GIANTESS TROUBLE

So yeah... this is the current problem... my newest opponent. A Lady as tall as Godzilla about to reap havoc in my city...

A woman with long black hair and large, curved golden horns is perched on a skyscraper. She is wearing a leopard-print bikini and long, striped arm sleeves. She holds a sword in her right hand and a long pole in her left. The background shows a cityscape under a cloudy sky.

Her loud voice echoes throughout the town. And she is screaming for me...

Boob Bender!!

Come out!

It's almost deafening!

A woman with long dark hair and large, curved, golden-brown horns stands on a rooftop overlooking a city. She is wearing a black and white zebra-print bikini and a gold necklace. She holds a large, black, curved sword with a golden hilt. The background shows a city skyline under a clear blue sky.

I guess I should be more disturbed by this...

But as my steps slowly take me towards the towering giantess...

I feel rather calm.

A woman with long dark hair, wearing a leopard-print bikini and a headpiece with large golden horns, stands on a rooftop. She is holding a large, ornate golden sword vertically in her right hand. The background shows a cityscape under a blue sky with light clouds.

She might be strong. She might be huge. She may be able to squish me with a single movement.

But I have a plan and she made a huge mistake.

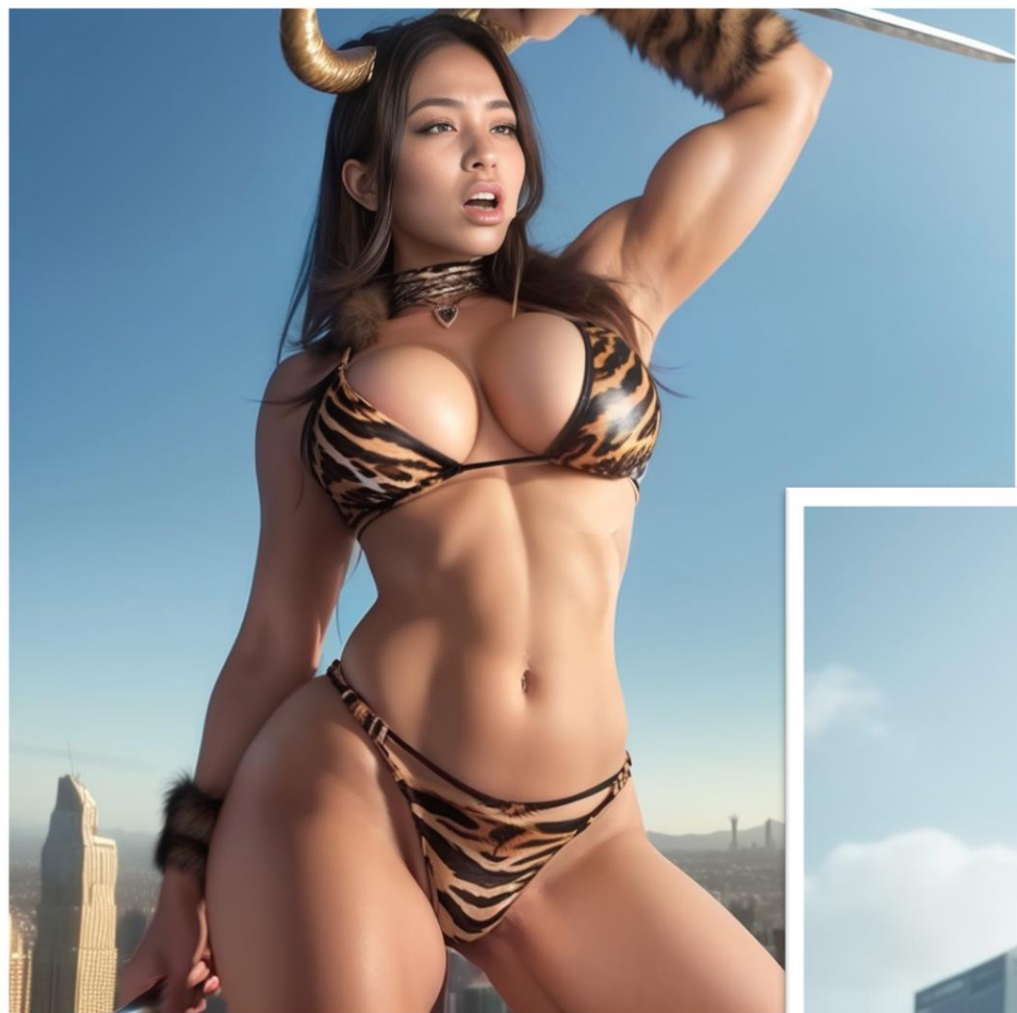

A woman with long brown hair and large, curved bull horns is the central figure. She is wearing a black and gold bikini with black stripes on the top and bottom pieces. She has a gold chain necklace, gold hoop earrings, and several gold bangles on her right wrist. She is holding a sword in her right hand, pointing it upwards. The background shows a city with tall buildings under a blue sky with white clouds. The lighting is bright, suggesting a sunny day.

She showed herself!
Making herself a target
for me. And a pretty
big target at that!

And after all, big targets
are easiest to hit!

