Last time on Window Wishing we saw our waitress enter the royal throne room with... two pretty big problems...

And we witnessed King Erik turning them back to a more manageable size...

Our waitress was very grateful and said thank you by inviting the royal entourage to a milky treat...

Or is my memory foggy? Did King Erik actually turn her tits really light instead?

And we followed her to her workplace - chaos ensued?

Anyway! This time King Erik will let her share her burden...

I hear you and I understand the problem. Your breasts are too big!

But there are many women in our kingdom who'd love bigger breasts...

So, I **wish** that you can share your burden with them!

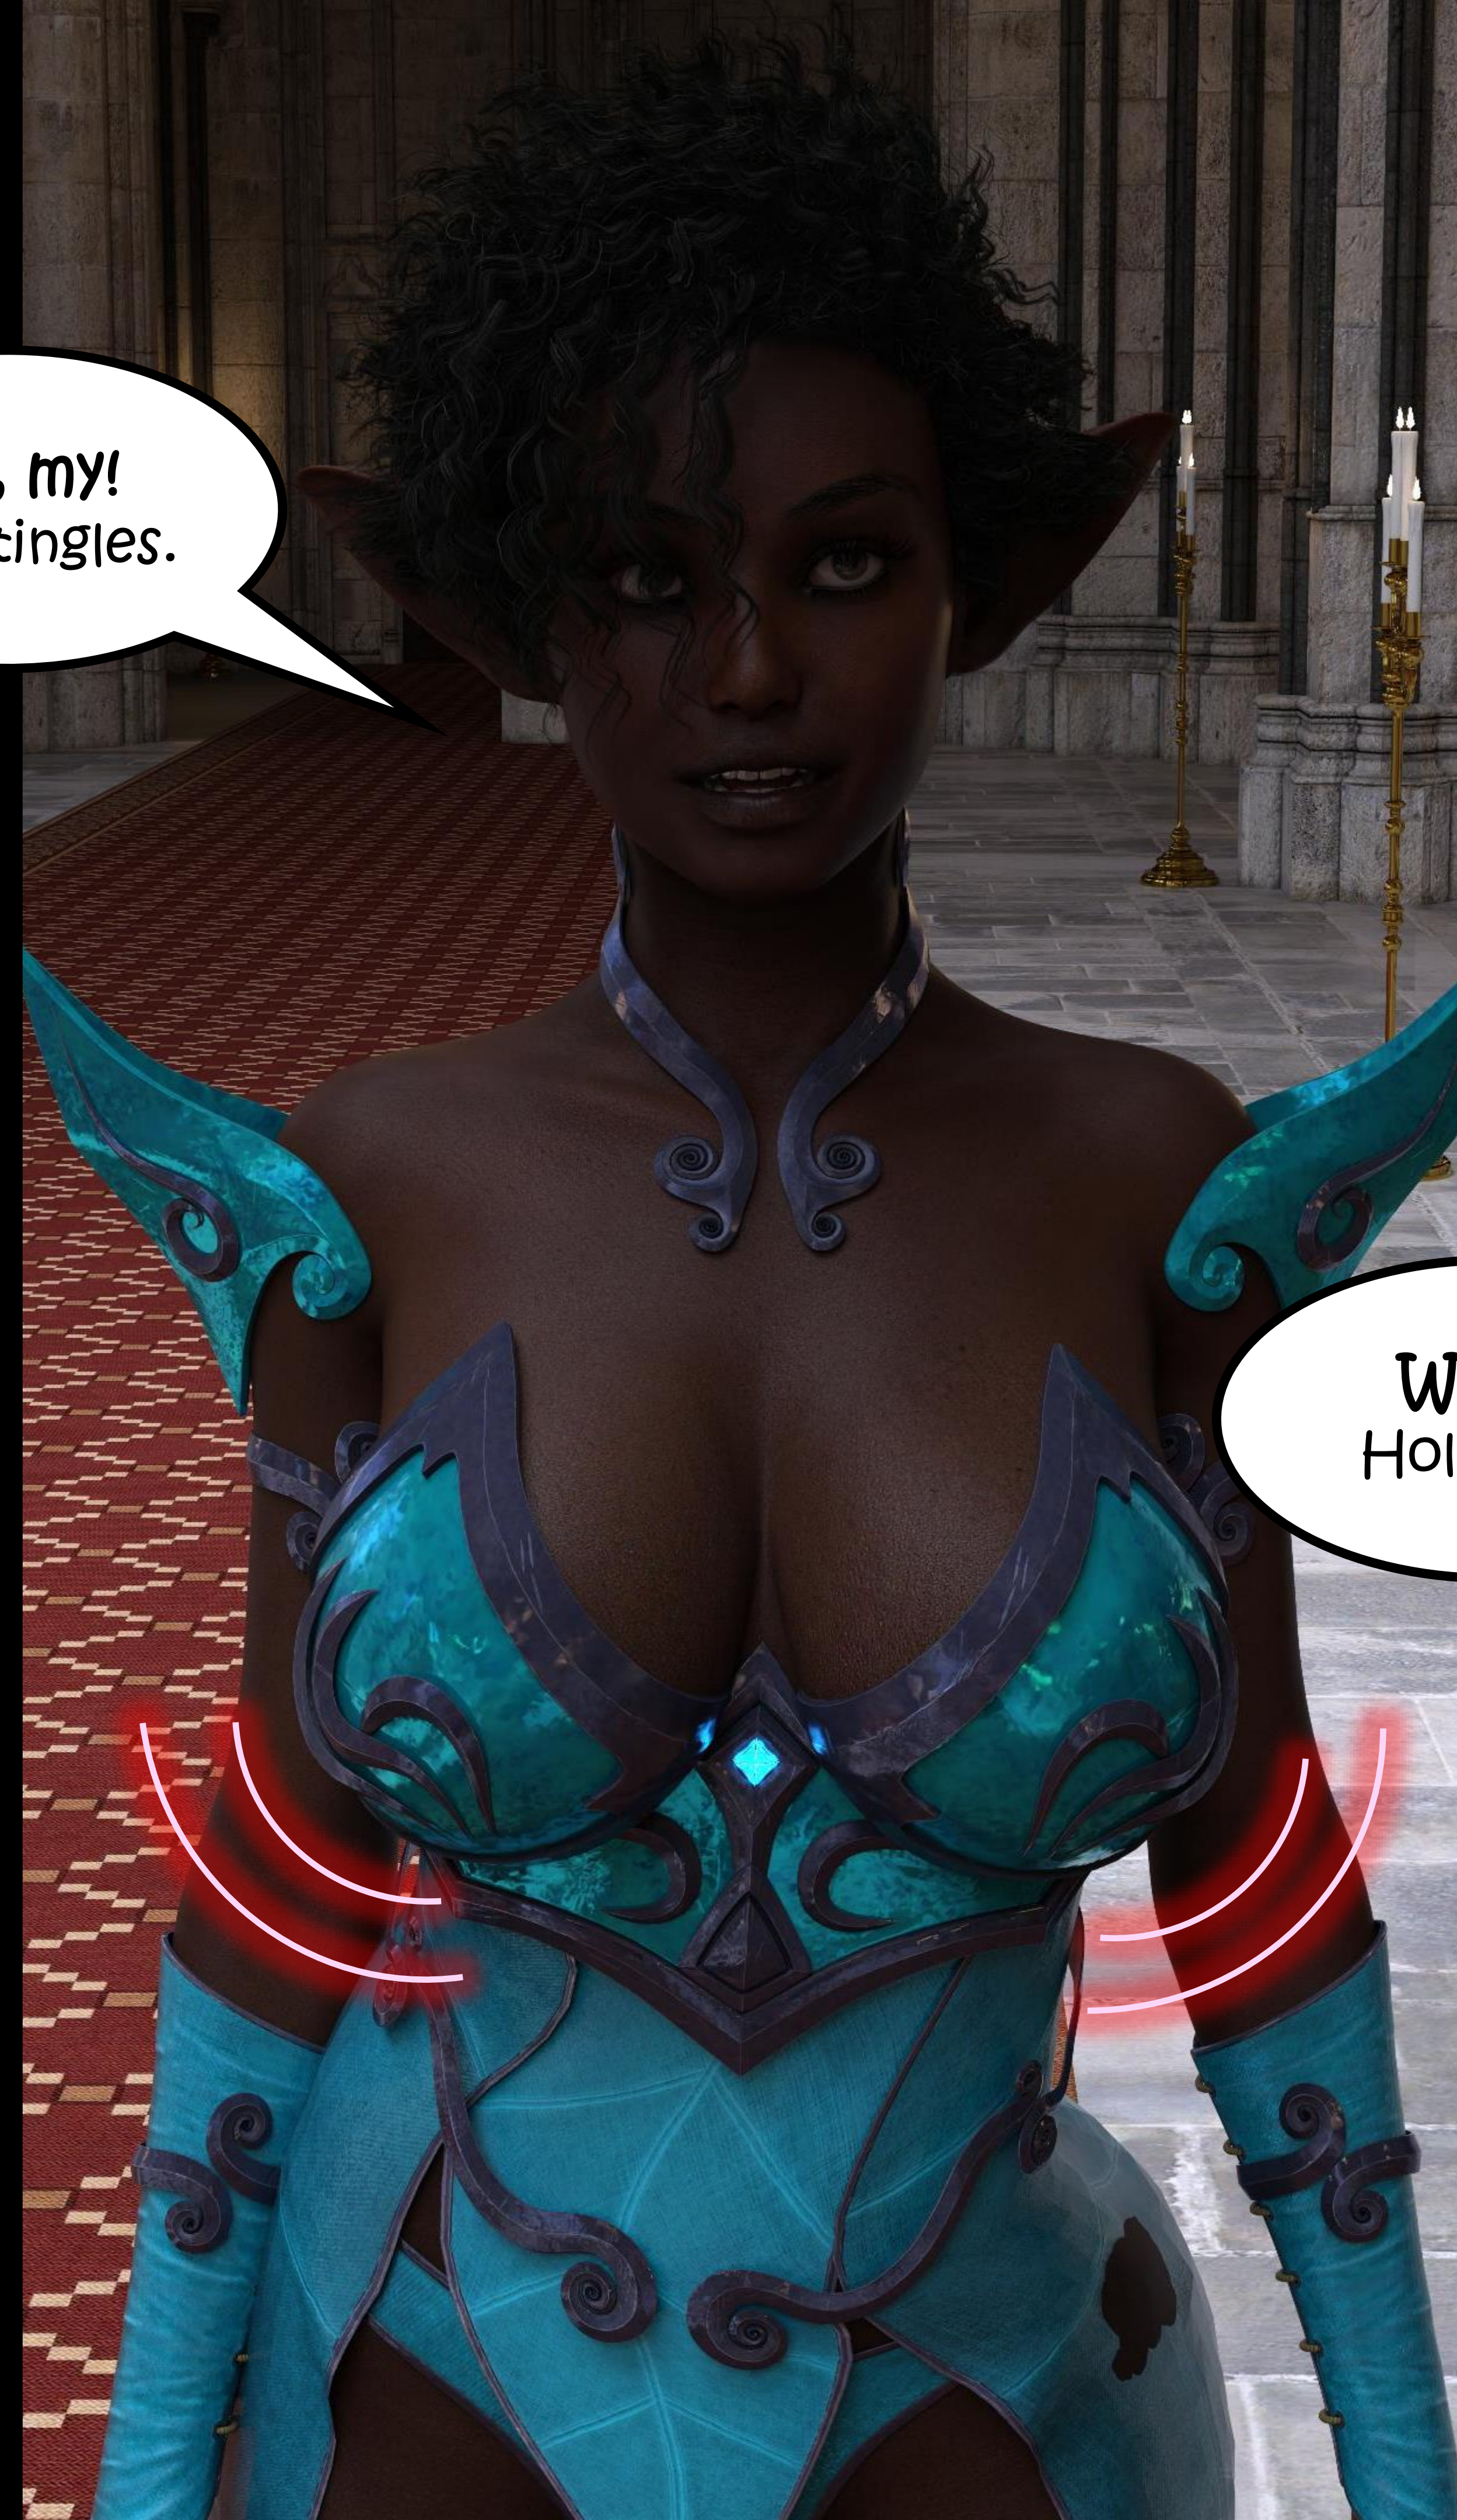

Ready!

Oh, my!
That tingles.

After some testing in the throne room, the meaning becomes apparent. She now can reduce her breast size... by gifting boob mass to others!

Woah!
Holy cow!

