Window Wishing XV

The Audience Arc I

Joggers

After his leisure tour through town King Erik is holding a public audience two weeks later. The first to ask for the fairy king's wisdom are the two joggers Erik met in chapter 11. One of them has been bimbofied and since then is not able to perform her duties at work any longer...

Cast of Characters:

Erik ...	The Fairy King
Fairies/Elfs... 2 women	Several Elf girls and Fairies that are Erik's staff attend law firm workers (Erik met them jogging)

For the final Arc of "Window Wishing" you will take on the role of King Erik – The fairy King himself.

Atten the monthly audience where fateful subjects can plead for a wish to fix things around the kingdom.

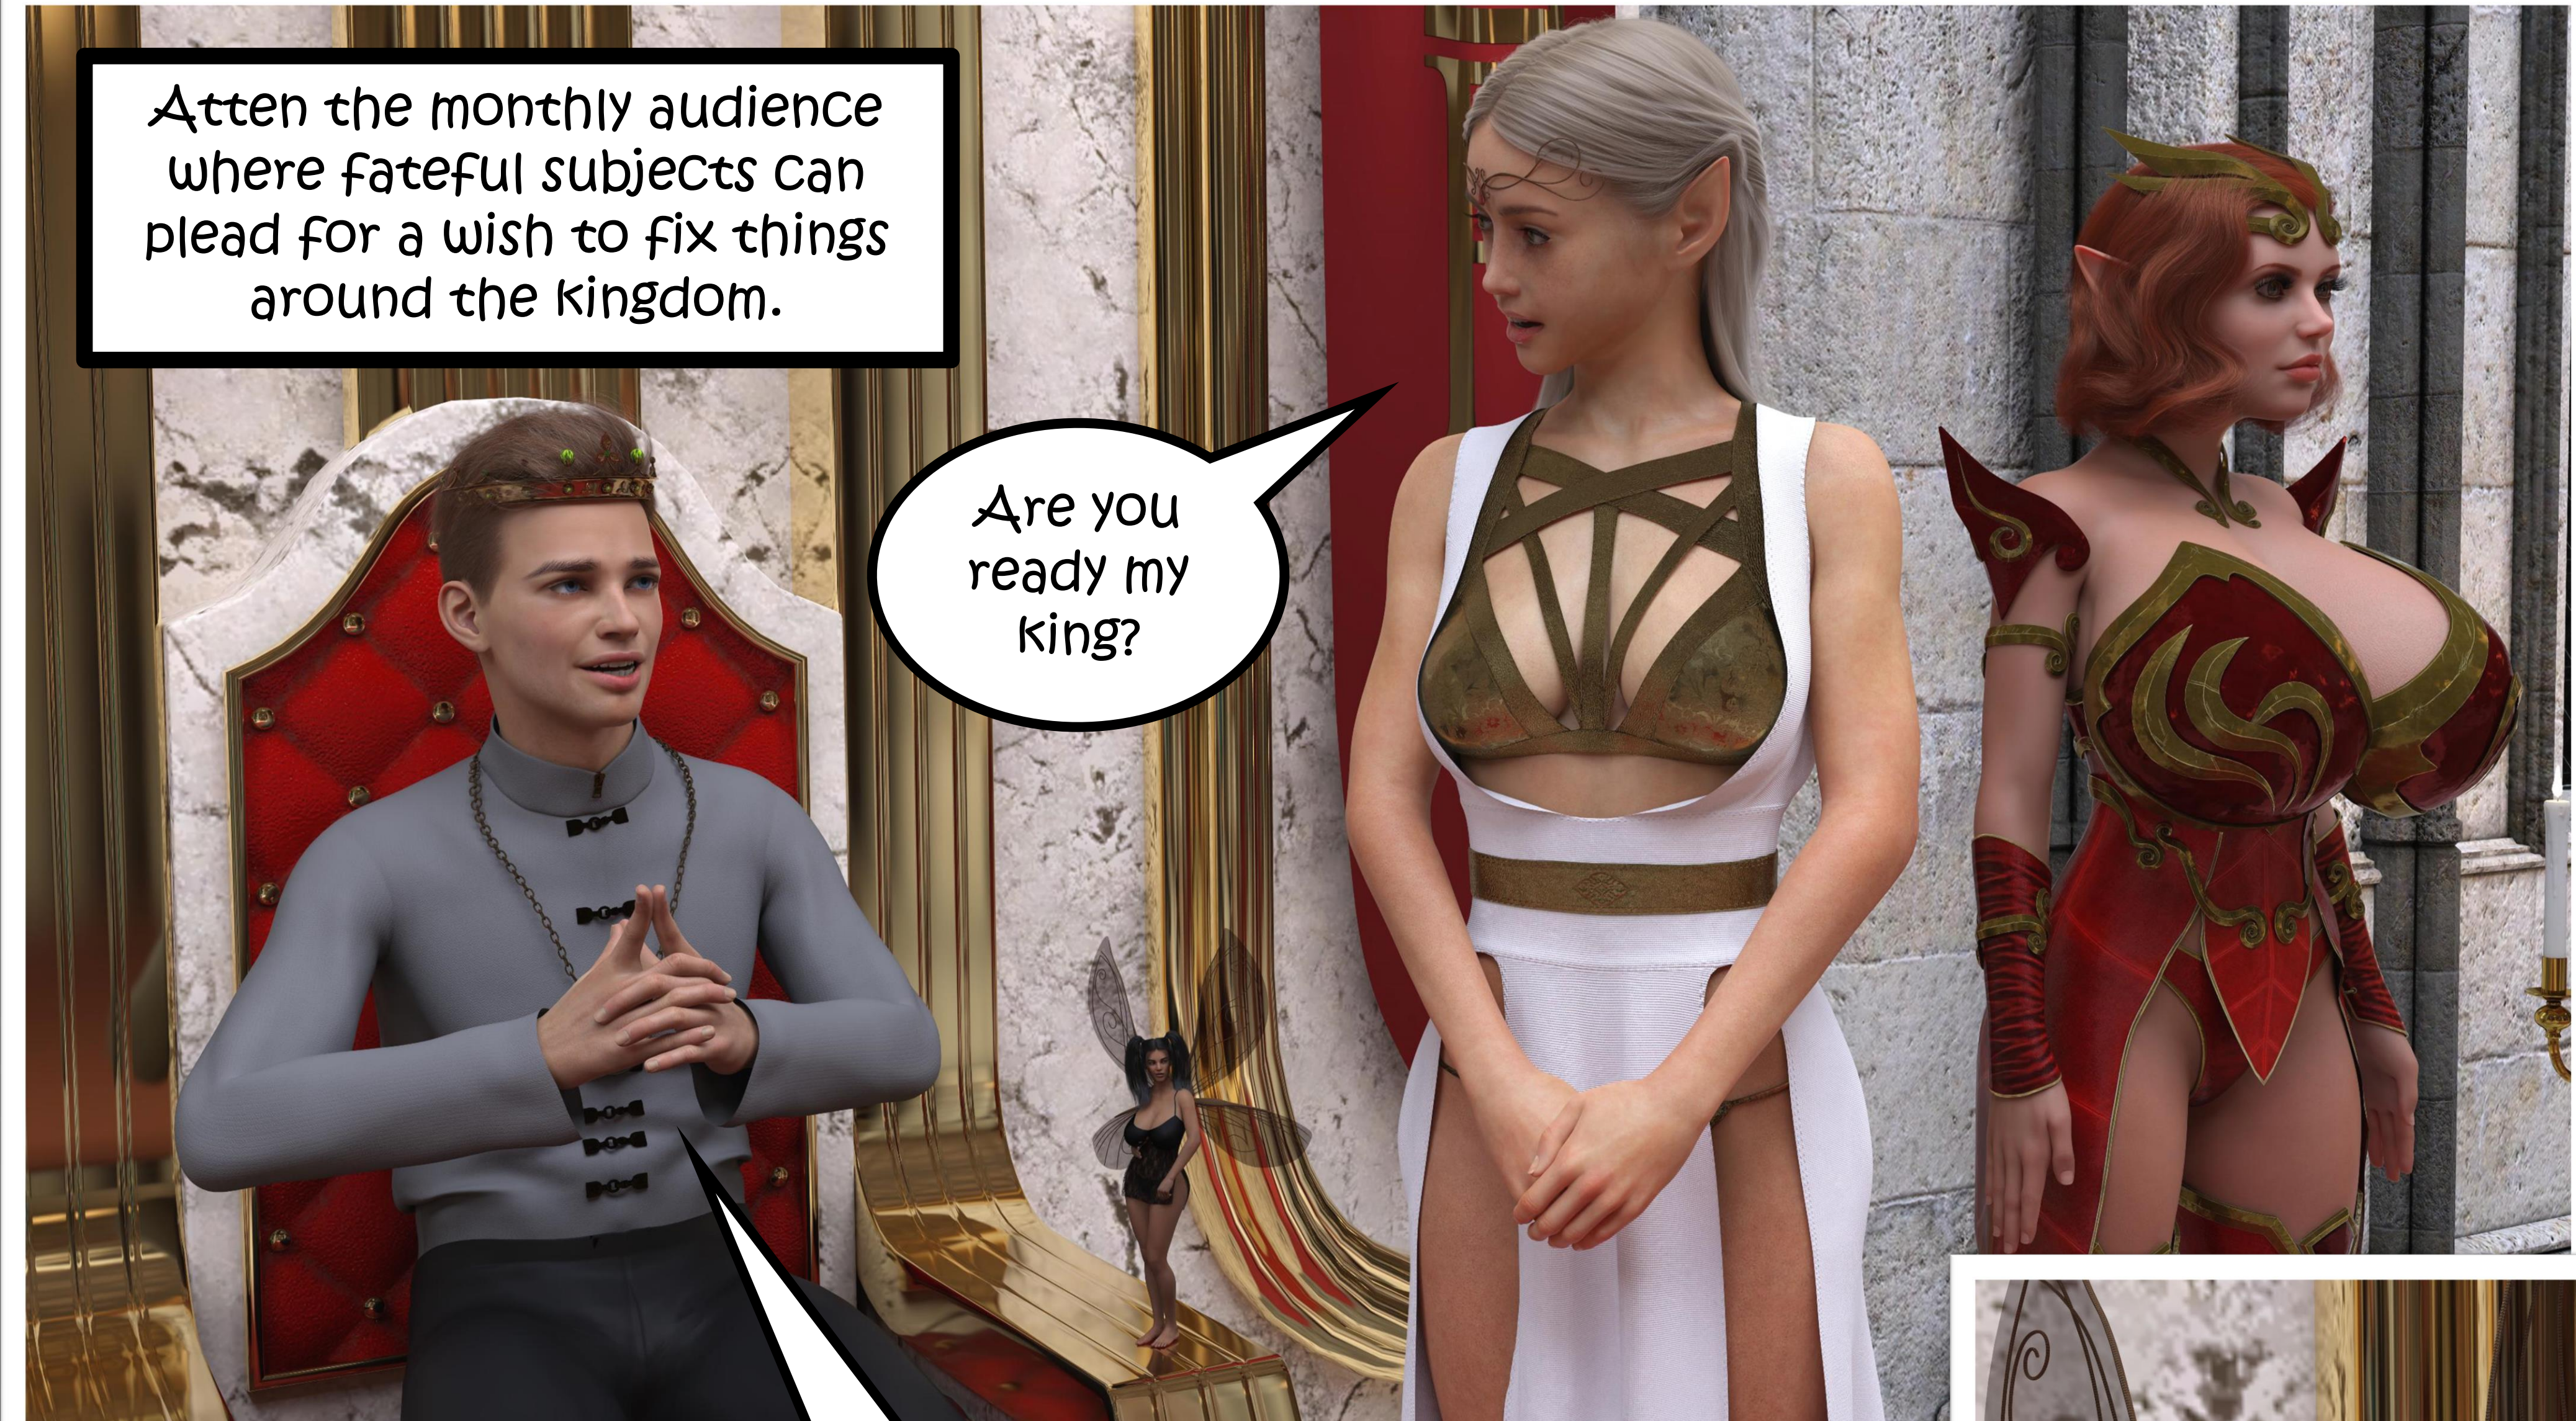

Are you ready my king?

Yes, Melinda. Yvonne, how many do we got this time?

The first will be two lawyers from Elfvana and Partner.

Four audiences my lord.

Shall we begin, Your Majesty?

