Mag

Previously on „The Princess and the Mage“, we saw how the princess led her entourage to the dark Castle...

Gold!

Tsk!

Slave Girls!

The groups offerings are scoffed at by the mage of the black citadel...

Instead, he demands  
the princess' body – a  
sexual favor.

Your body!

However, the  
princess's body  
must stay pure to  
fulfill the prophecy  
of her slaying the  
demon lord.

So, the dark mage comes  
up with a deal...

What the hell  
is wrong with  
this guy?

I'll grant you passage,  
and we fuck when your  
quest is done.

Then we  
have a deal,  
oh great  
mage.

And the princess agrees...

Preposterous!

WHAT?!

That night, the dark mage enjoys the company  
of the new slaves brought by the hero's party.  
(Yeah, he confiscated them anyway)

We continue from here...

As Kaelen switches from his human harem to his more established concubines of various species...

Merefolk

\*moan\*

Will you be gone for long?

\*SLURP\*

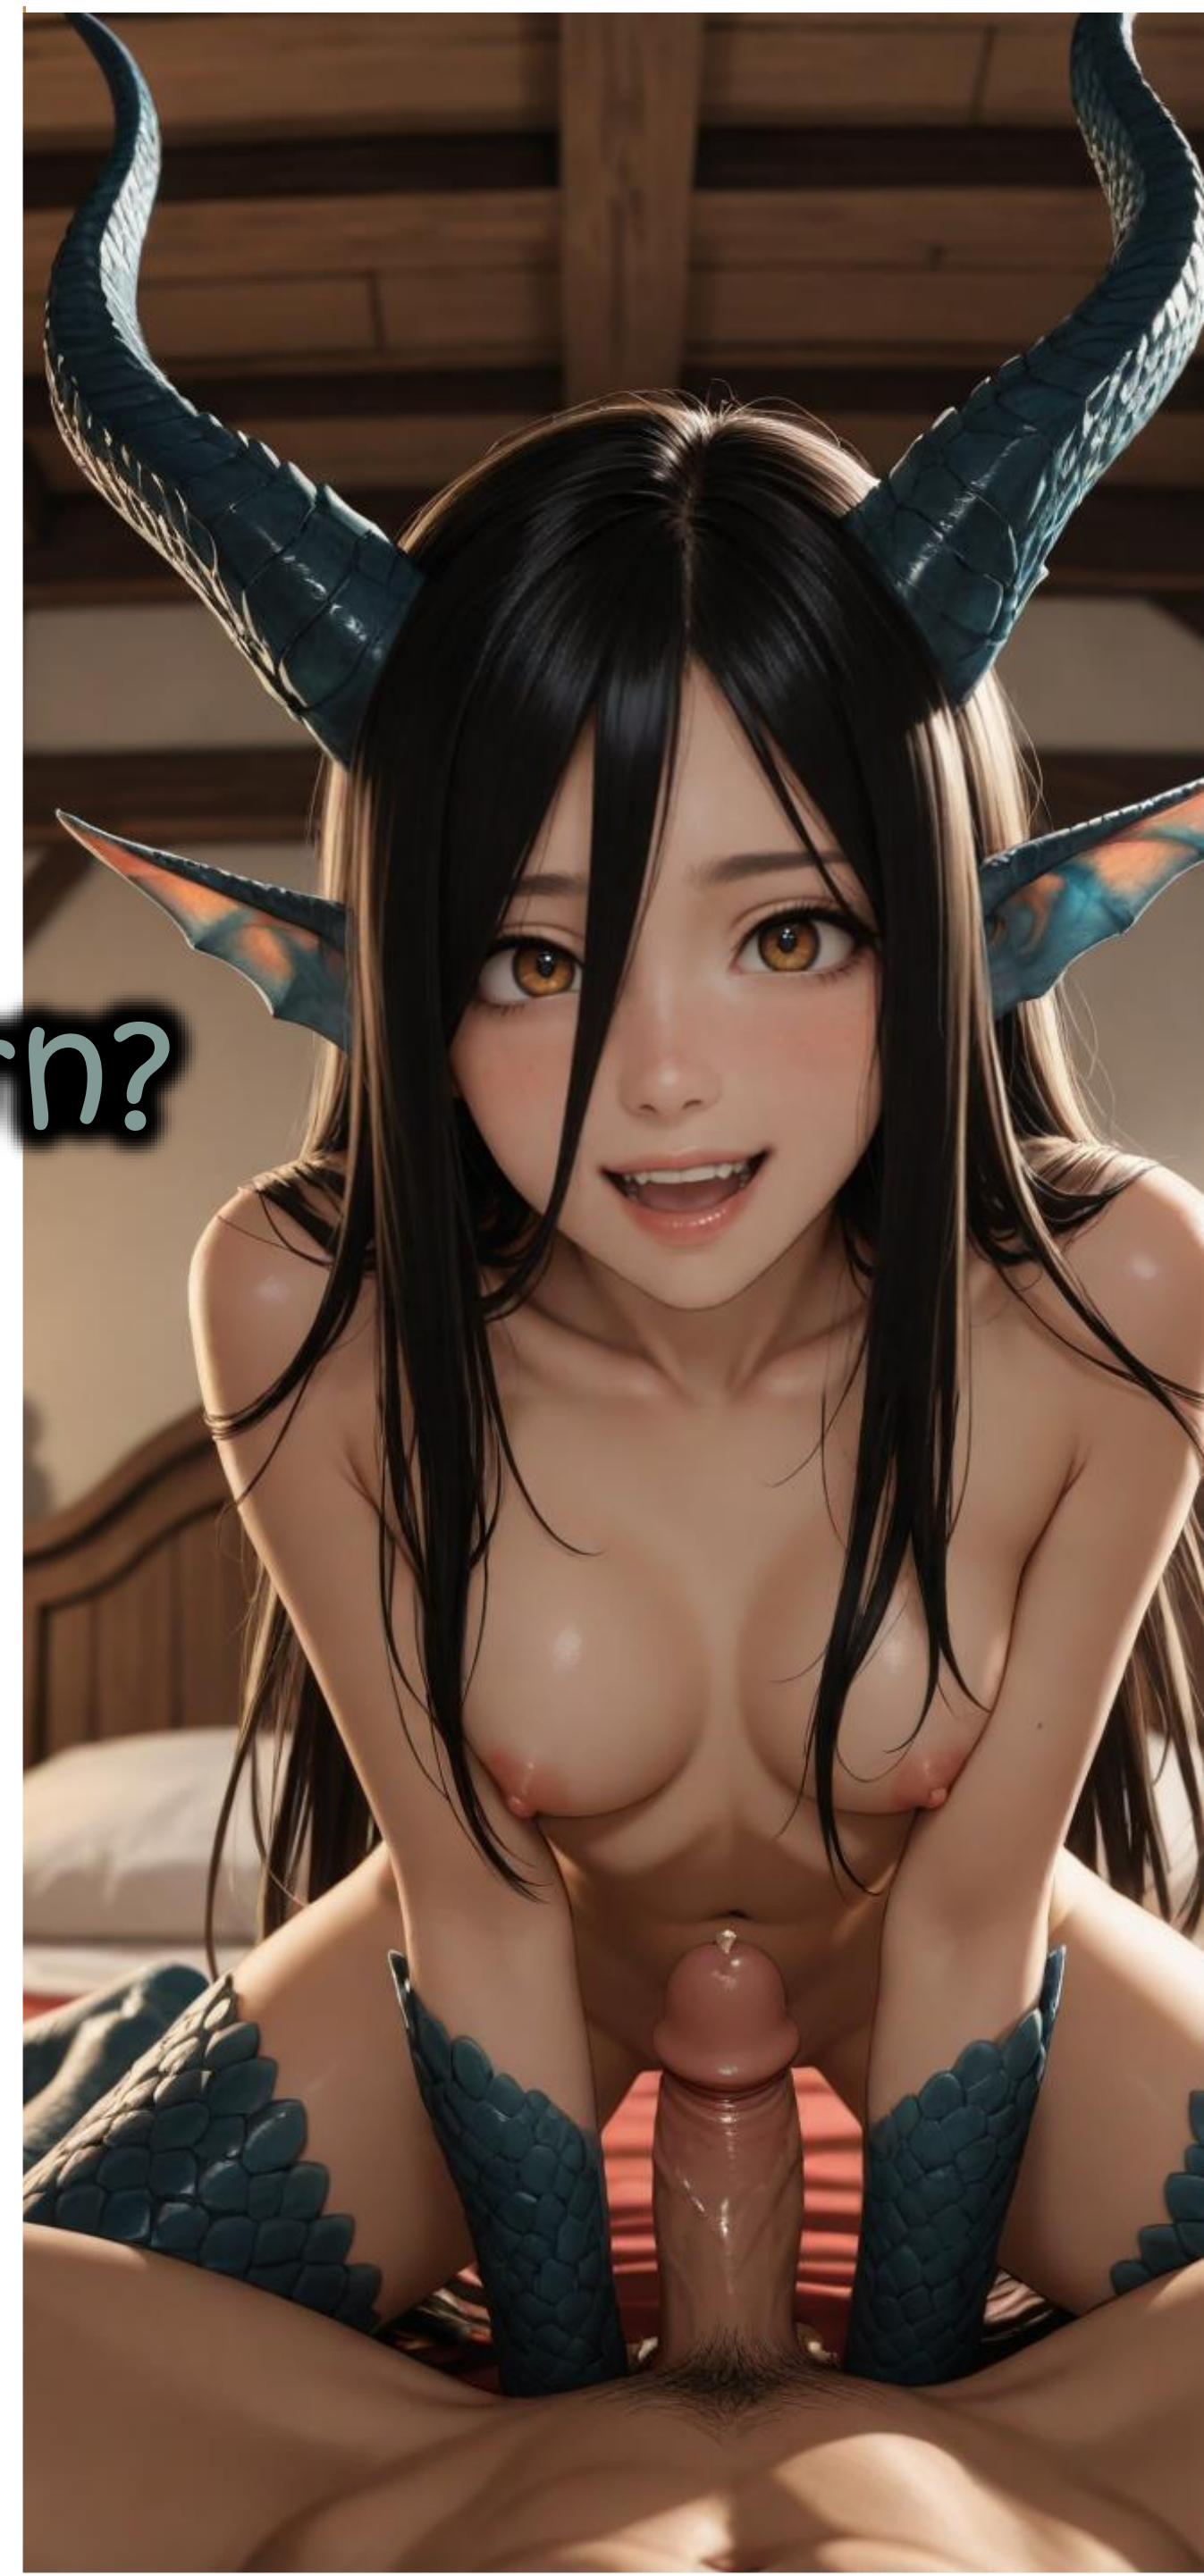

Oh, Master!

My turn?

We will miss  
you, Master!!

I filled that night, and several of my girls, with sexual pleasure.

I wonder if it's due to me meeting the princess... a woman who catches my interest after a long time...