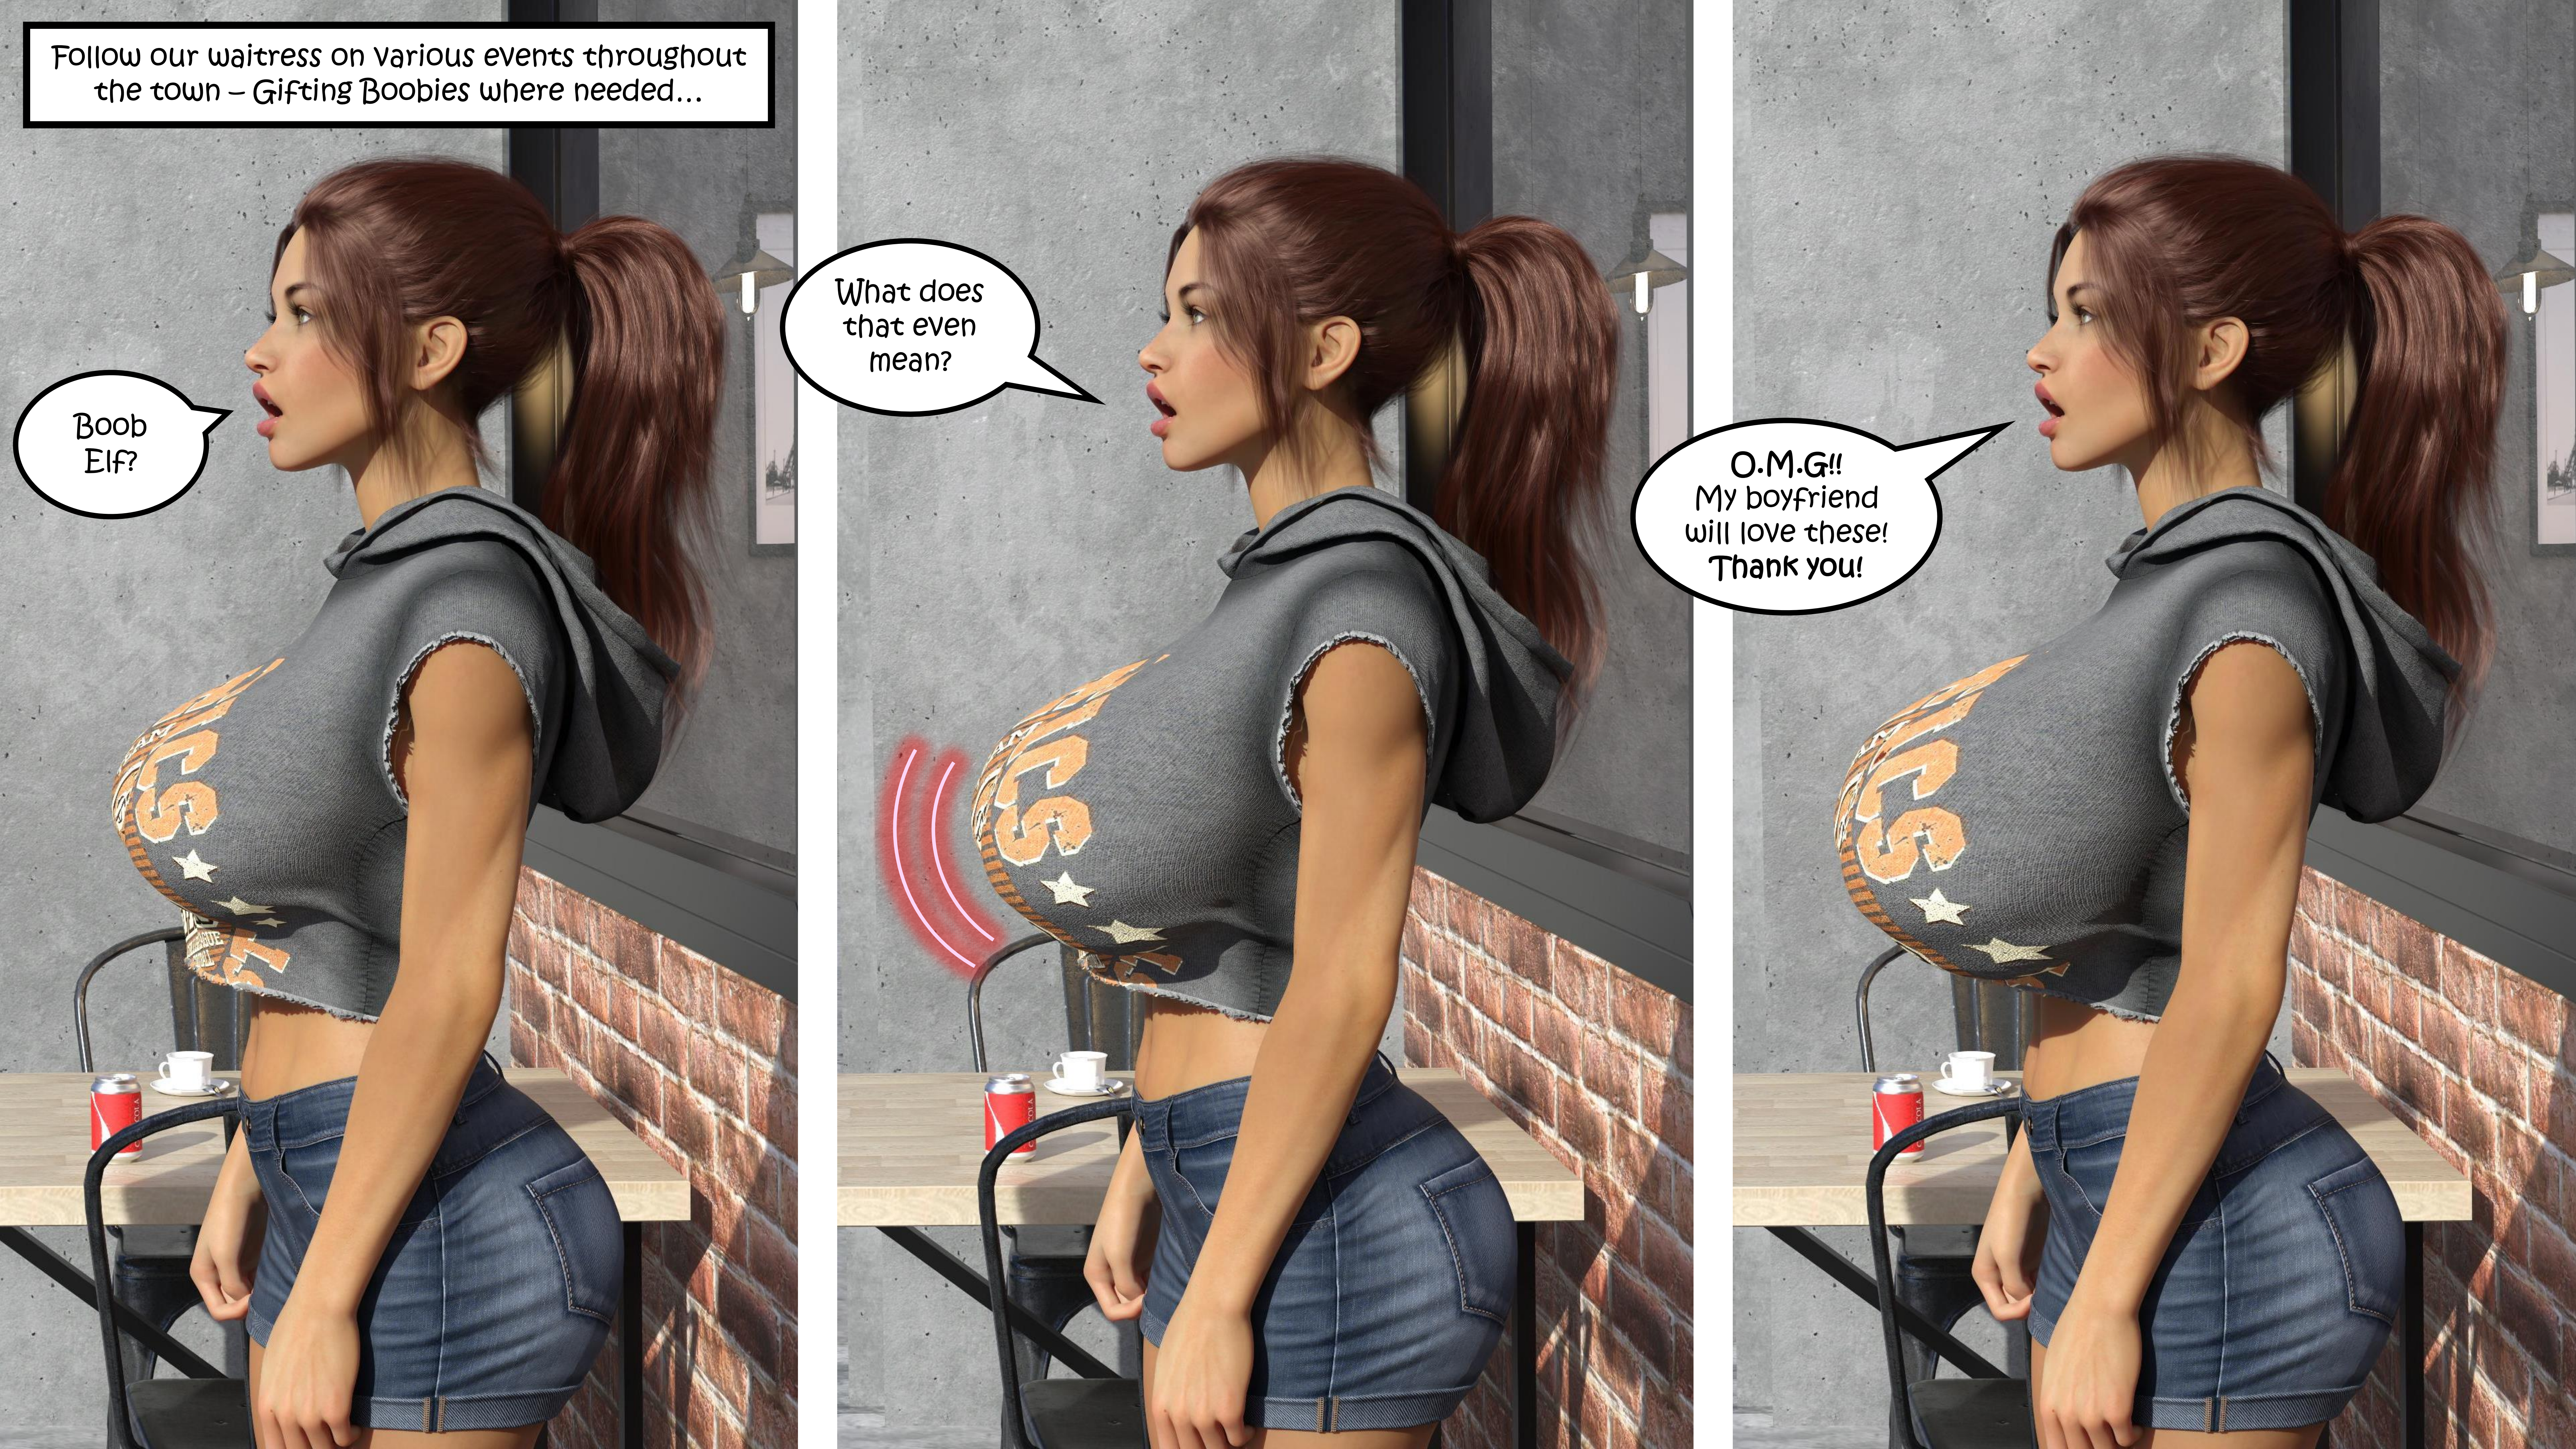

Follow our waitress on various events throughout the town – Gifting Boobies where needed...

Boob
Elf?

What does
that even
mean?

O.M.G!!
My boyfriend
will love these!
Thank you!

Or less needed...

Coach! It's unfair that Jenny will make captain just cause she got huge tits. My moves are far superior!

