Collaboration Notice

This comic is a collaboration between **3D-Swede** and myself. I‘ve commissioned 3D-Swede to create the renders for this comic, while I‘ve provided the script and added the text. I‘ve also bought the rights to sell the finished piece from 3D-Swede. Note that the base idea for the script was derived from my Patrons who could put options to vote and the most voted options were turned into this script.

If you want to know more about 3D-Swede, have a look at his Deviant Art Page. He has already created a lovely story about mannequins that is over 300 pages long and I‘m looking forward to anything new he might create in the future:

Once upon a time, a young man found an amulet…

Window Wishing VIII
Kingdom Journey Arc II

Previously on Window Wishing we saw Erik and Veronica on their separate journeys around the fairy kingdom. Now it is finally time for the two to meet as Veronica is having an audience at the castle…

Cast of Characters:

Erik … ~~A young guy with a boring job~~ → **The Fairy King!!**

Veronica … A woman after the amulet. She has special powers that make people believe her lies.

… Various other fairy and elf girls from the previosu chapters

Castle of the Fairy Kingdom – Erik's holding an audience session.

A female ambassador of the nearby human nation, my King.
Alright. What's next on the agenda?
She claims to have crucial information for the survival of our kingdom.
Erik – The Fairy King.
Jana – Political Advisor
Katarina – The King's Attendant

How, legit is this claim?
She shared a candy bar with me! What a feast!
I've met her in the waiting area and she seems like a really nice person.

Yes, my liege. I'll lead her in.
Alright. Let's hear her out.

She seems very convincing. But one never knows with humans.

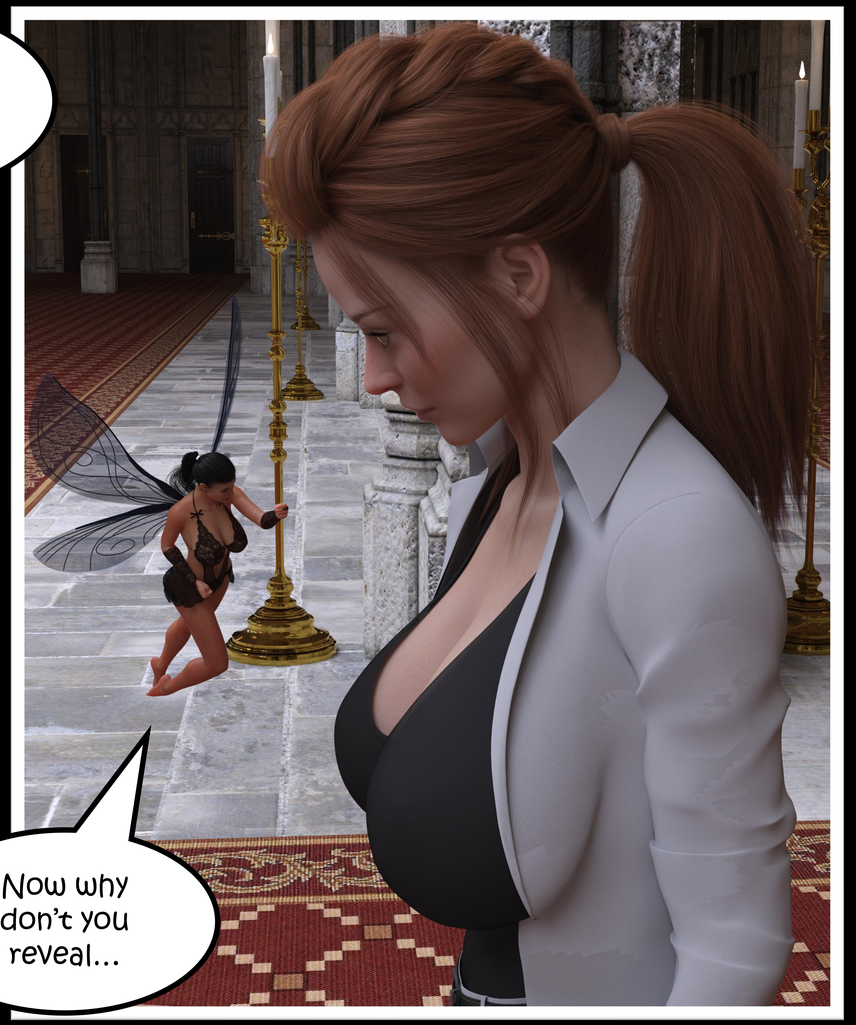
Veronica, the "human ambassador" is called into the throne room for her audience.
Unsure about the etiquette she insecurely bows before the king at a secure distance but...
Are you fucking kidding me?!