\*SLURP\*

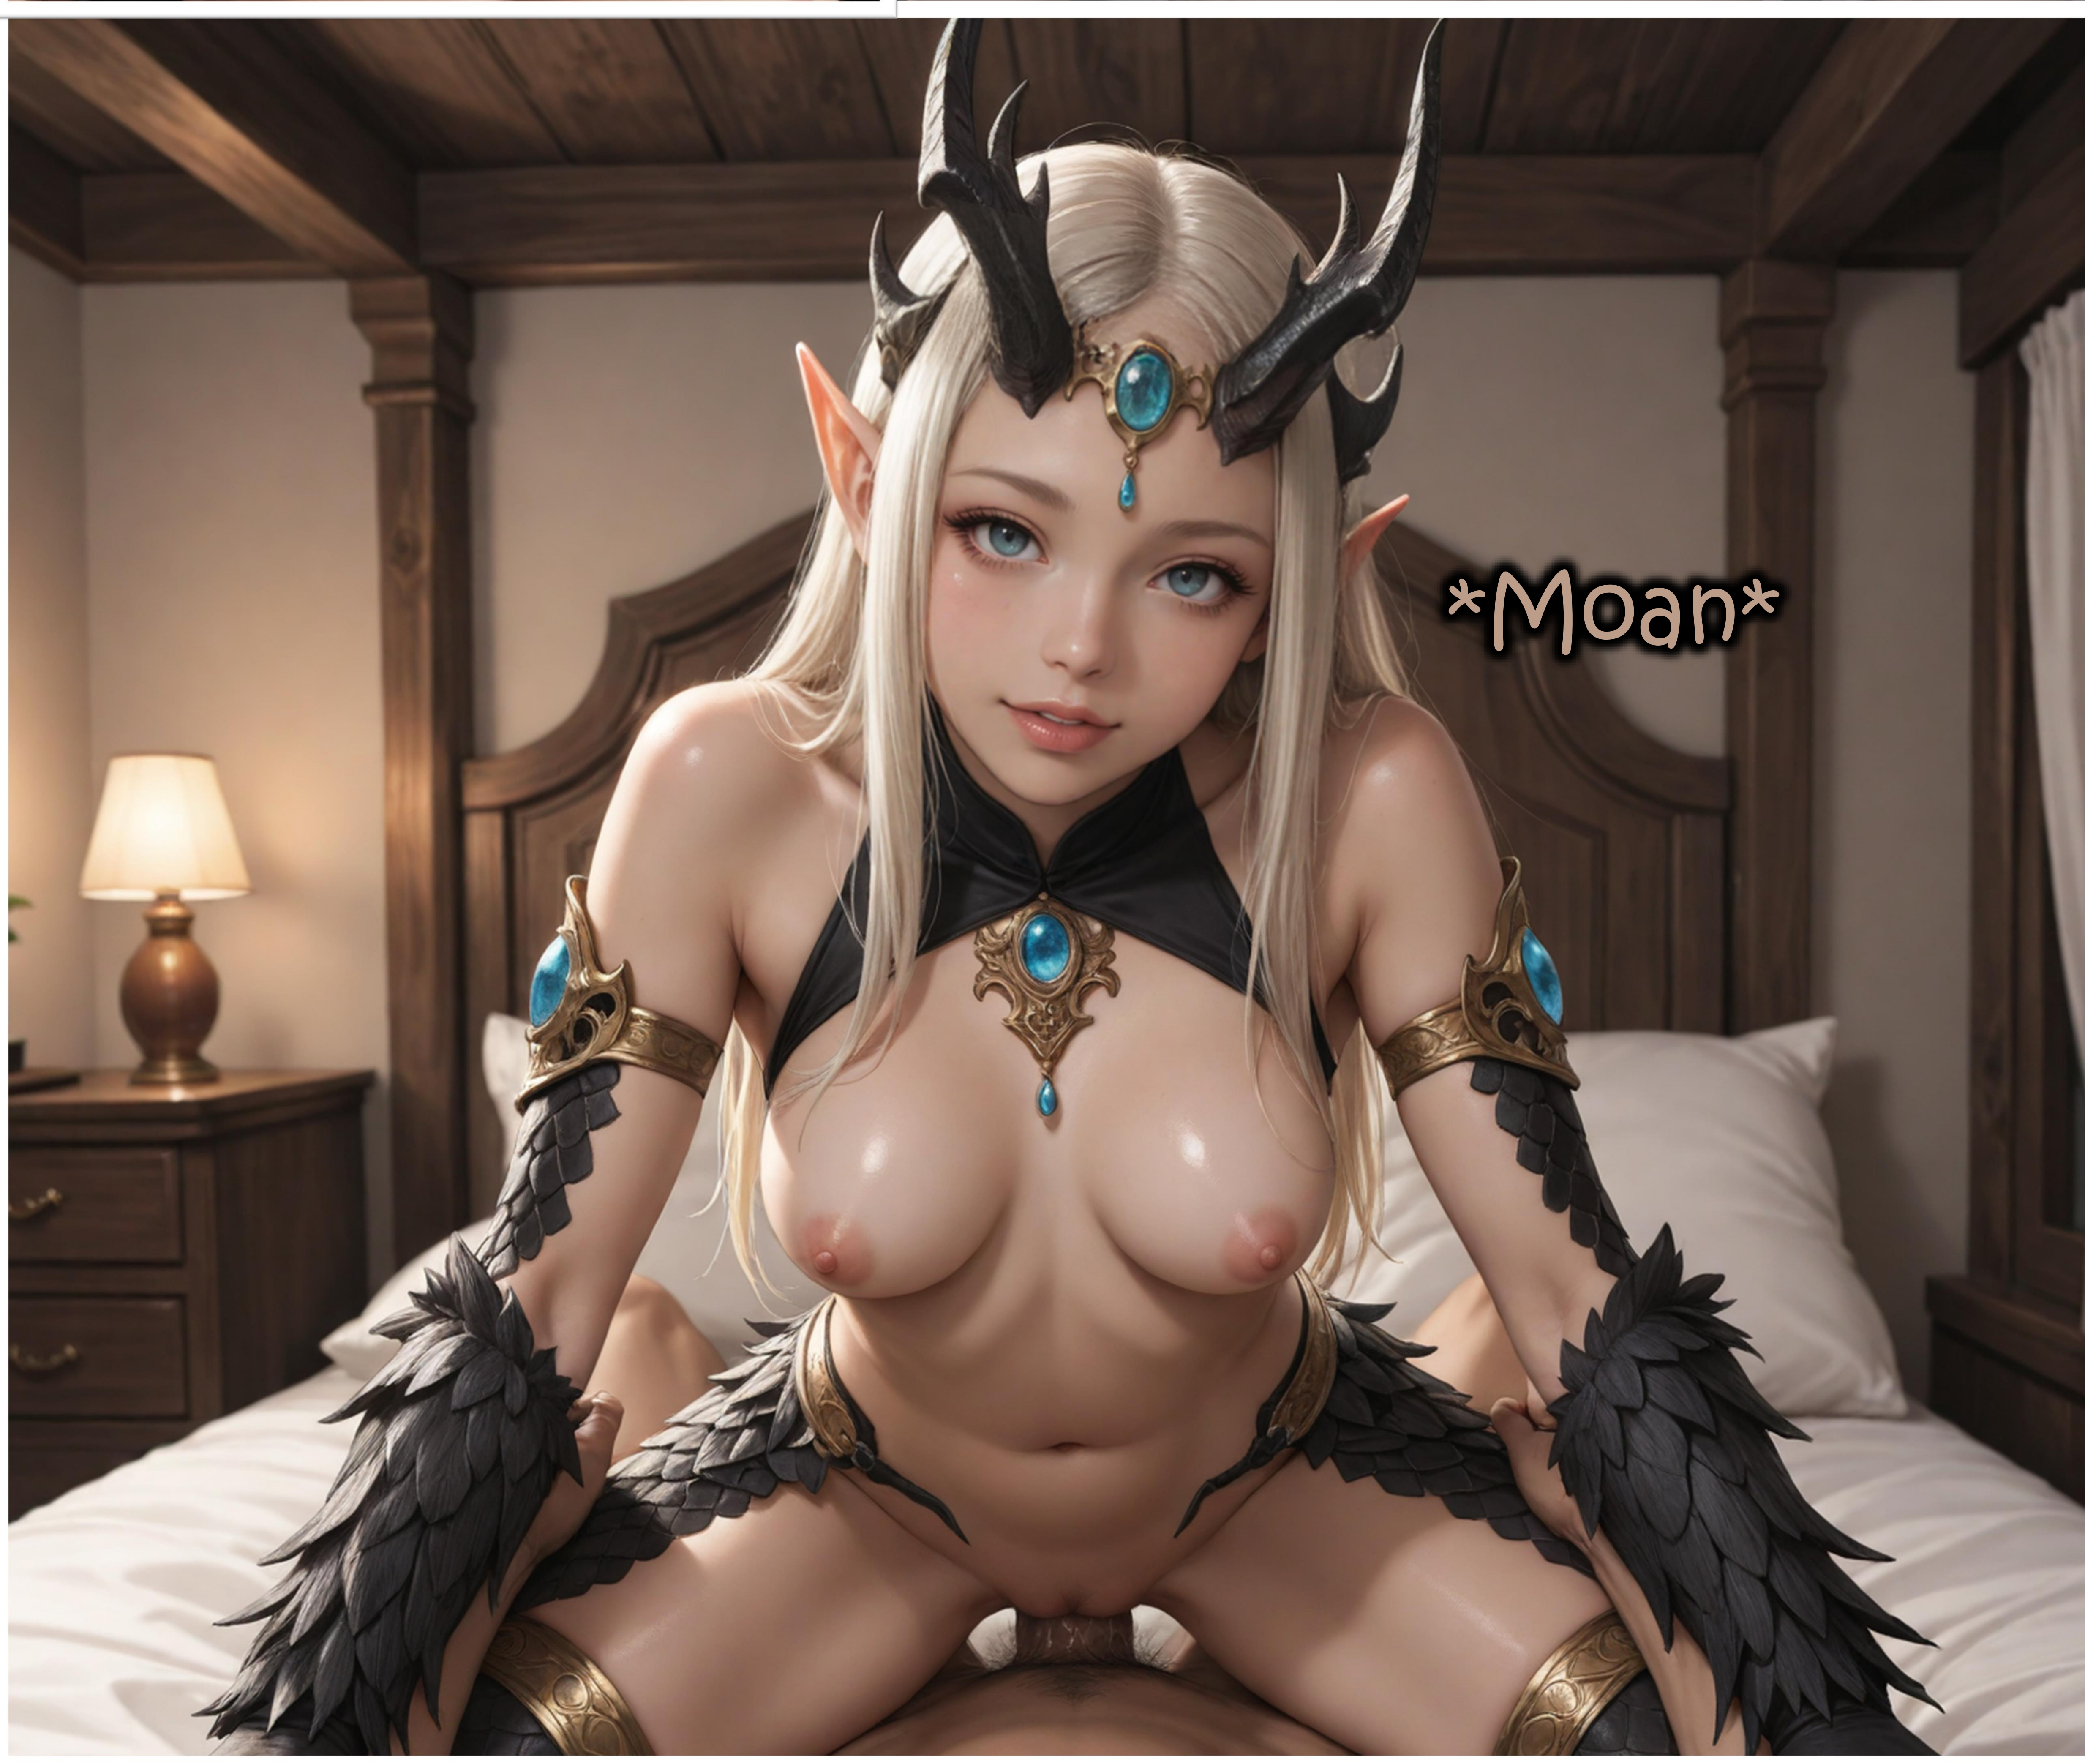

Or did I feel it deep inside, that this was not a simple matter of granting her party passage...

Riding your cock feels better than flying, Milord!!

Did I suspect what kind of trouble this would bring? No... I don't think I had a clue back then when I left the merfolk den and joined my dragonfolk girls...

