At university, I meet my friend and study partner, Sophia. She's always kinda cheery, which is nice...

Did you play video games all night through again?
chuckle

Guilty as charged...

NEXT

But Mrs. Martínez is not amused when I sleep through her course...

Meester Harrison! I ask you a question, Caramba!

Sorry!

NEXT

And then, after a long day, I am finally on my way home, when some crazy bike courier almost drives me over – **on the sidewalk!**

I jump to the side but stumble and fall to the ground... Hey, what's that? A remote?

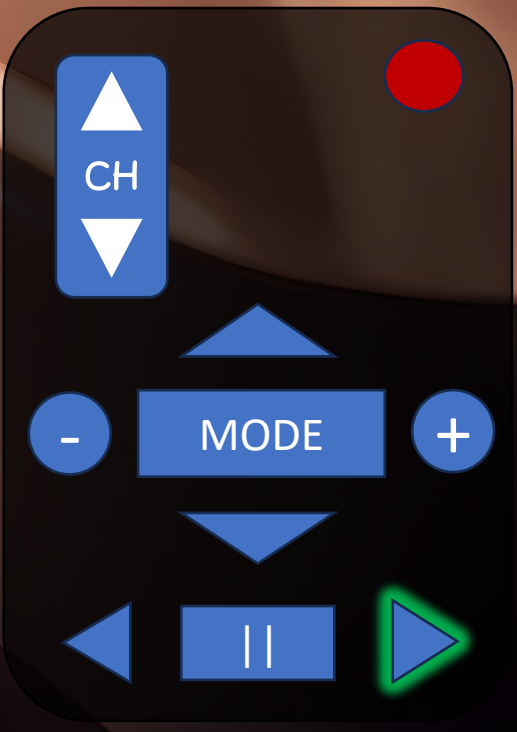

NEXT

Tired and with a wounded knee I return home and limp into the bathroom. **What a shitty day!** And all I got out of it was some stupid remote?

pssshhhhh

But... what's that sound? Is Steven, my flatmate, taking a shower?

"Why did I even pick up that junk in the first place?" I think to myself as I head for the sink to brush my teeth.

Nope... that's not Steven...

pssshhhhhh

Must be his most recent conquest... taking a shower after a steamy session...

Hmm?

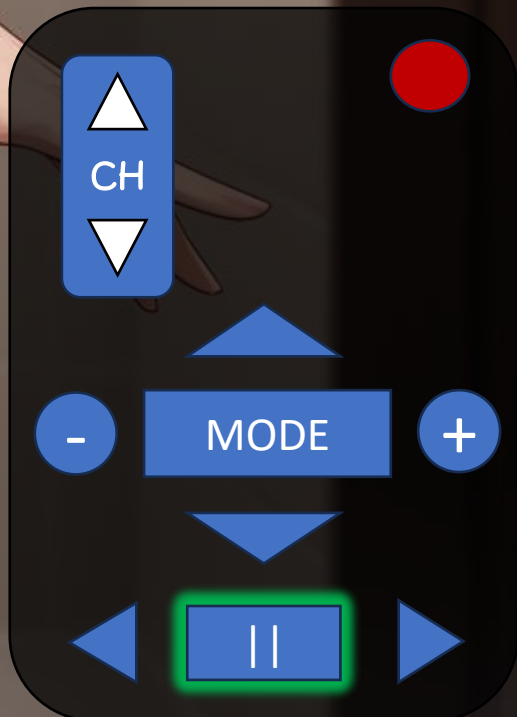

Oh, crap! She's turning around!

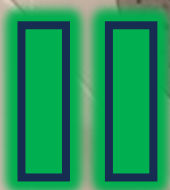

Oh, Great! She's a screamer.

iiiiikkkk

My hand
unintentionally
fidgets with the
remote as I try to
think of something
witty to say...

Hello. I'm
Steven's
flatmate.

I'm sorry. I
did not know
somebody was
in here...

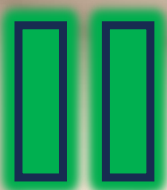

Okay... this is getting awkward... You try to talk yourself out of this, but the girl just stands there... not reacting to your excuses at all.

Heck! She doesn't even try to cover herself...

In fact... she does not move at all...