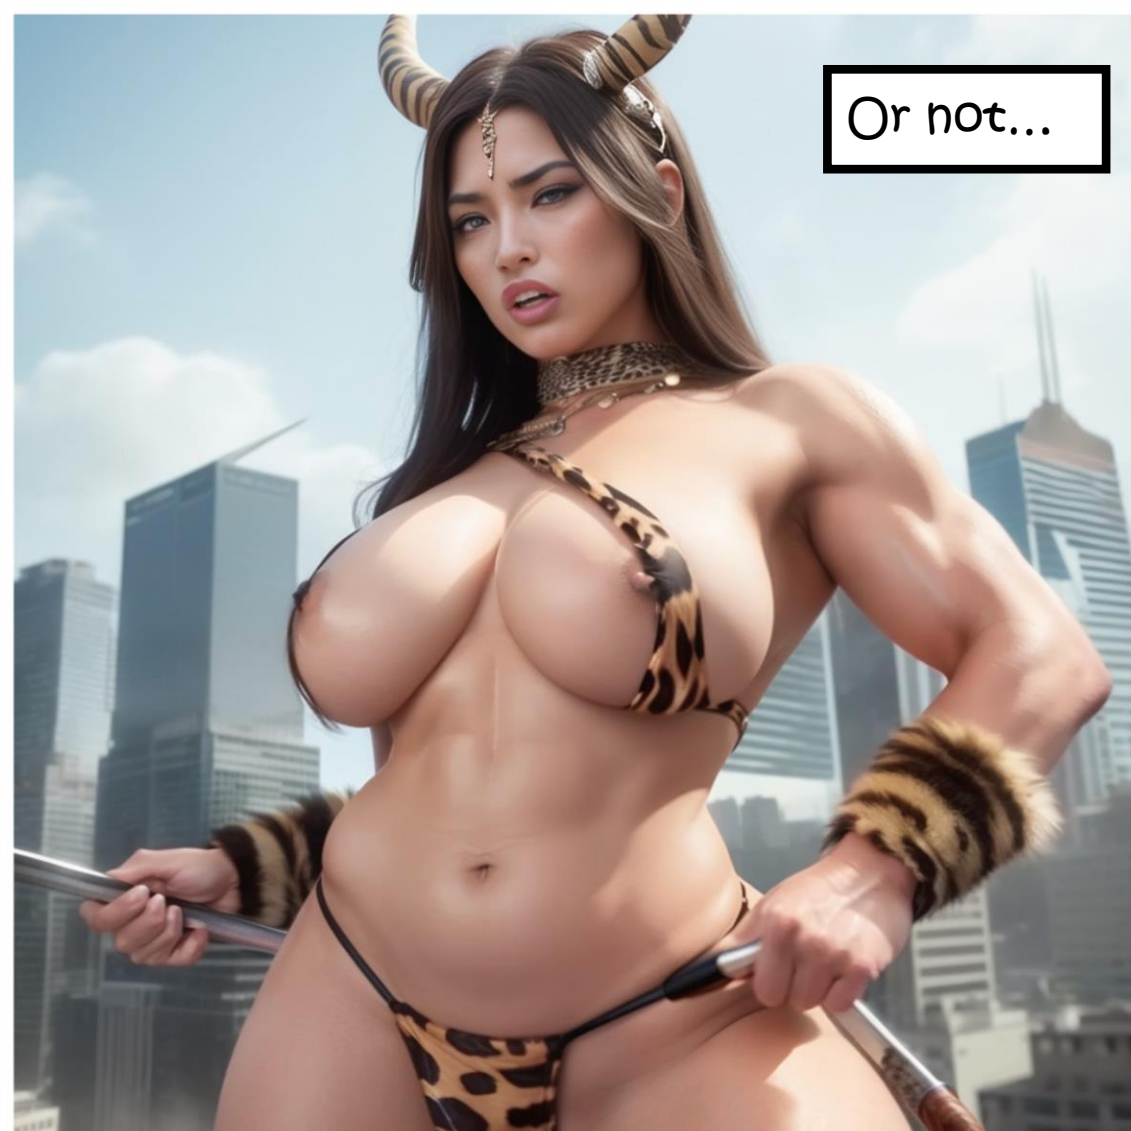

This battle would be
over before she even
realizes it started!

Confident of victory I activate my memory-bending powers on my opponent as I get in range.

She will give up the match without knowing what has happened!

Or not...

Something feels off!
That big head of hers...
all that brain mass... far
harder to control than
my classmates! And
suddenly the giantess is
staring straight into my
eyes...

Boob
Bender!!

CRASH

By a hair, her spear misses me and crashes into the building to my left.

Rubble is flying everywhere. My skin gets torn by several small stones grazing me, but overall, I stay unharmed... for now.

Thankfully her attack leads to a huge dust cloud that shields me from the giantess vision... for the moment I'm safe.

cough
cough

Or... not...

A huge gust of wind blows away the dust... as it vanishes, I can see it was her... blowing it away with her breath!

Shooooom

How am I supposed to fight a monster like this?!

A woman with long dark hair and large golden horns is perched on the edge of a skyscraper. She is wearing a leopard-print bikini top and a matching skirt. She has a wide-eyed, open-mouthed expression of shock or fear. The background shows a city skyline under a clear blue sky.

I run! As fast as I can! I run for my life... I'm afraid... I was too cocky... Plan B... I need a plan B!

CRASH

Think! **THINK!**
As the giantess stomps behind me, wielding her weapon in battle rage I try to think of a solution.

CRASH

CRASH

Think of a plan B!...