I love dragon  
girl blowjobs...  
They can do  
this thing with  
their tongue...

Please come  
back soon,  
Milord.

Master, I love  
you!

It was a night I would not  
forget for a long time...

Most likely because  
fucking during an  
adventure came  
with risks...

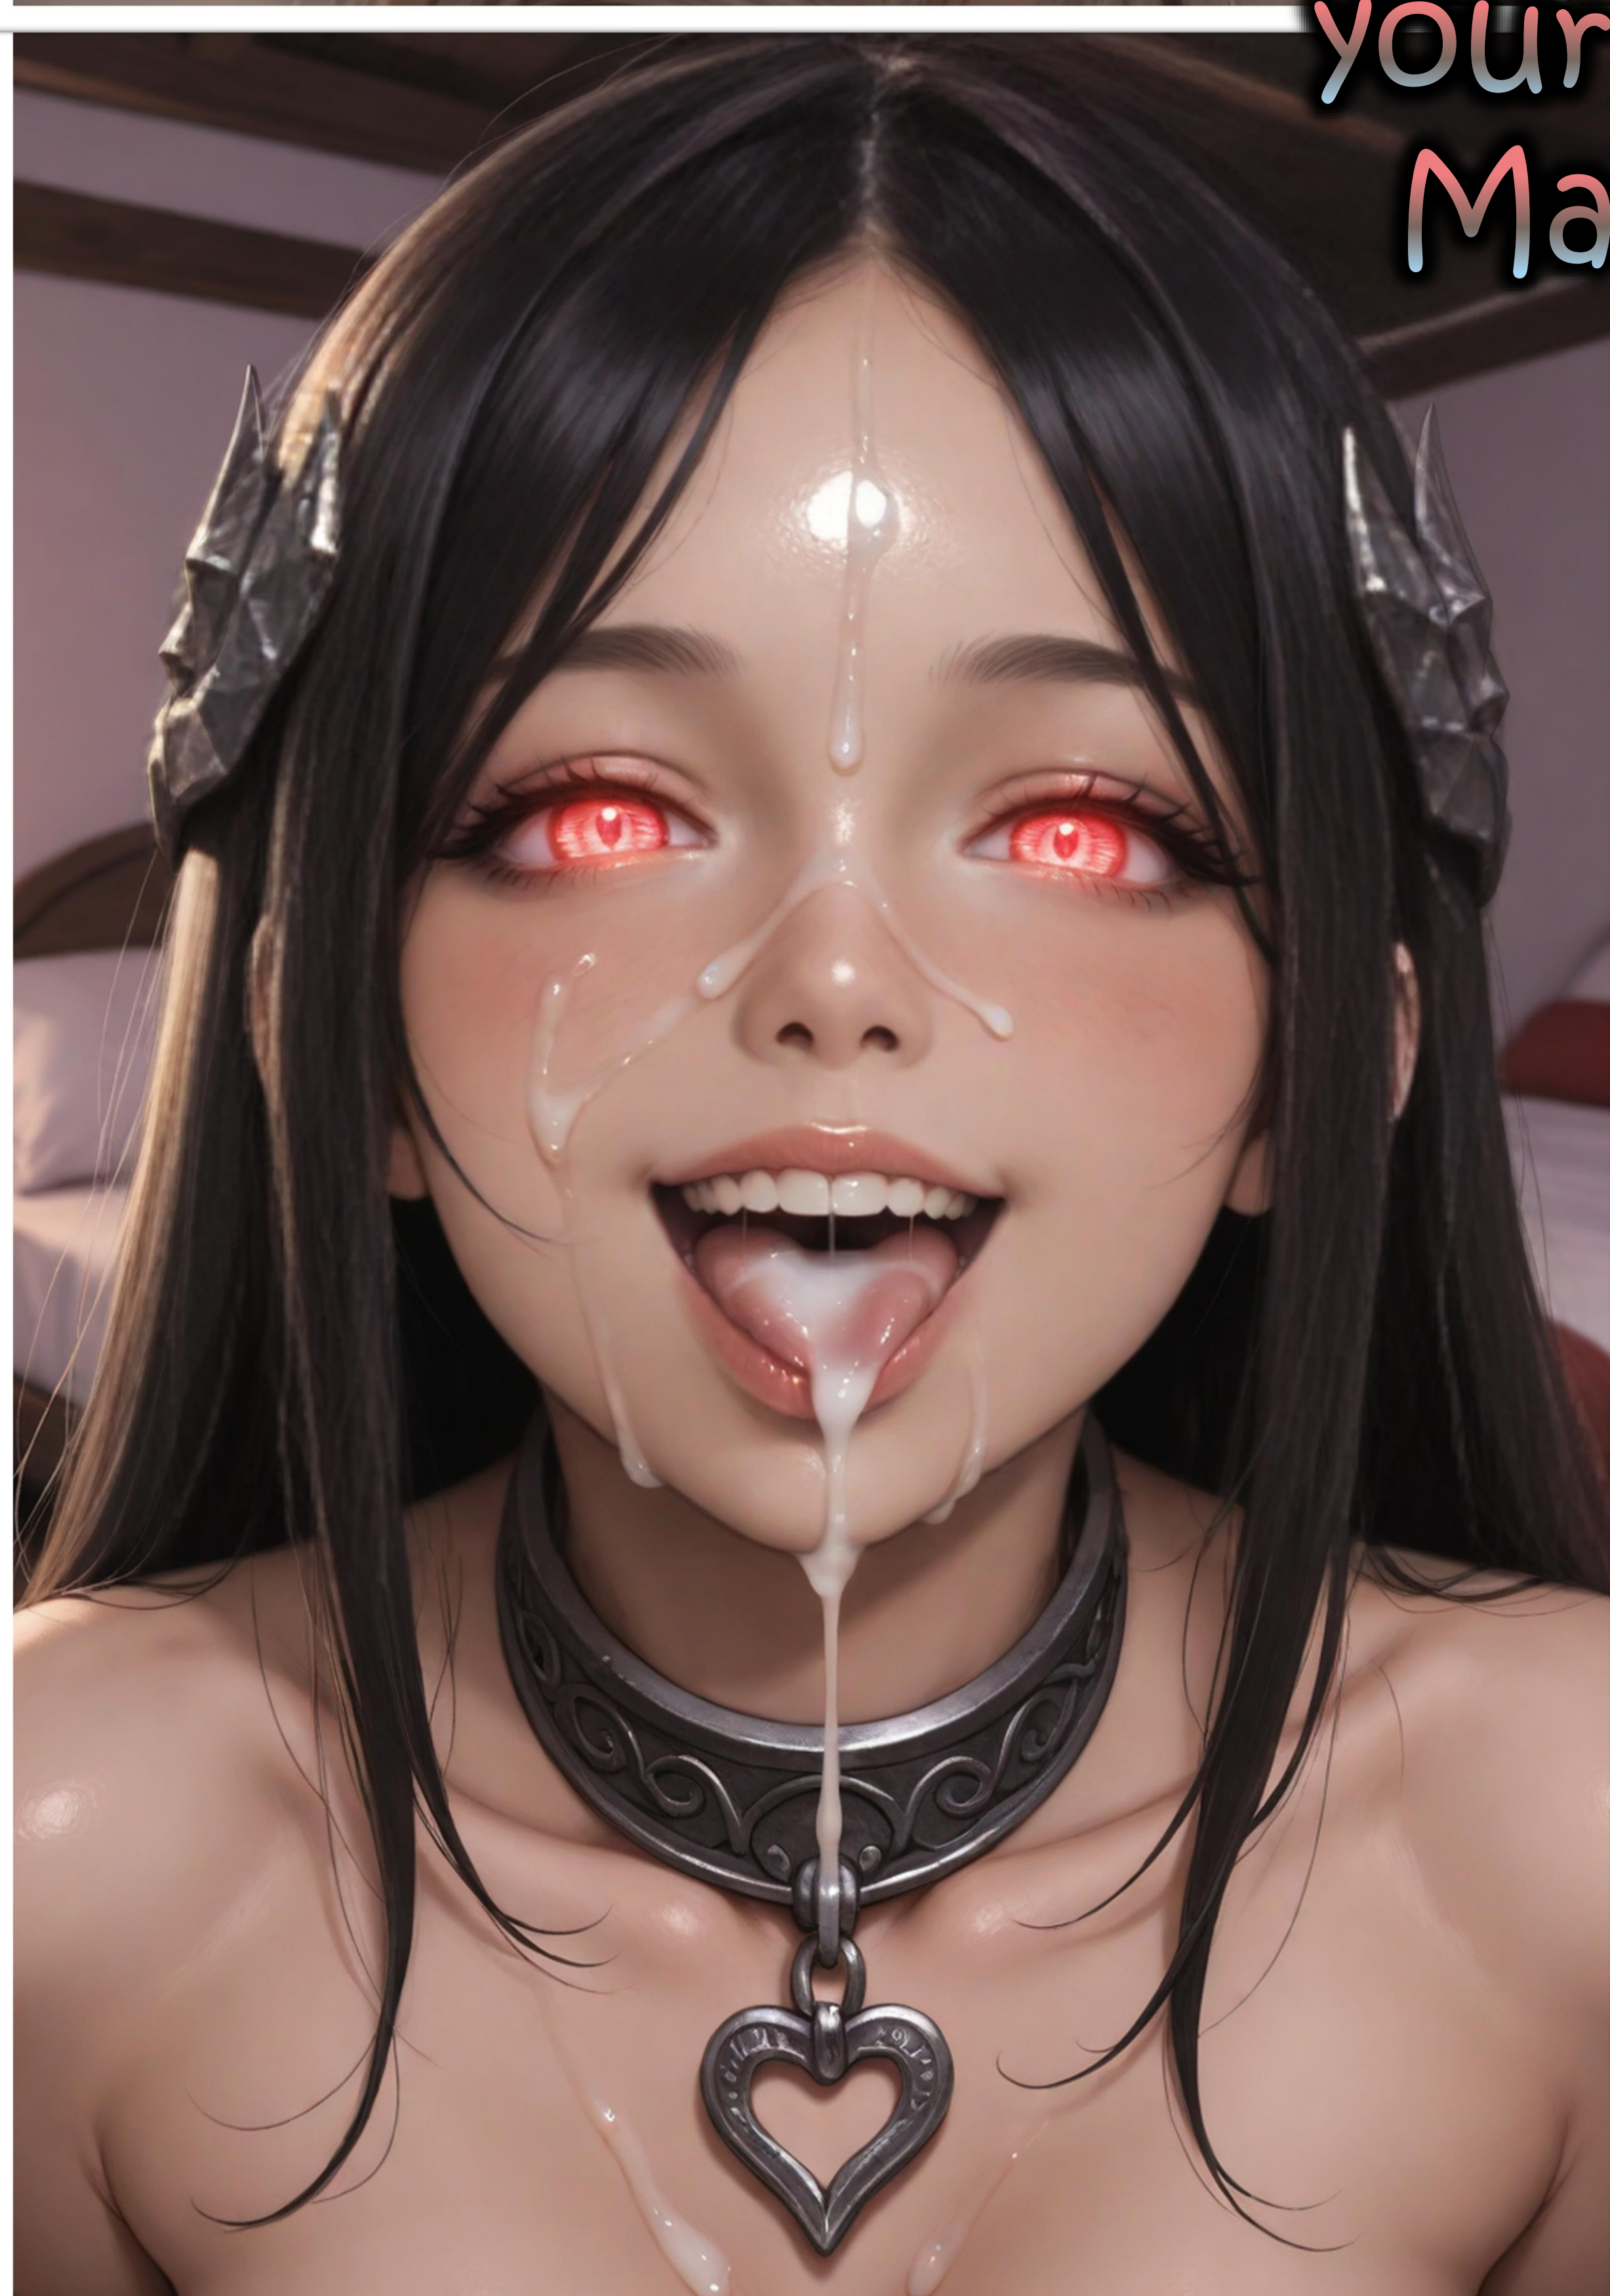

Mhhh, what  
a load, my  
lord!

