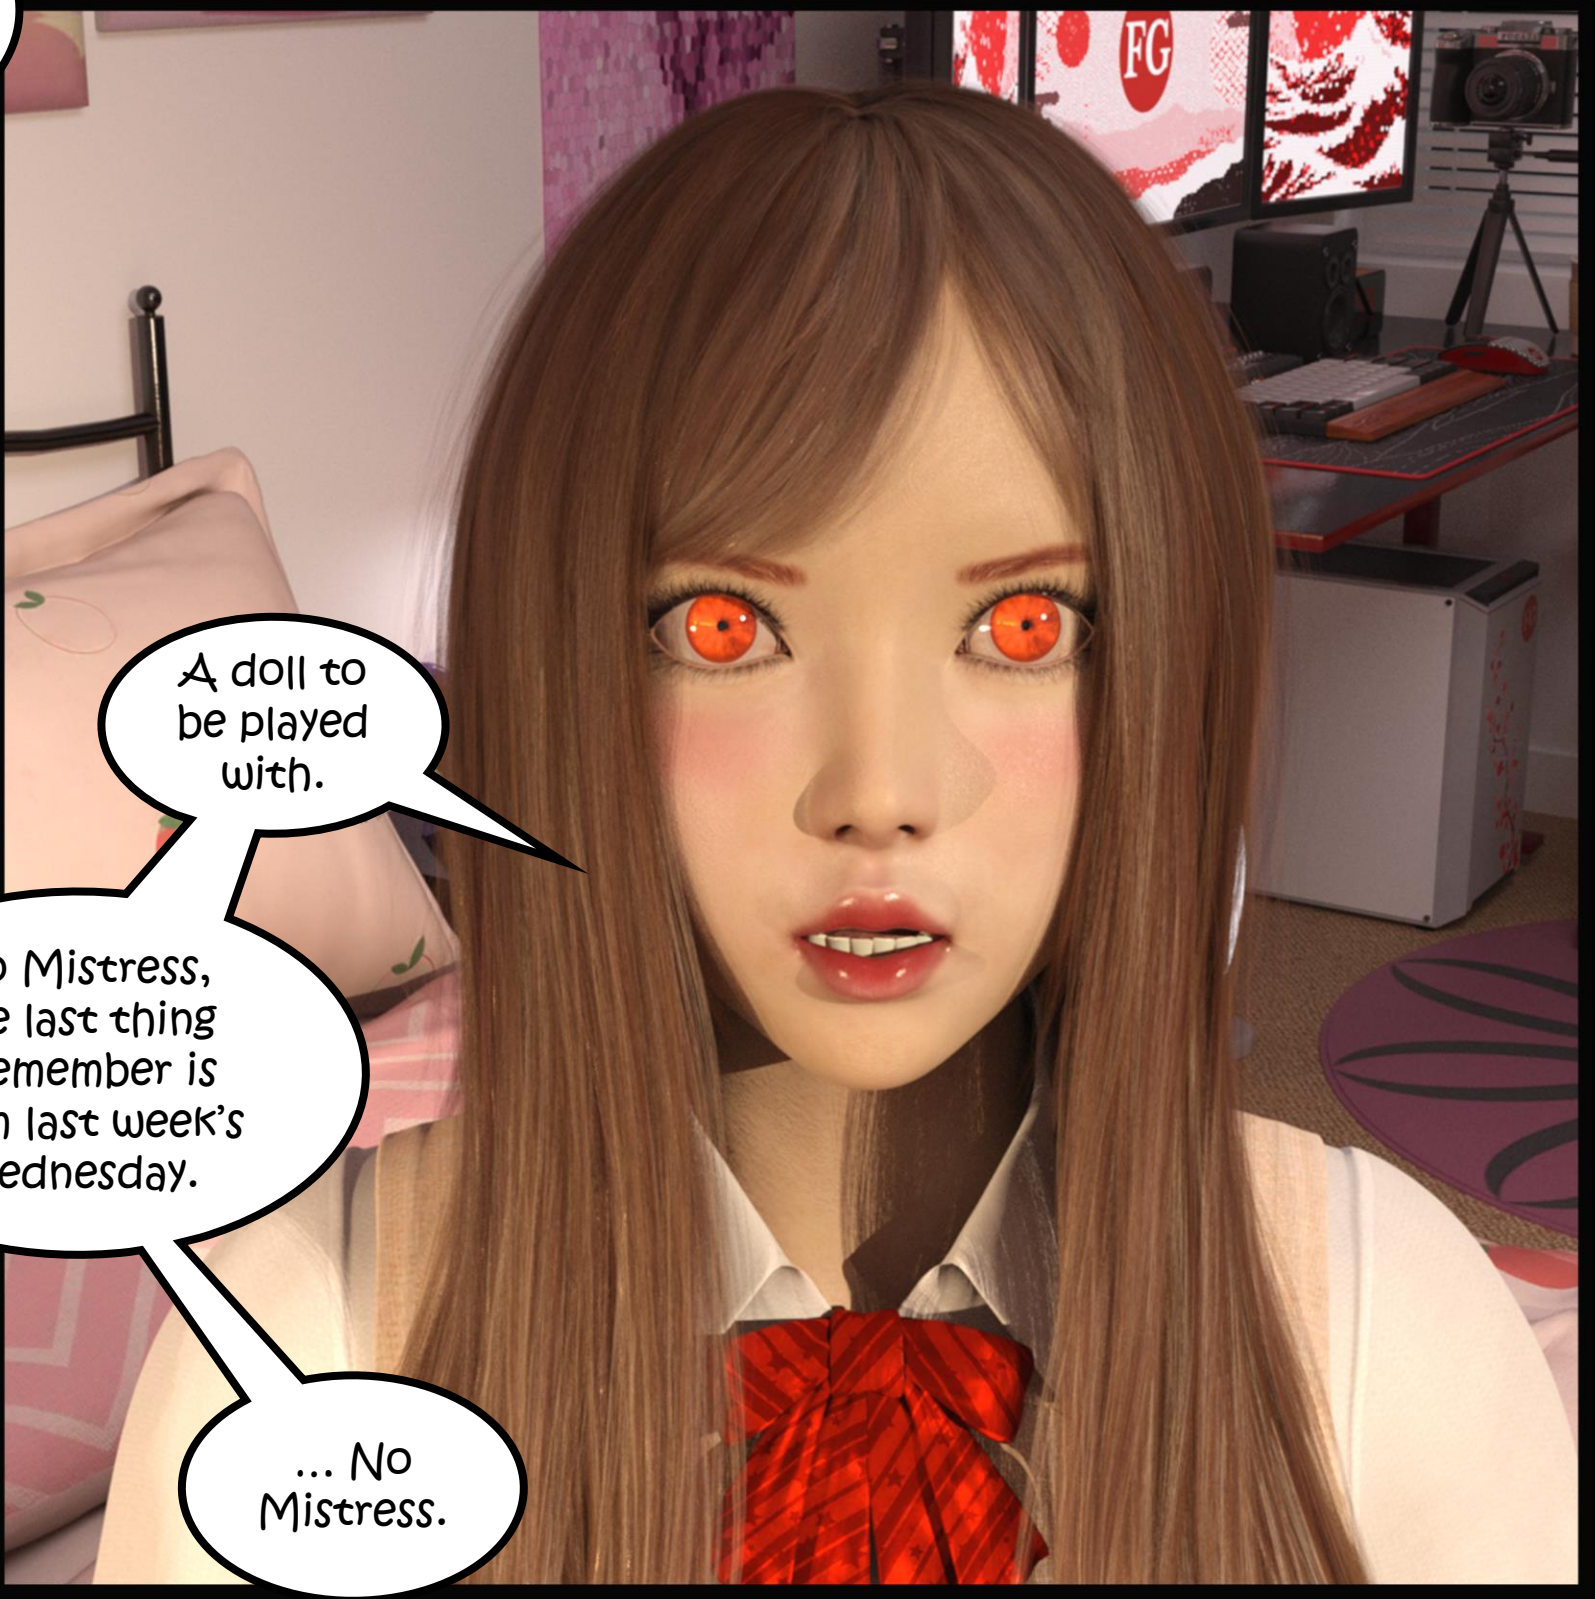

I will forget...