And then... it hits me!

Not her spear – ~~A~~ Plan!
A glimmer of hope!

I should have stayed
with the basics from
the beginning!

I should not have relied on
recently acquired powers but
remembered how I've won my
previous battles!

Time for Plan B... The
B, stands for BOOBS!!

Finally, you
stopped
running!

Are you
prepared
to die?

I do not waste my breath on her. My words wouldn't reach her up there anyway unless I used volume bending.

Instead, I activate my core powers and focus everything I have on her breasts.

I'm in luck... She is sure of her victory. It takes a while until she notices I'm doing something to her.

Ha-ha-ha!
You think you
can stop me
with that?!

But as soon as she did
the hunt continued.

I will get
you, little
mouse!

A woman with long dark hair and two large, fluffy white pom-poms on top of her head is running on a rooftop. She is wearing a tiger-print bikini top and a matching long-sleeved arm warmer on her right arm. Her hair is blowing in the wind, and she has a determined expression. The background shows a city skyline with several tall buildings under a clear blue sky.

Again, I start running.
But of course, each of
her steps is worth
several dozen of mine...

I do my best to avoid being
seen. I hide behind corners...
but she just keeps crushing
the whole building!

All the while focusing on her breasts – enhancing them while trying to escape with my life...

Holy shit! That one was close. I almost saw my life go by in front of my eyes.

Finally! I made
her bra snap!