Thank you for  
your seed,  
Master!

Feed me some  
more when you get  
back, Master.

I barely found any rest that night...

But I did not let it show, as the next day I rode with the princess to the border bulwark of Ragendale.

It's under my control and is built to protect the only pass into the demon realm from here to the northern sea.

I'm on good terms with  
the demonfolk...

I especially like the  
succubi...

But if a new demon lord really is on  
the rise... things might change...

Who are you,  
little man?

Tsk! What  
insolence!

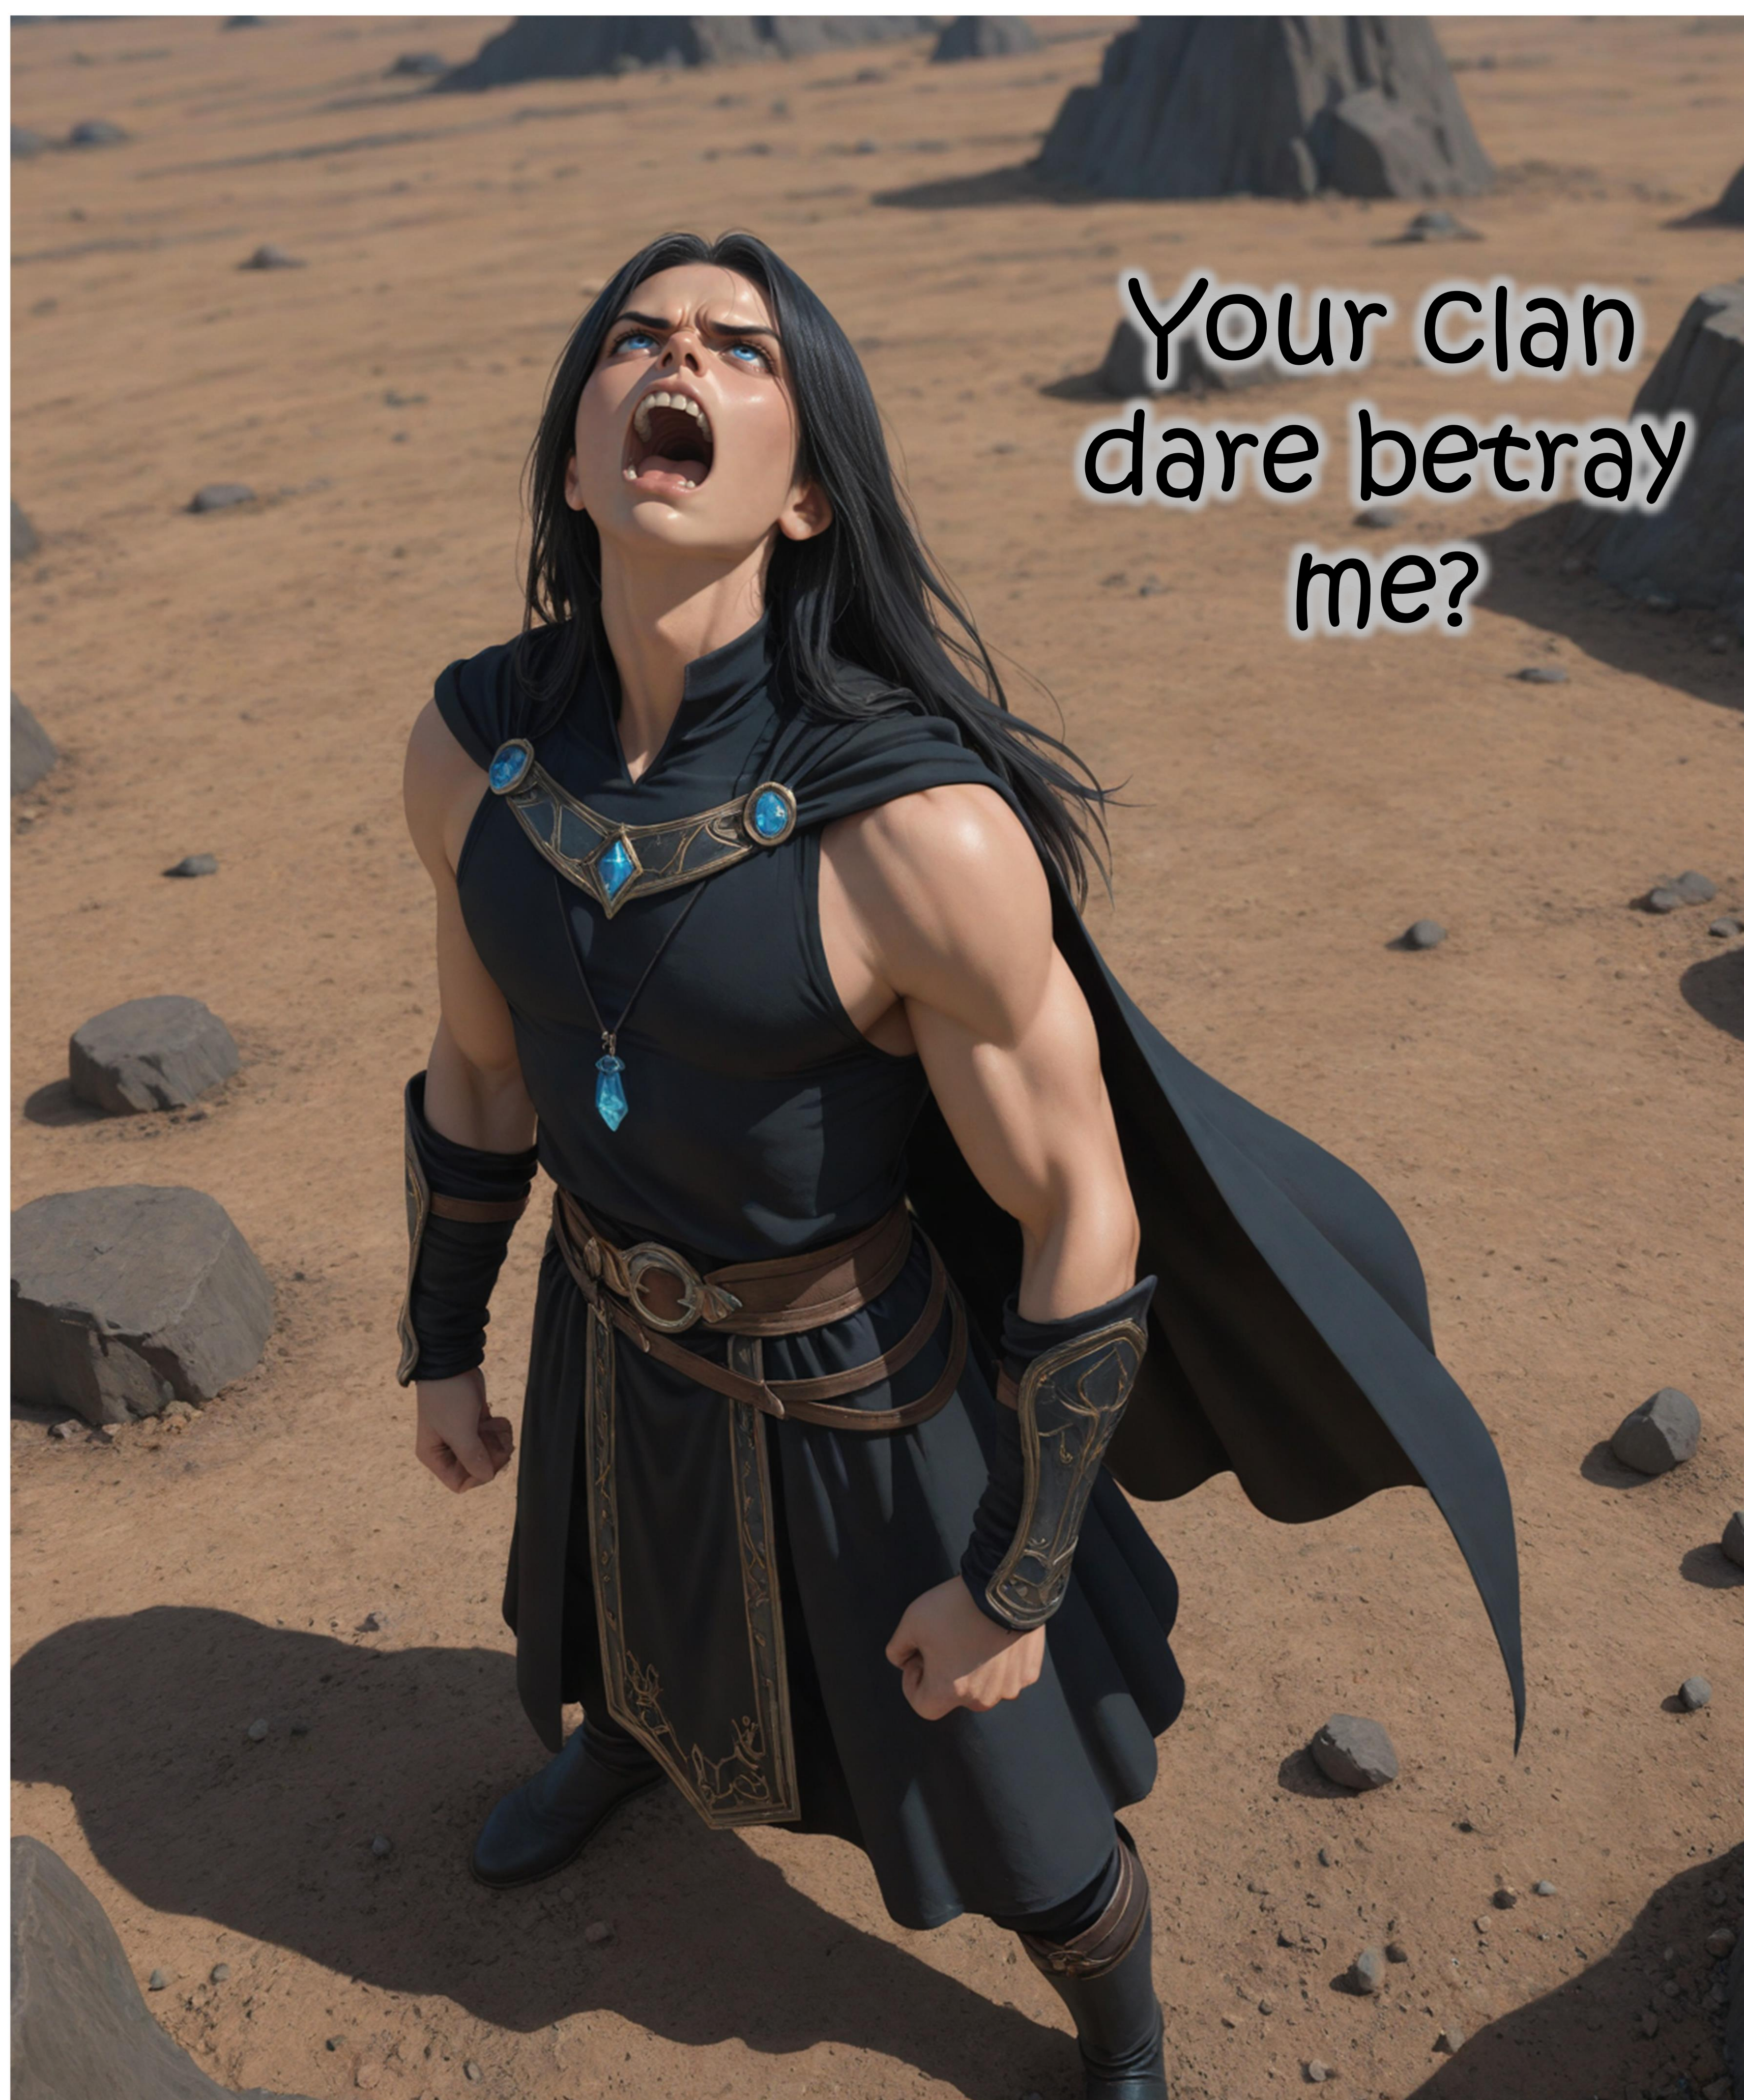

I have no use for Orcs  
in the bedroom... So, I  
left them in charge of  
this garrison. But the  
one I'm meeting right  
now is not the one I left  
in charge...