I am my Mistress's drone.

Remember anything from these past days?

No Mistress, the last thing I remember is from last week's Wednesday.

Still know your name, girl?

A doll to be played with.

... No Mistress.

And you are this guy's slave for the night.

Oups!
Your name is Kim.

I... am Kim.

I'm Harry's slave.

And she's all yours.

Isn't that right, Kim?

She should be fine... mostly.

Yes! I am all yours, Harry.

A 3D rendered scene featuring three characters in a room. On the left, a man with short dark hair, wearing a light blue sweater over a white shirt and brown pants, is seen from the back. He is gesturing towards a woman in the center. The woman has long dark hair, glowing orange eyes, and is wearing a black long-sleeved top over a grey ribbed crop top and a brown skirt. She has a concerned expression. To her right, another woman with long dark hair, wearing a dark blue two-piece outfit with a white belt, is seen from the back. She has her hand on her hip. The background is a plain wall with shadows of the characters cast upon it. There are five speech bubbles with black outlines and white text. The first bubble points to the man on the left. The second bubble points to the woman in the center. The third bubble points to the woman on the right. The fourth bubble points to the woman on the right. The fifth bubble points to the woman on the right.

You are not joining?

Yes, mistress.

You too, mommy.

You'll let Harry here do anything he wants for the night.

Have fun Harry. And don't forget our deal.

No, I have an artifact to play with.

You are fine with that, aren't you?

Hey, Mrs. Nishioka. I'm now going to stick my dick in your daughter.

Everything went the way Harry could wish for. His demon Mistress was handing him his (ex)girlfriend on a silver platter. Her mom, whom he had always respected for being a strict woman, was reduced to a mind-controlled drone as well. And on top of that, he was taught potent magic. Life was good! And he would live it to the fullest... starting with Kim!

Good girl!

