Three years have passed since my fight with that time-bender... I had to face lots of challenges since then, but I grew stronger as well. To put it in numbers, I've amassed 427 Bender powers!

The Bender wars are close to coming to an end. Only three of us are left.

Ah fuck...
make that
two...

I had come here to
the farthest corner
of the earth in the
hopes of acquiring
some final power
before the big
showdown...

But it seems I was
beaten to the punch...
The weather was
reflecting my mood
perfectly...

I could have really used those powers...

Cause if the legend was true...
with a thousand powers
distributed on earth...

I was quite at a disadvantage...

And if rumors were true... the
last other bender next to me...

Killed all his opponents...

And is the worst possible
opponent for me imaginable!

For he is a man!
My primary
power does not
work on men!

Lightning strikes close
to me and when the
smoke settles a guy is
standing there... my
next and final
opponent. *gulp*

So, we
finally meet.

Hi
there!

Guess now
it's just
me...

You...

And that army
of scantily clad
women behind
you!

Yup! I brought them with me!
Most of my previous conquests.

Call me a coward, call me
whatever you want.

But I am the Boob Bender!

And when I'm up against a male
opponent...

I bring my own boobs!

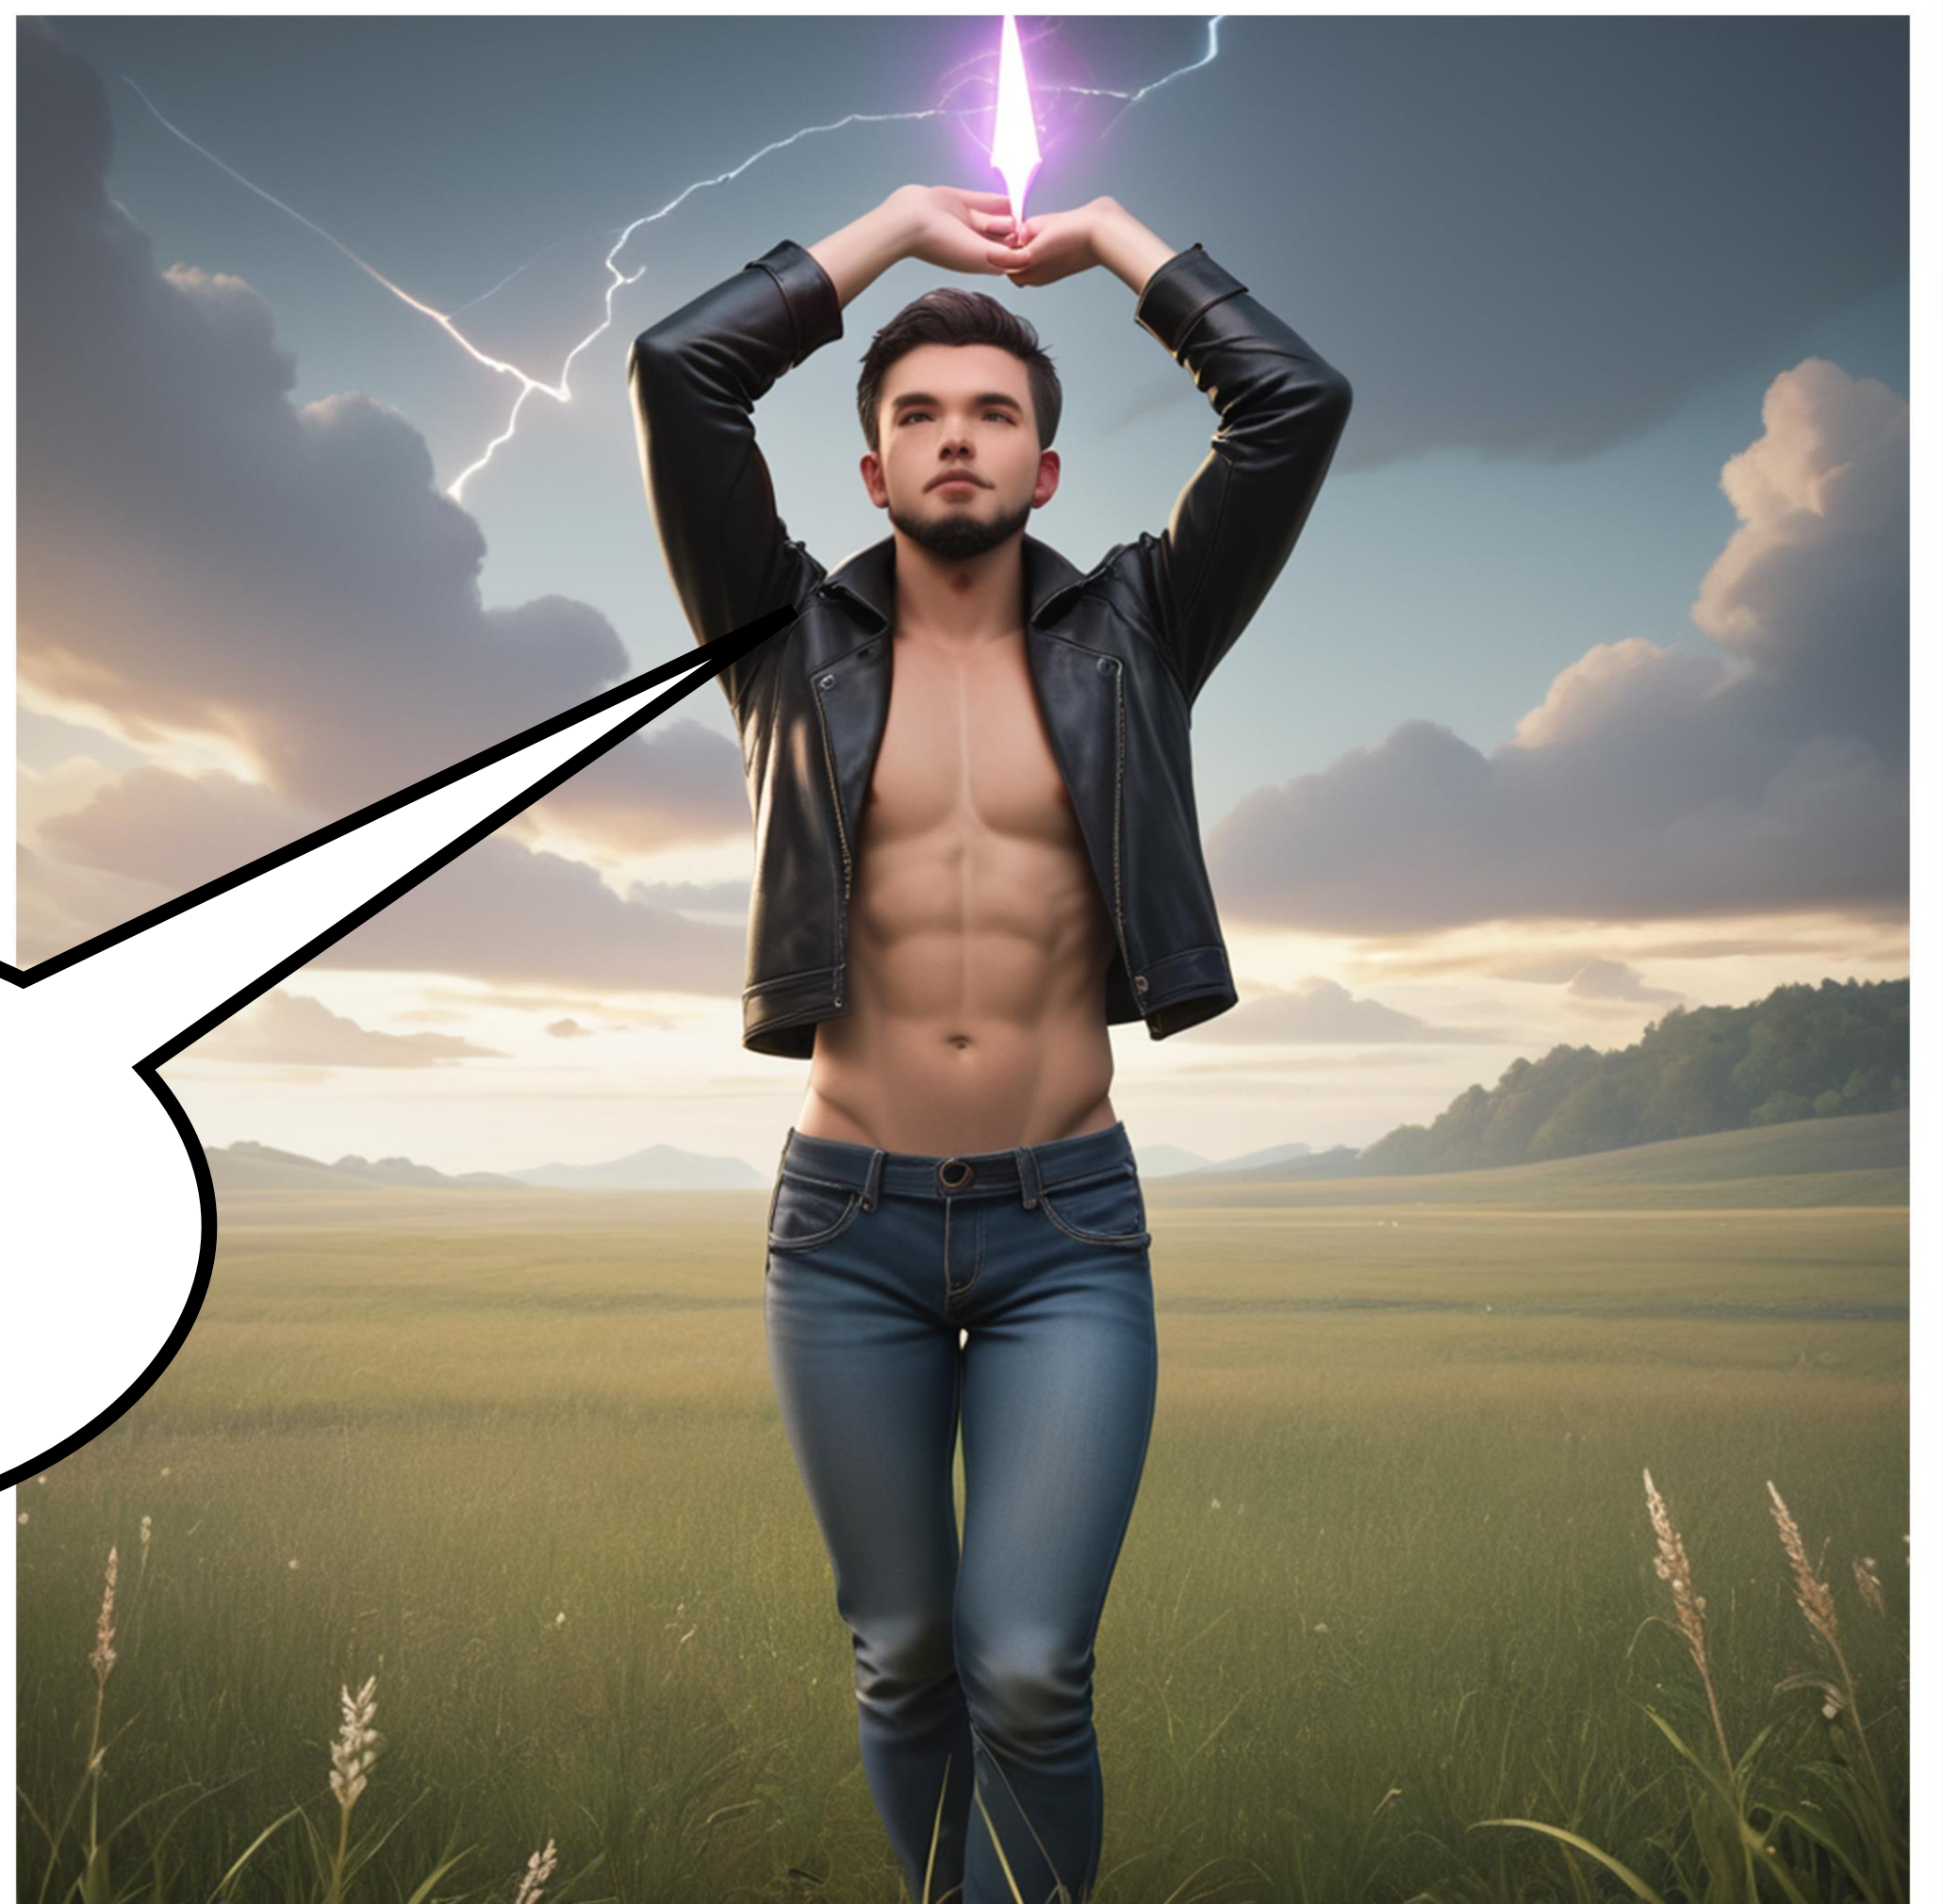

The lightning from the clouds manifests next to the guy...

It doesn't matter how many maggots you've got.

And while the sky clears up a lightning spear forms in his hands...

I'll squish them all!

The attack was not directed at us... he just wanted to flaunt his powers...

And it worked!
Holy fuck! That's a massive crater!

This guy can bend the weather while I bend boobs?!

How's this a fair fight?!

A close-up portrait of a young man with dark brown hair, light blue eyes, and a well-groomed beard. He is wearing a black leather jacket and is looking slightly off-camera with a faint, enigmatic smile. The background is a soft-focus landscape of a green field under a blue sky with scattered white clouds.

So, let's
start for
real now.

Neither of us moved. To
an outsider it might have
looked confusing... but
the battle had begun.