What are you doing, human?!
You are in the presence of his majesty!

Kneel, human!
Cheeky little pipsqueak!
I'm sorry!

That's more like it, human!

Nice Boobs!
King Erik, please accept my apology.



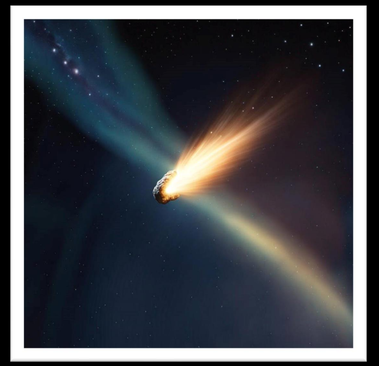
Now why don't you reveal...

Katarina, enough!
Human ambassador, you may stand.
State your name and business.

My name's Veronica Elliot, and I come with grave news, your Majesty.

A great danger is approaching your kingdom.

What is this danger you are speaking of?



A Meteor, my King.

♪♪♫♪ ♪♫♪♫

A meteor?!

Oh, my god!

We need to use the amulet!
And the calculated point of impact... will be your Kingdom.
A huge meteor is heading towards Earth.
Yes, your majesty.
It's working! They believe me!

Due to the severity of the problem at hand further audiences were postponed and Veronica was asked to walk with the King.
I understand the severity of the problem.
But why are you telling us?
Your country is not on good terms with the fairy kingdom.
Wouldn't you be better off with us getting crushed?

Beatrix – The King's guard.

Carin – The King's other guard.

So... we were hoping for you to do your elf magic...

So, our country will suffer massive damage as well...

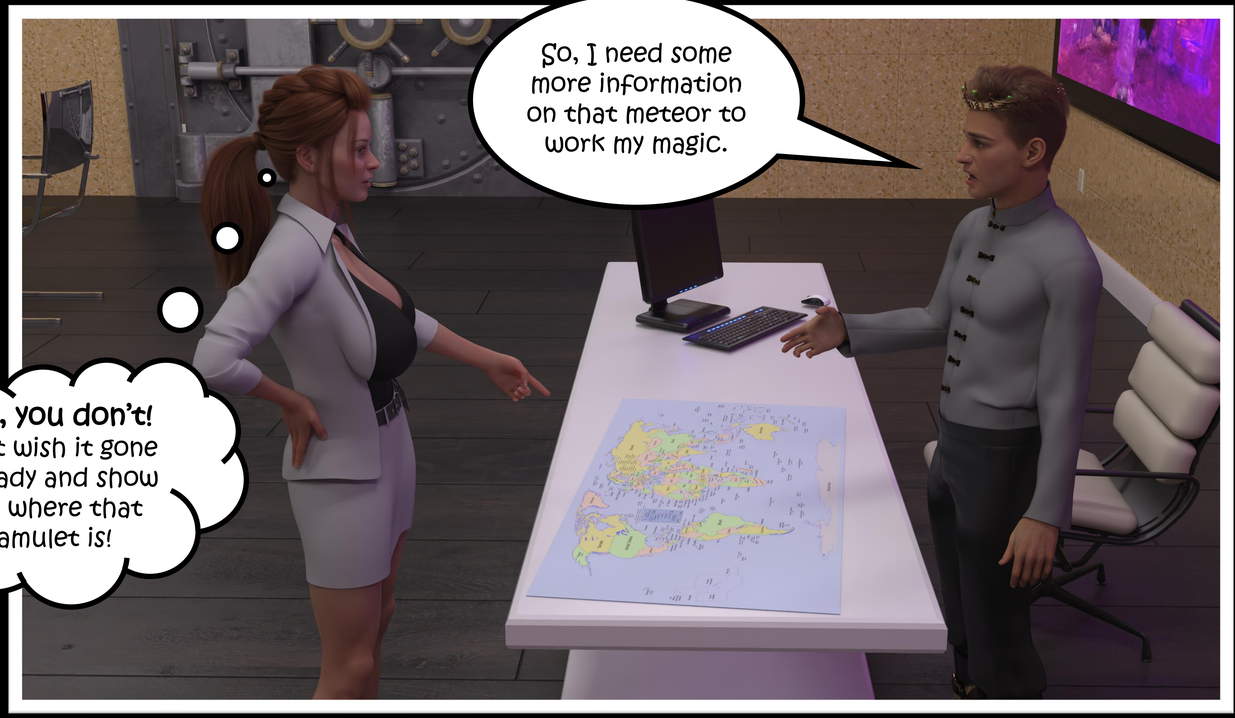
But if that meteor drops... the dust cloud will impact large parts of our region...