I'm Kaelen  
Nox from  
Duskmoor  
Castle. Your  
Master! You  
will open  
these gates  
and let us  
pass  
immediately.

Not my  
Master, little  
human!  
Ragendale  
serves the  
one and only  
true Master:  
Malgareth  
the demon  
lord! Leave  
now, or you'll  
be torn  
apart!

Your clan  
dare betray  
me?

Now... that could  
have gone better.

I did not realize  
the demon lord's  
influence had  
already reached  
my realm...

I was too  
distracted to  
care for these  
border orcs...

I will not forgive  
this insolence...

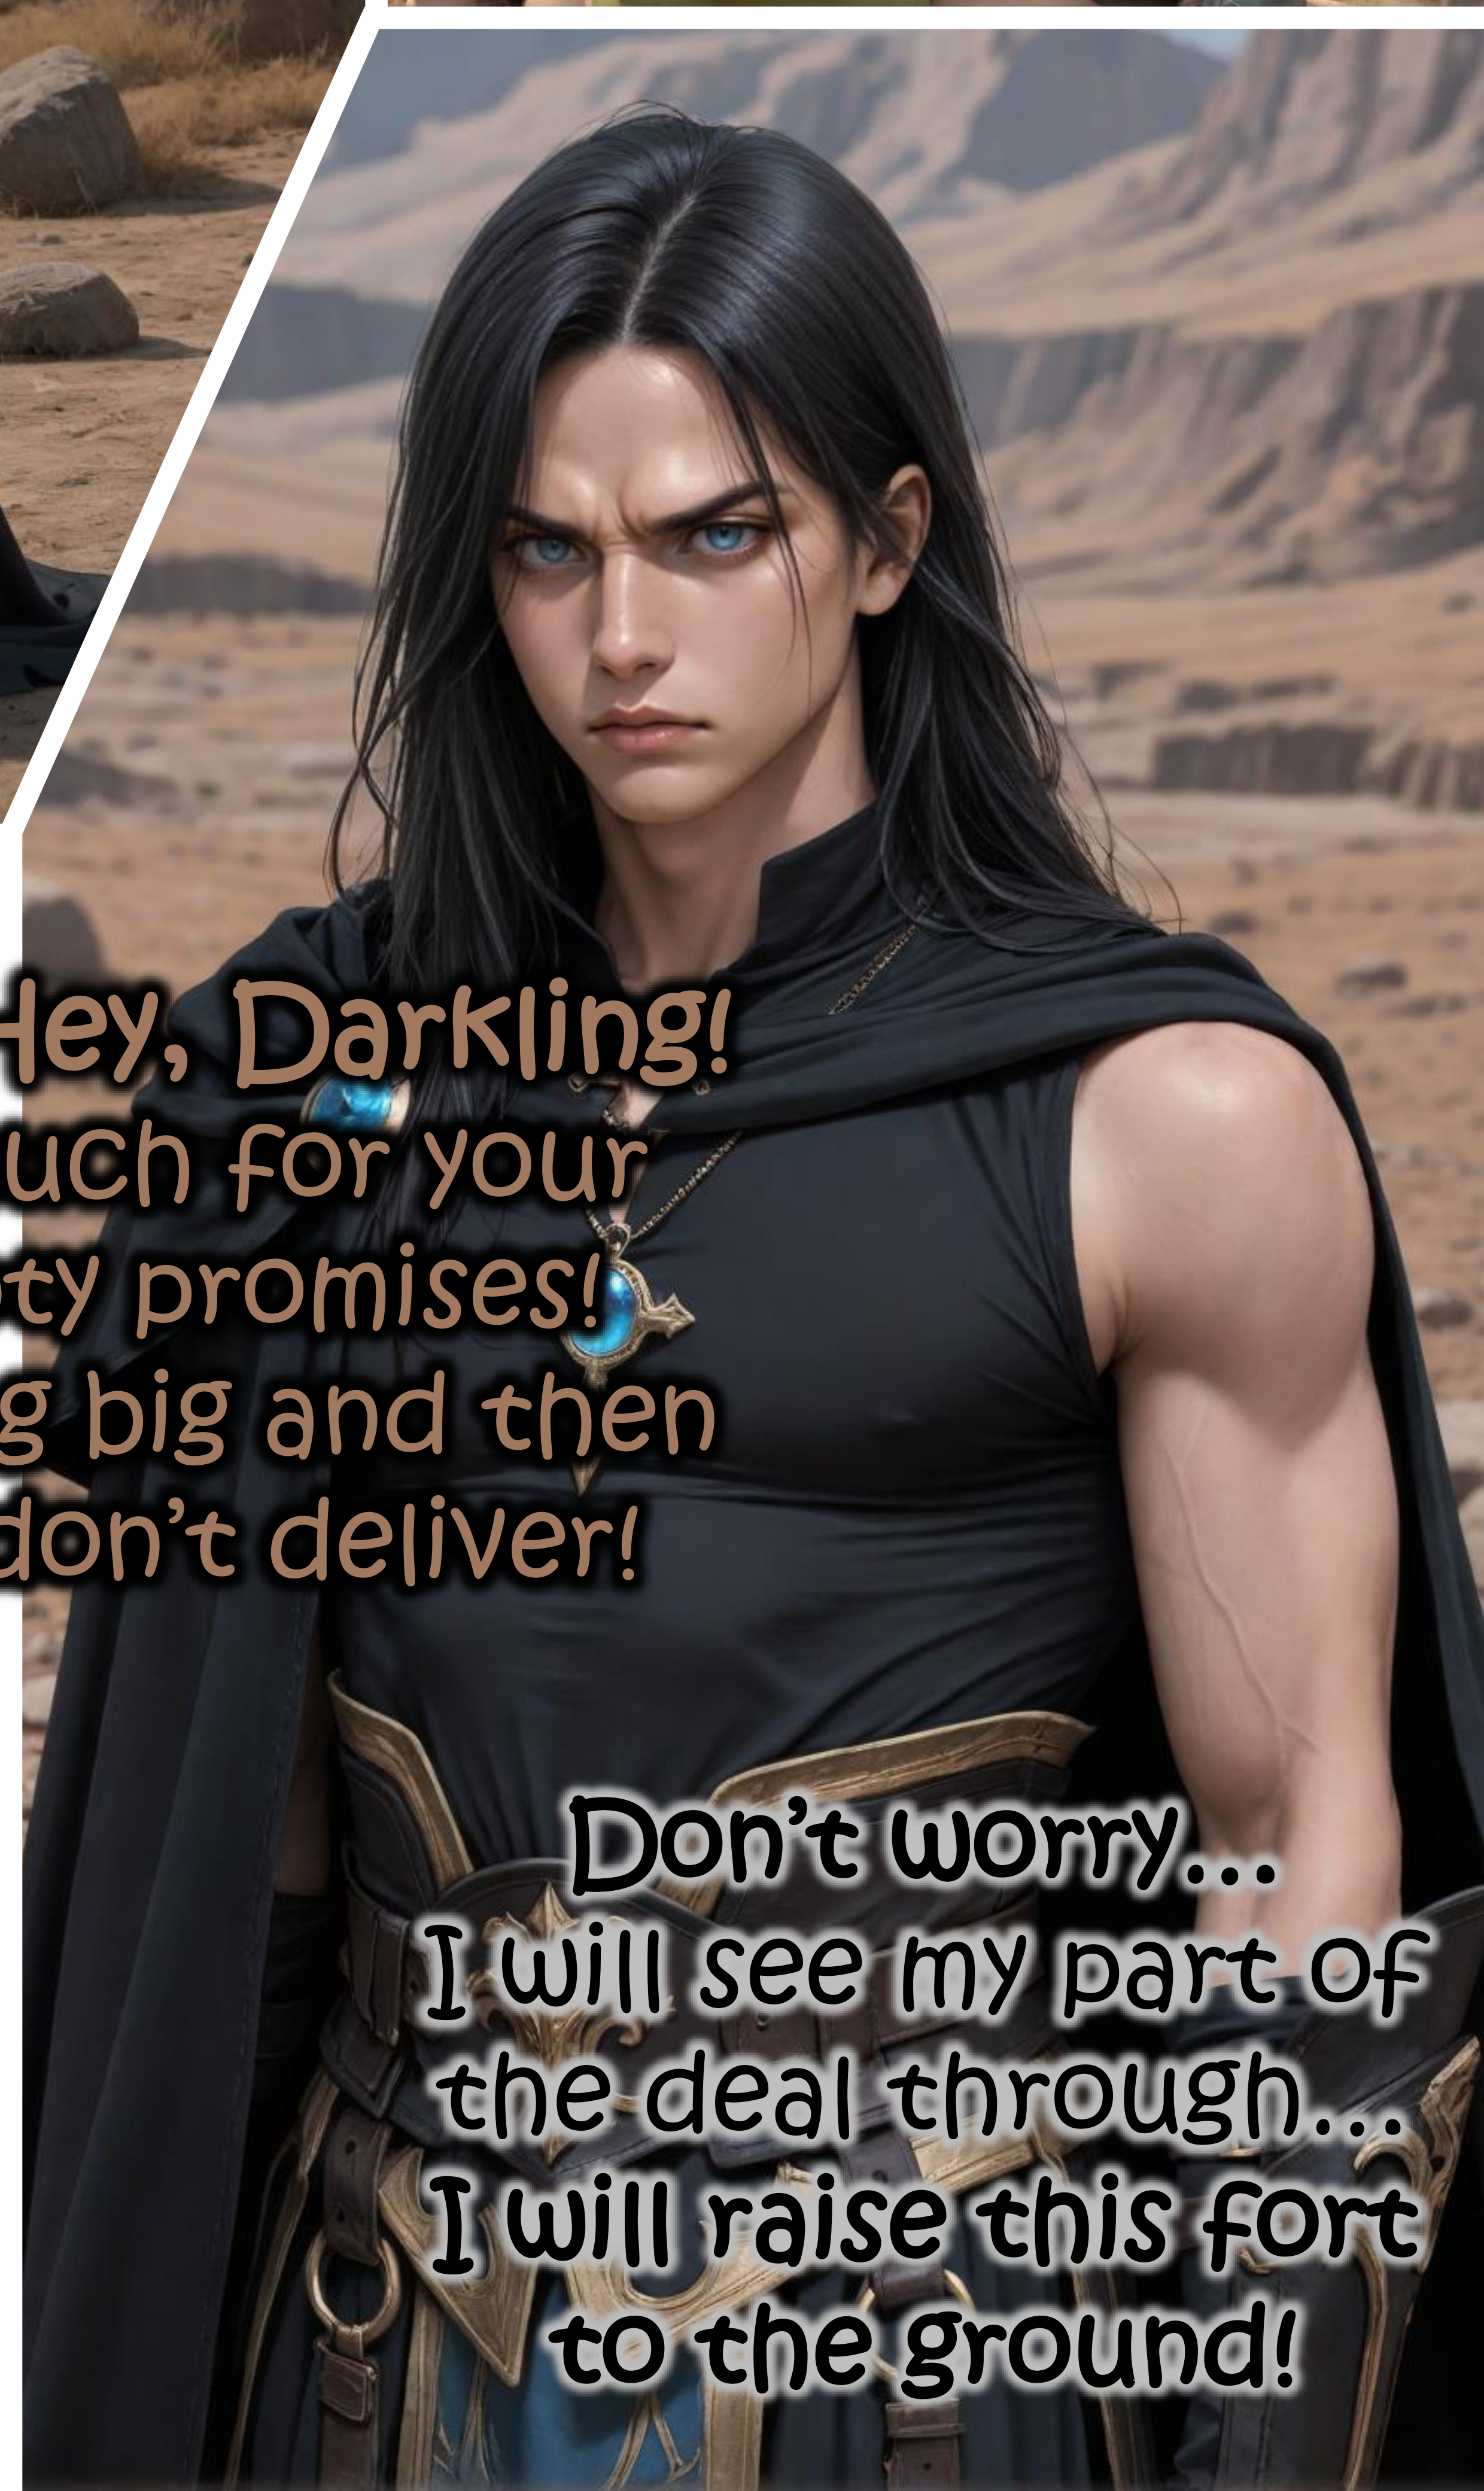

Everything's in vain?  
We are too few to  
take that fort!

Now we have to travel all  
the way to the northern  
shores after all?

Hey! Hey, Darkling!  
So much for your  
empty promises!  
Talking big and then  
you don't deliver!

Don't worry...  
I will see my part of  
the deal through...  
I will raise this fort  