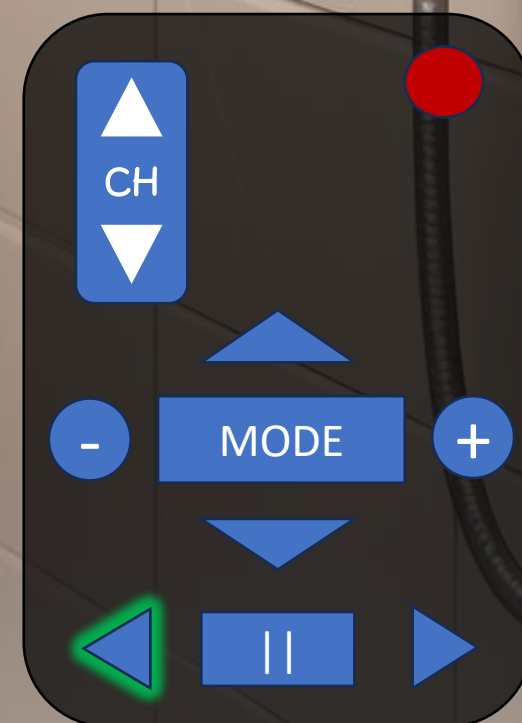

Hello?

You wave your hand in front of her face – no reaction...

What was going on?

My gaze wanders down to the remote control in my hand...
No way!

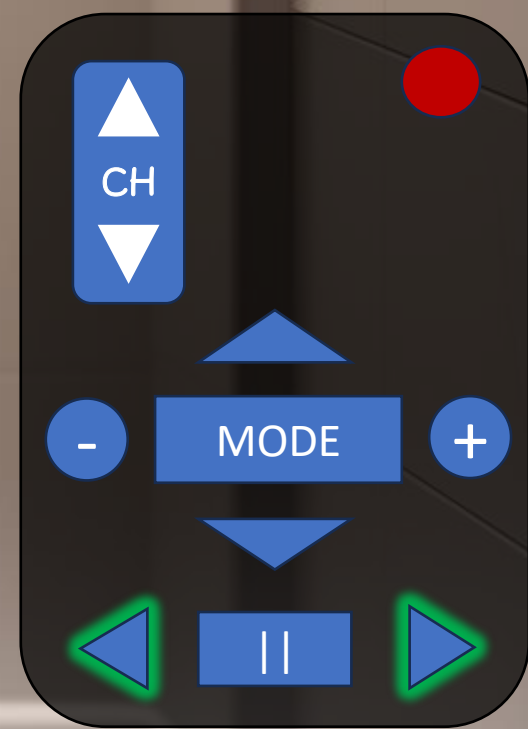

I hold down that rewind button, and in awe, I watch as he purple-haired girl in front of me starts moving in reverse! Her mouth closes, she turns back around...

And there we are again...
She's back to taking a
shower in peace...

pssshhhhhh

Now I don't know what
you would do with a
frozen girl in your
shower and a mighty
remote in your pocket,
but let's just assume I
took the high road and
carefully sneaked out of
the bathroom before she
could turn around again.

I totally did not do
anything improper to her
and then rewound her.

No Way!

Huh?

Hm...I... could
have sworn I
heard something...

Back in my room, my thoughts keep drifting back to the remote... but somehow, I manage to catch some sleep.

And the next morning I was already looking forward to my study session with Sophia at the library... and... of course... some more experimenting with the remote...

I mean... Sophia
was my friend.
Surely, I would
not do anything
to her... she did
not like.

Mhhhh

Breasts

Though... maybe I could
turn her into a bimbo?
Just temporarily... **for
science!**

Blonde hair... big
boobs... a clueless
smile... it surely
would suit her...

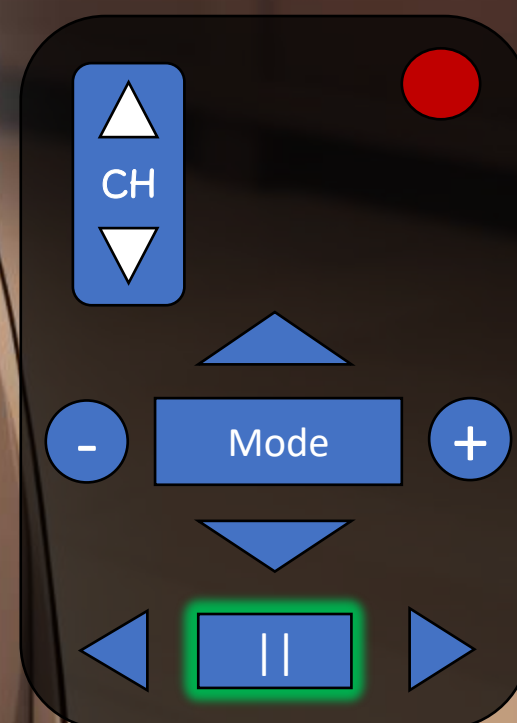

giggle

But we must not make too much noise... otherwise the librarian might get suspicious... though I guess I could just freeze her for an hour... no harm in that, right?