Groan

It's the little victories in life!

She is getting slower! That additional is finally showing effect!

CRASH

CRASH

CRASH

But still... any misstep could mean certain death for me... and I am running out of breath fast here...

But then she finally topples over!

Those huge knockers finally knocked her off her feet!

CRASH

The earth underneath me shakes from her fall, but I stand my ground.

I'm not letting her find her balance!

I'm not letting her get up again!

Instead, I double down on what I was already doing from a safe distance.

Arghhh!

A woman with long brown hair and large, prominent breasts is sitting on a rooftop overlooking a city. She is looking towards the camera with a neutral expression. The city below is filled with tall buildings and red-tiled roofs. The word "Noooo" is written in pink, bubbly letters with a yellow glow behind it, positioned to the left of her head.

Noooo

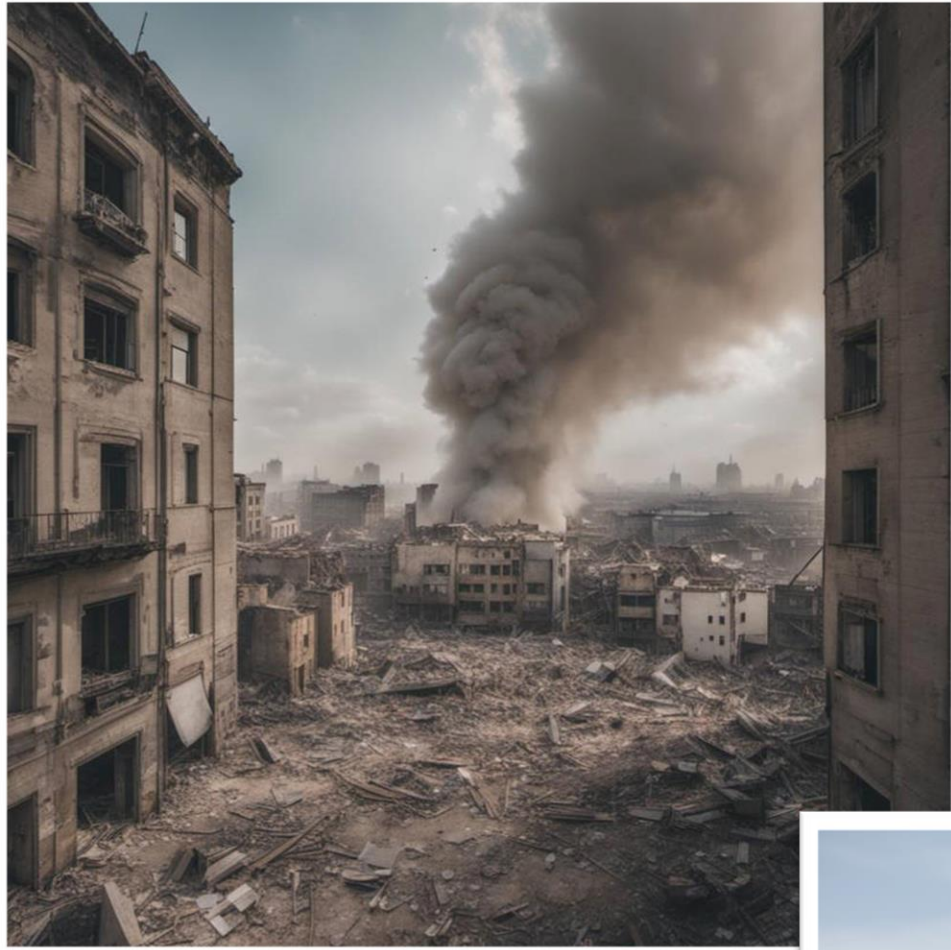

I don't know how many people came to harm because of her hunting me through town that day...

I give up!

And I don't know how many people got squashed underneath these boobs...

But as I feel her powers flowing into me, I breathe a sigh of relief... I have survived! **I have won!**

There was nothing I could do about the chaos that had been done.

Today a major gas leak has destroyed huge parts of our City.