A battle of mind powers.

I can't tell you how many battles I've
won at this stage already. Making your
enemy just give up by controlling their
minds was the safest way of winning
after all...

But not this time. He was way too strong... well... I can be satisfied with his mind powers not working on me either I guess...

Well, it would have been a pity if it was over too quick anyway.

And I'm burning to try out these new powers I just acquired.

He points to the ground and out of the earth a huge monstrous golem thing manifests. *gulp*

Tina, your
turn!

Muscle and Size Bending
activate!

Yes,
Master!

I've got
this!

Before my eyes, Tina's
frame grows to an
enormous size. A task
we've trained repeatedly.

As the two gigantic
opponents engage in battle
it soon becomes
apparent...

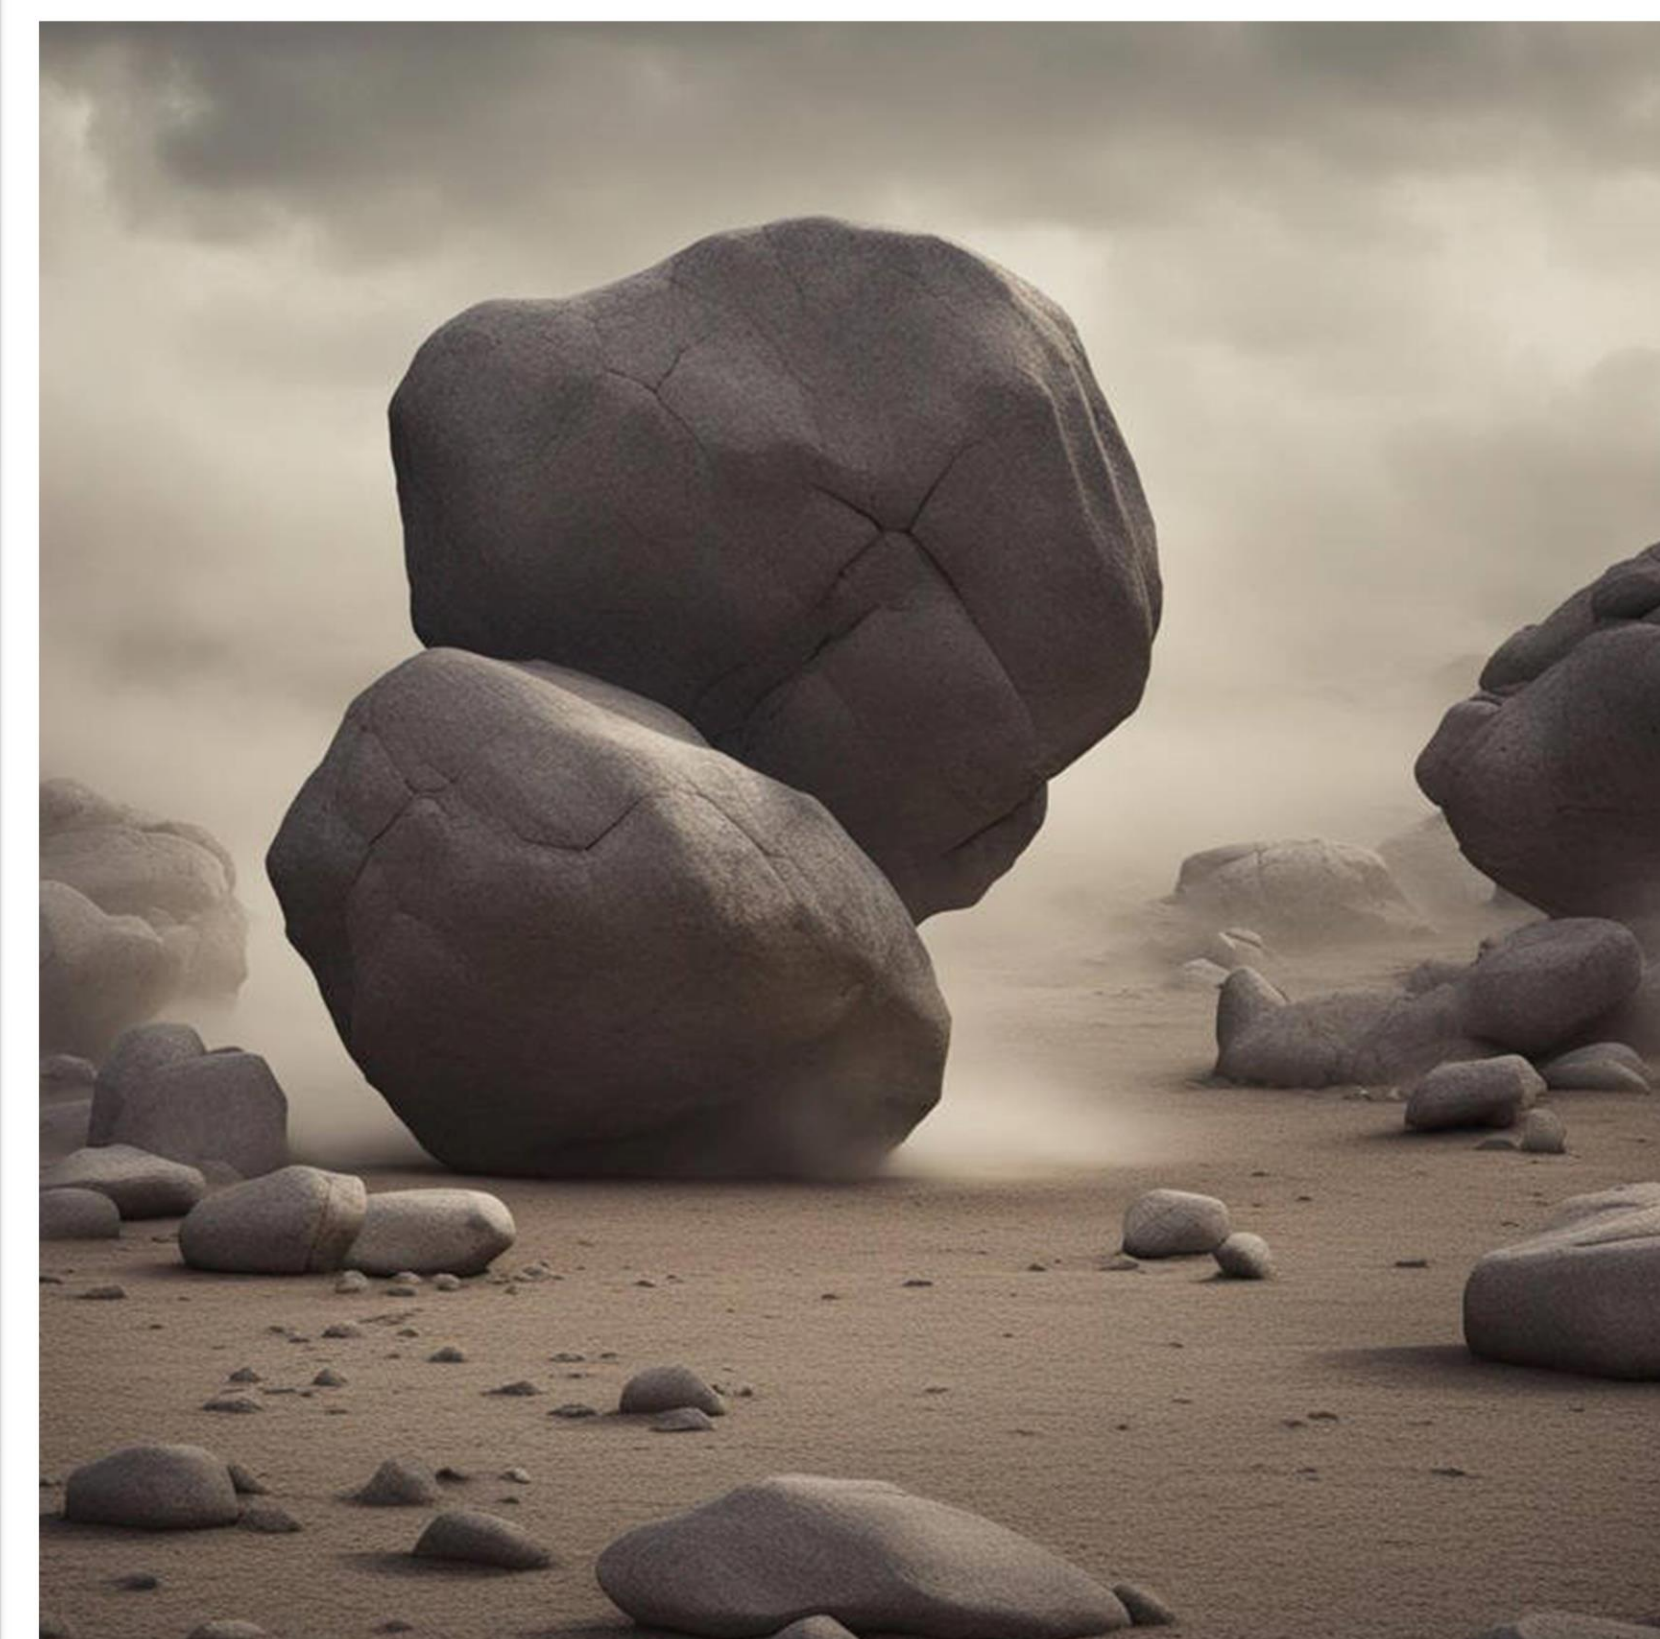

Raaaarrrr

Raaaarrrr

They are evenly matched!

We have the Kaiju fight develop somewhere else as we move on to the next stage of the battle... and my opponent is already preparing his next attack.

Big rocks detach from the ground, hovering in mid-air... before he hurls them at us at a tremendous speed!

Girls,
prepare the
milk!

Milk
canons read,
Master!

Fire!

pew

pew

pew
pew

My girls' milk barrage
effectively takes down the
rocks - cutting them in mid-air.

A man with short brown hair and a light beard is smiling at the camera. He is wearing a black leather motorcycle jacket that is open, revealing his muscular torso. He is also wearing black leather pants with a silver buckle. He is standing in a field of tall, golden-brown grass. In the background, there are rolling green hills under a blue sky with some clouds. A speech bubble is positioned in the upper right corner of the image.

You... have a
really strange way
of fighting...

He seemed in a
talkative mood...

Thanks!

Though you
are not the
first to say
that...

So, I used small talk
to buy some time –
to distract him from
Trish's hair that was
quickly and silently
creeping through
the cornfield...

I can
imagine.
chuckle

I'm the Boob
Bender. What's
your primary
power?

You stupid, or what?
I'm not gonna give
you that info.
chuckle

Stupid or not, I got you now! The strangulation hair was in place! I had Trish's hair tighten the knot. Now it was just a matter of time for him to give up!

Or not!

You really think
this parlor trick
is going to stop
me?

Trish's hair was
catching fire quickly...

And along the hairline,
it was spreading back
to her!

Oh, god,
no!

Quick action was
of the essence!

Milk
Shower!

I could not think of
anything else to stop the
fire at that moment...

I can't bend the weather, but I
can still make it rain!

And it worked!
The milk put out
the fire!