to the ground!

Oh, really?!

You and what army?

Ex Umbra Vita, Ex Ossibus Imperium!

Mortuorum Exsurgete, Ossis Legio!

The others were quite... surprised as the dark mage's undead army rose from the ground.

But it was an easy task. This domain was his – even the bones in the earth...

Go! Get them!

\*clack\*  
\*clack\*

You sure about this?

It's your  
Castle...

Do it...

Ignis Fatus –  
Fractum PORTA!

Once Adrian's (The Princess's red mage)  
impressive fire magic knocks open the  
Castle gate...

The undead flood through...

The Orcs are strong fighters, and they have the defender's advantage...

But the skeleton army is legion and keeps advancing – stepping over the bones of their fallen brothers without remorse.

The Orcs fight  
valiantly...

Raaaaar!

And with rage in their hearts...

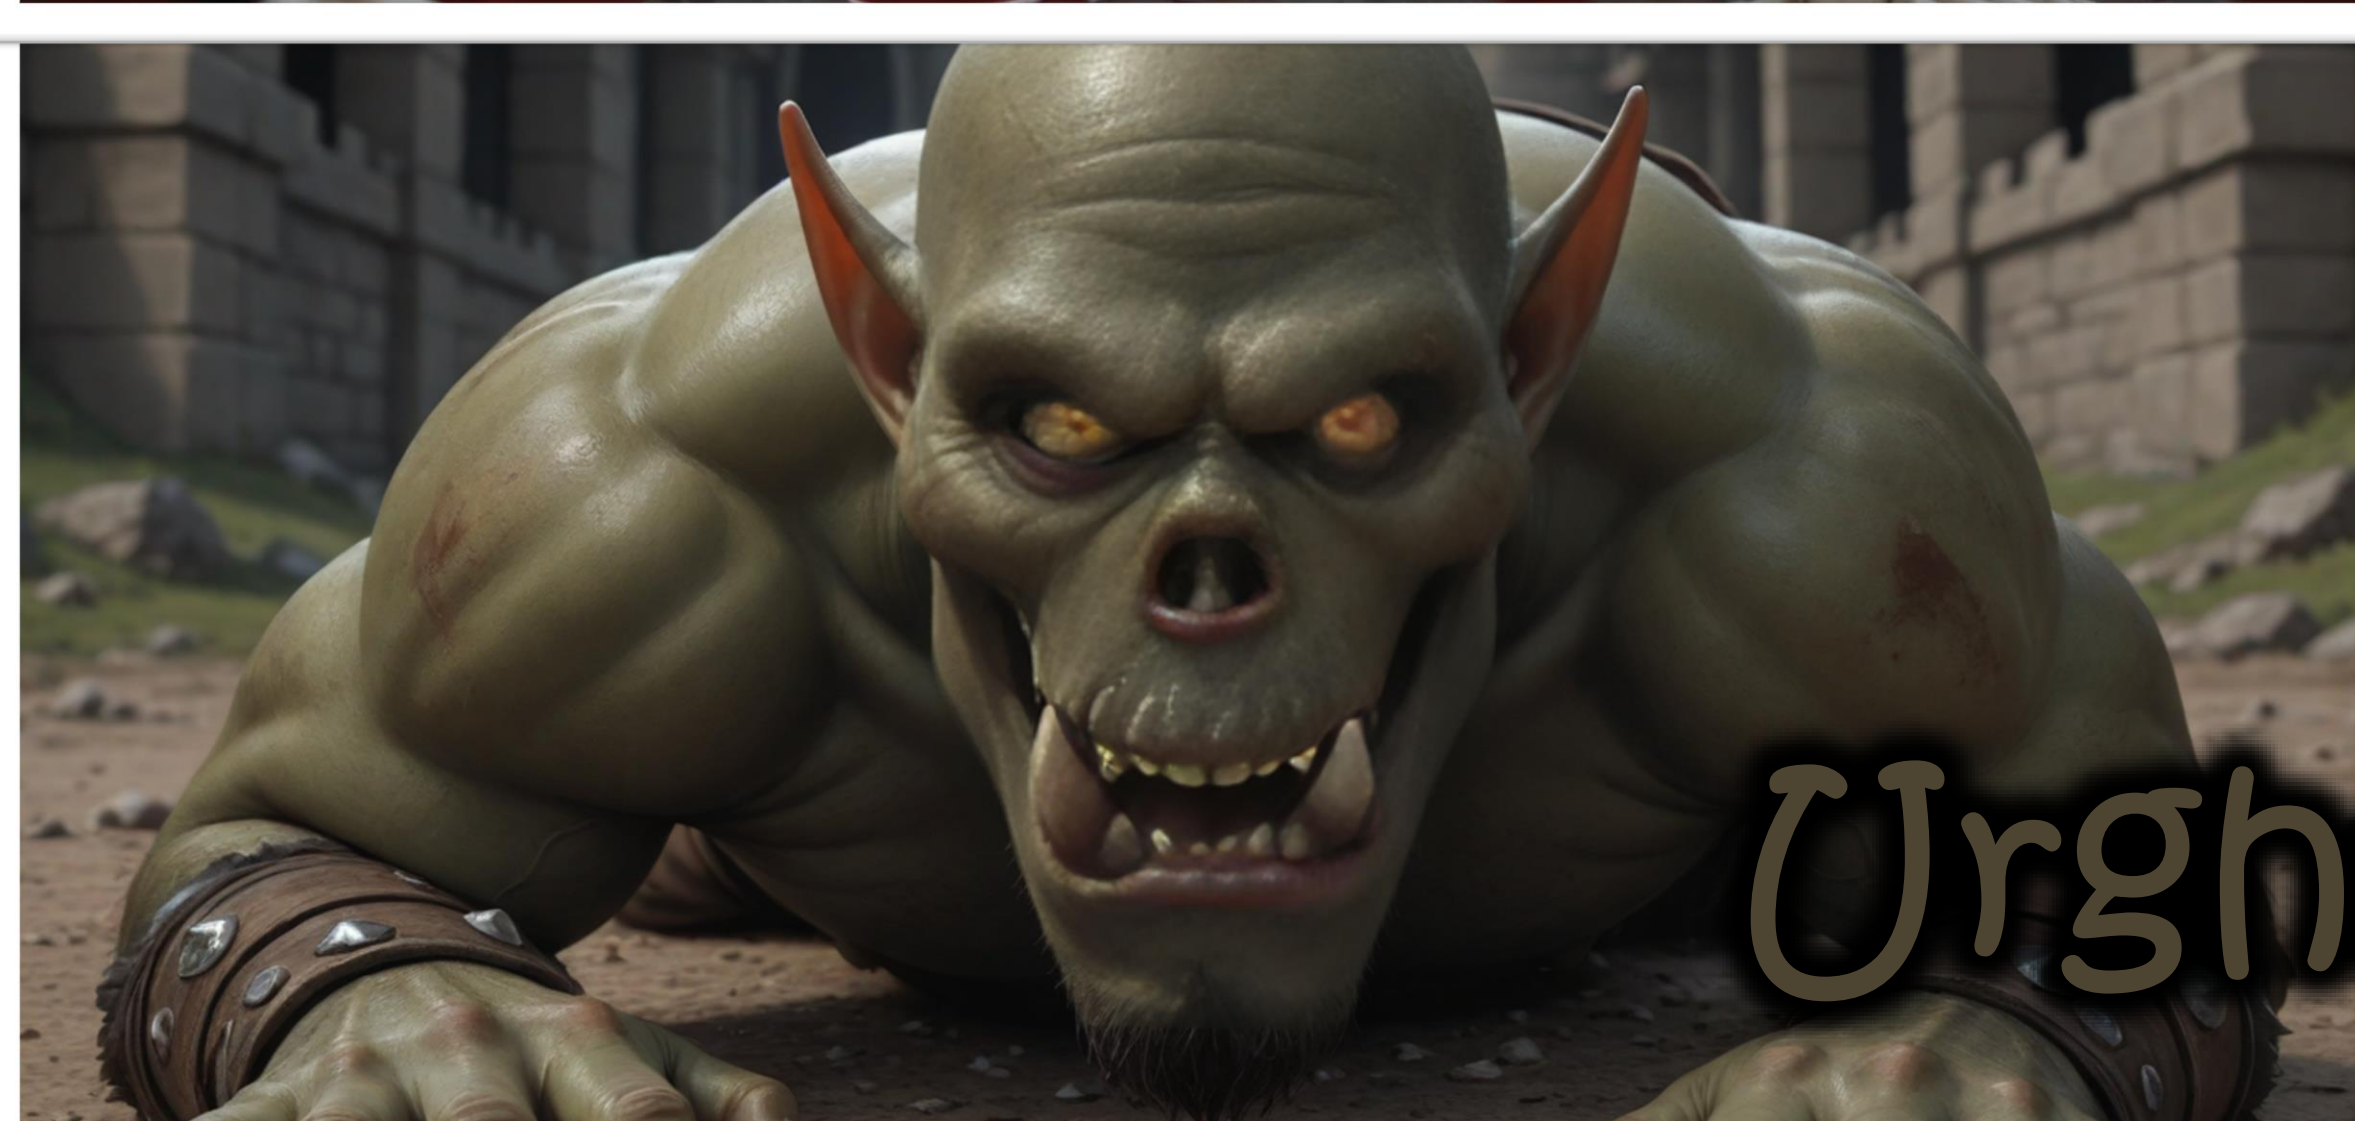

But death  
incarnate is  
coming for  
them...