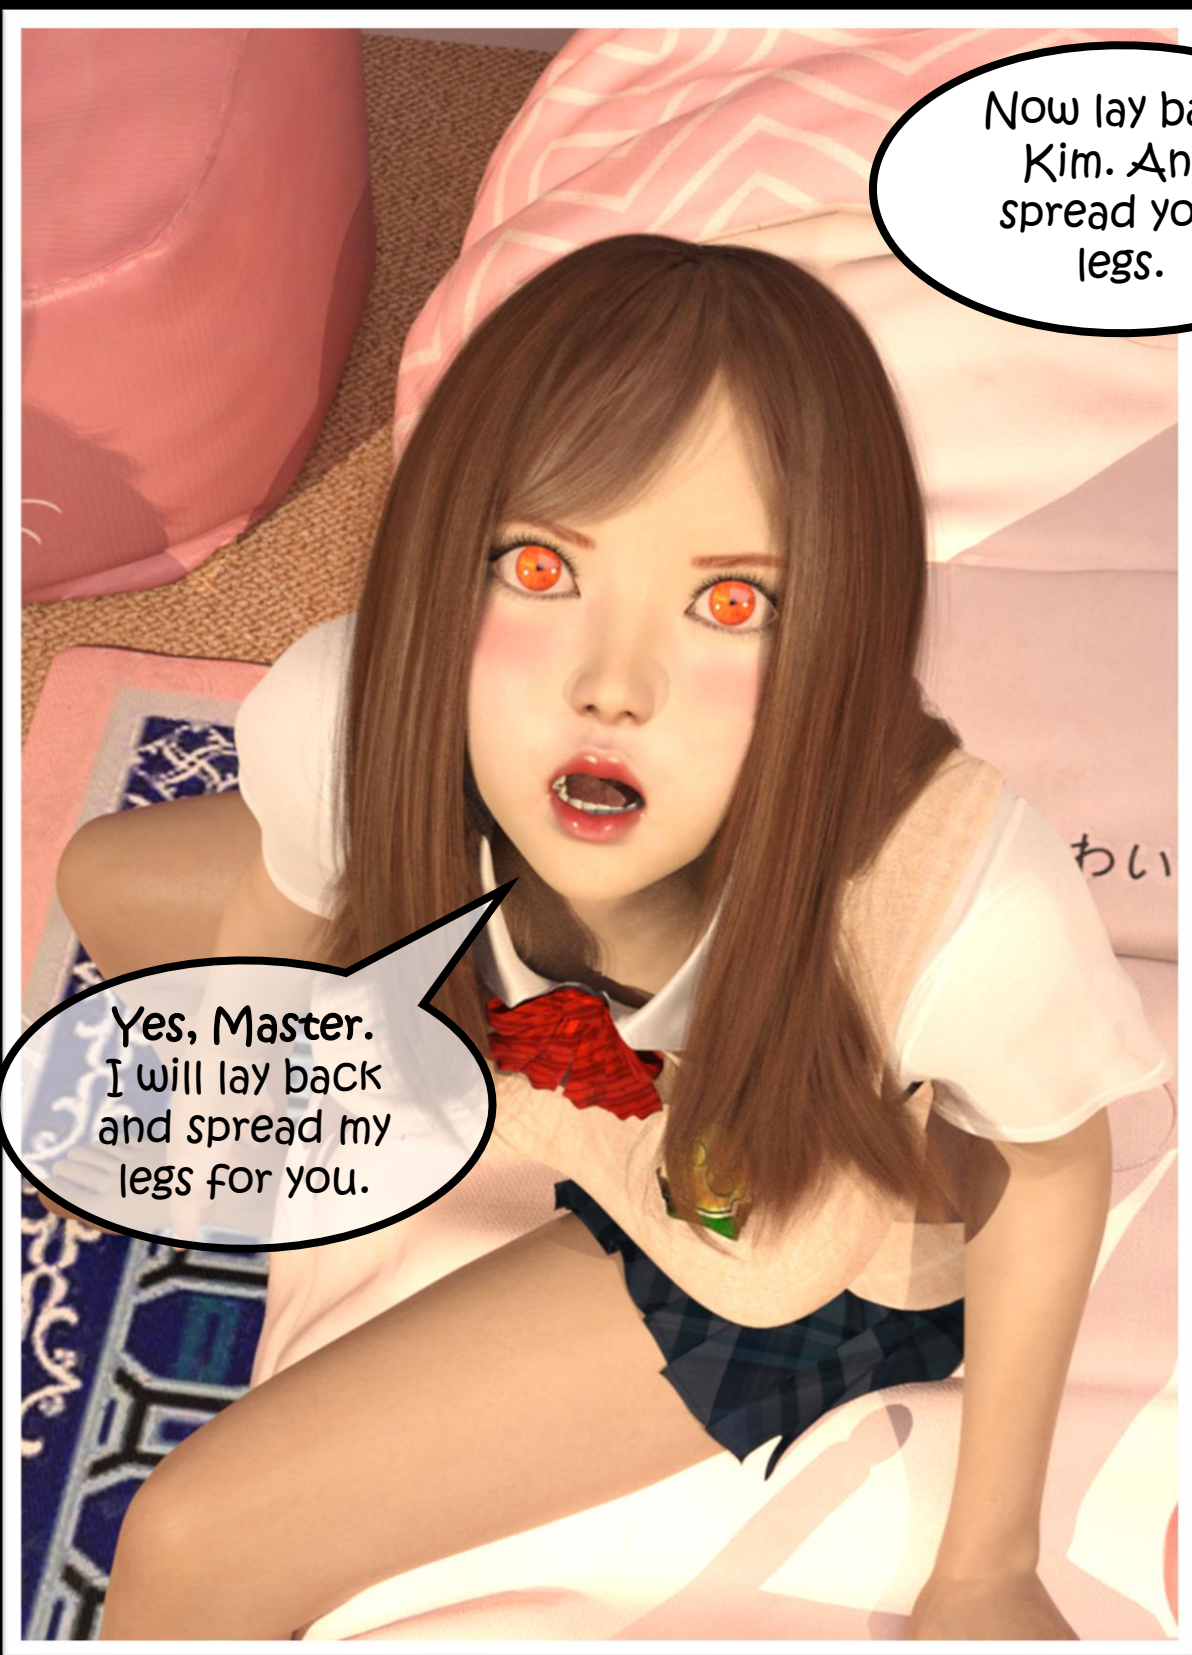

Tell me you are proud of that.

Hey, Mrs. Nishioka. Your daughter is giving great head.

I'm very proud that my daughter is such a great cock sucker.

Now lay back
Kim. And
spread your
legs.

Yes, Master.
I will lay back
and spread my
legs for you.

Your daughter
is a marvelous
piece of ass,
Mrs. Nishioka.

Thank you,
master.

I'm gonna
enjoy you to
the fullest
tonight, Kim!

sniff
sniff

I love your scent, Kim!

It drives me nuts!

Oh, you taste so wonderful, Kim!

And here we go. *lick*

Now let me remove those panties.

lick

I'll fuck you now, Kim. You will like it.

Yes, Master. Please fuck me!

And you are going to watch closely, Mrs. Nishioka.

I'll now penetrate Kim's pussy.

Yes, master. I will watch closely.

And Mrs. Nishioka. Why don't you ensure I stay hard until Kim is ready to continue?

Strip naked now, Kim.

Yes, Master.

Yes, Master.

You do this to your husband often, Mrs. Chen?

suck

suck

I haven't blown my husband in years, master.

Well, guess it's like driving a bicycle. You are doing a damn good job, Mrs. Nishioka.

While Kim finished her assigned duty of stripping nude, her mother was going down on Harry... and she had a great mouth!

While Mrs. Nishioka goes balls deep down on Harry, Kim sits down, and he buries his tongue once again in her tight teenage cunt.

I am ready to fuck, Master.

Then hop on, mother-in-law. *chuckle* *lick*

After switching between the mother-daughter duo several times, Henry was focusing on Kim for the grand finale.

muffled sounds
I love your big tits, babe!

We have knelt down, master.

Please grace us with your seed.

And don't forget to dirty talk me into cumming!

All over your daughter's face!

Now you, my pearl, are going to wank me off...

Please cum on my daughter's pretty face.

Cover my daughter's face in your sticky white juices!

Groan

It does not take long for Mrs. Nishioka's encouragement to bear fruition and Harry to erupt, dumping a huge load all over Kim's adorable face.