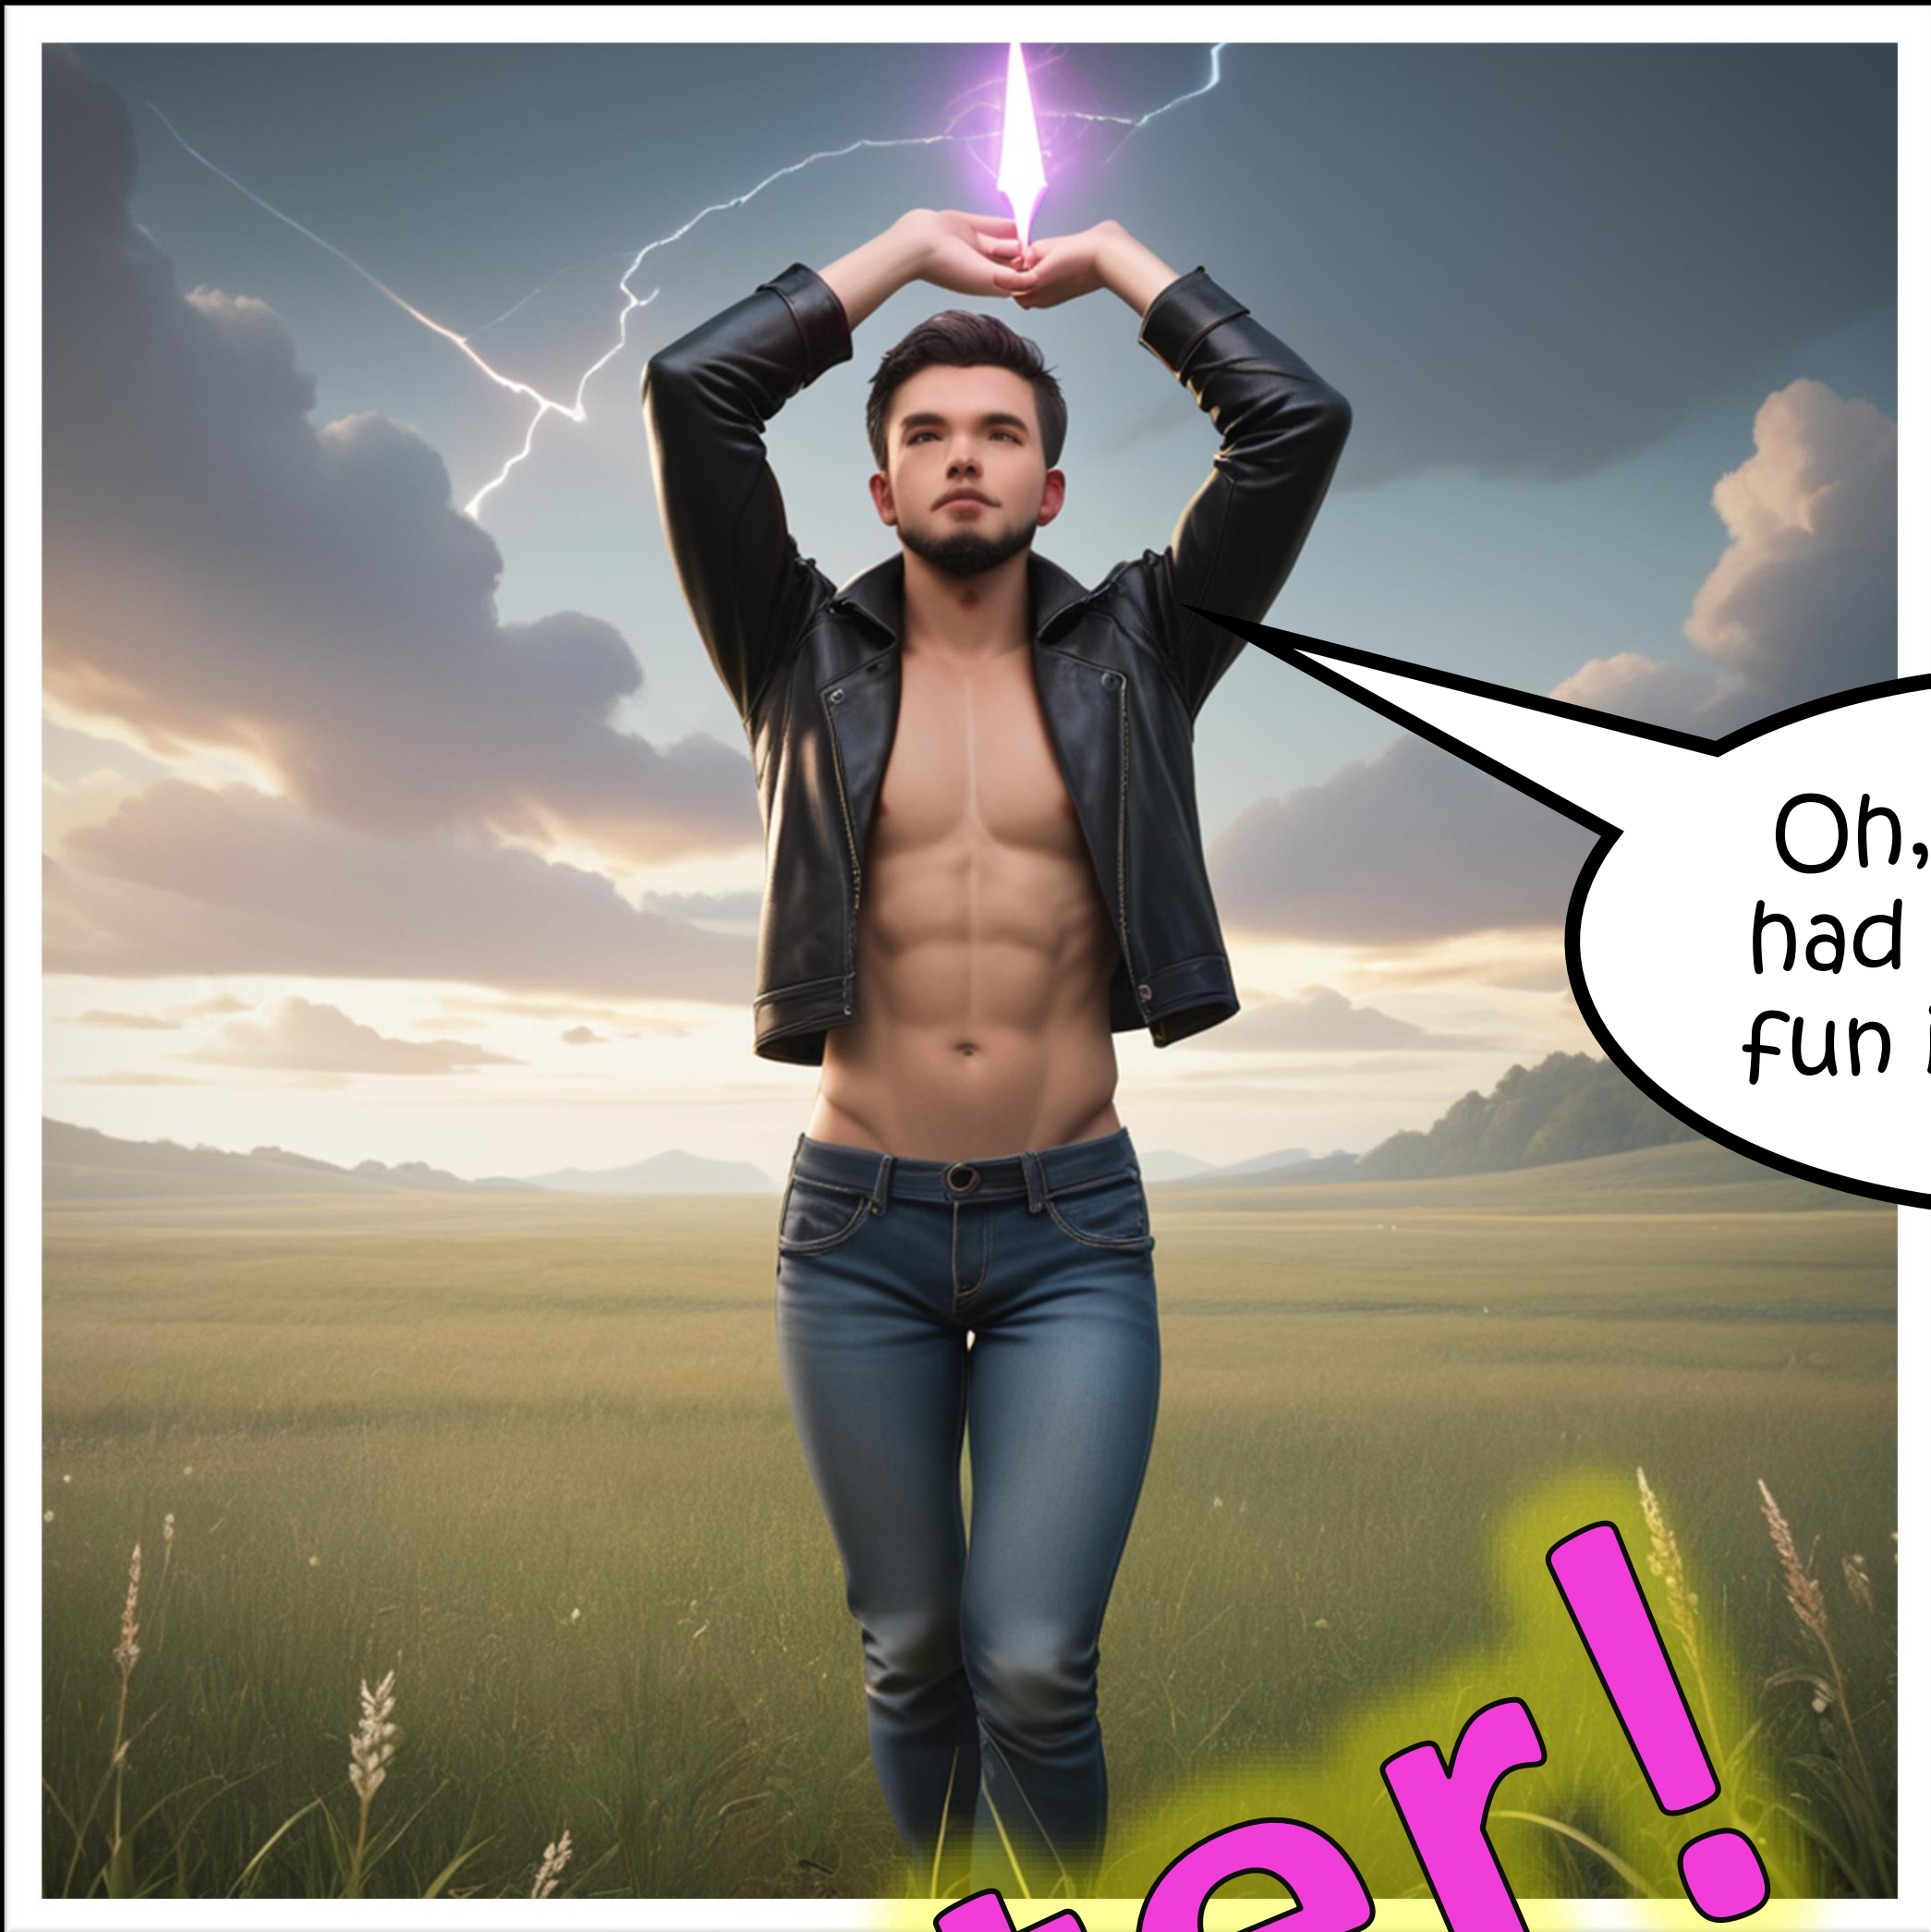

Thank you,
Master!

That was a
close call.

Yes,
Master!

Withdraw to
the backline,
Trish.

Damn it!
I got distracted
with putting out
the fire!

Oh, I haven't
had this much
fun in months!

Master!

The guy summons ice
shards out of nowhere!

They are directed
straight at me!

Look Out

I had no time to
react to that attack.

Master!

Ahhhhh

But bravely Anna
steps in to shield me.

Having taken the
brunt force of the
attack she sinks to
the ground...

Anna!

I'm glad. *cough*,
Master. I could be of use
cough to you *cough*...
in the end...

