Welcome to the Master Control Program. Become the Master of your own reality.

Woah!
That's super retro!
It's text-based?

My name is Henry Larsen. I'm a high-school student and a bit of a geek. Like so often I've combed the web for something fun to do and I stumbled upon this "indie game" called MCP or **Master Control Program**. Had a nice slogan: "Become the Master of your own reality". I thought it'd be something like the Sims... but I guess it sucks... Look at that UI... Oh boy...

Bianca

Just shut up!

Boooored.

We took the bus together to school.

My stepsister is everything I'm not. She's athletic. She's beautiful. And she is popular.

And obviously, we quarrel a lot. But I still like her.

NEXT

In class I meet up with my best buddy Jake. He's a big nerd too. Computers are our domain!

Yo.
You look
tired man!

Tell me
more.

Math? LOL!
Well then, it's
good we are
having sex ed now.

Yeah. Got some
weird dreams
tonight.

NO FREAKING

Argh. I really
have no head

now!

Ha-ha!...
Very funny.

NEXT

Jake looks at me as if I said something strange.
But that's when Mrs. Jackson came in and the lesson was about to start so I ignored him for now.

Morning class.
You may sit down.

NEXT

So, let's not waste any time, class.

These are female breasts. Also called boobs or tits – mostly by men.

Holy...

NEXT

And this is my vagina.
Also called pussy or cunt during sex.

Mr. Renolds, pay attention in class!
Have you ever inserted anything into a woman's vagina?

N...n...no ma'am!

I could not believe what was unfolding in front of my eyes. First Sex-ed? Second, my best friend Jake being called to the front for some hands-on experience!??

NEXT

The situation was so surreal! My best friend was eating out my math teacher who was giving us a sex-ed lesson and nobody deemed it strange...

Come closer, Jake. Can you see it?

Now use your tongue, Jake.

Yes Jake. *Moan*. Just like that.

You are a natura!

lick
lick

The MCP! It's the only explanation! That app... really works? On the real world?!

NEXT

The lesson went by pretty fast. And afterward, it was back to normal school rhythm... But I could not get my head around it.

The App really worked! There is no doubt about it. Nobody would play along like that. Especially not Mrs. Jackson!

I contemplated the rest of the classes... and in the end, I decided I wanted to share my findings with Jake. I simply needed somebody to verify I was not going mad!

And so, I invited Jake, and we took the bus to my place...

It's sex-ed!
And I think it's great that Mrs. Jackson approach is... less DRY than the other teachers.

I learned a lot today!

Err... No?
I did not think it was strange.

NEXT

God damn it.
What are you
dweebs wearing
in this heat?

I'm about to go
hang out by the
pool. Don't lech
on me!

Whatever!

Hey
Bianca.

When we arrived home my sister was just coming out and on her way to the pool. She loves hanging out in the sun... Jake and I ignored her and headed straight for my room.

A woman with long dark hair is lying on a white lounge chair by a swimming pool. She is unclothed and has a glossy, shimmering texture on her skin. Her eyes are closed, and she has a serene expression. The background shows the blue water of the pool and a white ledge. Three speech bubbles and one text box are overlaid on the image.

Huh?!

Math Class

Morning
Class!

Calm down,
open your books
on page 69 and
get those
boobies out.

It's time for
your math
lesson!

NEXT

Erika!
How many
boobs do
you have?

Erika looks down and
starts counting them...

One...
two...
like two,
ma'am!

Very
good!

Now if you and
Cynthia gave a guy
a double tit job.
How many boobs
would be part of
that titjob?

One... two...
one... two...
Like A LOT?!

NEXT

No sorry Erika.
The correct
answer is four!

I know it is
hard to count
farther than
your own
boobs.

But math is
really
important!

NEXT

Just consider
the following
sc... scen...
event!

You walk past a
shop and see the
most aw...awe...
cute shoes like
ever!

But they are
like a hundred
bucks!

You know you
can get 5\$ for
a blowy easy.

Now with math,
you can calculate
that you need to
suck off 20 guys to
get those shoes!

NEXT

Awesome!

Works the same way, Tiffany.

That sounds super handy teach!

But what if I'm more of a tit job girl?

See, I have a similar problem.

But the shoes I want are like 99.99\$

Sorry Tiff. I don't know either. The solution book does not cover that.

NEXT

Yes, Vanessa?
Don't tell me
you know the
answer, Oo!

NEXT

I don't understand the problem, teach.

Excellent solution, Vanessa! Not math, but you get a plus for thinking outside the box.

Can't I just fuck one guy really well and have him buy the shoes for me?

Box?
What box?

NEXT

That example just now was higher math. Let's focus on the basics for now.

Let's count to three.

For this purpose, spread your legs and just think of your pussy as another boob, okay?

One... two...
THREE! See?
It's that easy!

NEXT

A blonde woman with long hair is wearing a black bikini top and a black choker with a bow. She has black nail polish and is holding a black object. A speech bubble is next to her.

But what if
my pussy is
full cause I'm
wearing a
vibe?

NEXT

A woman with long brown hair in a ponytail, blue eyes, and a black choker with the word 'SLIM' on it. She has large breasts and is looking towards the right. In the foreground, the back of a man is visible, showing his hairy back and buttocks. He is sitting on a blue surface.

Good question, Hanna!

Henry, will you please come to the front and fuck me?

The class so far was hilarious and I did my best not to break out laughing watching these bimbos study. But now I could not fight the smile that formed on my face as I approached the teacher's desk.

NEXT

Thank you,
Henry.

As you can
see class, my
pussy is
currently full.

Mrs. Jackson kept on
teaching while I kept
fucking her. In fact, It
did not hold her
teaching skills back in
the slightest.

fap

But! One...
two... THREE!
I can still
count it!

NEXT

Oh, wow.
You came a
lot, Henry!

See that
load, class?

A load consists
of many super
tiny parts called
sperms.

But more
about that in
your physics
lesson.

NEXT

Ring

Thank you
for the
assistance,
Henry.

Alright!
Class dismissed.
But study hard
and try counting
to three on your
own a few times.

Next class I'm
gonna show you
how two girls
can count up
to six!

NEXT

Class was over but one of the girls approached the front desk.

Sorry, teach?
I... I was just wondering. Since boys don't have boobs... how do they count?

I had to hold back laughter, but Mrs. Jackson answered sincerely...

Boys have developed a special technique that lets them use their fingers to count up to **TEN!**

NEXT

The girl looked at me awestruck. I smiled and nodded.

Bimbo school was a full success. The only question was what or better whom to enjoy next.

Hello, Hexxet here,

Thank your for showing interest in my PAI Book. 😊 The full version is over 650 pages long, is interactive with various endings and some varying paths in between.

Anyway, there are more PAI Books planned in this universe showing the story from different point of views as other characters steal the MCP from Henry 😊

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops. Some free PAIs can be found on my homepage.