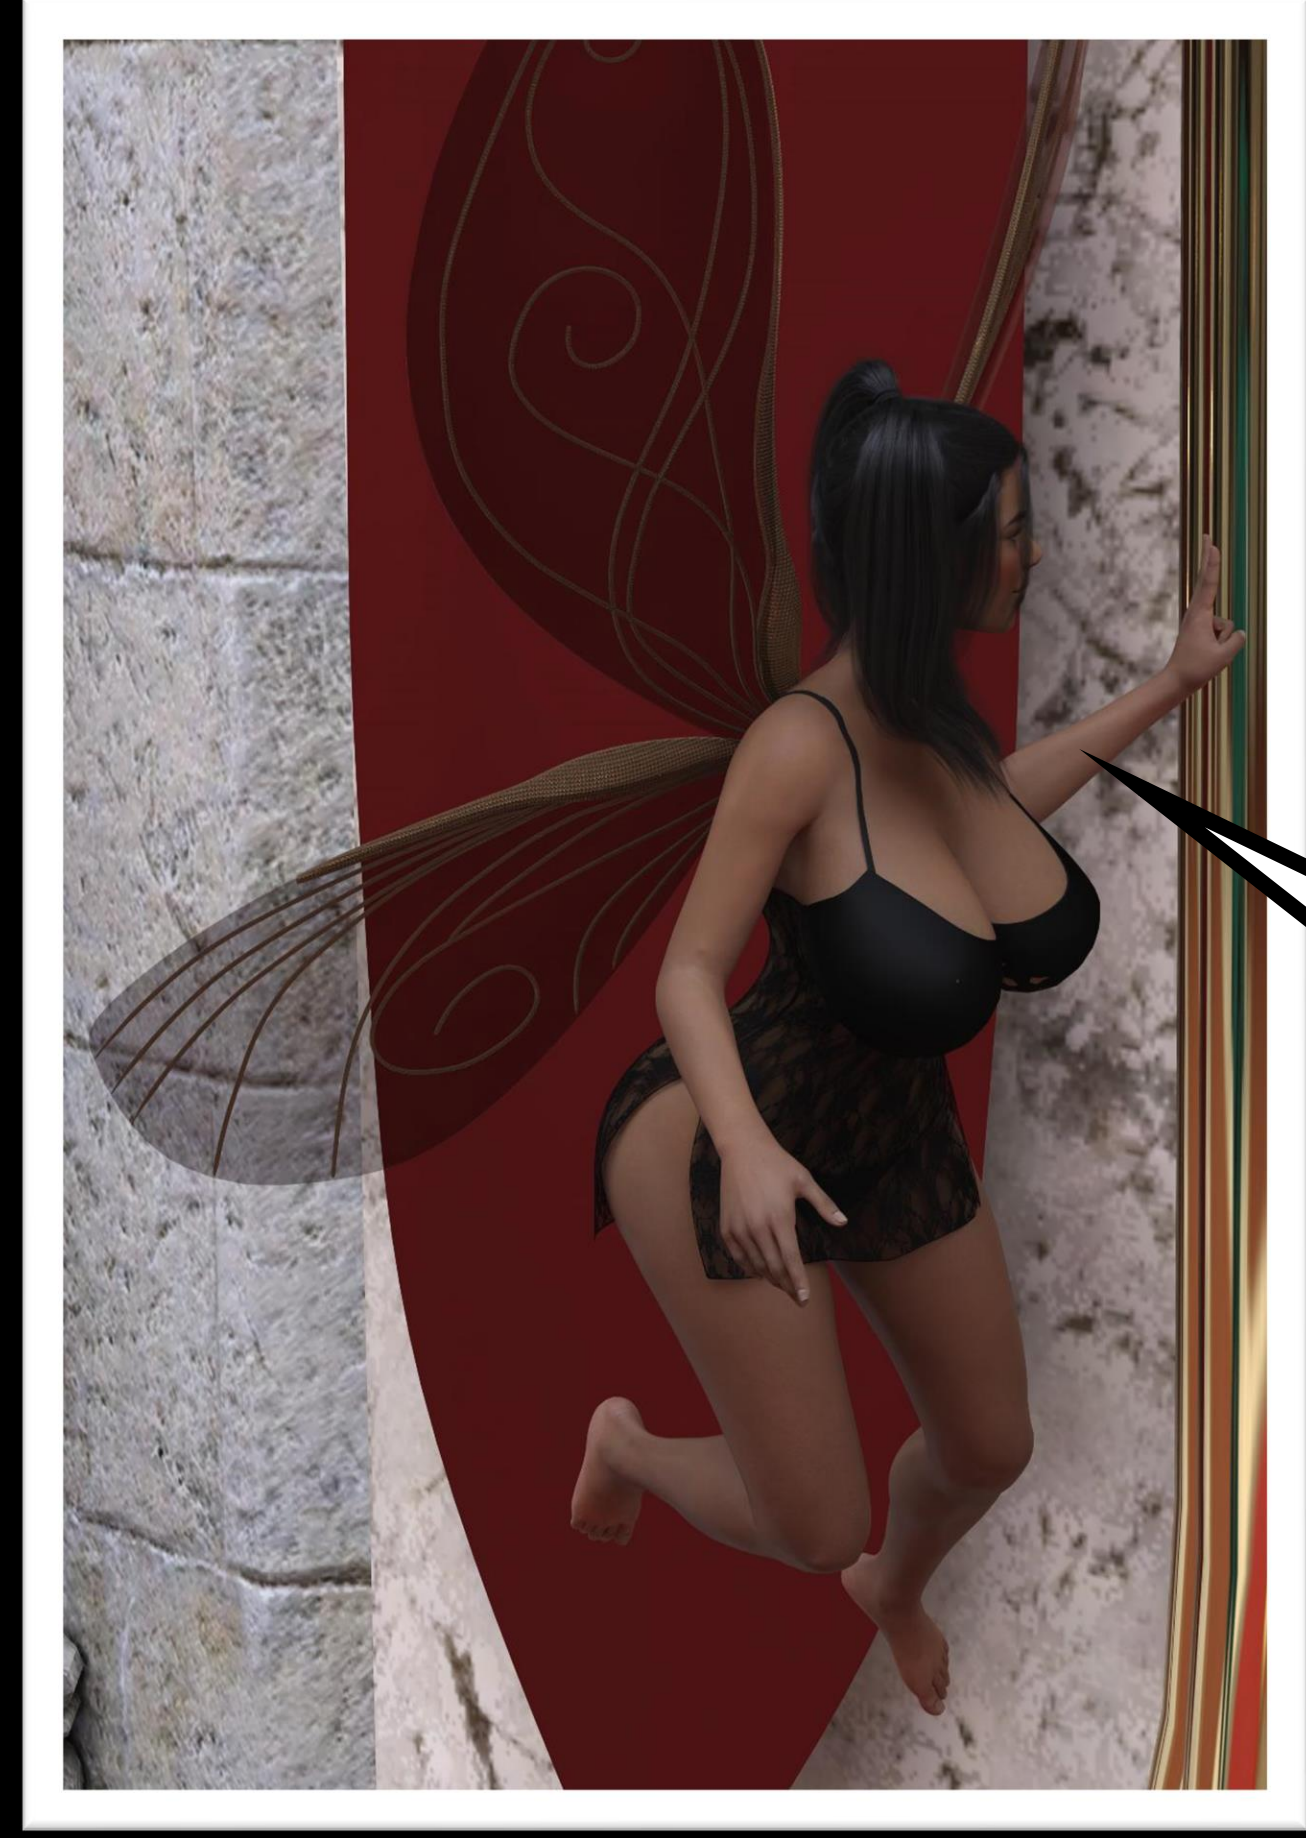

Yes, yes.
Let's get this
over with.

The
Audience
will hereby
commence.

Yvonne,
bring the
first ones in.

Aye
Aye!

This chapter will deal with the first of four audiences:
Watch as two known faces enter the throne room.

Kneel before
his Majesty
Erik the first –
The Fairy King!

Kneel you
imbecils!

Obedient the two women take
to their knees before me.

We honor his Majesty the fairy king.

Hm... These do look familiar.

You may raise. Tell His Majesty about your plight.

Thank you! We are your faithful servants, Your Majesty.

Like what she said. *giggle*

Cutting their problem short: King Erik previously bimbofied the blonde businesswoman and now she's not capable of doing her job anymore... Lots of awkward behavior at the workplace!

Come on girls!

Let's party!

What will you do? What will you decide these women's fates to be?

Hm... It's hard being the king...

Obviously, I just wanted to have fun with a busty bimbo...

But everybody expects me to have a grand scheme in mind...

Will you return the blonde woman to her original intellect?

What the...
what am I
wearing?

I've been
asking myself the
same question
these past two
weeks!

And accept the women's gratitude?

A happy King means a happy kingdom.

Or will you turn her workplace upside down?

You legal business is in good hands here at ElfVanna and Partner.

I hope so.

Changing it into something more fitting for a girl of her... brain capacity.

Thank you,
your majesty!

We'd like love
to see you at
the club!

Or do you think a wish is wasted on these two? Will you leave her as dumb as she is and just assign her a new role at work?

My lord!
Why don't you stick
your royal cock
inside that dumb
slut and fuck a
baby into her?

What will you do?
Their fate is up to
you to decide. All
hail the fairy king!

End of Teaser

Hello, Hexxet here.

This story is a bit interactive with you taking on the role of King Erik the Fairy King and deciding on one of three routes that will change these two women's lives forever...

There will be three more chapters with three more such audiences until "Window Wishing" concludes.