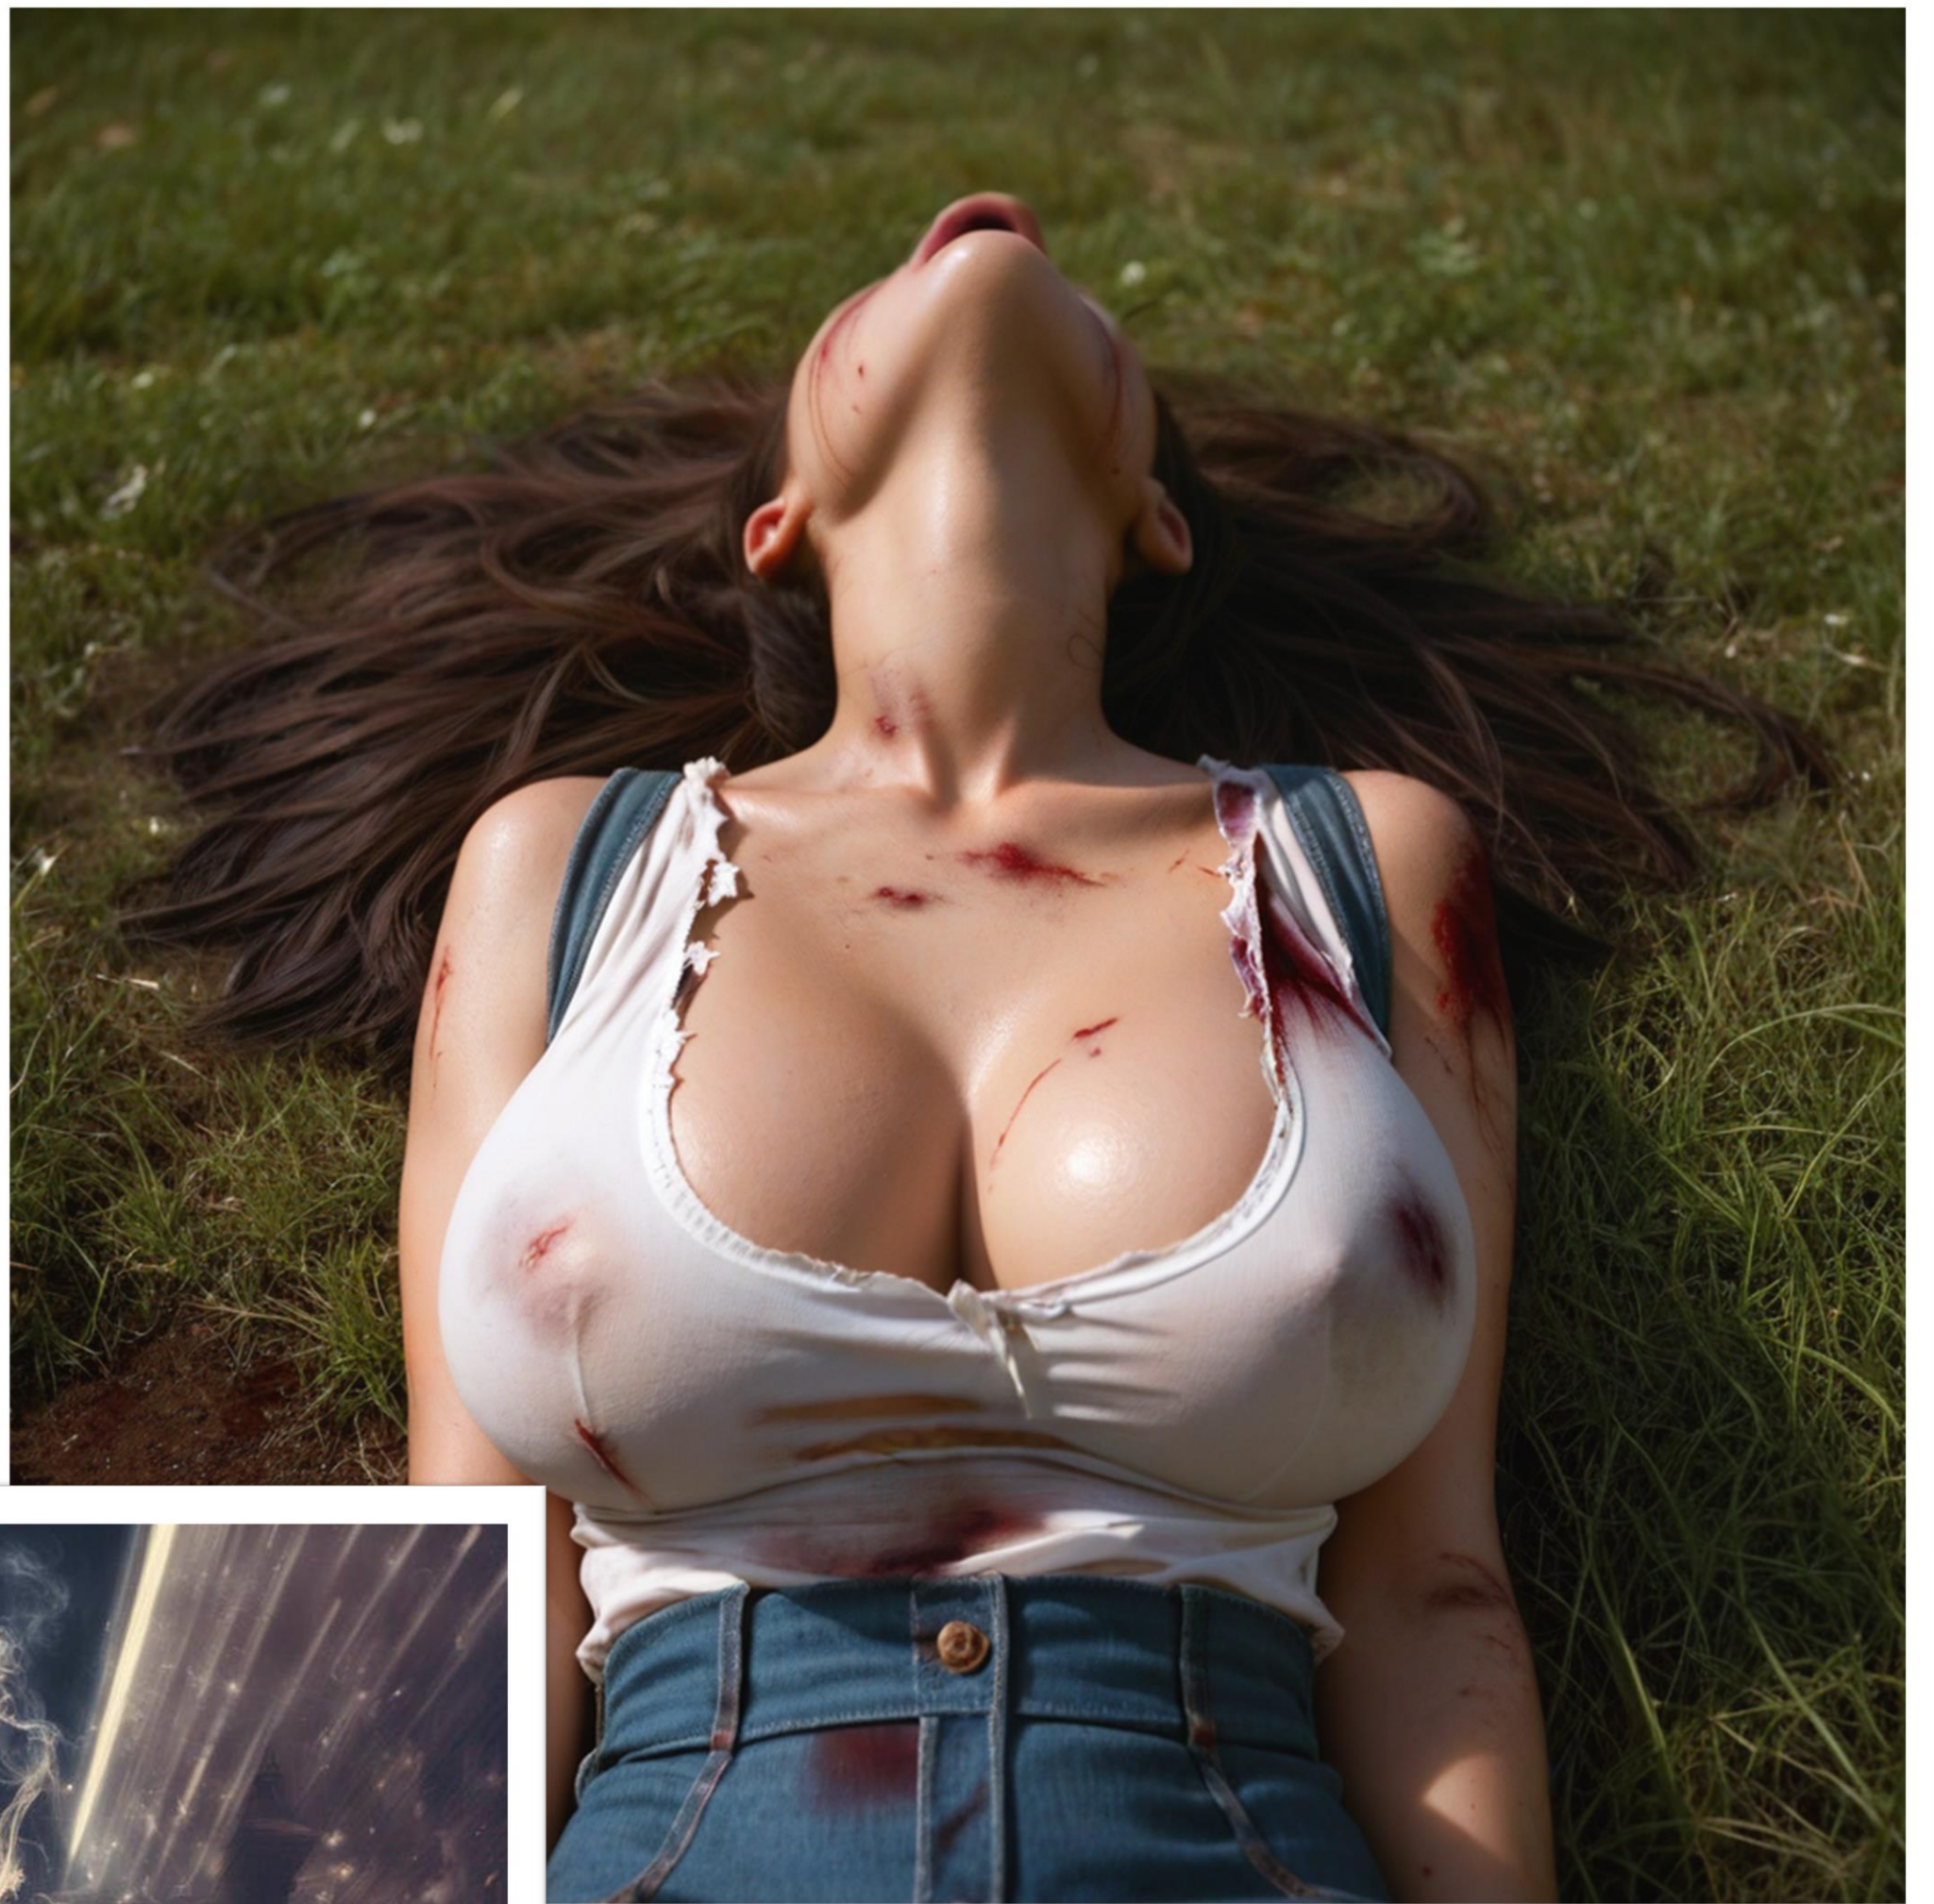

Nooooooooo!

Anna! No!
Please! Don't
die on me!

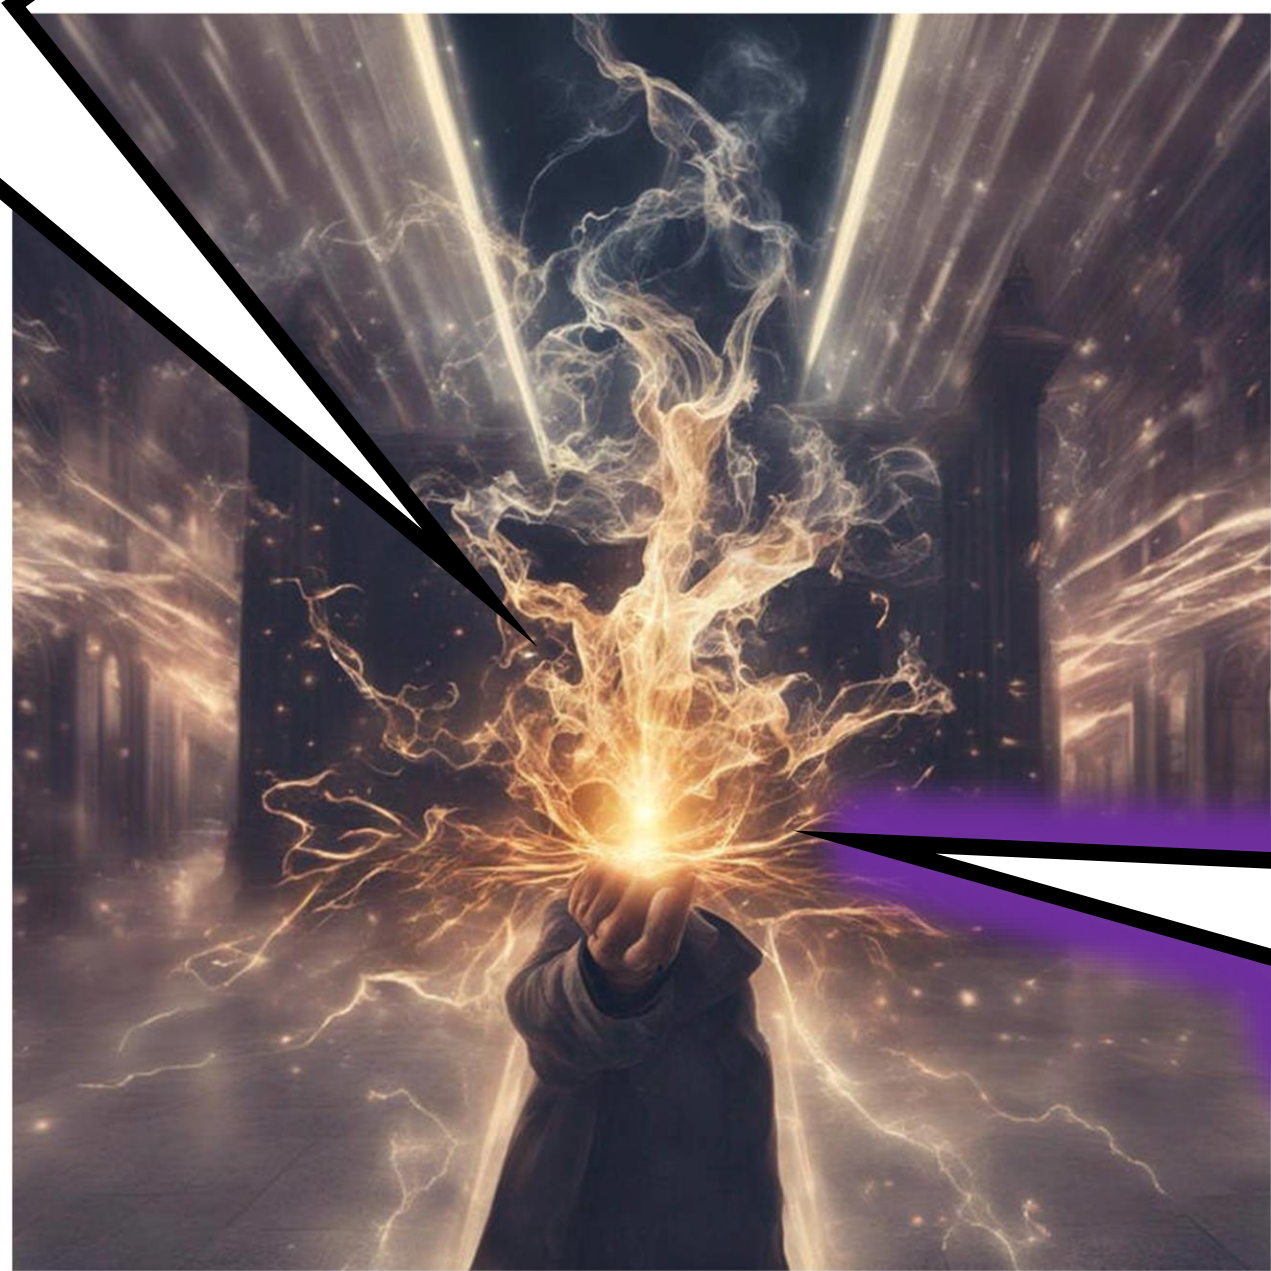

The women with me all have wanted to kill me at one point in the past... but over the course of my adventures, I've grown very fond of my hare... I mean friends! **They are my friends!**