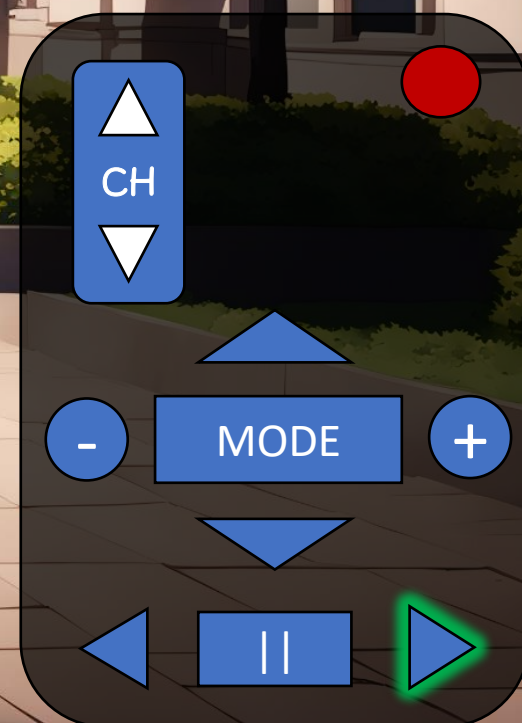

?

Huh?

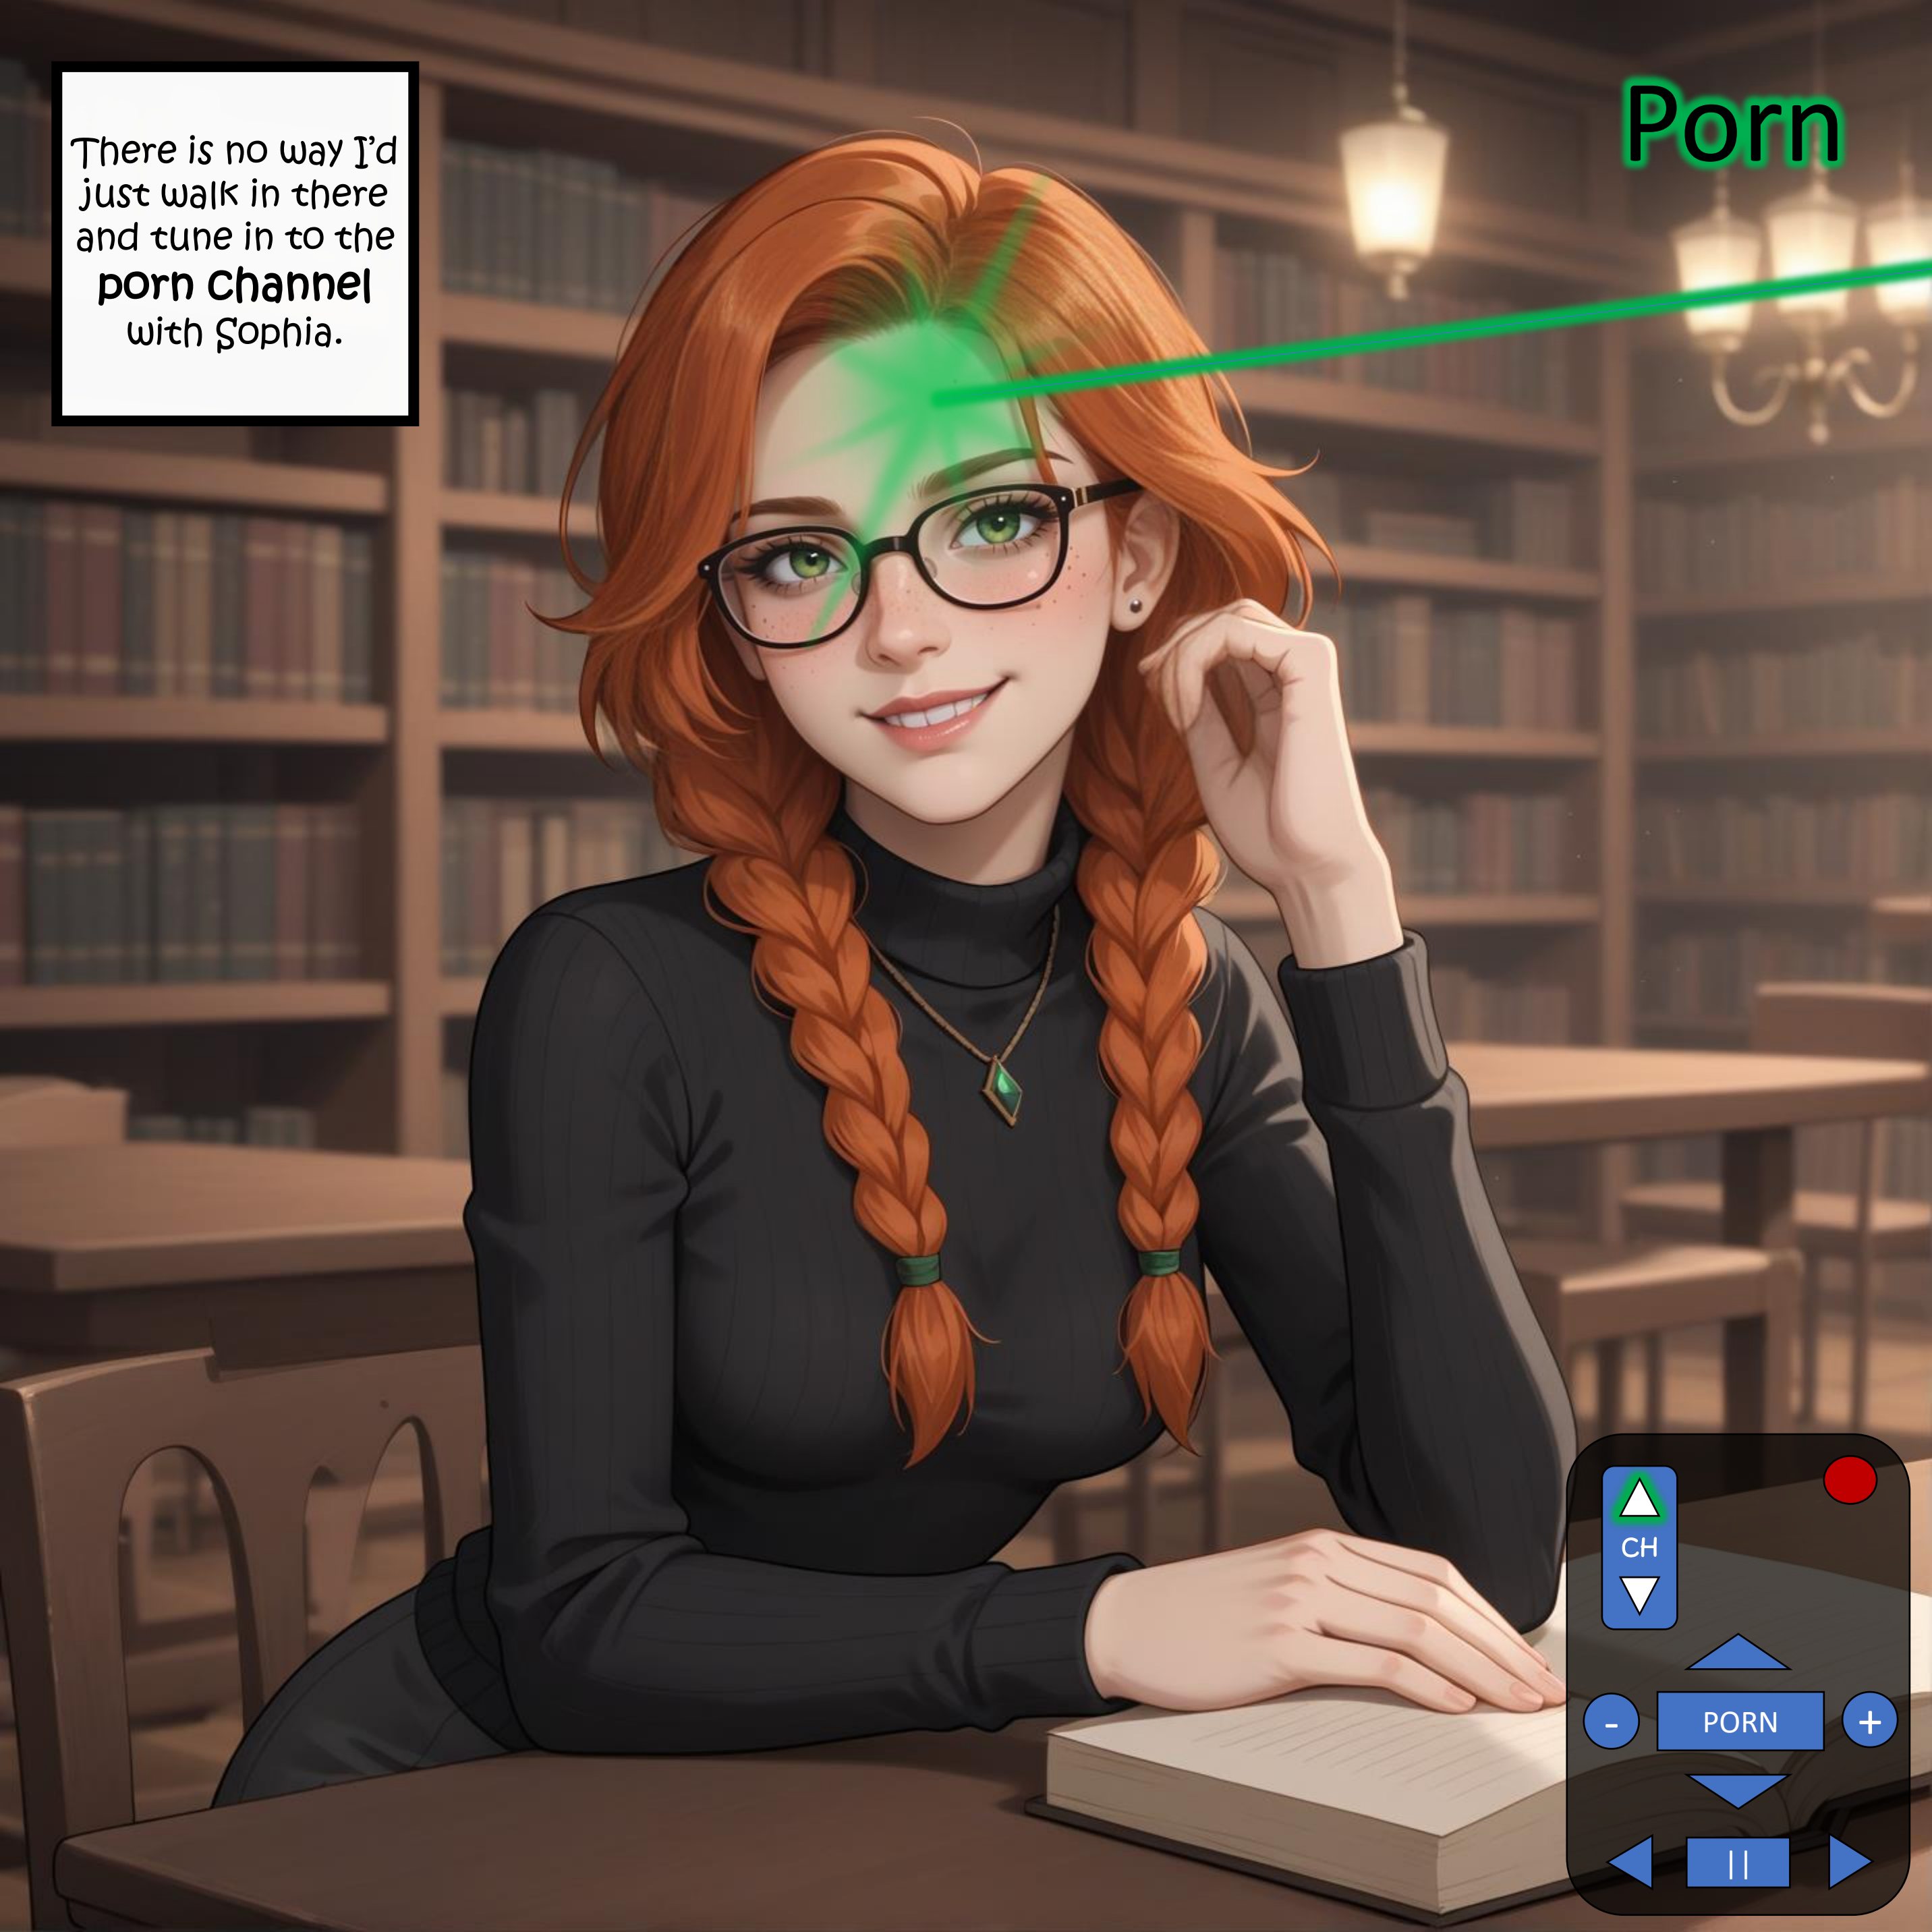

And so, my thoughts spin
around in a whirlwind as my
steps take me to the library.

Now... I don't know what
you would do with a magic
remote in your pocket, but
I was looking forward to an
interesting study session.

There is no way I'd
just walk in there
and tune in to the
porn channel
with Sophia.