So, you are here mostly for selfish reasons?

gulp
Yes, Your Majesty. I'm sorry.

Aha!
I knew it!
Now it makes sense!

Veronica follows Erik into his high-tech study.



So, I need some more information on that meteor to work my magic.
No, you don't! Just wish it gone already and show me where that amulet is!

I hope I don't get entangled in my own lie...

That's a high-security vault...

The Meteor

It will hit right here.

It's estimated around 49 µm with a mass of about 50 tons.

I shouldn't make it too obvious how my magic works...

Though I have no clue what she's talking about...

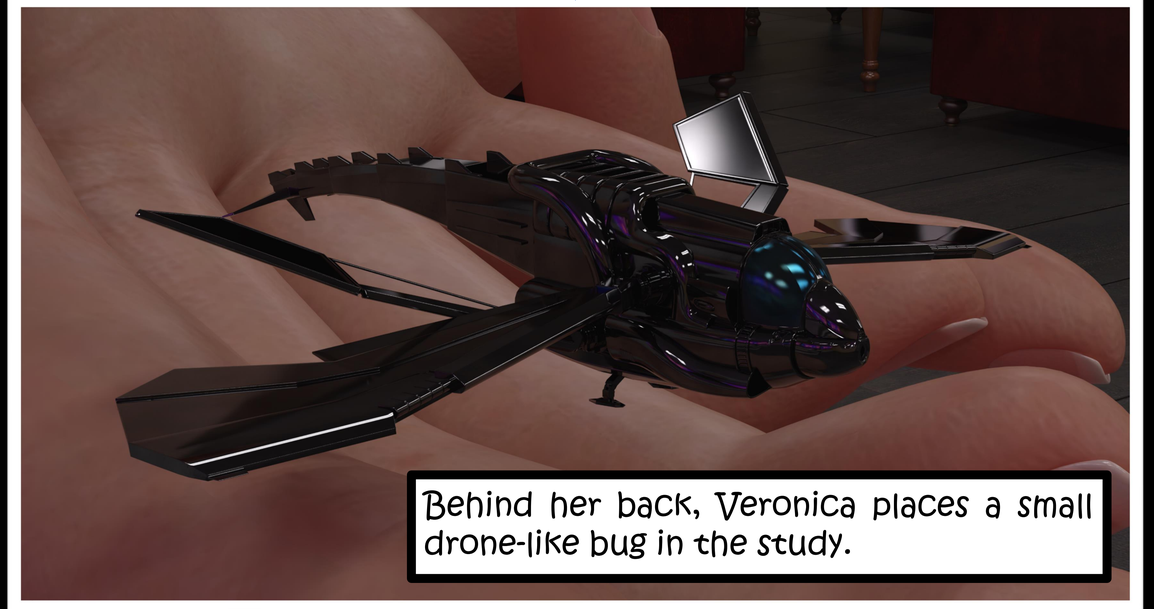
He has no clue anyway. Let's just keep him busy with some bullshit facts.

It travels at an approximate speed of 7,200 mph...
We measure the explosion radius at...
Do you need any further info?

Do you need any further info?
Errr.. No... that info is plenty. Thank you.

I'll have to ask you to leave for that part.
Of course. Thank you, Your Majesty.

I'll now prepare my magic...



Behind her back, Veronica places a small drone-like bug in the study.

Veronica is escorted back into the waiting area while King Erik does his magic.

But as Veronica sits down to spy on Erik over her tablet some unnoticed observant takes notice of her...