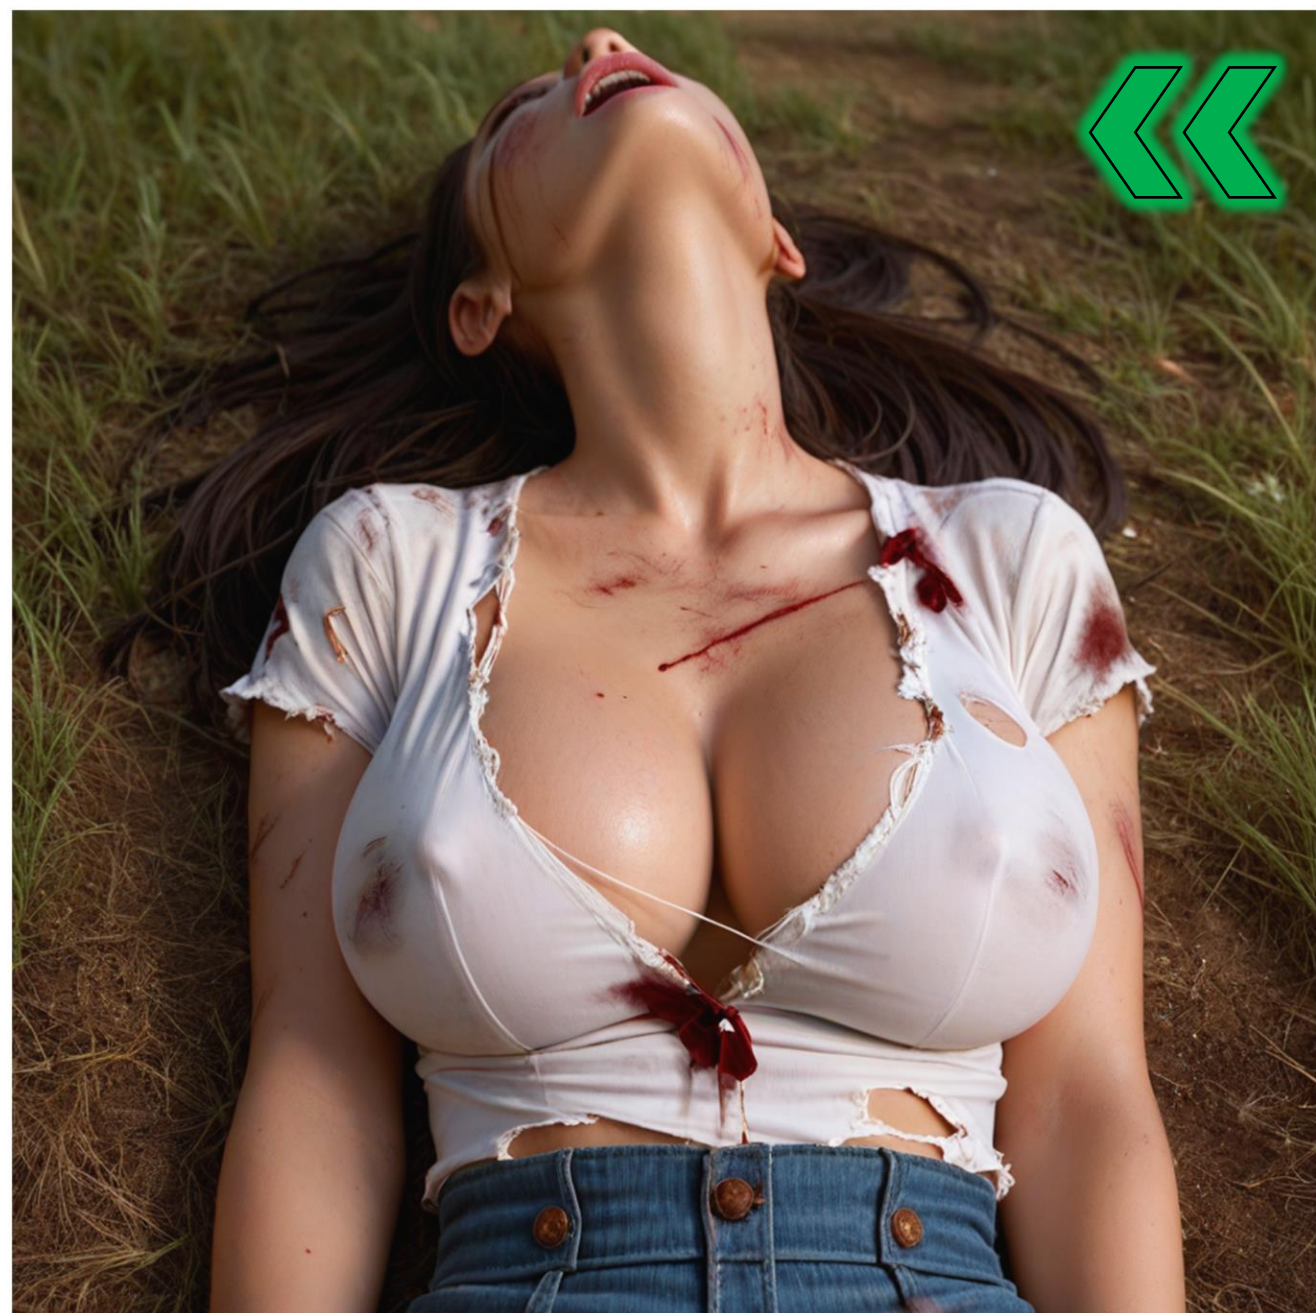

Nice move!
Maybe I should have
gotten myself some slaves
as well to use as canon
fodder! *chuckle*

You
Monster!

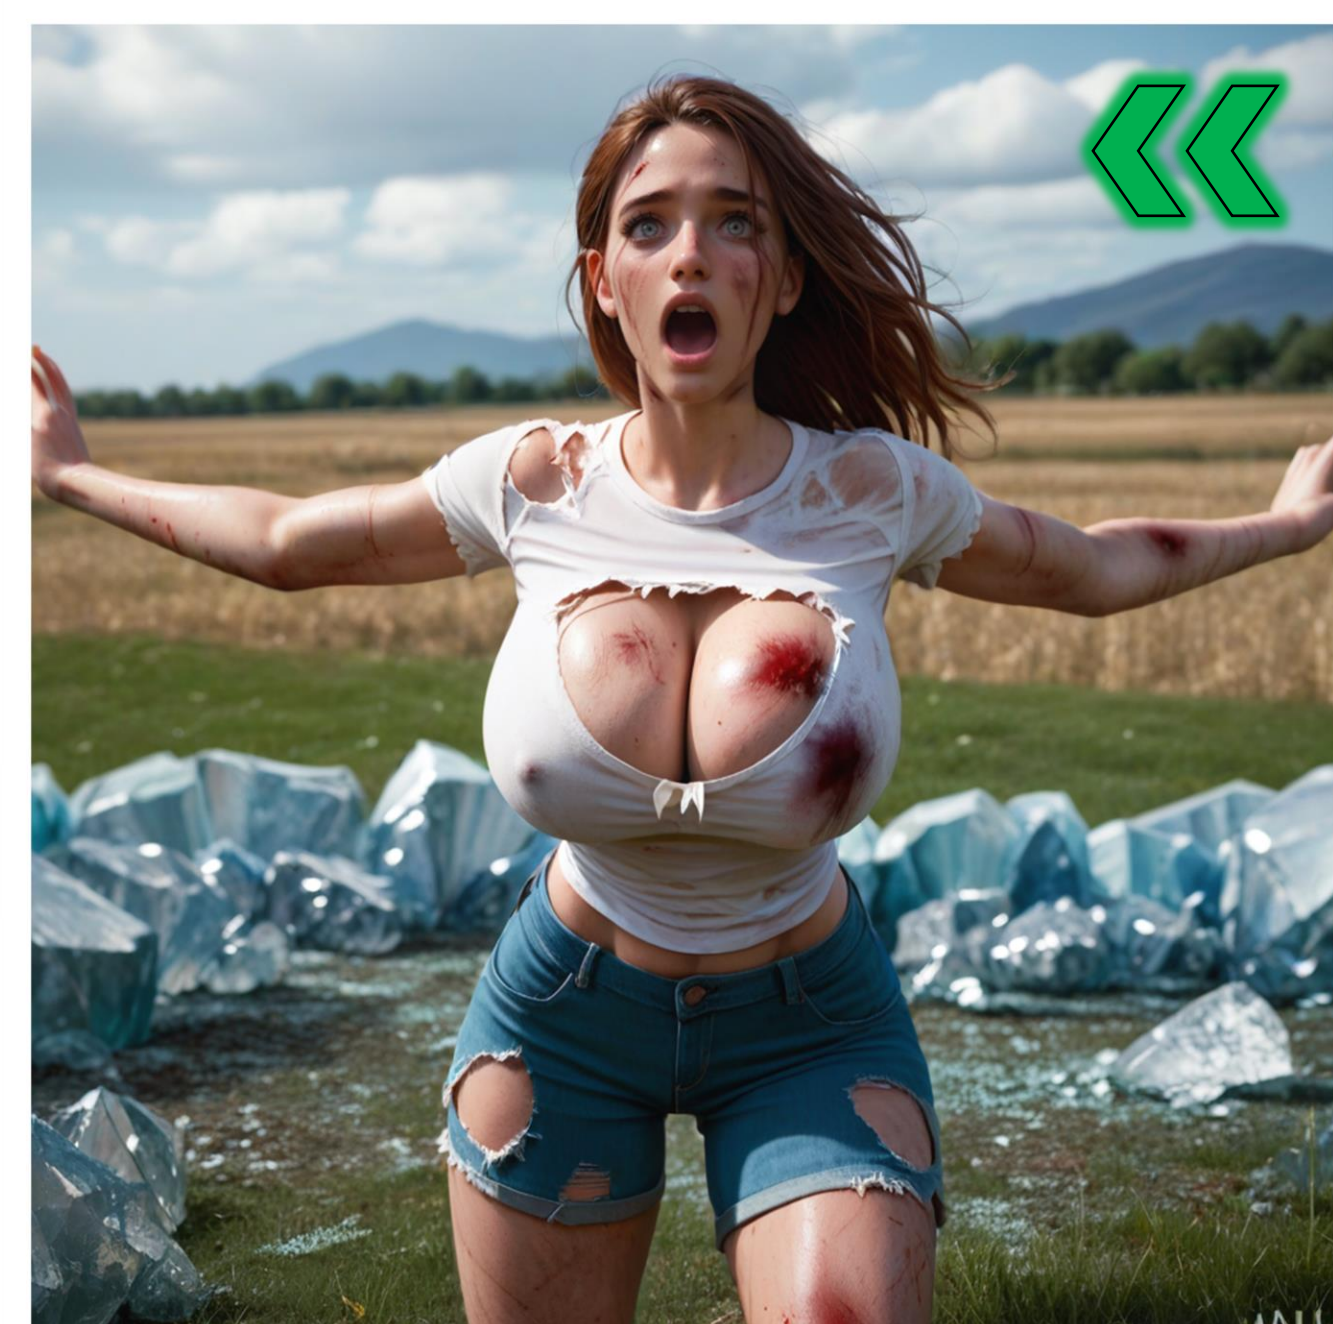

Time
Rewind!

Rewinding time took
a lot of my power...
but I was not ready to
lose Anna!