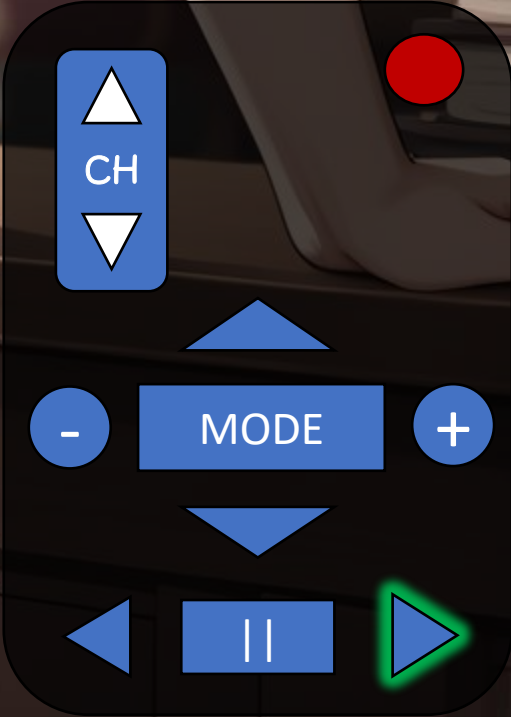

Porn

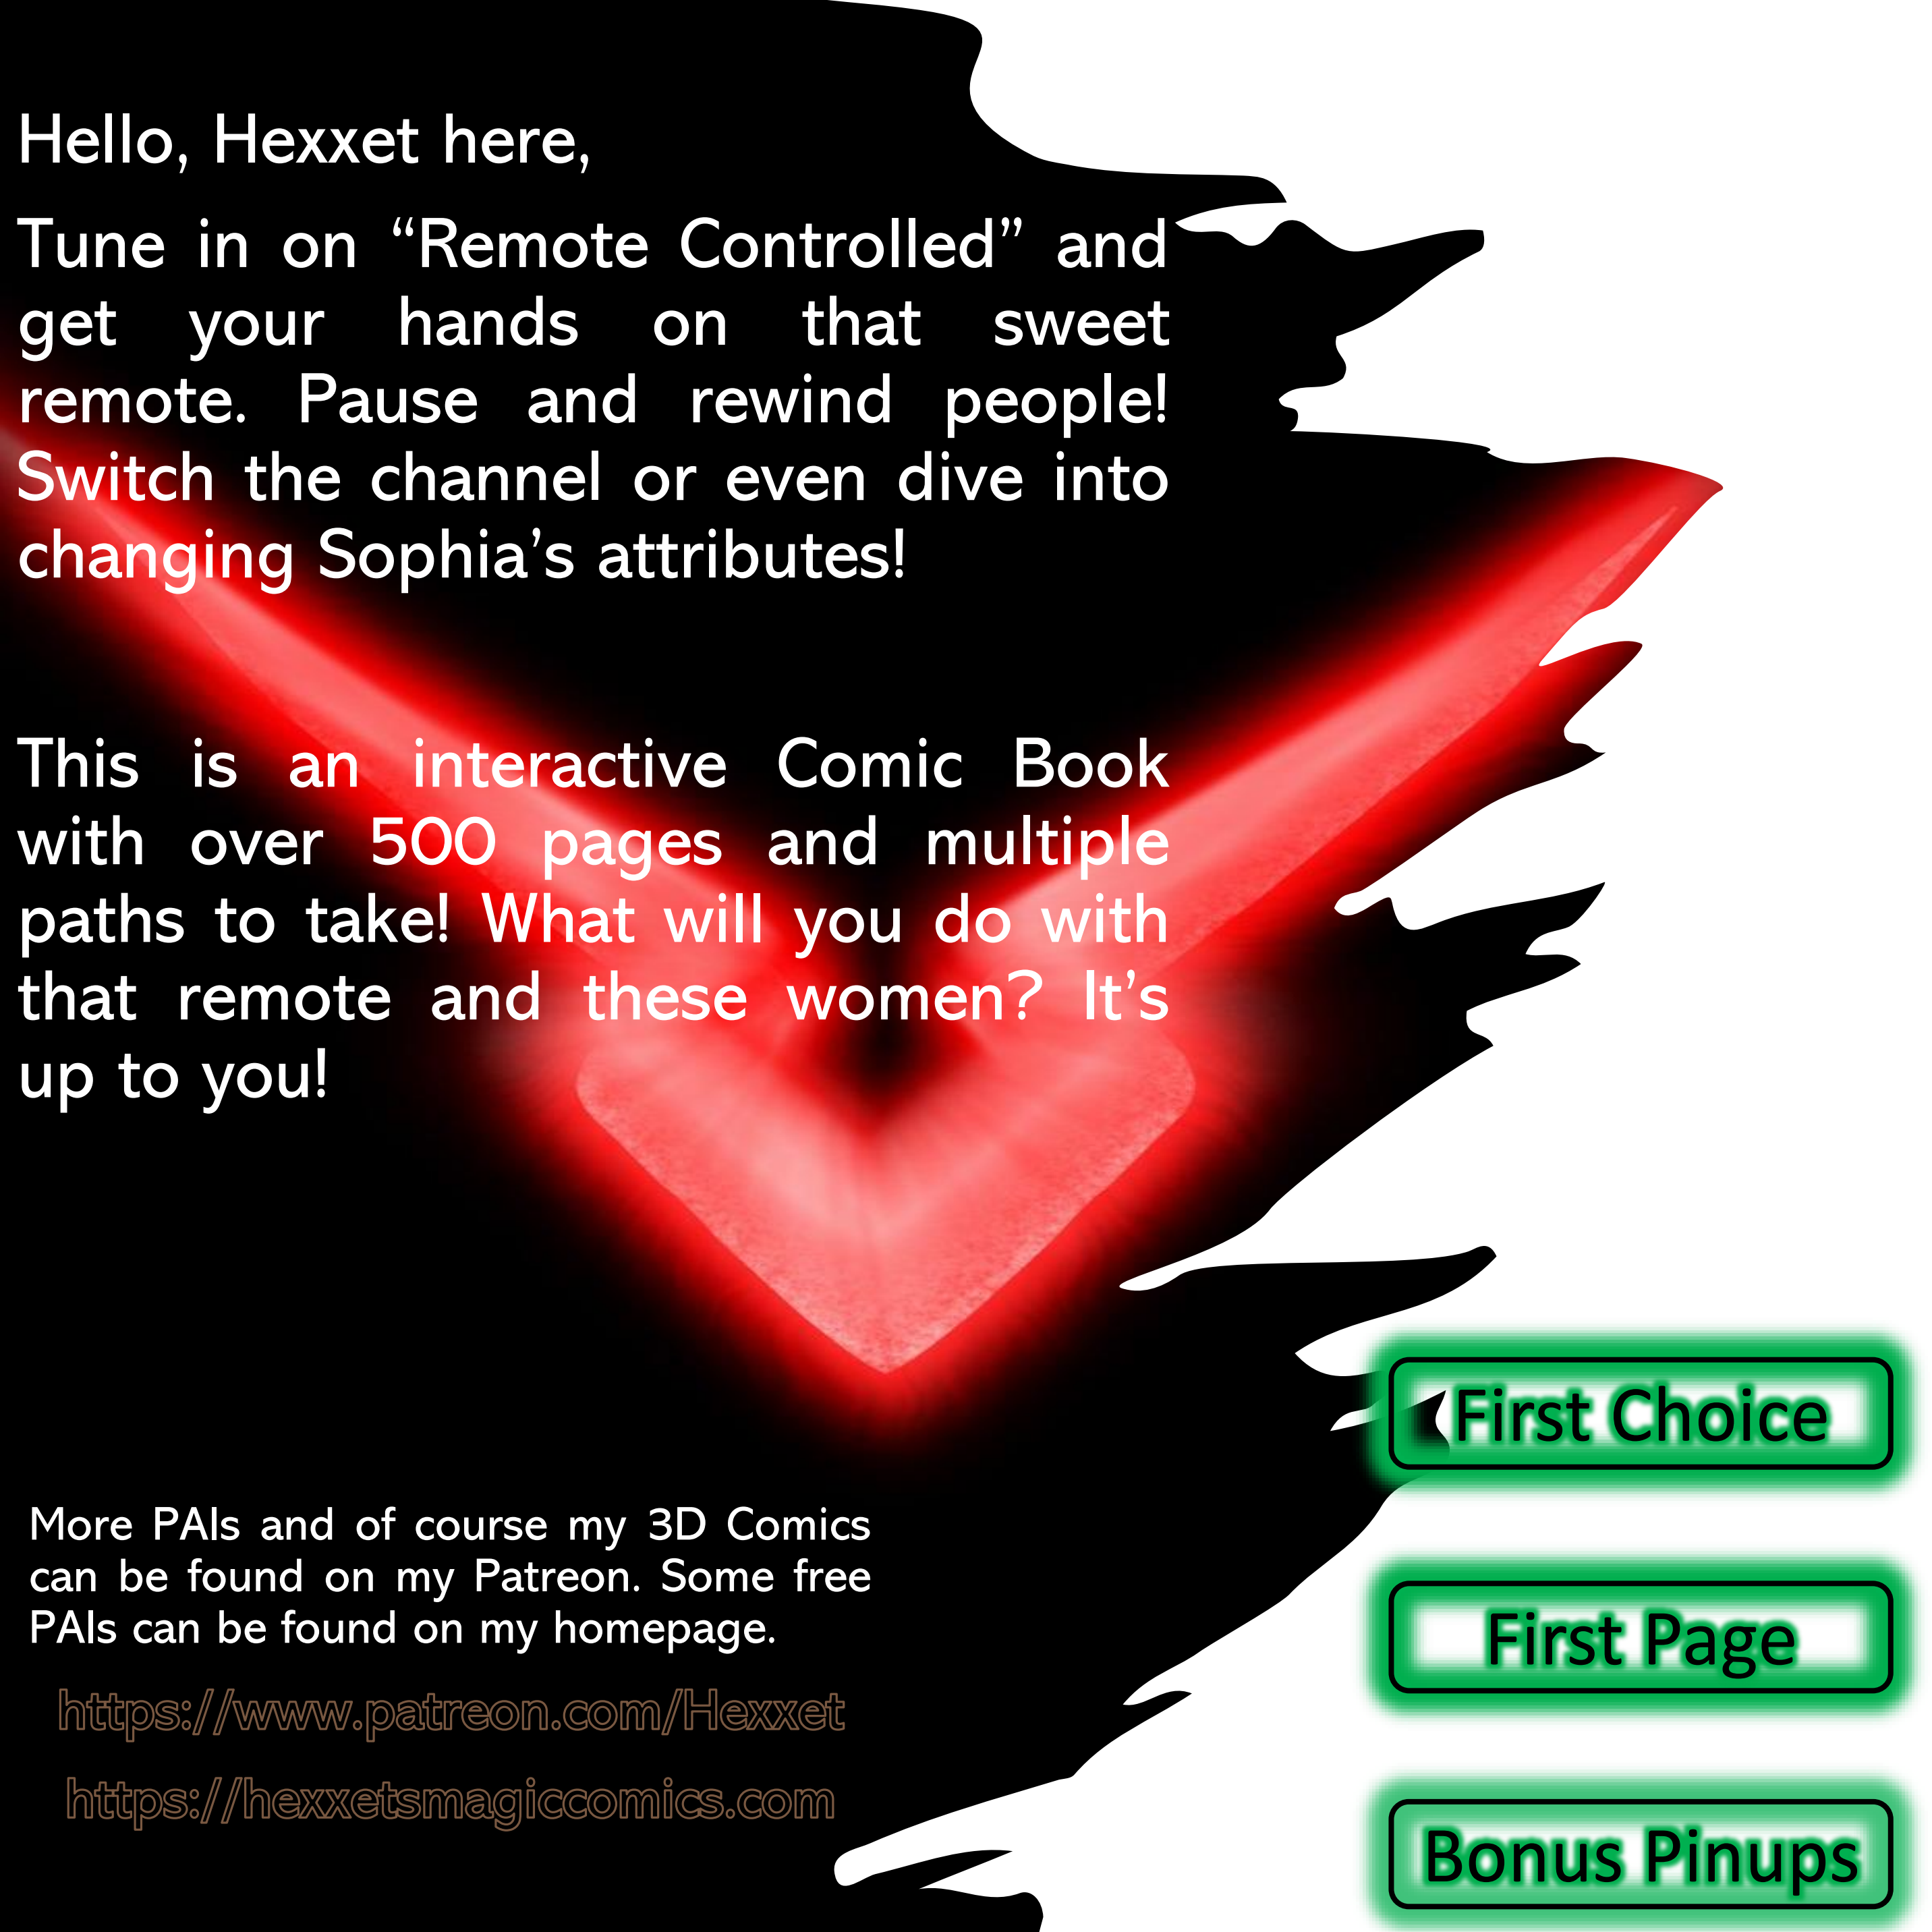

Cause that would be un... uneth... ah whatever! **I definitely did not do it, OKAY?** No... my thumb is not hovering over the rewind button your honour!

Porn

You know... Libraries get me really horny.