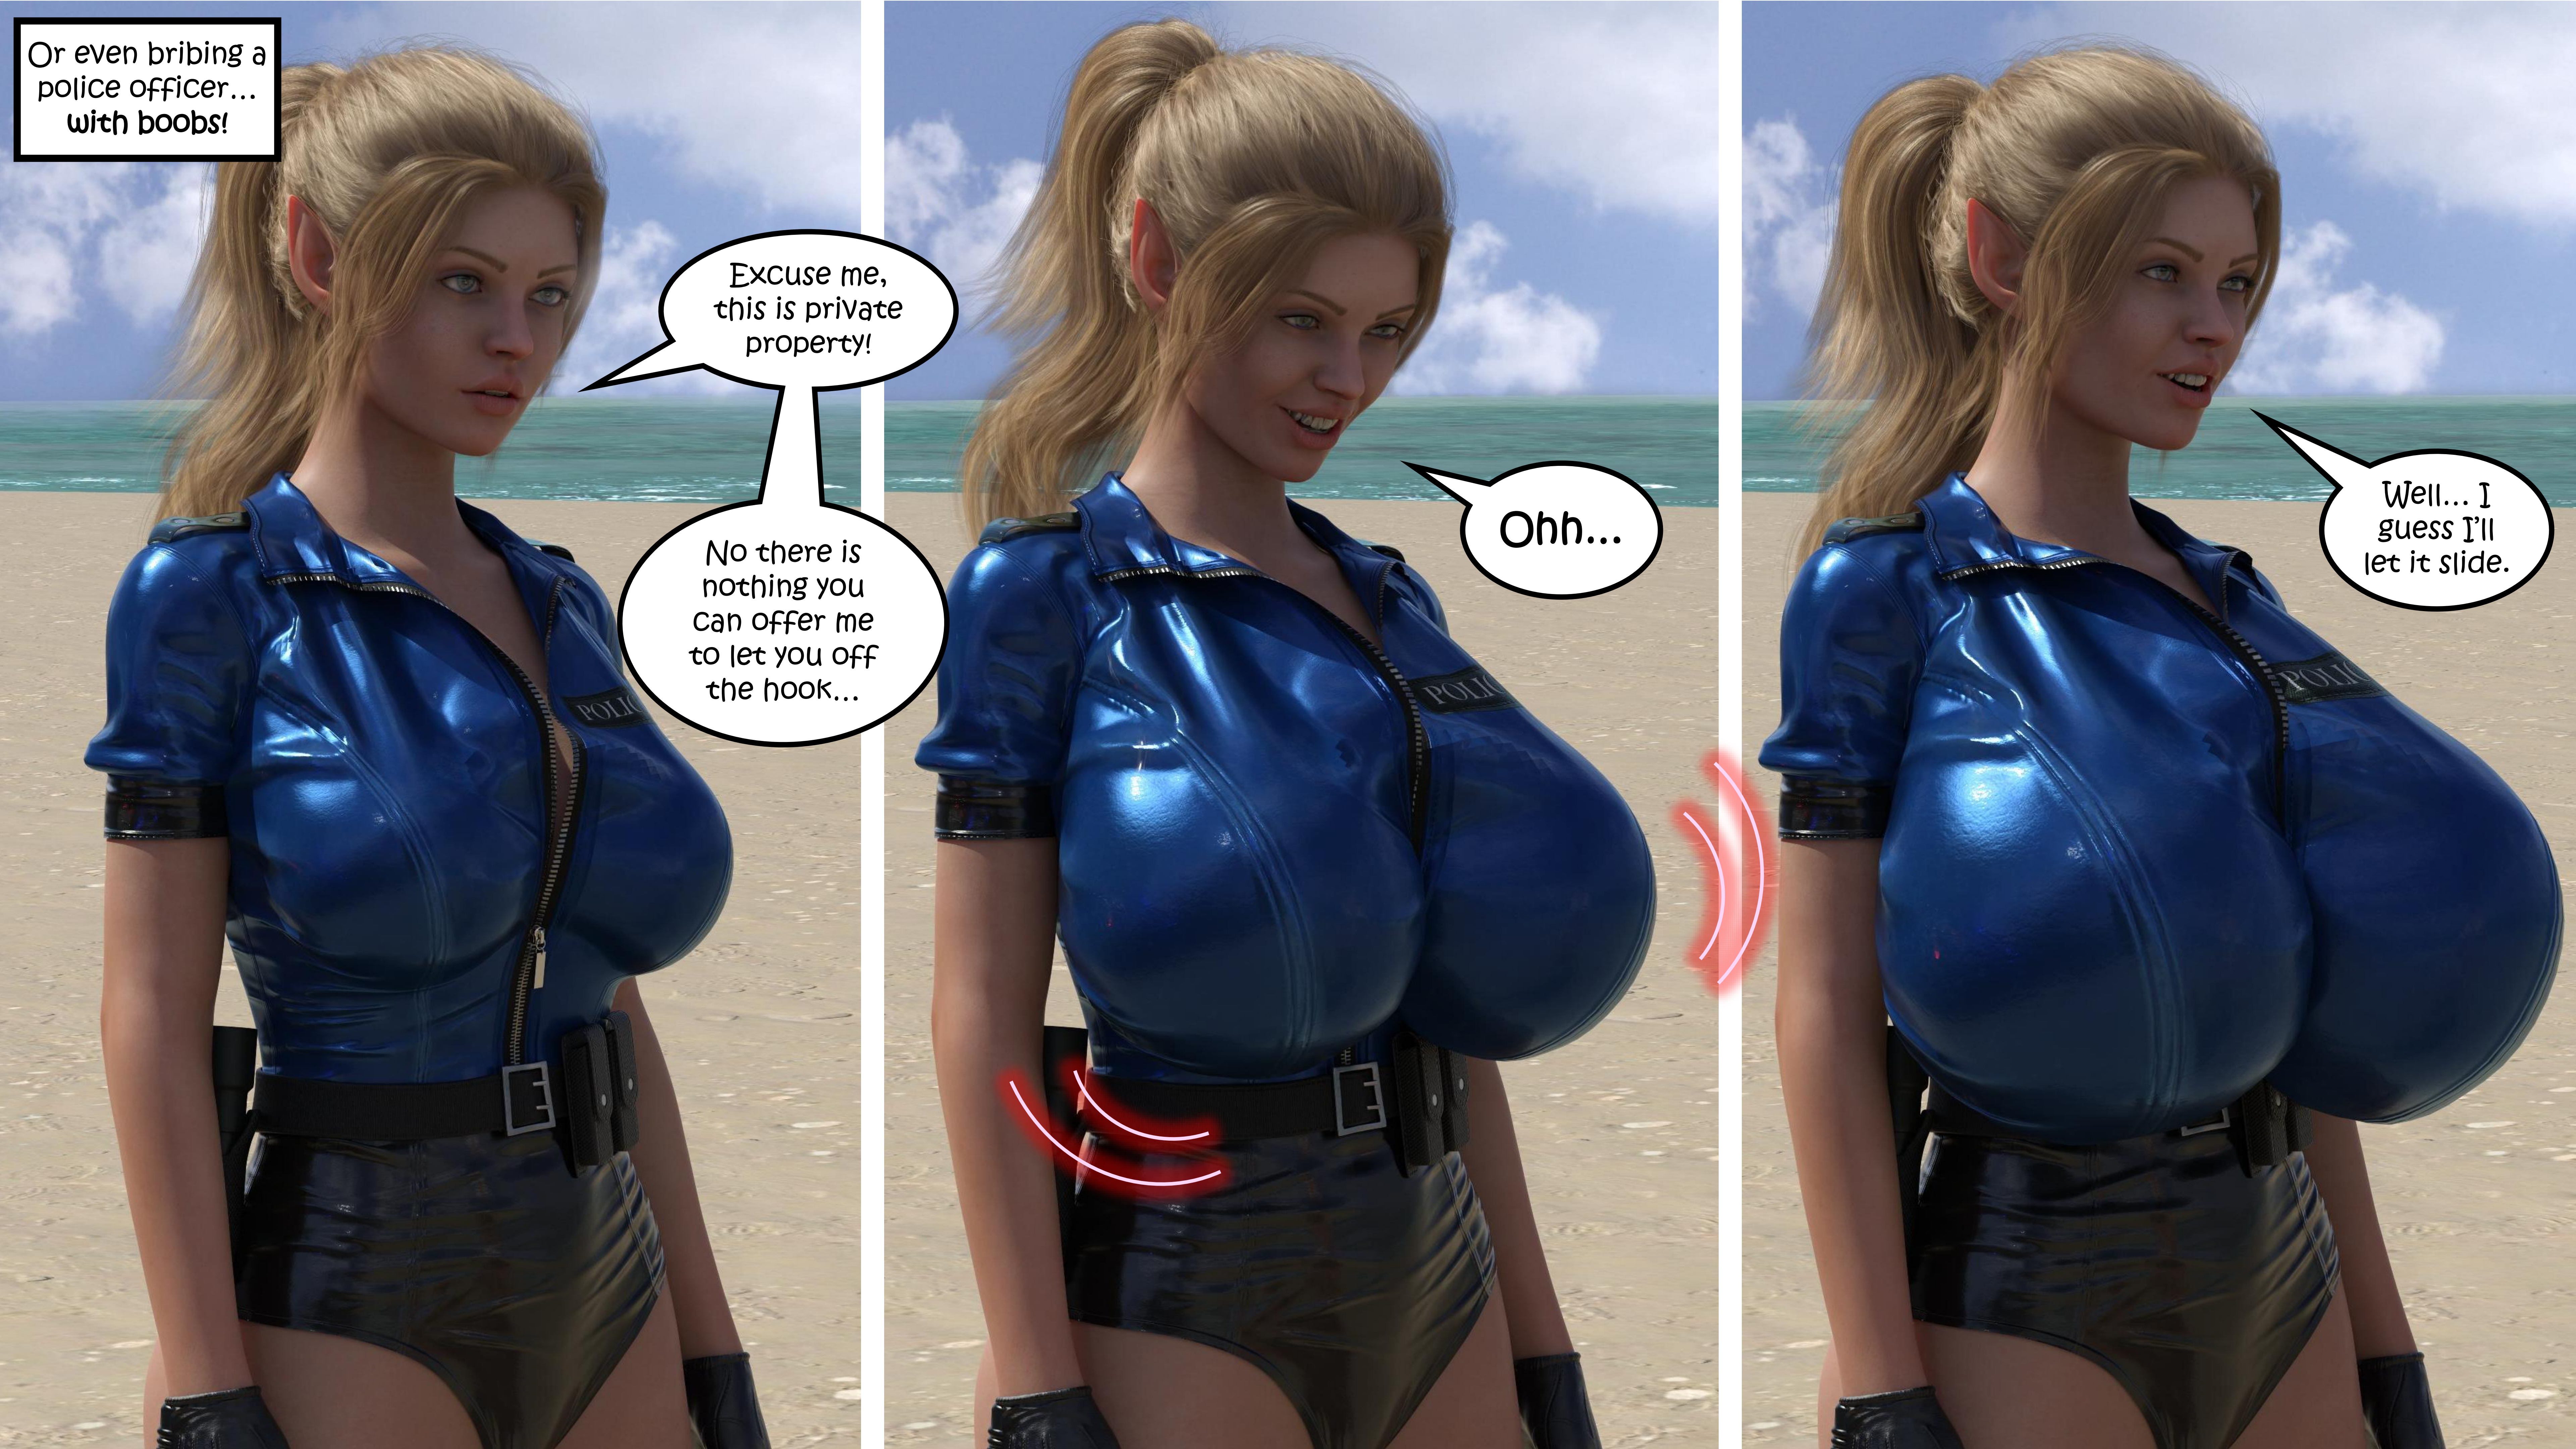

What the!?

Coach! How am I supposed to move with these beanbags!?

Well, now you know what Jenny has to deal with every day!

Or even bribing a police officer... with boobs!

Excuse me, this is private property!

No there is nothing you can offer me to let you off the hook...

Ohh...

Well... I guess I'll let it slide.

Also, don't miss the final orgy!
It comes in two different
Boob sizes, depending on
which path you went!

Great work
today again,
your Majesty.

My liege!
Is it Orgy
Time?