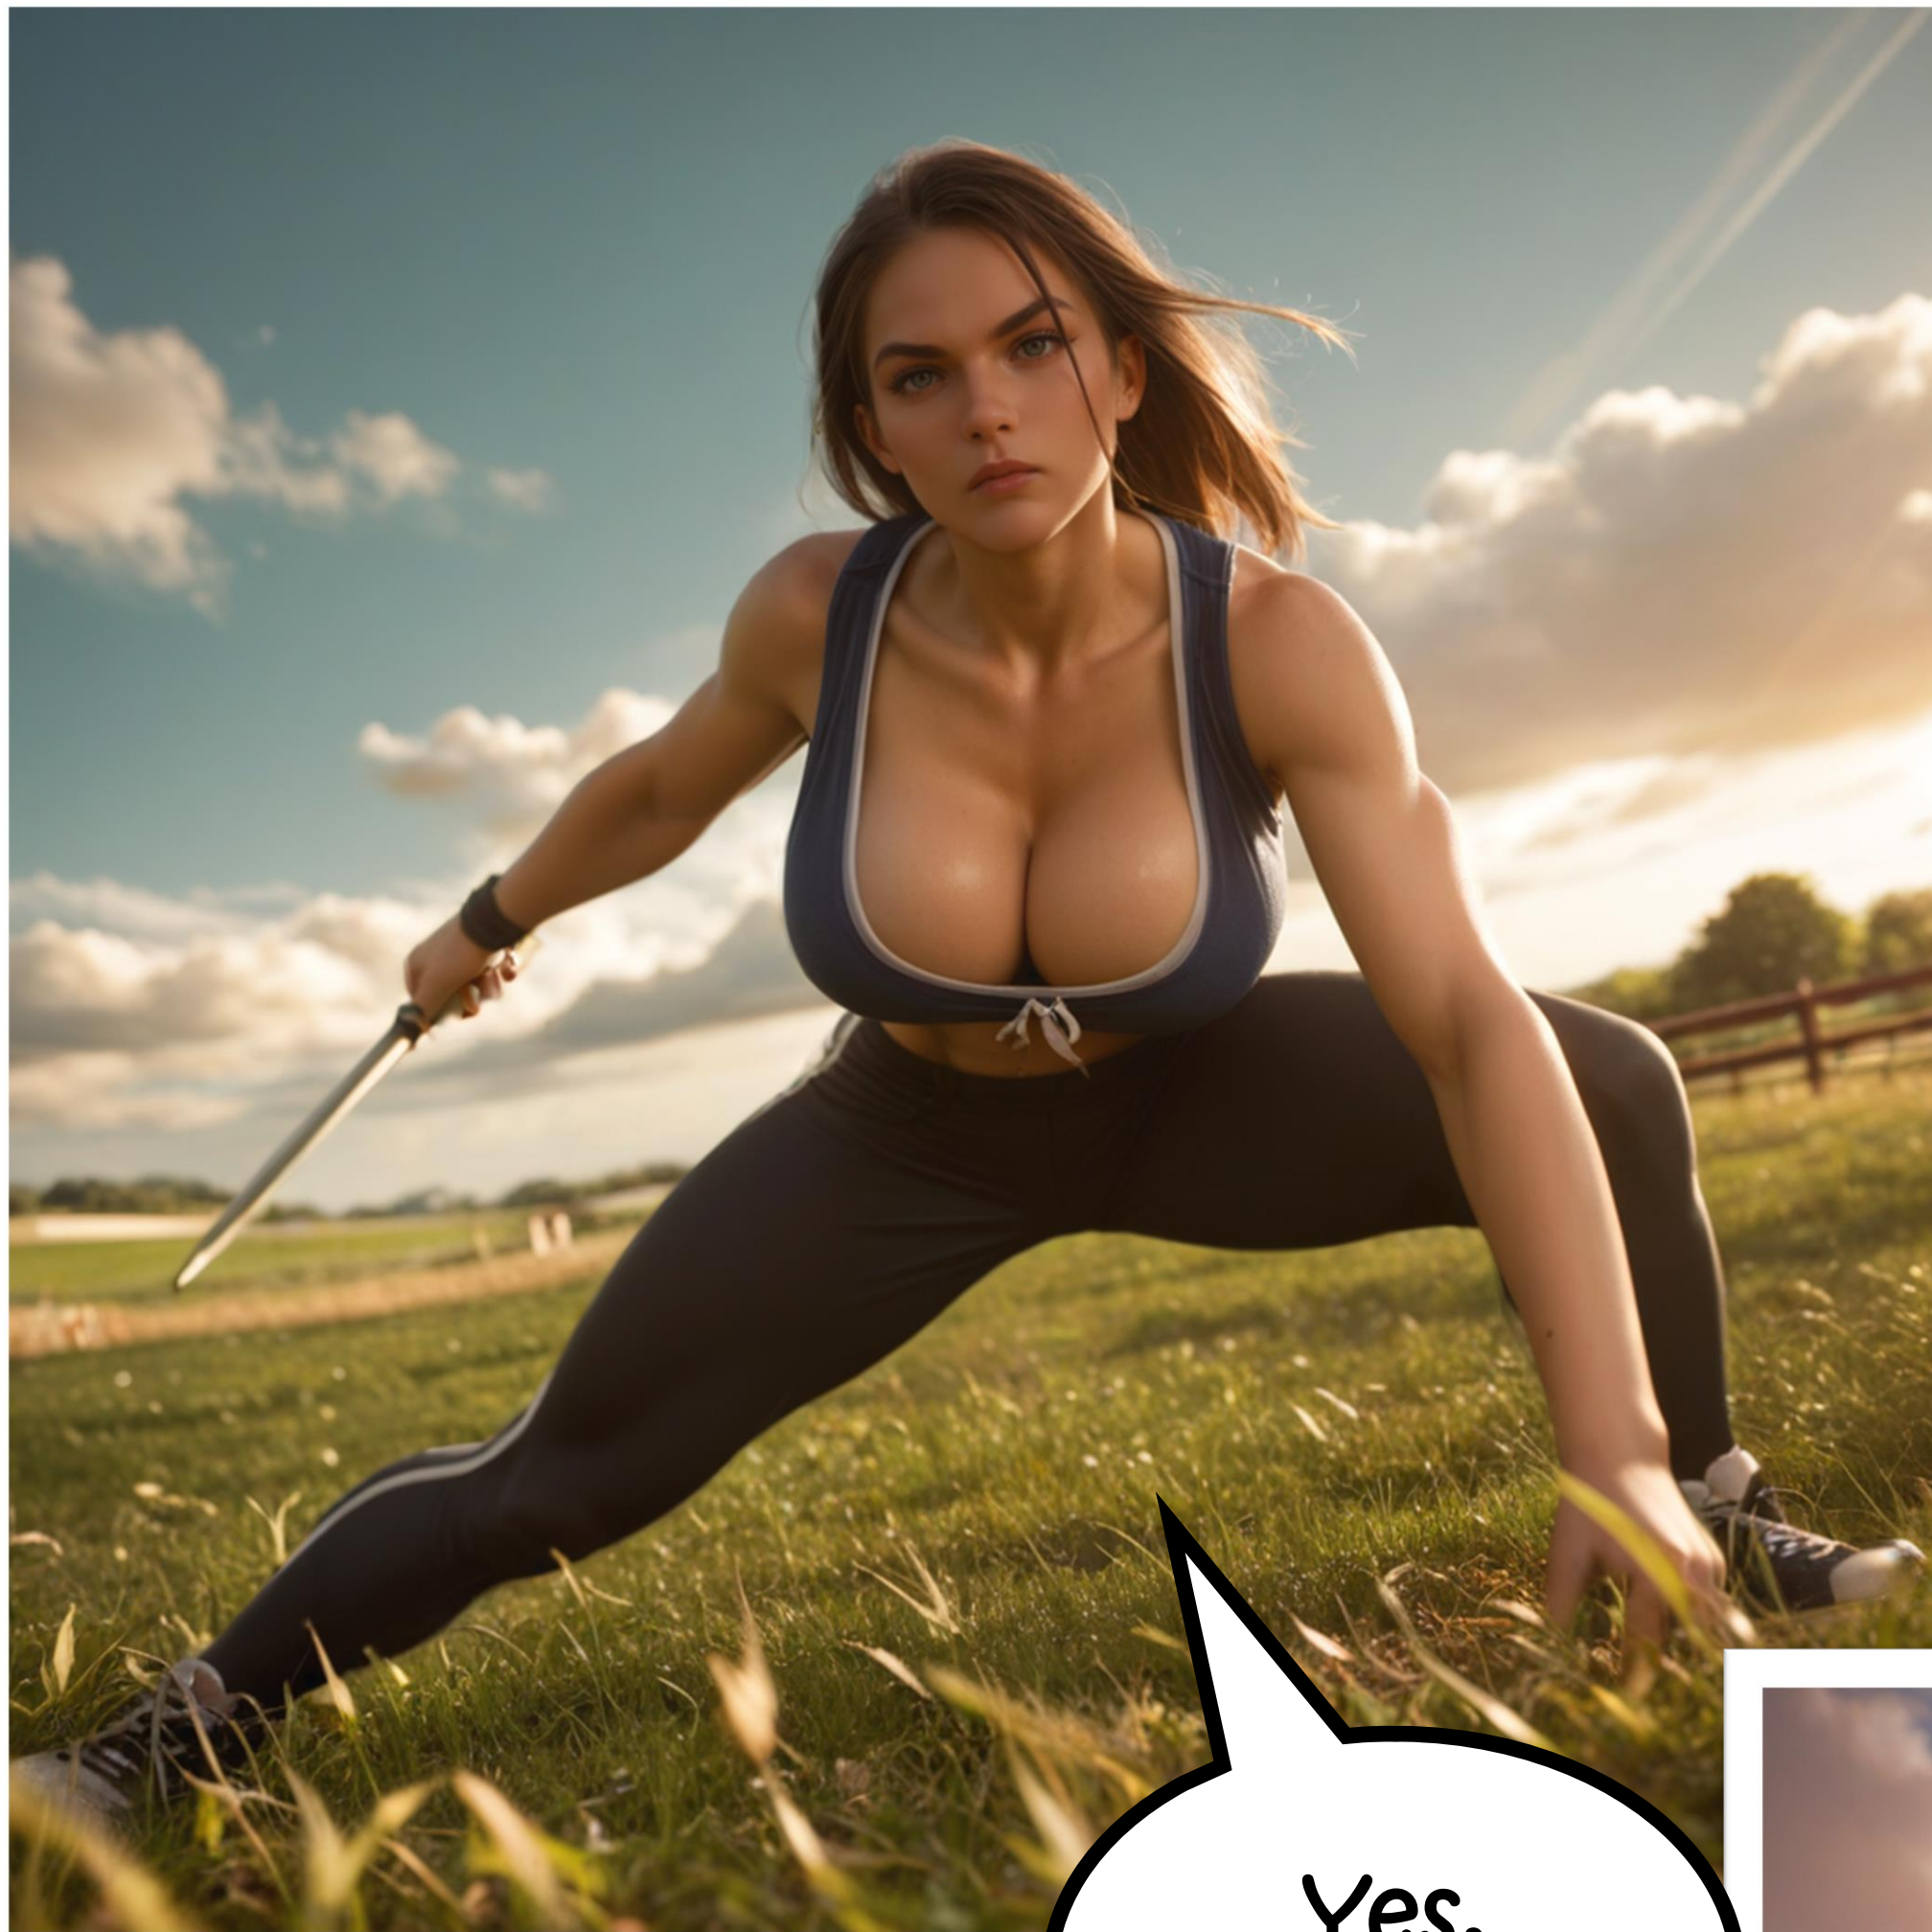

When time was back to
the attack... I simply
dodged... no need for
Anna to jump in...

Time Travel?!
Nice! I will enjoy
those powers once I
reap them from
your dead body.

Fuck! Usually, people should not be
aware of time being rewind. How
powerful is this guy?! **Fuck!**

Jessica, Erika!
Let's do this!

Yes,
Master!

These two have the best fighting capabilities among my followers. They've incredible reflexes and have been enhanced with muscle bending. Together with them, I enter melee combat. For if this guy was that good with ranged attacks... his weakness must lie in close combat!

But it's in vain!
None of our
attacks connect!
He just evades or
blocks them all!

Chuckle
You done?

My turn!

POW

POW

POW

With ease he turns Jessica's next attack around and grasps her neck!

Let go of her!