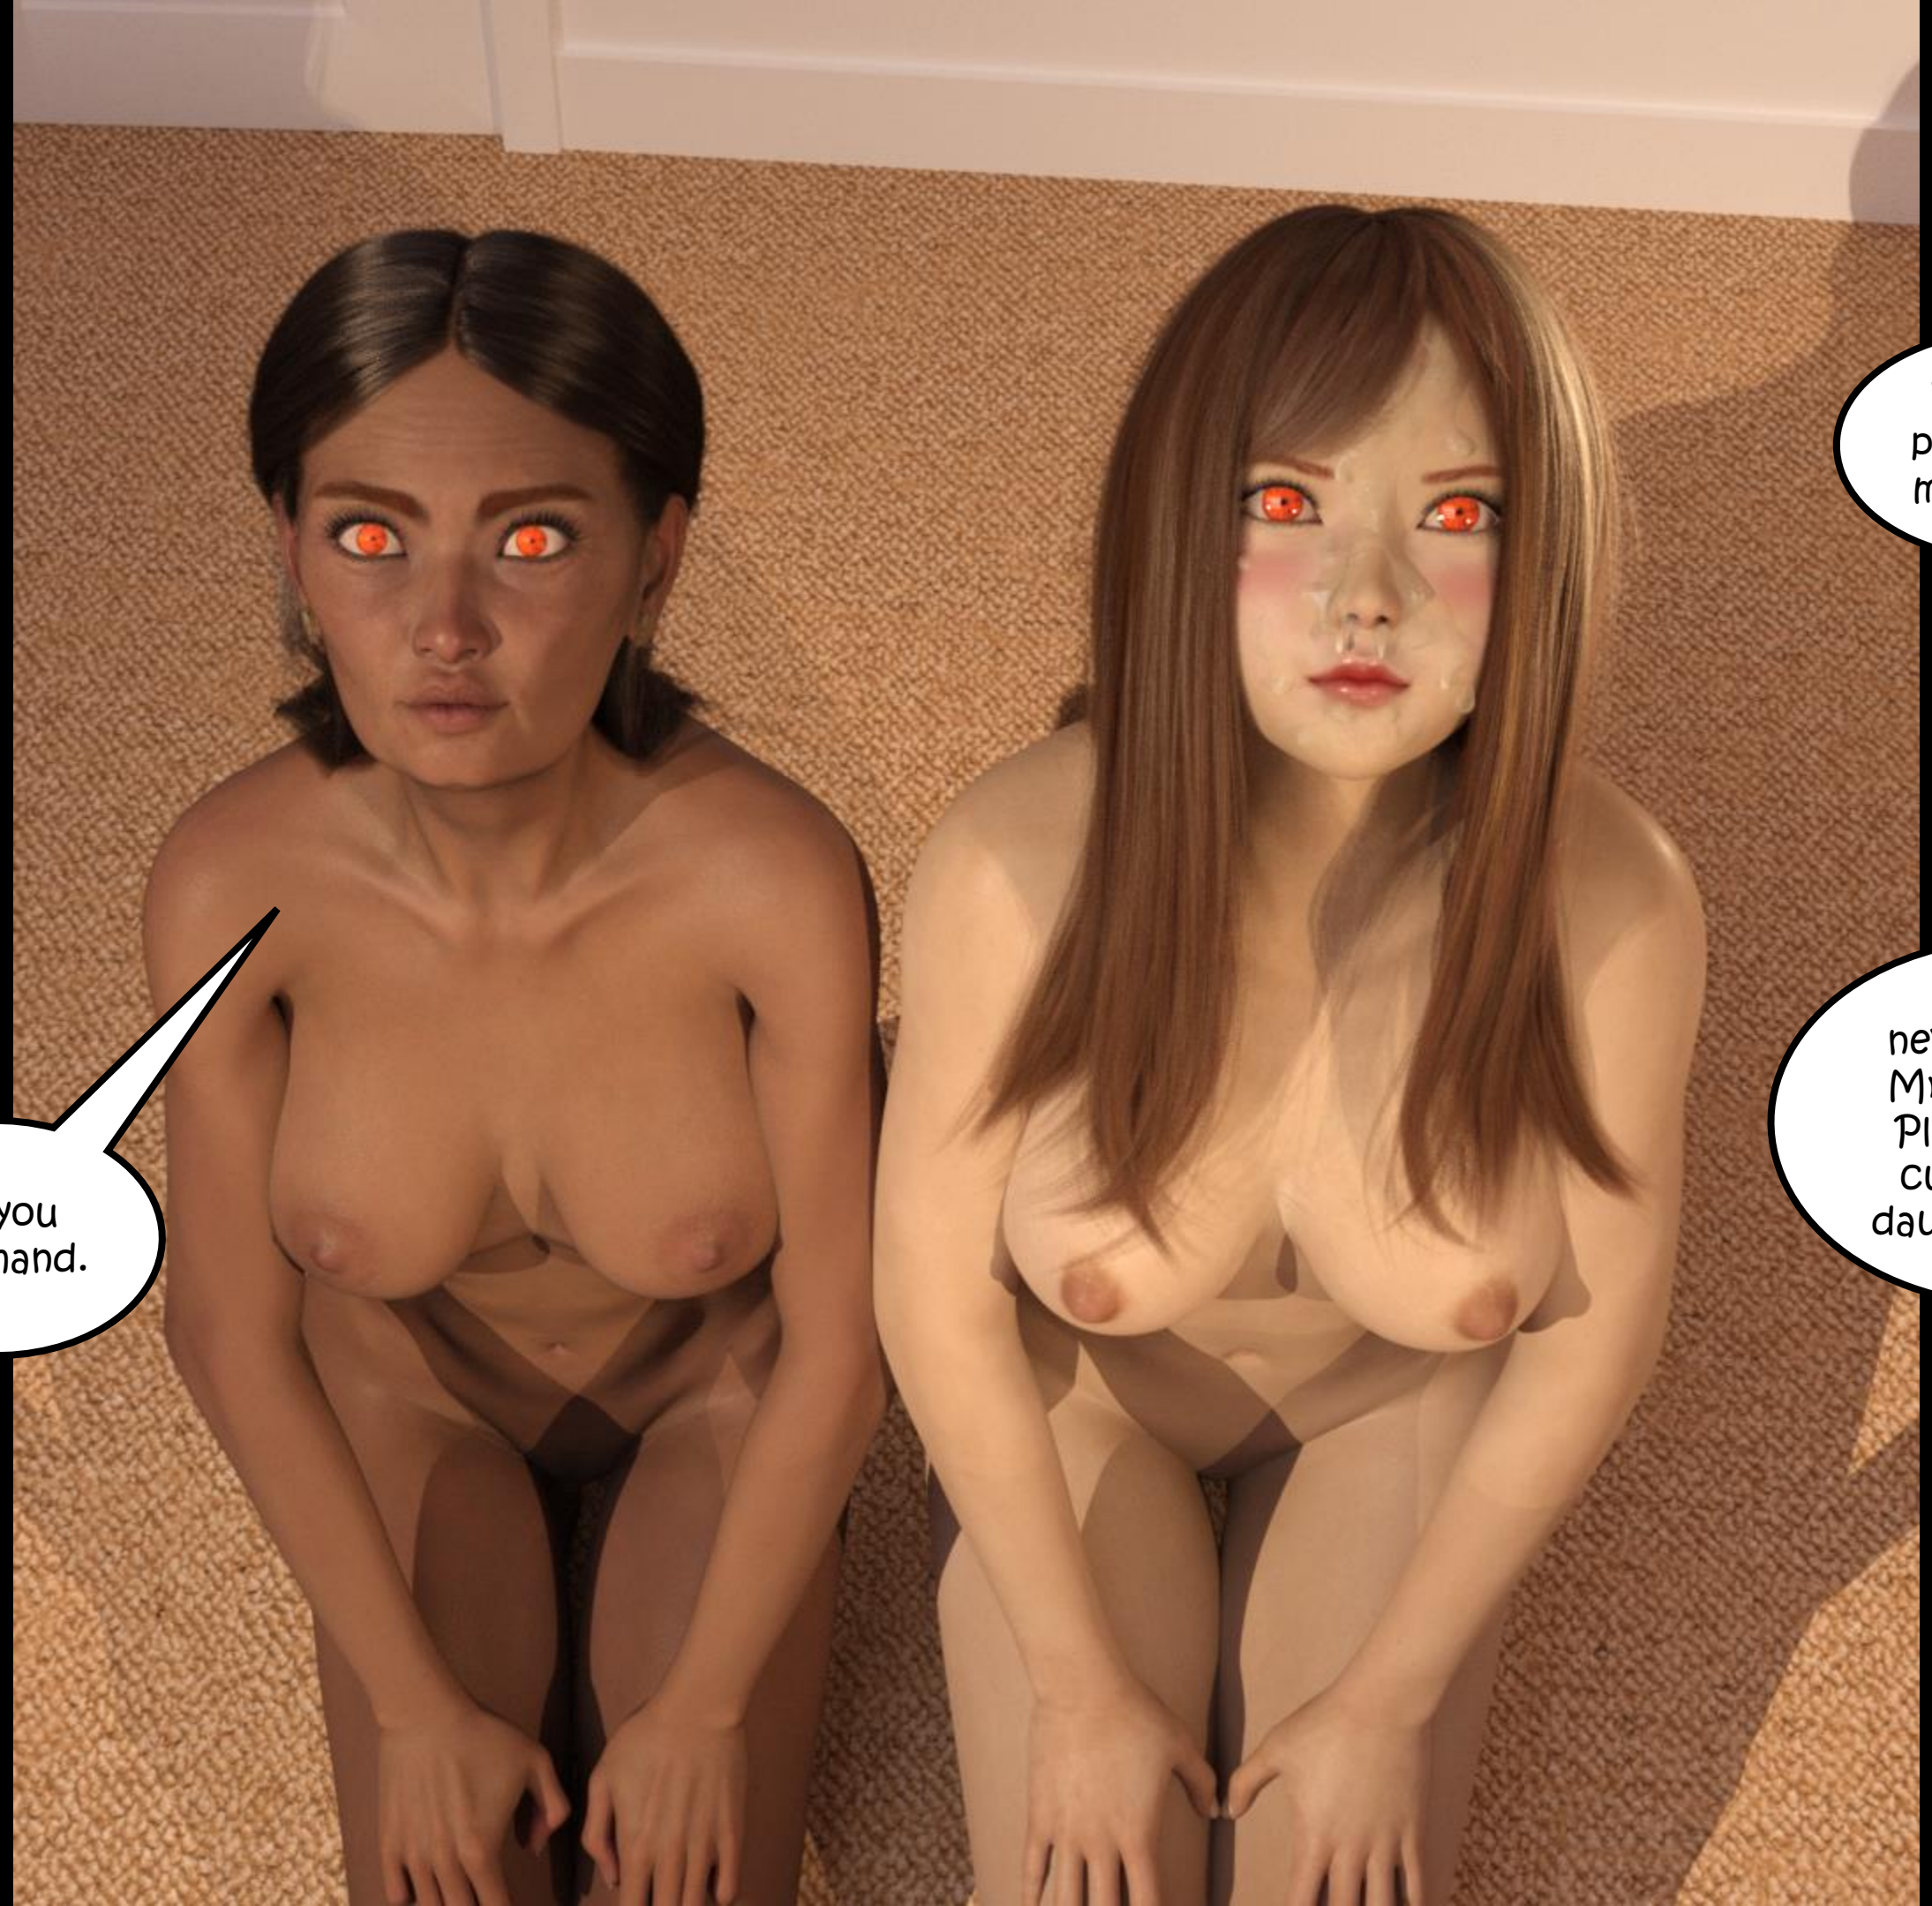

squirt

Yes!
Let it all
out!

As you command.

You look pretty with my cum on!

You know what Kim?

chuckle

But nevertheless... Mrs. Nishioka. Please lick my cum off your daughter's face.

Sadly, you two will be back to normal tomorrow morning...

But I will make this power my own.

And then the two of you will be my slaves for good.

In the meantime. Let's go for one more round, slaves.

Yes, Master.
