My phone

You developed a breast expansion device? Really?

Sure, I'll try it.

Maybe you should not go with a one-size-fits-all approach...

A new
BE-App?
Sure I'll
try it.

What do you
mean, there is no
reset button
implemented yet?

I should
totally become
his love slave!

Uff! The sliders in this app are very sensitive!

Great! Now my clothes are ruined!

You sure
this is safe?

What do

"Safe for

Nope!
That's too

Reset

Urgh!
Another
swimsuit ruined!

Yes, I ordered the jumbo pack. But I'm on holiday right now. Please just leave it at the front door.

Err... Becky?
Why is your
phone glowing?

No fair!
Why can you
change me with
your "change-

Look buddy.
I have bigger
problems right now.
My shirt is about to
fall apart and I need

You are right... My

seem small now...
in comparison...

Shit!
I think Billy
played around
with my phone
again!

Gotta get back
to the hotel...
QUICK!

Yeah, I have
change-me
installed on
mine as well.
Why?

brrzzzz

What do you
mean by "two
phones can cause
interference"?!

Hey Mister.
I've lost a bet with
my friends. Please
change any one
attribute of mine.

gulp
I guess I had
this coming...