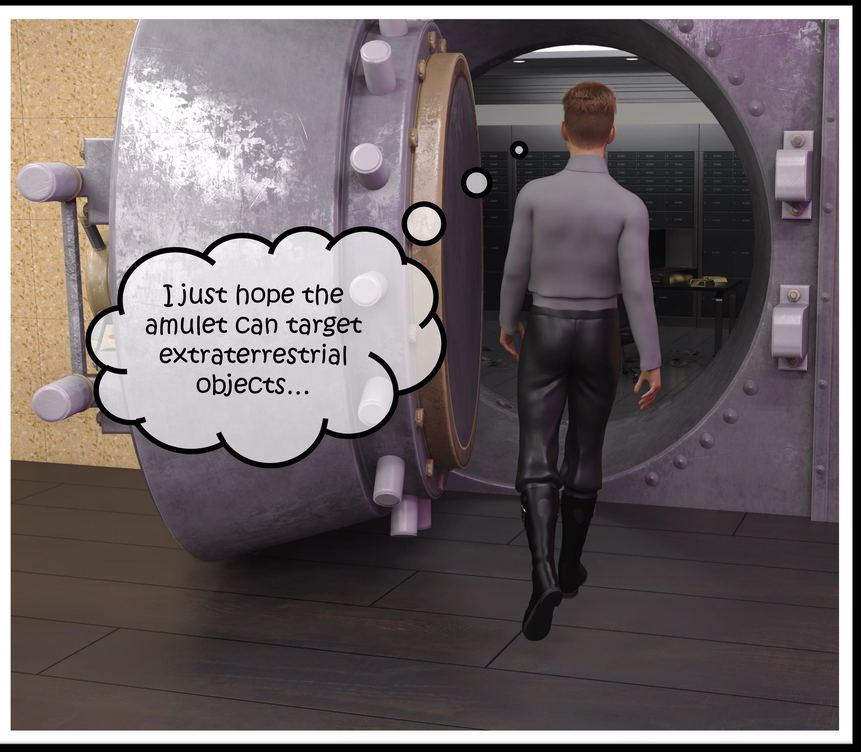
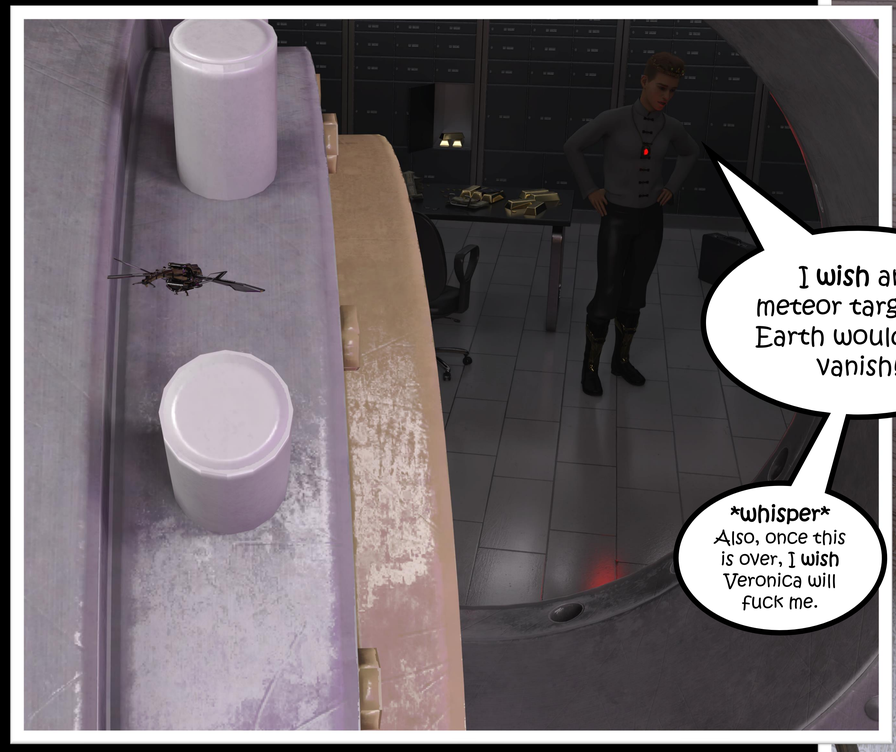
Under the watchful camera of Veronica's spyware, Erik unlocks the safe, walks in and puts on the amulet...



I just hope the amulet can target extraterrestrial objects...



I wish any meteor targeting Earth would just vanish!

Also, once this is over, I wish Veronica will fuck me.

What's this girl watching there?

When fairies are not engaging in sexual acts or eating, they are usually very curious...

Katarina spots Veronica's evil deeds!

But Fairies also get very wet during sexual acts...

You'll never see this coming, "Oh King" Erik. *chuckle*

Nope. There certainly is no trapped little fairy crying for help.
Excuse me. King Erik awaits you in his chambers.
Errr... did you hear that?

Oh... right. I must be imagining things. Please, follow me.

Noooooooo!

Shortly later in Erik's chambers. Listless he's playing with the telescope... It's daytime and he can't really verify whether the meteorite is gone or not... even if he knew how to properly use that thing...

Therefore, when Veronica finally arrives, he asks her with anticipation in his voice if his magic did the trick.

Now I just need to think of something to stay in the castle a bit longer...

That's great news!

Men!
Would you care to join me in bed to commemorate our victory?

But this might actually be an opportunity. Fuck him senseless... then sneak into his study...
Of course, Your Majesty. It'd be my pleasure to share the bed with the savior of my country.

Hello, Hexxet here.

This turned into quite the story chapter. I hope you still like the series and are looking forward to the next and final story chapter which will be the big showdown and conclusion ☺.

Will Katarina manage to alert King Erik in time and prevent the amulet's theft? Or will Veronica get her hands on the omnipotent wish-granting artifact once again?!