\*clack\*  
\*clack\*

Urgh!

\*clack\*  
\*clack\*

\*groan\*

And soon the last greenling  
takes his final breath... The  
fort has fallen!!

It took less  
than two hours  
to butcher  
every last one  
of my insolent  
former  
underlings.

I was... enraged.

Not because I'd  
mourn their deaths...

They were mine...

But someone took  
them away from me.

And don't like it when  
my toys get stolen!

What  
Carnage!

What  
immense  
power...

Well... he gets  
shit done...

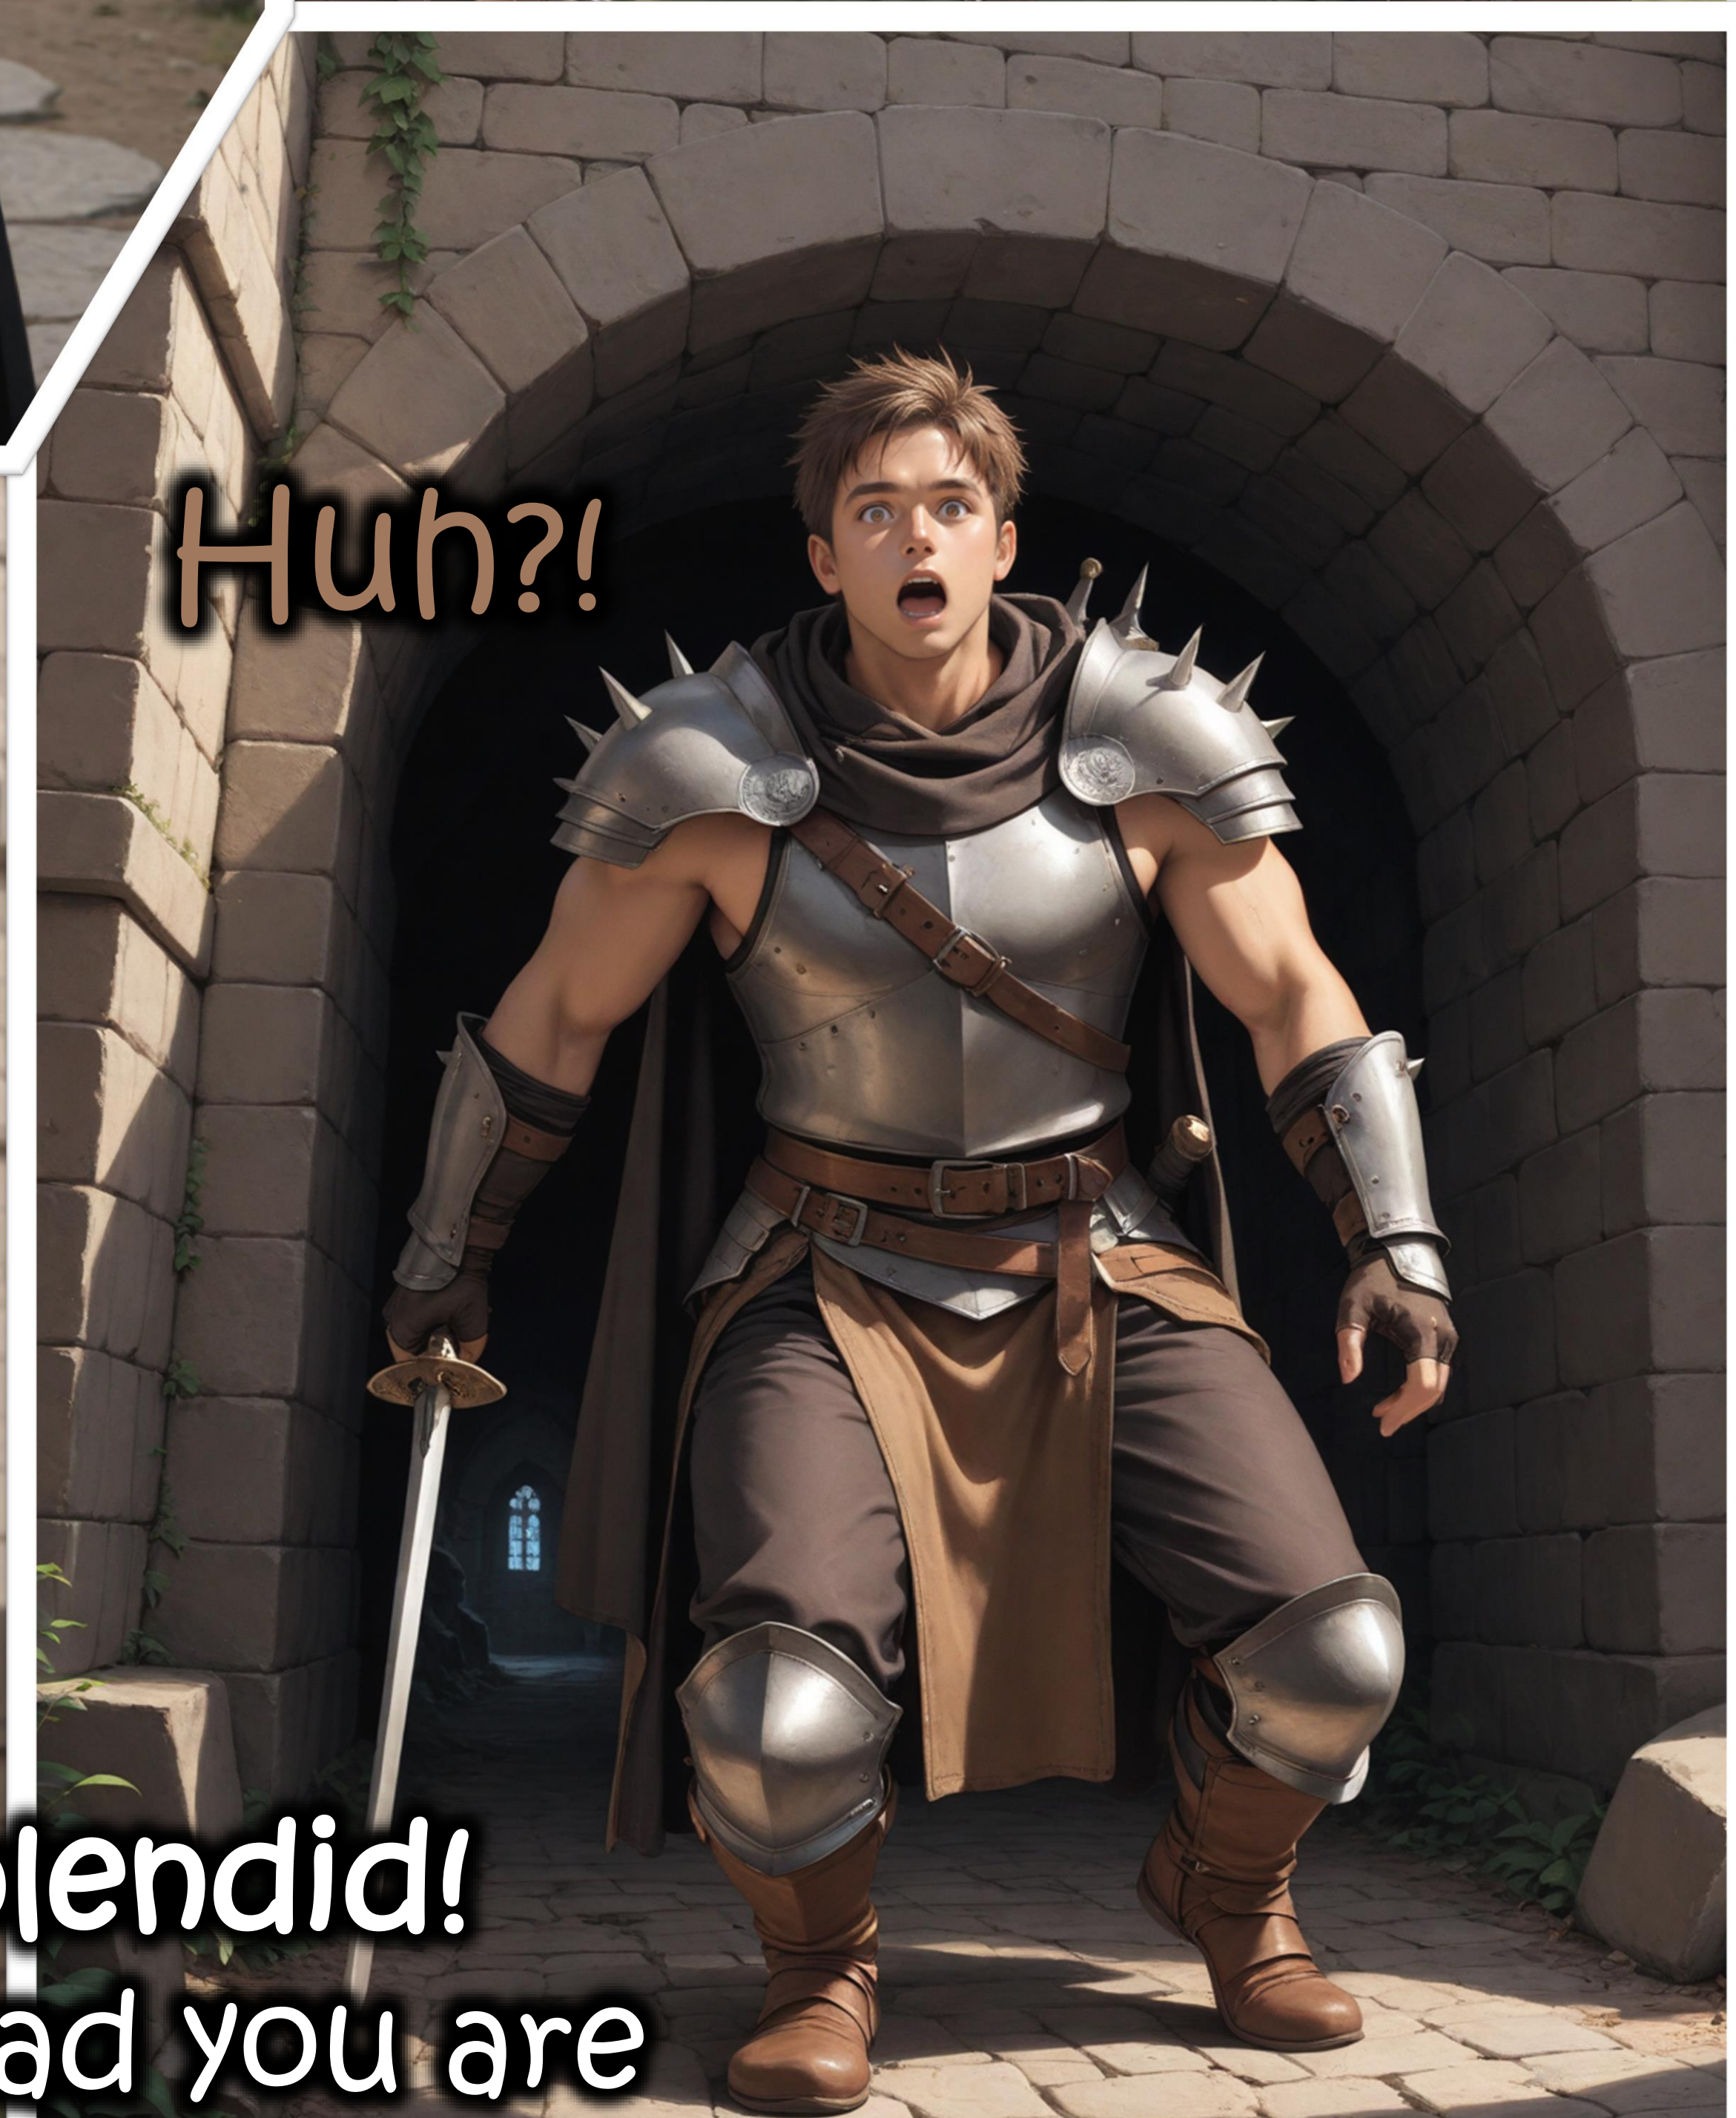

He completely  
annihilated these orcs...

