## Window Wishing VII Kingdom Journey Arc I

Previously on Window Wishing we saw how Erik and his girls had a costume party at home. During said party, Katarina ended up wishing for this whole town to be Erik's kingdom and all inhabitants would be his slutty adoring fairy and elf subjects. Five days have passed since then and Erik is enjoying life as the fairy king... bunked up in his palace having one orgy after another. But now it is time to visit his kingdom... getting to know the people... 😊

### Cast of Characters:

<b>Erik ...</b>	<del>A young guy with a boring job</del> → <b><u>The Fairy King!!</u></b>
<b>Veronica ...</b>	A woman visiting the fairy kingdom as a tourist
<b>Erik's inner circle ...</b>	Most of the girls we have seen so far
<b>Inhabitants ...</b>	Various fairies and Elves who are subjects of the fairy kingdom
<b>Tourists ...</b>	A mother and daughter (still human) visiting the fairy kingdom

Several days after the Fairy Kingdom has been wished into reality a woman arrives at the Kingdom's train station to visit the miraculous sights.

Of course, thanks to the power of the wishing amulet, nobody except Erik and his girls know this. For everybody else, including this woman, the fairy kingdom has existed for a very long time...

So, this really is all just about a tourist visiting a special place on earth... or is it now?

Having hired the tour fairy for the day, Veronica and Becky head out to explore the beautiful Fairy Kingdom.

Are all inhabitants of the kingdom elves and fairies?

What's the difference between an elf and a human?

Well... they got pointy ears, and they usually don't have weight troubles if you know what I mean. \*giggle\*

Yup!

And the ears... are they... sensitive?

Are they ever!!

Touching an elf's ears counts as sexual activity!!

Oh, here we are. **Look!**

At the same time, Erik, the Fairy King, decides to give his country an inspection...

Alright!  
I hereby declare,  
enough pleasure!

It's time for  
me to take a  
look at my  
kingdom!

The car is ready, your majesty.

Once you are back, we should talk about putting that amulet into a safe space.

We wouldn't want anybody to steal it!

Evil foreshadowing?

And so, our King and entourage drive off... but don't get far as they need to stop for gas... where they meet two rude tourists who do not appreciate the kingdom!

It's fucking boring, mom!

There is not a single boy around!

Don't be such a brat now!

Every girl would be delighted to visit fairyland!

And while our King enjoys the great view at the car wash, Veronica enters Central Park where a talented Elf is performing. Her lovely music echoes through the park...

And drives the Fairies around into a horny frenzy!  
It's a great performance!

So, tune in on Window Wishing 07 and buckle up for a magical tour through Fairyland...

# End of Teaser

Hello, Hexxet here.

This story Arc is all about getting to know the kingdom (and introducing Veronica). Get to know the Fairyland by visiting the Central Parc and the car wash... especially the car wash. It turned out pretty long and super hot, I think! 😊

The tour through the kingdom will continue and conclude in Chapter 8.

The complete comic is **~75 pages + 13 pinups** long and will be available on my Patreon and Gumroad:
