When King Erik is approached by two law people of a certain company who came to retrieve their CEO who has been lost in Fairyland...

NEXT!!!!

sigh
What now?

King Erik is faced with yet another decision...

Leave me alone!

I don't want to have anything to do with you or your company!

But... it's your company, Mrs. Jackson!

What was I going to do here?

I'll just have them forget about her!

They are too stuck up with their office work!
They should get to know her side!

Maybe we can find a compromise. She stays head of the company and the company... Car wash international!

Will he just make them forget about their CEO?

What was I saying?

Why are we here again?

And make them enjoy their stay?

Well, the least we can do is enjoy our stay, right?

Still no clue why we came here...

Or will he instead add them to the car wash business?

No way.

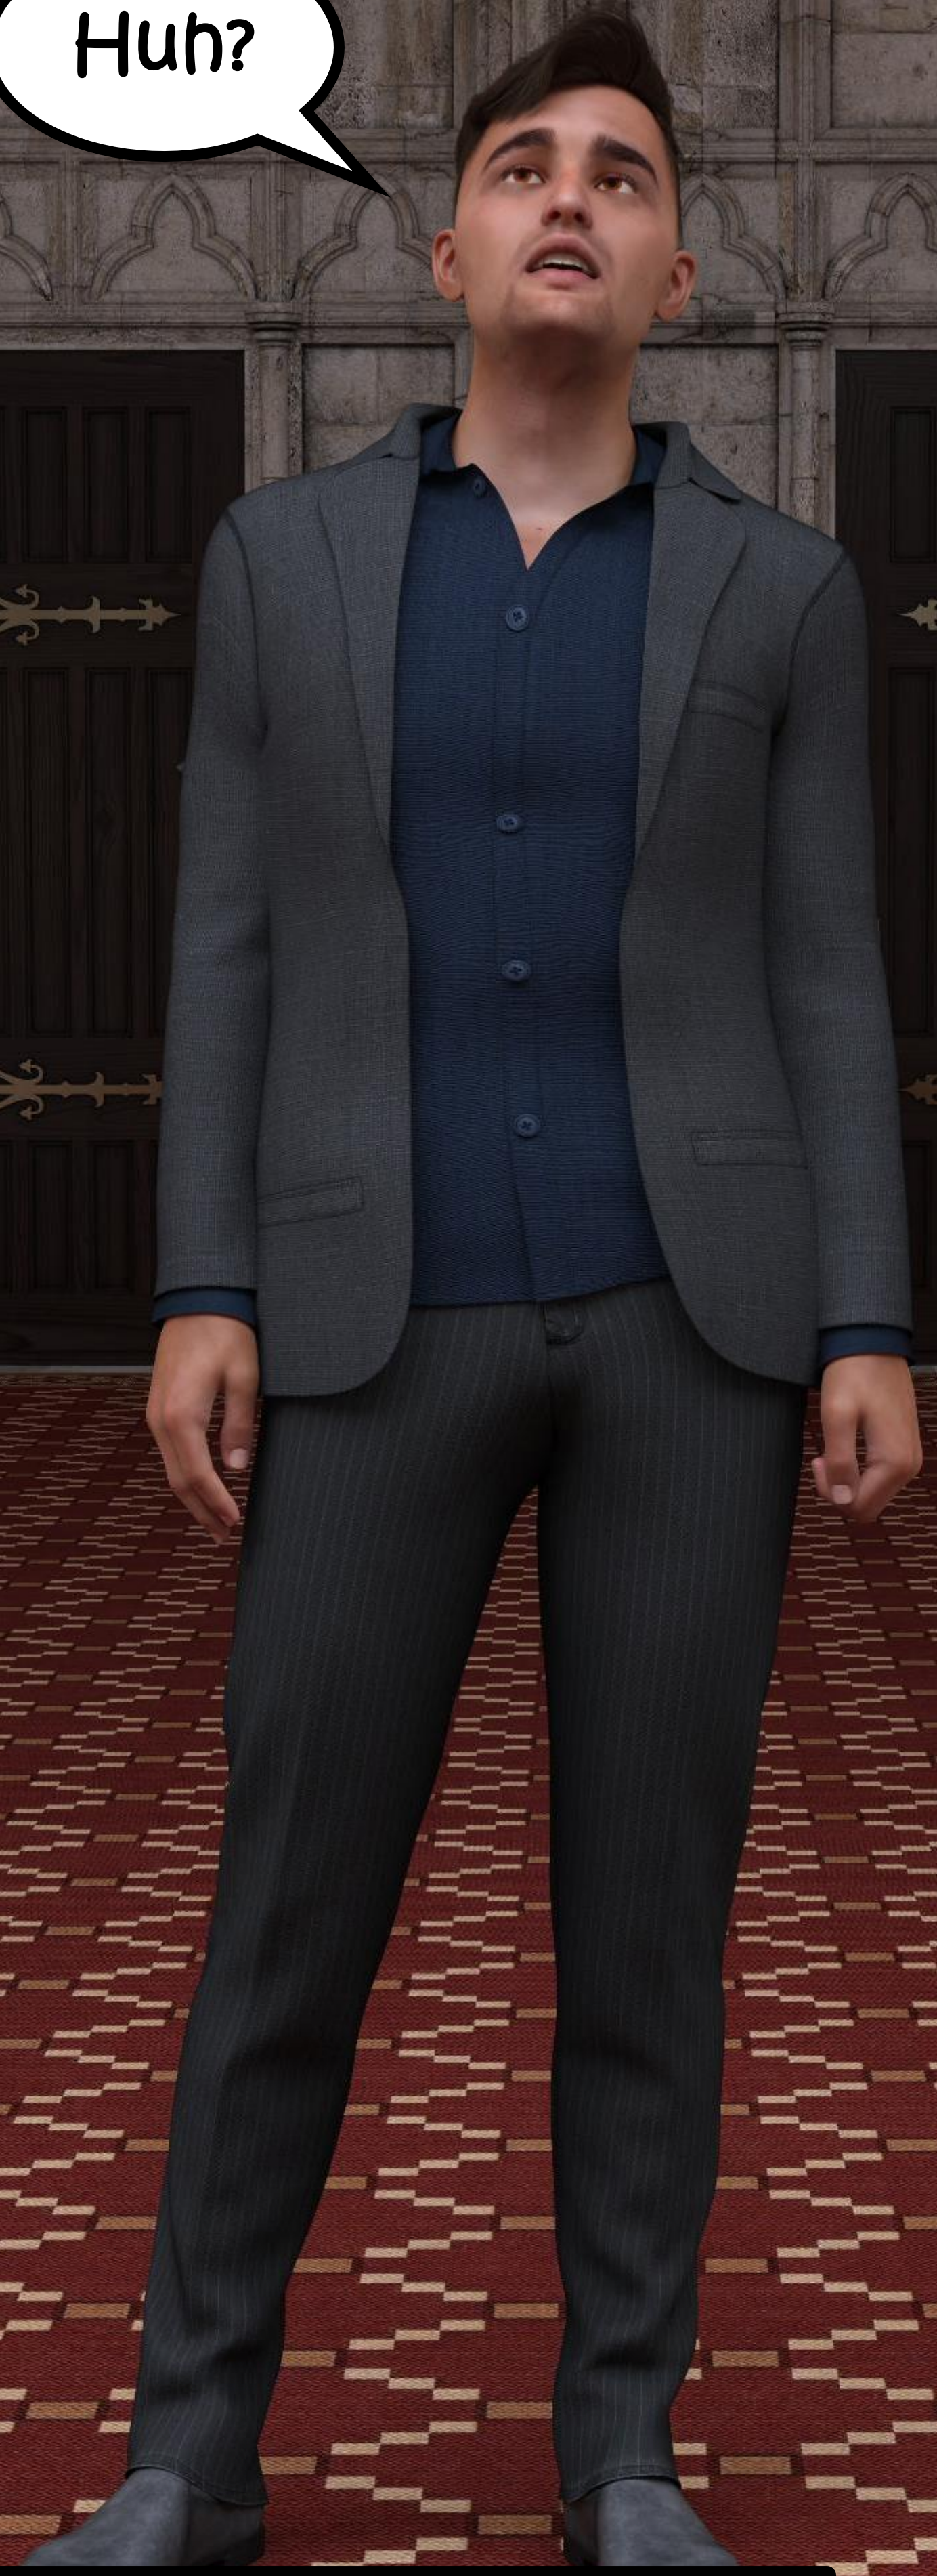

Please!

Huh?

One way or another...

I feel strange!

No Way!

I have Boobs?!

Will the car wash business thrive?

Mrs. Jackson was happy washing cars.....
Her company was lacking leadership...

I guess I could have just made them
forget about her...

Or I could have made them see her
point of view...

But having a global vehicle wash
company sounded very enticing!
