Window Wishing XII Sex Romp Arc III Car Wash Mascot

After his adventures in the local park, King Erik continues his stroll around town and it so happens that he walks by the local gas station where our two car wash girls are looking for customers!

Cast of Characters:

Erik ...

Car Wash Girls...

The Fairy King

The mother and sister (previously tourists) who were turned into more like sister-elf girls working at the gas station – washing cars – and loving it!

In fairyland, two of the new inhabitants (previously mother and daughter on vacation but age regressed into sisters and turned into elven citizens), have a problem. Their car-wash business is not working out so well...

You know... maybe we should overthink our business model...

What do you mean?

I'm just saying...

Maybe "sexy car wash" in a town with only women ...

Where half the population does not even own a car cause they can fly...

Nah!
You are overthinking this. We just need better advertising.

Hm...

Carwash!
Sexy carwash!
You don't even have to bring a car. We'll just wash ours!

Thankfully, King Erik walks by in their time of need.

But one person from their past is trying to interfere with their new lives as well!

Mrs. Jackson?!

Have you seen two touris...

Oh, my god! What are you wearing?!

What happened to your ears?!

Oh, hi Nell!

You know her, sis?

Anyway, one thing leads to another...

I've got an idea, my liege!

Me two...

How about we turn my former employee into a giant shiny sex doll statue to advertise car wash?

Mhm... great idea. I wish it was so.

I wish you'd be wearing more fitting clothes for a car wash girl!

And for the final touch, I wish you'd turn into a plastic sex doll!

After some hot car-wash and sex doll flavored sex...

Hm... Strawberry flavor, I'd say!

Moan

Really?! So cool!!

How does her pussy feel, my king?

Wow!
I... don't know!

Like it's pulsating - turning... massaging my shaft. Sucking me in even deeper with every thrust.

Dolly loves to play!

It is time to finish our car wash girl's wish and grow Nell Doll into a monumental landmark to advertise the station!

From here on out Nell doll's giant shiny buttocks served as a great advertisement for the new car-wash enterprise in town...

End of Teaser