His own...  
"men"...

**\*chuckle\***

I'm not joining  
your cause... But  
somebody has to  
stay by your side  
and make sure  
you don't die,  
princess.

How else will I be  
able to collect  
my due?

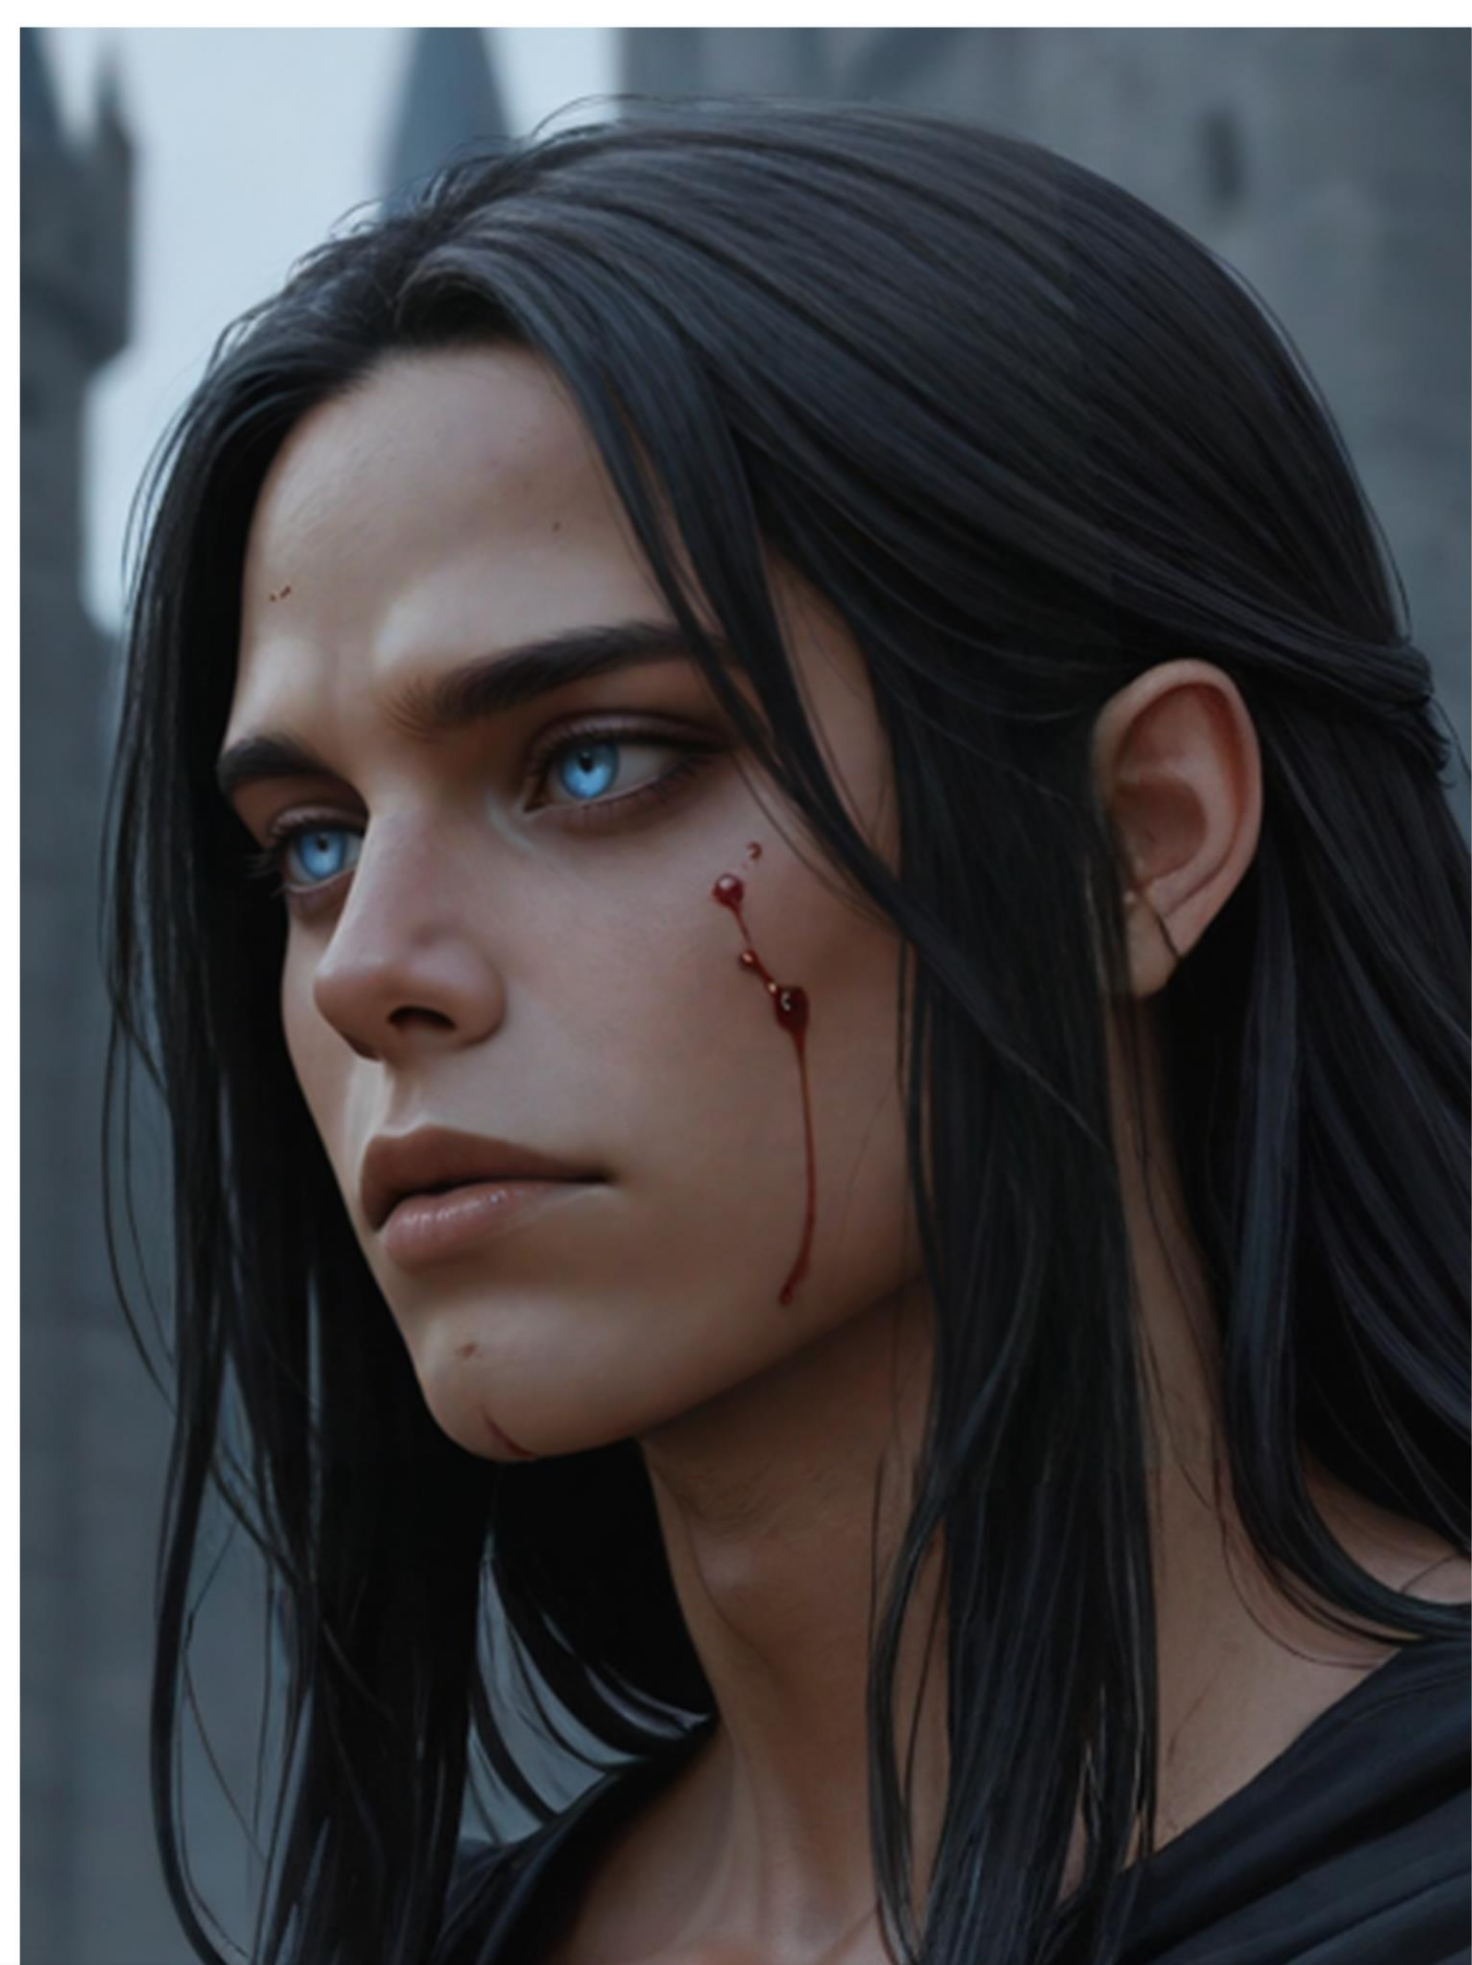

Oh, my.

I did not think such words would still reach my heart...

I almost feel sorry for him...

A single tear runs down the princess's cheek...

Before she forces her usual smile  
back on her face and commands  
her comrades to move on.

What are you  
waiting for?

Our quest  
begins here!

End of Chapter

Hello, Hexxet here,

So, this and the first chapter were kinda the intro to the series and I hope to deliver spicy & encapsulated scenes in the form of single quests on their journey with future chapters

I hope you like the setting so far and maybe I could raise some interest in the developing relationship between Kaelen (the Dark Mage, and Aurelia (the Princess) 😊.