The only thing I could do was try to prevent information of the Bender Wars going public.

By targeting people in the right positions...

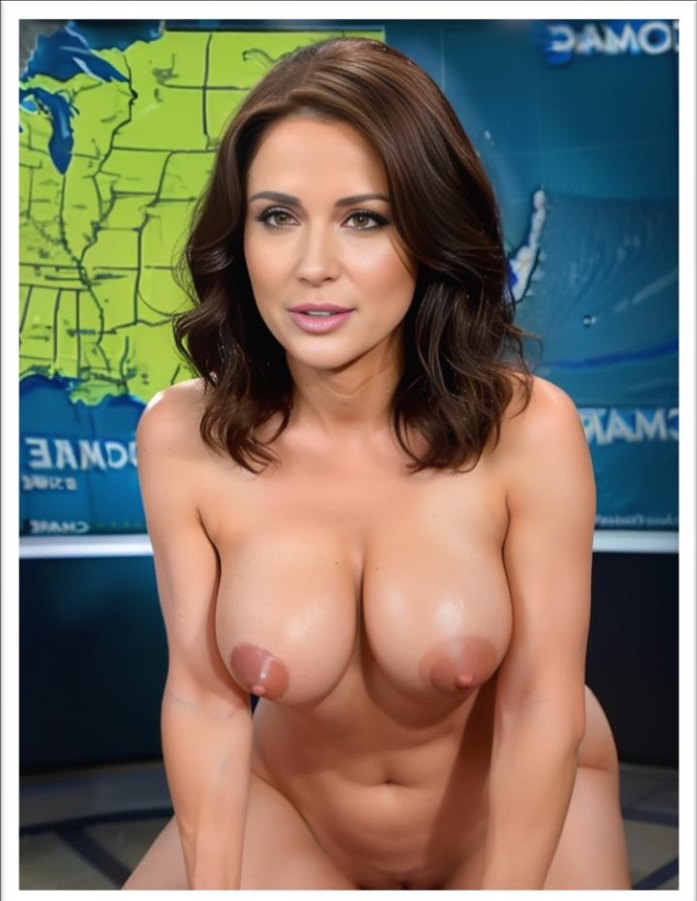

Huh?
Who are you?

Famous news anchor.

Duh! Yeah,
we are having
an affair.

Gas leak...
yes.

There was no
giant woman
destroying
our city.

Just a
hallucination
from all that
gas.

A woman with blonde hair in a ponytail, wearing a white and black police uniform. Her uniform has a name tag that says "TIDWRE" and a patch on the shoulder that says "POLICE". Her breasts are disproportionately large and protrude from her uniform. She is looking slightly to the left with a neutral expression. The background is a blurred outdoor setting with a white car.

And using my powers of
memory bending...

A giantess?
Super-sized
breasts?

No, Sir.
There definitely was
no huge Godzilla-like
woman in our city.

It was a gas
explosion.

But it's a
known side
effect of said
gas to lead to
hallucinations
...

Officer Jenniffer Adler
- Leader of the police
task force in the area...

Yeah... it
was a gas
explosion.

Yeah... I
know you are
my boyfriend!

Stop telling me
stuff I already
know and fuck
me harder!

Major of the city

This
catastrophe is a
wake-up call for
politics.

We will have a
better eye on
gas companies
in the future.

Oh, god
yes. Keep
fucking me!

No, of course,
there is no secret
magic war fought
behind the scenes
of society. That
would be insane!

I had done what I could.
Major panic was averted.

But if I wanted to protect
the people that were
important to me it was
clear: I had to leave.

And so, I said goodbye to
my mom and sister... And I
set out to bring war to
them!... Whoever they are...

After all the best defence
is a good offense...

Hello, Hexxet here,

Implementing that battle against the giantess was really hard with the tools I have at my disposal, and I feel like this chapter ran very short on the sexy part... but I hope you still enjoyed this kinda epic battle of the benders and are looking forward to how this series will progress.

I think I came up with some epic bender-powers for our guy's next opponent and I'm looking forward to implementing the next chapter. 😊