The porn
channel was
the best!

Mrs. Roberts, the secret dream of many students, was now on her knees – giving me a sloppy blowjob. It was a story like in a porno... Oh wait! It was the porn channel!

It's a good thing I turned
her fertility down!

Fertility

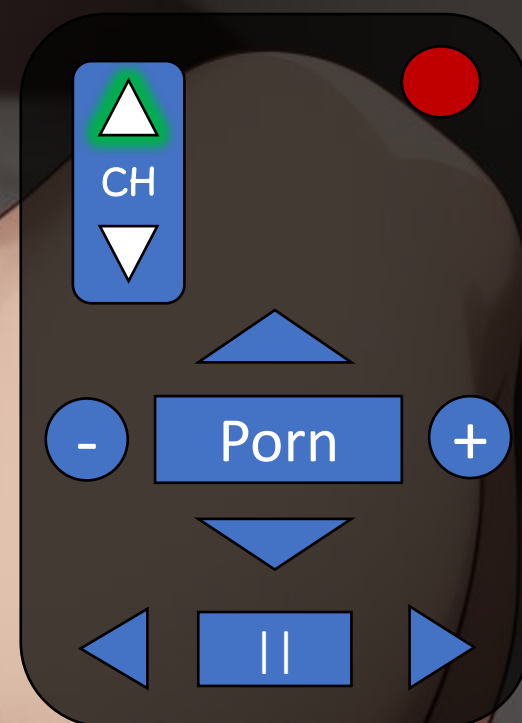

In the real-world
Mrs. Roberts was a
beautiful but
reserved woman (at
least I think she is),
but in Porn world
she's a really lewd
MILF!

CC

She sucked my
cock like a
vacuum cleaner!
Definitely need to
remember that
button!