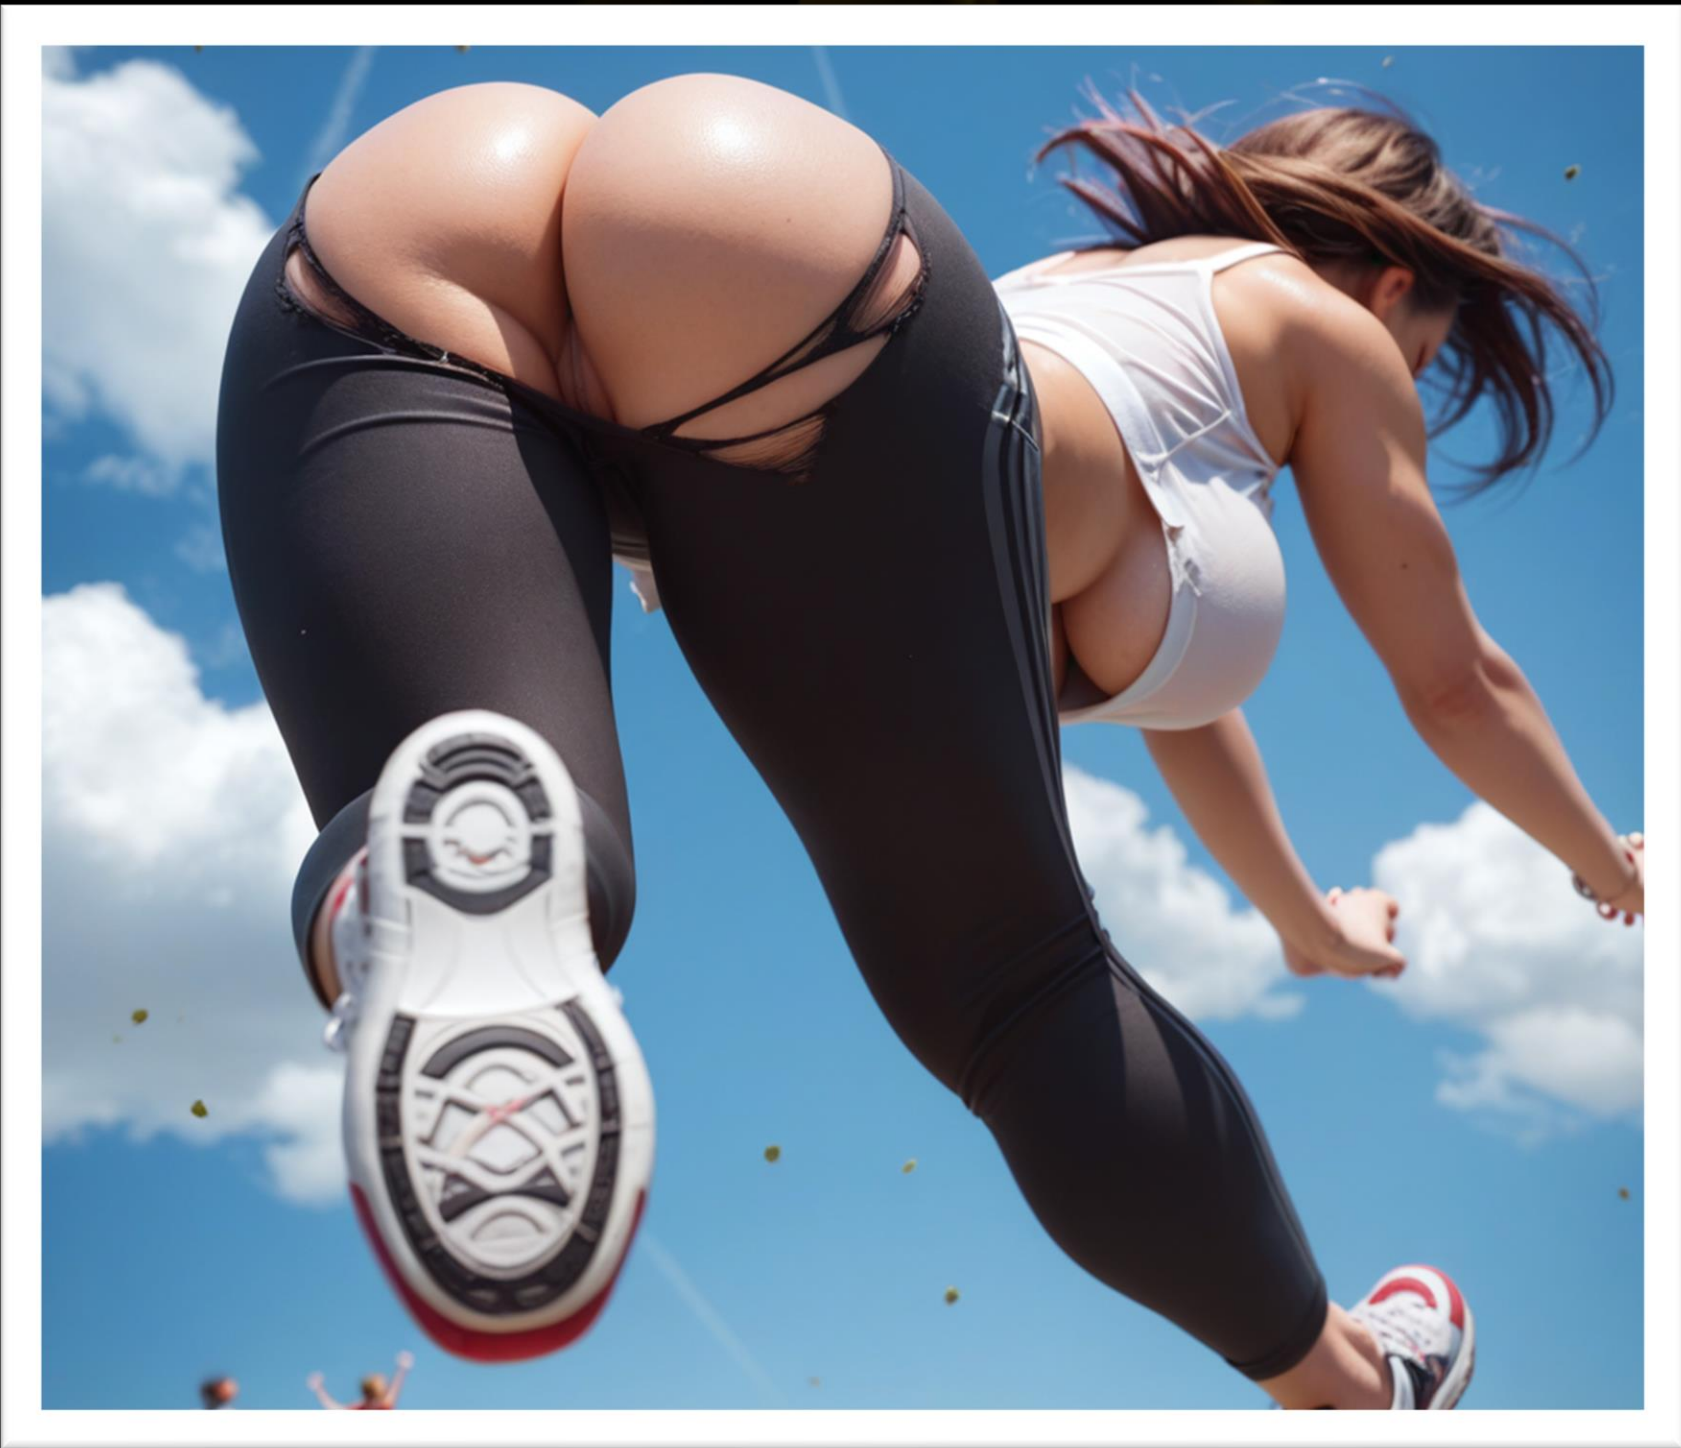

POW

Erika's attack did not do any damage to him, but at least he was forced to let go of Jessica...

Sadly, he had enough time to throw her really high into the air and her fall was directed towards a stone.

All I could think of to help her as I
saw her falling from the sky was...

Butt Bending!

Her already ripped pants from the fight ripped even further as I funneled all my power into her butt expanding it at tremendous speed.

And I think I
managed to create
quite the crumple
zone before her
impact.

CRASH
BOING

After a comical landing, Jessica tries to stand up again but lands on all fours with a pain-struck face. That crash still must have hurt...

I rush over to her...

Are you alright?

I think I broke a leg. I can't move. I'm sorry Master.

Shit! I can't
heal you right
now, Jess.

Stone Bending activate!

But I won't
leave you all
defenseless
out here!

Thank
you,

Jessica's words fall silent
as her head turns to
stone just like the rest of
her petrified body. I can
only hope that this form
will keep her safe
throughout the battle...

, Mas...

As I turn back to the battle behind me, I see Erika fighting the other bender... she's holding out fine... though...

No... he's just toying with her!

Erika's sent flying through the air by one of his punches!

BAM

And crashes headfirst into the ground.

CRASH

She's not moving!

FUCK!

But I don't have time to
contemplate as my enemy
rushes in on me – tackling
me to the ground.

What a force - I
fall to the ground.

I can see him casting... summoning
some kind of spear-like projectile.

I'm too dazed from the previous impact.

I can't escape!

Body hardening!

So, I focus what little is left of my energy on defense – making my skin hard as steel...

Tsk!
You really think
that will do you
any good?

By the way,
this is my
primary!

I see a spear of lightning
hurling towards me...

It pierces my body with ease. My hardening technique pierced like a sheet of paper!

Krrrtsch

I feel my life force draining away. He might have missed critical organs... but I did not have long...

Was this the End?

He is just too strong!

If I had just arrived a little sooner... gotten that last other bender's powers instead of him...

He even sees through my Time Rewind!

There is no hope...

Wistful my eyes fall upon Jessica's statue. I had petrified her to save her – now I would never get to that...

...Unless!

Time Rewind!

Once again
time reverses
before my eyes.

Again, Erika is flung through the air.

Catch

But this time I catch her fall and set her down in the field.

Thank you,
master.

Stay
here.

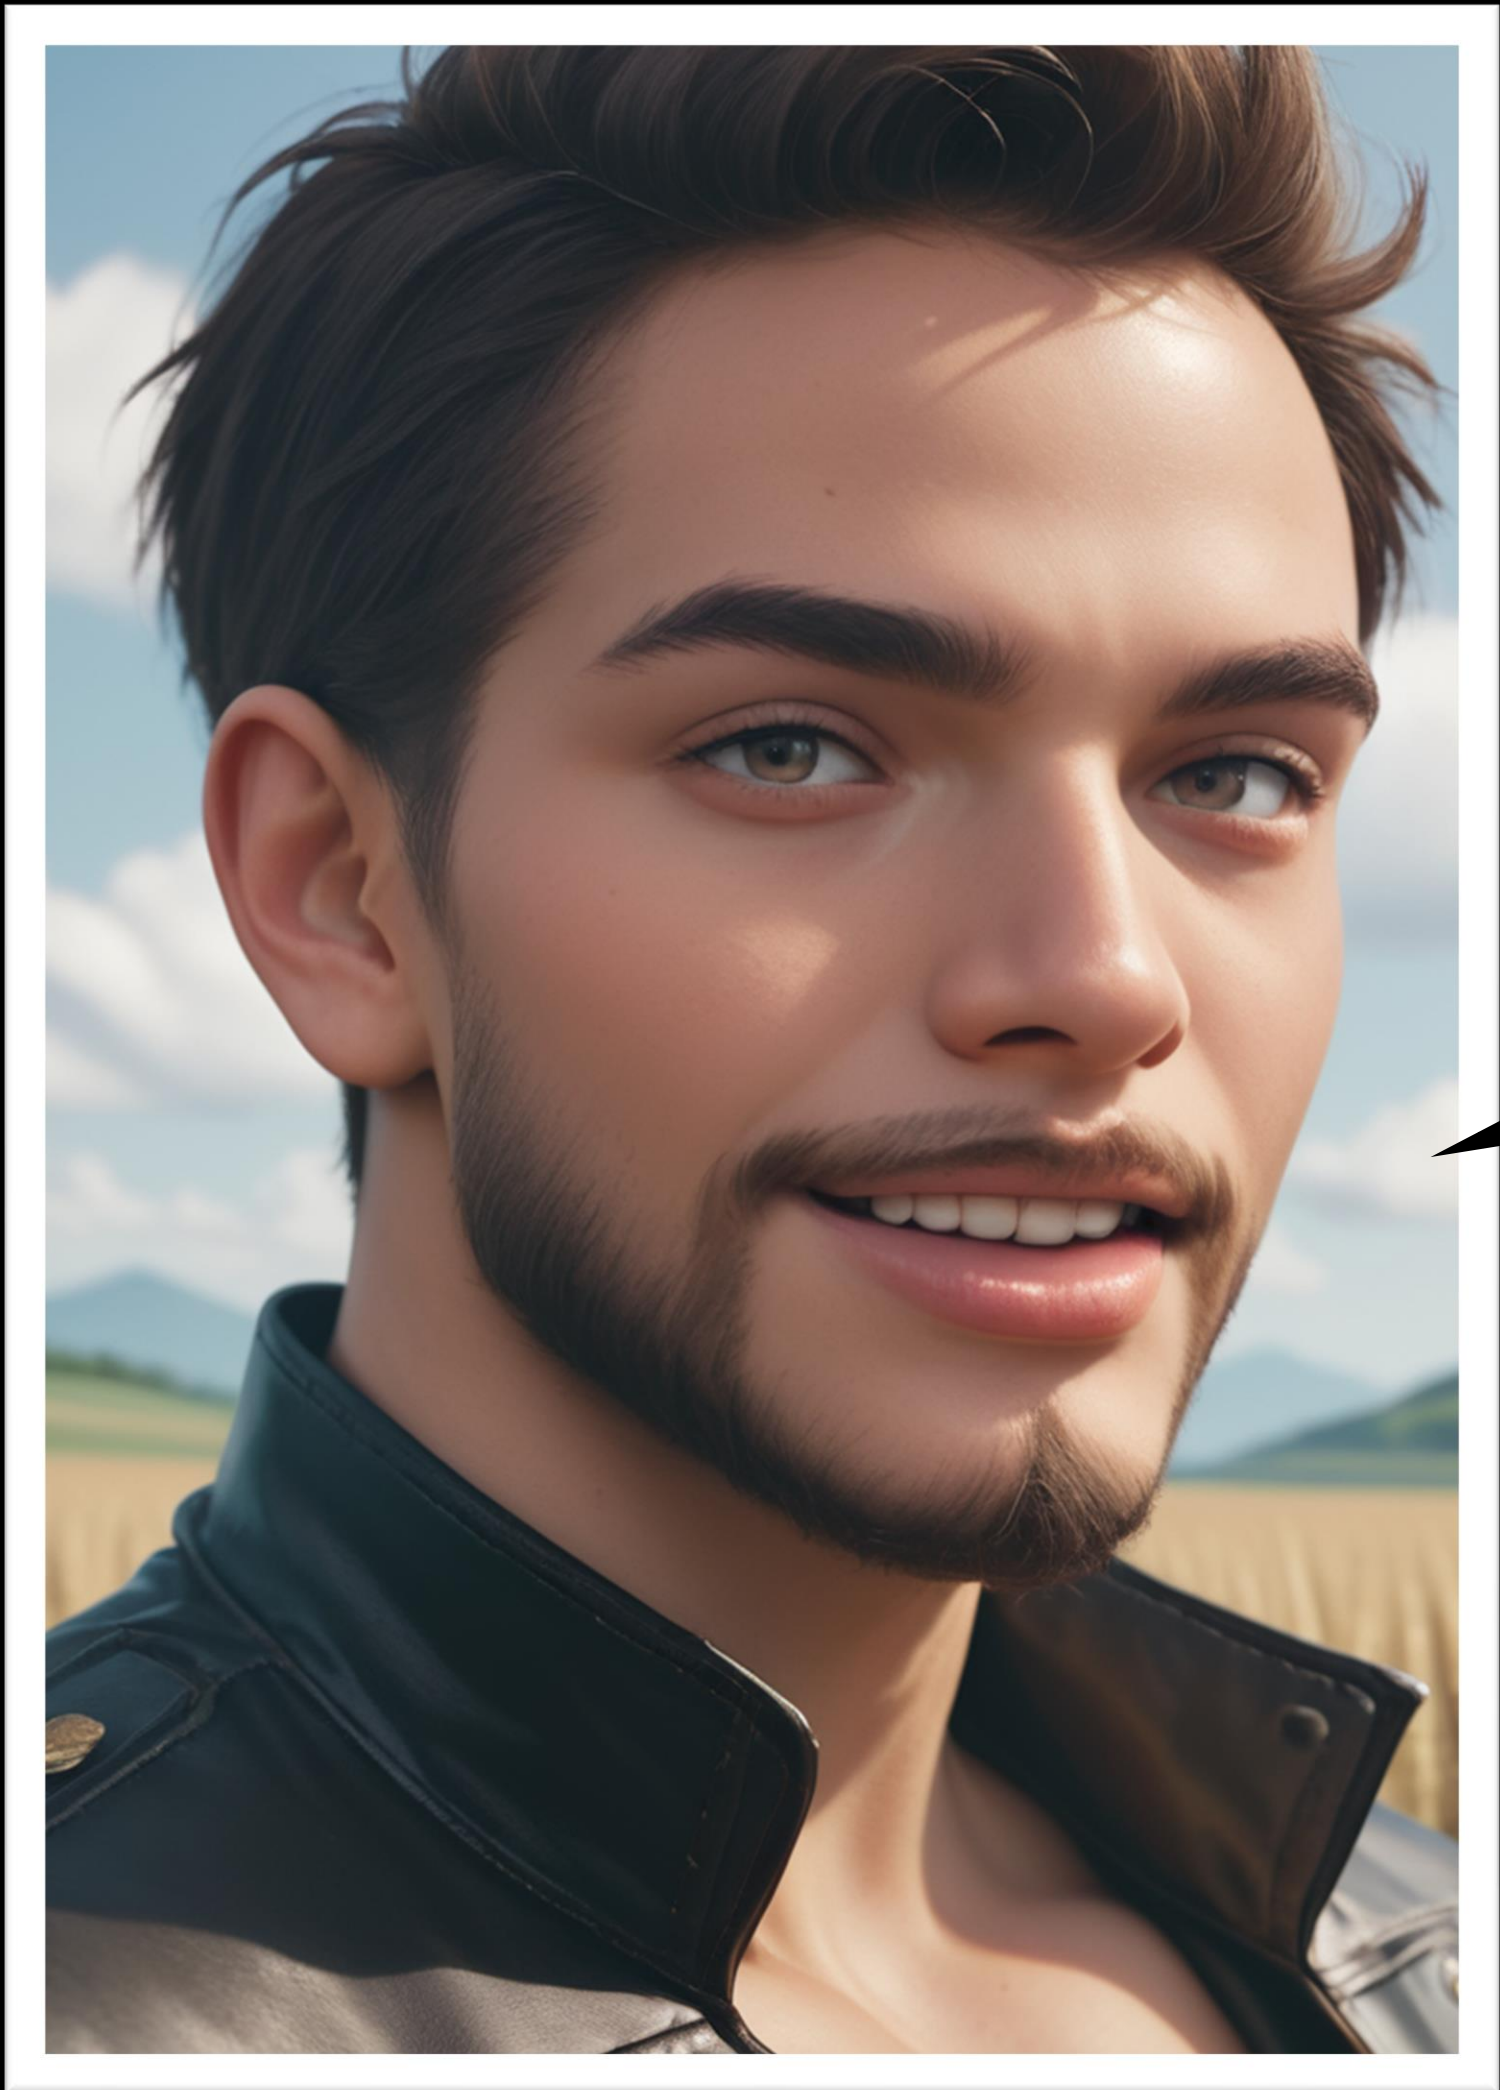

Stay
here!

But Master,
I can still
fight.

As you
command,
Master.

Another
Time Travel?

I wonder how many
more of those you
can handle.
chuckle

That was my last! And he
knows it! I barely have
enough energy left for
anything!

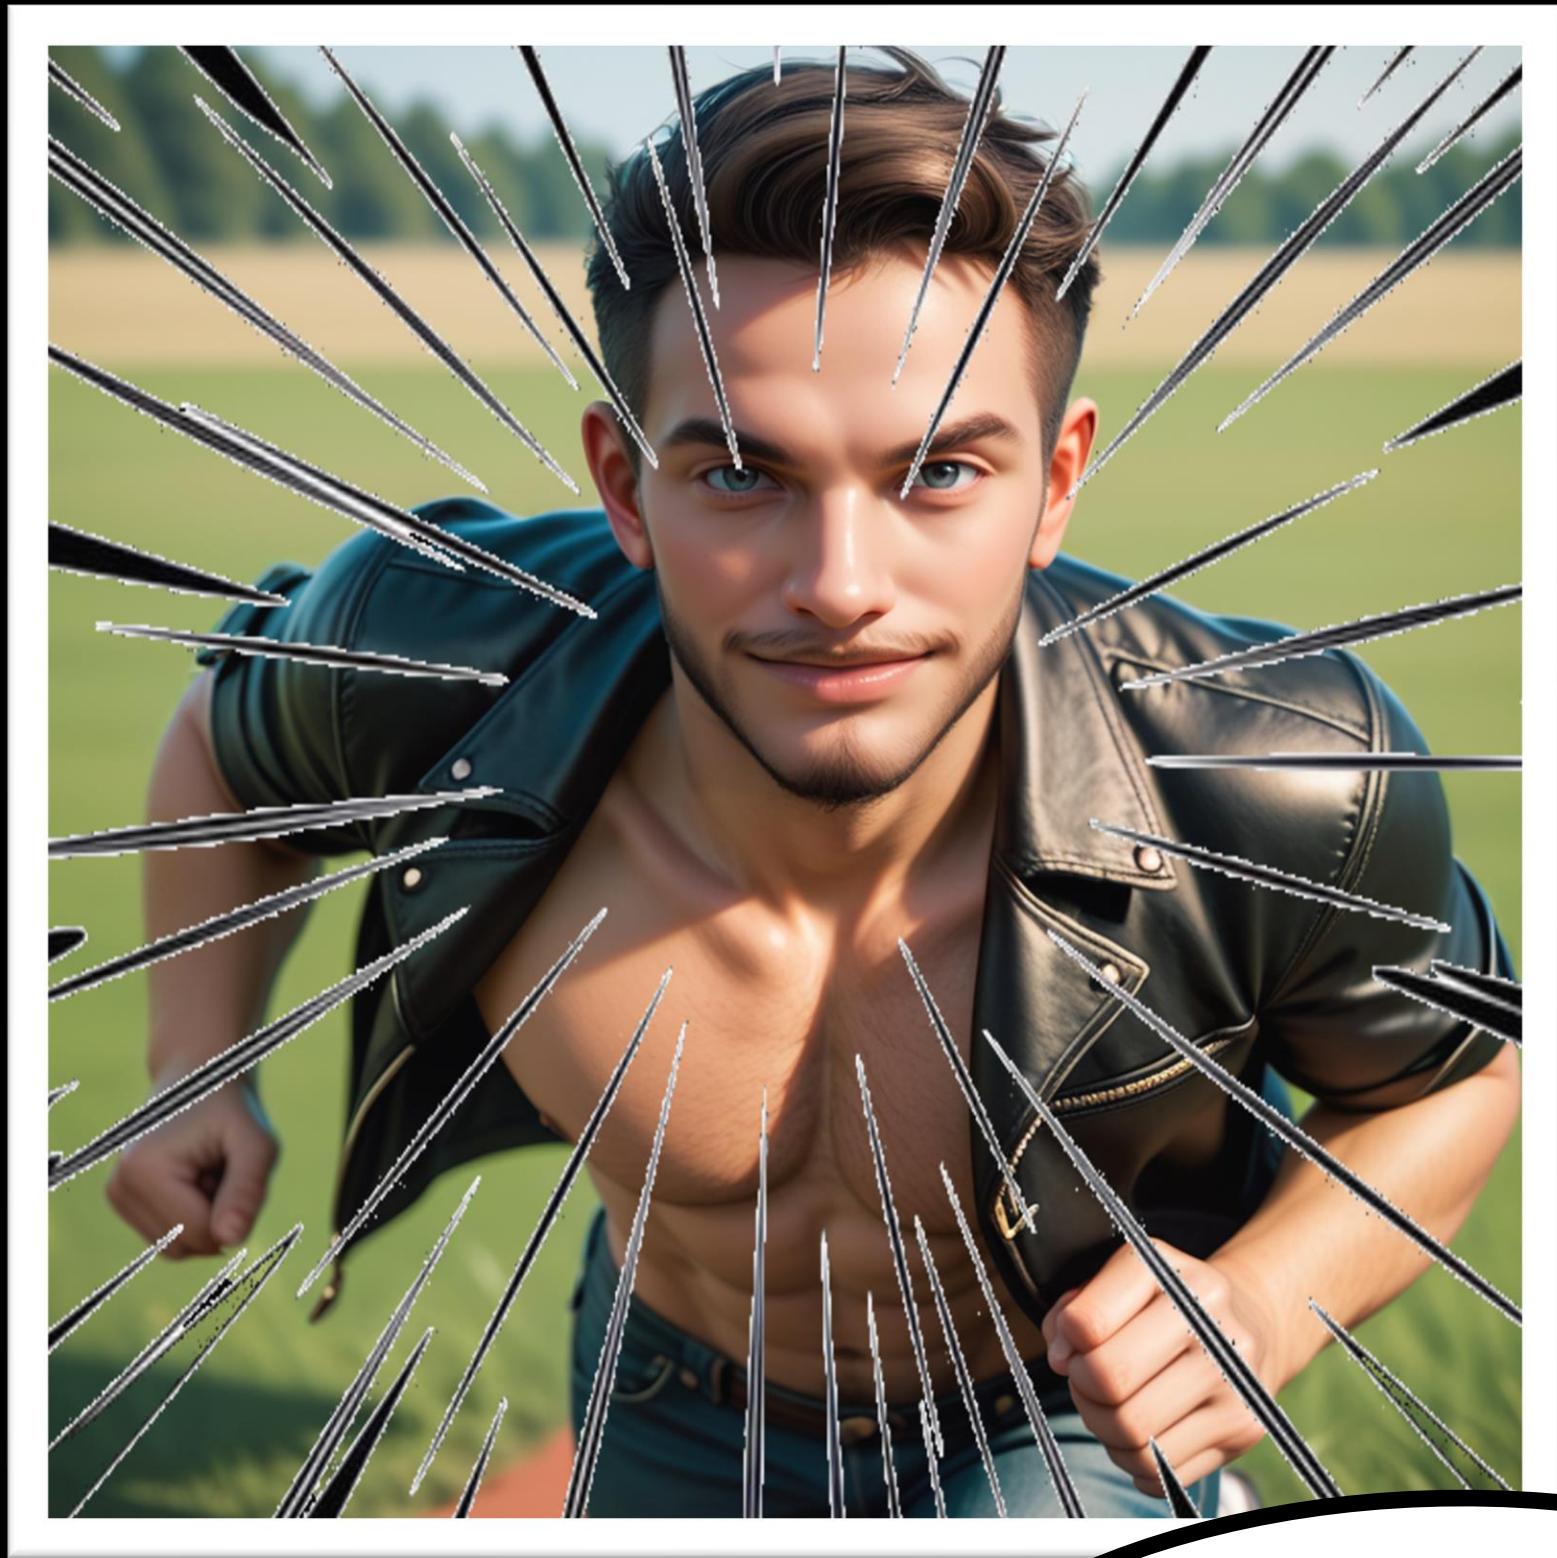

Enemy
Energy Level

Boob Bender
Energy Level

I prepare for the impact that was about to come ... and **there it is!** Once again, he tackles me – once again I'm thrown to the ground.

He activates his primary once again!

What you gonna do now, I wonder?
chuckle

Body hardening!

A muscular man with short brown hair and a light beard, wearing a black leather jacket and blue jeans, stands in a field of tall grass. He is looking towards the camera with a slight smirk. In his left hand, he holds a glowing purple energy orb. The background shows a sunset or sunrise over rolling hills.

LoL!
Dude! You do
the same useless
shit again?

You really are a
hopeless man.

Any last
words?

**Boob
Torpedos!**

I had not used body hardening on myself this time. I had used it on Erika!

Huh?!

See that smooth shiny skin?
Harder than steel!

And yes, I had placed her
right there for a reason!

As my primary powers
take effect Erika's
Breasts expand forward
in the brink of a second.

Gigantic mass eruption
directed forward.

Two massive torpedoes of boob
mass - Directed... **at him!**

What the
fuck?!

And behind him...

The statue of Jessica!

He was caught between an
iron pair of boobs...

Nooooo!

And a hard place!

An ugly sound...

I almost expect him to regenerate from this or something...

Only once I feel the overwhelming sensation of 573 Bender powers rushing into my body I'm able to relax...

Seems even he could not withstand an attack he did not see it coming!

The Bender Wars are over!

And I have won...

I really won!

Heyaa!

Wahhh!

I'm done with
my opponent,
Master!

But I see
you've finished
up here as
well.

Tina has brought
back the monster
golem's head...
that's kinda
disgusting... But I
decide to praise her
anyway...

Good
job...

But don't call
me Master no
longer.

For I have
ascended the
being of a mere
bender.

Call me god...

Hello, Hexxet here,
Thanks for reading! I know, this chapter was a bit LOT weird... and not really sexy at all. But I wanted to end the Battle Royale Arc with an epic duel... and I think... in a weird way... I managed to do that. I just hope it could entertain you in some kind of way 😊.

The story part of “The Last Boob Bender is over now”, though I might consider some bonus fun chapters now that our guy has reached god-hood. If you guys can bear more of this series that is of course 😊.

More PAls and of course my regular 3D Comics can be found on my Patreon and in my shops. (If you are only into the PAls you probably want to visit the shops, not the Patreon). Some free PAls can be found on my homepage.

A funny page that did not make
it into the comic...

In general, with more bender abilities you grow exponentially more powerful.

For you can combine them, creating completely new effects.

Like taking my knowledge from boob bending, combining it with muscle, height, and fat bending – BAM – new ability!

Butt Bending!
